The county commissioners will ask County Attorney Christensen for an opinion on the disposition to be made of certain property belonging sons who have been committed to the nsane asylum. Sheriff Naylor has it his possession a number of unfinished es found in the room of Miss Mo Minn, the dressmaker who was recent y committed for insanity, and parties are calling for them, but the sheriff is doubtful what to do in the matter, so asked the commissioners structions and they in turn referred the matter to the county attorney.

The Sugar Ward residents have grievance against the county commis ers on account of them letting the contract to build the new road in igration canyon to non-residents of the ward. Last fall the residents of that petitioned for the road to be built and offered to donate some ser-vices towards building the same. Then petition was granted and some work on it before the winter se in. A short time ago the commission let the contract to outside parties and now the residents claim they have been treated unfairly, that they should have been allowed to put their teams on the work and thereby receive sor of the benefits. A protest was made and an explanation demanded Th commissioners stated that the work had been let by contract.

For the benefit of officers of the new chools, Assistant Superintendent W. C Burton spoke on the duties of Sur school superintendents and other ofilers, suggesting and showing the neces sity of unity and perfect harmony in all hings, seeking the spirit of the Lord in prayer to direct operations. Counci eetings of the superintendents should be held frequently to confer on matters pertaining to the school; the Sunday school treatise should be followed close and as often as convenient visits should be made to other schools for th purpose of gaining ideas. The greatest care should be exercised in the selection of suitable, intelligent teachers and when selected the superintende should confide in and confer with then n order to gain their confidence, secur unity and perfect co-operation in the work. A thorough understanding should be had with co-workers as to just what is expected of them. Ex-emplary men and women should be hosen for teachers in order that their teachings will be accepted and result in making thorough Latter-day Saints

Superintendent Burrows said, in considering the qualifications of superin endents, a high standard should be fix ed and that standard extended to eachers as much as possible, They hould be observers of the law of tith ing, Word of Wisdom and be in fall accord with the priesthood; kind and onsiderate, and should not be assu ciated with secret organizations.

Man Accused of Housebreaking Gives His Side of Affair.

August Miller, who was brought back rom Salida, Colo., recently by Sheriff Naylor to answer on a charge of stealing a watch and chain from a residence on Vine street, has engaged counsel and says he is prepared to fight the case. He claims emphatically that he not only did not steal the jewelry, but

The Rose Coghlan engage ment was almost a frost, and las expected. night, when the admirable compan-playing "The Sign of the Cross company opened an engagement of a week, the bottom seemed to have disappeared altogether. The facts are that the town has simply been receiving in the amusement line heavier consignments than it could consume. This, added to the fact that the many cheap pro ductions of "Quo Vadis" have hurt the general taste for plays devoted to the arly Christians, is the main reason why "The Sign of the Cross" did not pick up the thread of prosperous busiwhere it laid it down three years

ago this month. The presentation is so strong, however, and so evenly good all round, that it will be strange if the public interest s not aroused before the week is out. The cast, the mounting, the costuming, the music, and everything incl-dental are of the highest degree of

excellence. Mr. Dalton is a fine actor of heroic roles and his part of Marcus Superbus is as strong and feeling as ever. He is excellently supported by Mr. Riddell as Nero, Mr. Flood as Tigellinus and Mr. Wenman as the drunken Glabria, while all the other gentlemen are capable. Miss Scott was veritable picture as Berenis, and Miss Lorrell a very sweet and spirituelle Mercia, though hardly possessing

the dramatic ability of her predecessor Miss Irene Rorke. Miss Hudson's Ste phanus, the boy, was thrillingly done, and the impression she left after the scene portraying her fear at entering "arena, was almost painful. The playing of "The Holy City" by Mr. Welhe was a feature specially applaud-

The Sign of the Cross" certainly ought to do a handsome business from now on. The only popular priced ma-tinee of the week will be given tomor-row afternoon. Saturday's matinee will be at full prices.

At the Grand last night's house, while fair, was not so heavy as it would have been if the "Parish Priest" had not been seen so recently by much the same company at the Salt Lake theatre Mr. Sully remains as he was before his genial, kindly and pathetic por trayal of the priest, his various sallies of humor and his acting throughout seemed vastly to please the audience The supporting cast is efficient through

ut, and some of the acting on the par of the ladies was very fetching, notably that of Miss Grigerson, Miss True, and Miss Nelson. The engagement of Mr. Sully closes tonight and "Human Hearts" opens Thursday night.

BADLY SCALDED.

Alfred A. Garrick May Lose His Sight In One Eye,

Alfred A. Garrick, a bollermaker who resides at 585 north Third West, was severely scalded yesterday while repairboller at the works of the Utah Soap Manufacturing company on north Fourth West. His injuries are of a nature that grave apprehension is felt in regard to his right eye. In addition the fact that he may partially lose is sight, the face, neck and hands of the unfortunate man were badly scald

It appears that Garrick was at work n a boiler behind which was a vat of oap which was apparently cold. Un known to Garrick someone is said to have turned on the steam with the result that eventually the crust on the top of the vat was blown out and the scalding soap scattered in all directions, a portion going over Garrick as he was working.

As soon as the nature of his injuries had been determined, he was taken to St. Mark's hospital, where he is at this
