

HUNDRED AND TEN PERSONS PERISH

Lost Their Lives When the Star of Bengal Went Ashore on Coronation Island.

TWENTY-SEVEN SURVIVORS.

Struck a Gale and Tugs Towing Vessel Were Too Small to Handle Ship—After Striking Broke Up.

Wrangel, Alaska, Sept. 23.—One hundred and ten out of a total of 137 persons aboard the cannery ship Star of Bengal were drowned last Sunday afternoon when the vessel was torn from the hold of protecting tugs and dashed ashore at Helm Point, at the southeast end of Coronation Island. The news was brought by the tug Hattie Gage, Capt. Farrer, which carried the survivors, 27 in all. The survivors before leaving Coronation Island, buried the bodies of 15 white men on the beach. Those buried were as follows: Charles Buchanan, Carl Bore, Joseph Griffin, Andrew Hanson, Frank Healy, Norman Hawkins, George Hendrickson, Benjamin Johnson, Sigurd Nelson, Erick Peterson, William Peterson, Peter Peterson, John Peterson, Olaf Peterson, Elton Swenson.

The cable ship Burnside, which left for the scene at midnight Monday as soon as the news was received, returned last evening with the news that the Star of Bengal was a total loss, only the ends of the masts showing above water. The ship was being towed to sea from the Wrangel cannery by the tugs Hattie Gage and Kuyak. Capt. Farrer of the Hattie Gage gives the following account of the disaster:

"As we came within reach of the gale we could see we were making leeward and drifting toward Coronation Island. The Kuyak was light and could do nothing. The Hattie Gage could not handle the ship alone. At 4 o'clock the Star of Bengal drifted into a narrow bay and was caught between the two lines and steamed out into open water, but could not see anything in the driving rain except one blue light burning on the ship. The storm increased and the tugs came to Shipkey bay, 25 miles away."

Survivors Muir and Olson said the ship sank about 9 o'clock after breaking into three pieces. The surf was full of salmon cages and gasoline drums. Muir says that he and Olson got a boat off and went ashore through the wreckage. They helped several ashore and pulled Capt. Wagner out of the wreckage. He could not speak. The breeches buoy was rigged to a tree, but the ship was away so that the line was alternately loose and tight, making it impossible to use. The ship's books and papers were found on the beach. One man had matches and a fire was built with kerosene from the wreck. The fire saved the lives of the survivors, as it kept them from freezing.

AUTOMOBILE ACCIDENT.

Sterling, Ill., Sept. 22.—As the result of an automobile turning turtle here today, Anna Hefty of Jonesville, Wis., and Erma E. Irey of Sterling are at the point of death. Miss Katie Mulachy of Rock Island, Ill., and Lillian Watson of Sterling are suffering from severe injuries, and four other occupants of the car were slightly injured. The party was returning from a pleasure trip. The boiler of the automobile exploded, emitting steam upon the injured persons.

IDAHO MAN MURDERED.

William H. Munn, Who Lived at Colburn Found Dead in Detroit.

Detroit, Mich., Sept. 22.—William H. Munn, aged 36, who has been employed as a stock clerk at the Detroit club, was found murdered in a hotel here today. Munn, who formerly lived at Colburn, Idaho, had a bullet wound in the right temple. Residents of the neighborhood heard the shots last night and teamsters today found the body sitting on a pile of bags in an empty room. No motive for his murder is known.

NAT GOODWIN SUES MAXINE ELLIOTT.

Reno, Nev., Sept. 22.—Nat C. Goodwin, the actor and singing promoter, whose name has figured so prominently in the romance which recently ended between Edna Goodrich and Harry McDevan, has today filed a sealed complaint for divorce against his wife, Bessie Hall Goodwin, more familiarly known as Maxine Elliott, one of the handsomest and most talented actresses on the stage today. The nature of the allegations made by Goodwin are veiled in respect mystery, and will remain until the case is brought to issue and the papers in the case are unsealed in court.

Dodge & Berry of this city are the attorneys for the actor, who refuse to discuss the case in any way.

Goodwin arrived in Reno about three days ago. It is thought that Mrs. Goodwin will contest the suit filed by her husband. It was definitely announced a short time ago that she was about to file suit for divorce against the actor and that the complaint for divorce contained some very startling allegations against his character. If this be true, there will probably be a cross-bill as well as a general denial of the allegations made by Goodwin. The opinion is also advanced by many that the filing of the divorce complaint yesterday explains the action of Goodwin in entering business in Reno. It was for the purpose of establishing a residence here.

LOW VITALITY

A Dangerous Attendant Symptom of Anaemia.

Many Serious Disorders May Result from Impoverished Blood but Dr. Williams' Pink Pills Prevent and Cure Them.

Besides the thinning of the blood in anaemia there is a low vitality which is a matter for serious consideration because it gives opportunity for any latent trouble to develop. Thus, anaemic (bloodless) people often have reason to fear consumption, and the blood failing to give proper nourishment to the nerves, debility, neuralgia and even some form of paralysis may result. Mrs. R. L. Harrod, of 413 South Ohio avenue, Muncie, Ind., recommends Dr. Williams' Pink Pills because they restored her to health when all other medicines failed. "Fifteen years ago," she says, "when I was living at Bellefontaine, Ohio, I was suffering with anaemia. I was pale and had a bad complexion and so short of breath that I could not go up stairs without stopping to rest or could not stand the least little exertion. I was thin and weak and very thin, didn't feel like eating and didn't want to talk to or see any one. My heart would palpitate so that I would feel weak and dizzy. I coughed constantly and had pain in my der my shoulders. I was so miserable that I wanted to die."

