We hear a great deal about purifying the blood. The way to purify it is to enrich it. Blood is not a simple it. Blood is not a simple fluid like water. It is made up of minute bodies and when these are deficient, the blood lacks the life-giving principle. Scot's Emulsion is not a mere blood purifier. It actually increases the number of the red corpuscles in the blood and changes unhealthy action into health.

If you want to learn more to find a super of have summined by the summin tells the story in simple words.