"The doctor told me that my blood was turning into water, and that I was going into a decline and asked me if there had been any consumption in my family. They didn't help me at all and I had read so much about Dr. Williams' Pink Pills that I decided to try a box of them. They helped me so much that I gave up all other medicine and planned my faith to them alone. I took several boxes and in a few weeks was completely restored to health. I became strong and healthy and was able to work again. I feel like a new woman. Dr. Williams' Pink Pills saved my life and I heartily recommend them."

A helpful booklet "Diseases of the Blood" giving more information about anaemia will be sent free upon request. If you are suffering from impoverished blood you cannot afford to wait another day before getting Dr. Williams' Pink Pills a thorough trial. They are for sale by all druggists, or will be sent postpaid, on receipt of price, 50 cents per box, six boxes for \$2.50, by the Dr. Williams Medicine Co., Schenectady, N. Y.

RESIGNATIONS ASKED FOR.

Federal Officials Who Have Accepted Nominations for Office.

Washington, Sept. 22.—A statement on authority was made today that the recent resignation of Second Asst. Postmaster Gen. James T. McCleary, nominated for Congress in the Second Minnesota district, and Paul Ewart, assistant United States district attorney, also a candidate for the congressional nomination in the same district, were requested by the president because of the political activity. Their resignations were called for before either Mr. McCleary or Mr. Ewart knew who would secure the nomination.

St. Paul, Minn., Sept. 22.—"The only statement I desire to make about the matter is that I have resigned on the 10th inst. The president accepted it on the 15th inst. Any further conclusion on the subject will have to come from the president or from the postmaster general."

The statement was made to the Associated Press over the long-distance telephone by James T. McCleary, who was brought out by a report which came from Washington that he had been compelled to resign from the post-office department prior to his entering the presidential campaign in his district in Minnesota. Mr. McCleary was given the nomination on the Republican ticket at the primaries held on Tuesday, Sept. 15.

Statements that he had been asked for his resignation by the president, prior to entering the campaign, were published under a Washington date in St. Paul papers last week.

BIG ORDER FOR STEEL.

Pittsburg, Pa., Sept. 22.—What is said to be the largest single order for steel plate ever received by the Carnegie Steel Company came yesterday from the Pittsburg Steamship company, the general offices of which are in Cleveland, Ohio. The order called for 8,000 tons of steel plates to be used in building two vessels at the Loraine, O., docks.

The order was placed in the plate mill previously closed, was begun last night. Most of the structural mills of the company will resume operations as a result of the order.

CHINESE SMUGGLING.

Federal Officials Secure Indictment of Three Los Angeles Men.

Los Angeles, Cal., Sept. 22.—After weeks of careful investigation of an alleged plot to smuggle Chinese across the Mexican border, the local federal officials have succeeded in obtaining indictments against three Los Angeles men and three Mexicans who formerly lived near Long Beach. It is asserted that other indictments will follow.

The men indicted are Jesse D. Butler, G. J. Patch, A. H. Patch, Francisco Chavez, Ignacio Barrios and Salvador Armentez. The last three have been under arrest for several days. The Americans were arrested last night.

A SPECTACULAR SUICIDE.

Pittsburg, Sept. 22.—Jake Wilbraham, 25 years old, of 1418 Sandusky street, North Side, committed suicide last night by jumping from the Seventh street bridge into the Allegheny river. Just before the jump, Jacob Zimmerman and Wilbraham, strangers to each other, met on the bridge.

"Have a drink?" said Wilbraham. "No, thank you," replied Zimmerman. "Well, goodbye, then, old man," and with these words Wilbraham leaped over the rail to his death.

It was several hours before his body was found and identified.

BRYAN SEVERELY CRITICIZES TAFT

For His Charge That Democratic Plank on Injunctions is Loosely Drawn.

REPUBLICAN EXTRAVAGANCE.

Party Shows Wrong Tendencies—One Is Use of High Office to Dictate Presidential Successor.

Detroit, Mich., Sept. 22.—The most sensational development in the present campaign was the sending today by William J. Bryan, Democratic candidate for president, of a telegram to President Roosevelt demanding that he produce proof that Gov. Charles N. Haskell of Oklahoma, treasurer of the Democratic national committee, ever was connected with the Standard Oil company.

Seizing upon the opportunity thus afforded, Mr. Bryan took occasion to serve notice on the president that he would not permit any responsible member of the Republican organization to misrepresent the attitude of the Democratic party in the present campaign, and further, that the Democratic party was making an honorable and honest fight in defense of its principles and policies, and that it expected and demanded fair and honorable treatment from those in charge of the Republican campaign.

Arriving here at 6:30 this morning, Mr. Bryan was given a rousing reception. He was met by a big crowd at the station, and thousands of workmen on the way to their place of employment cheered him as he proceeded in an automobile up Jefferson and Woodward avenues to the hotel. So occupied was he with the consideration of the question of replying to Mr. Roosevelt's statement that he was enabled only briefly to address a gathering of prominent Democrats from various parts of the country who had come here to confer with him.

SPEECH AT ANN ARBOR.

The journey to Ann Arbor was made in his special car, and upon his arrival there he was accorded a cordial greeting. To a gathering of several thousand persons Mr. Bryan, speaking from the balcony of the Cook house, directed his remarks particularly to young men, discussing during an hour and a half the tariff, the question of the labor question, government guaranty of bank deposits, the Democratic party's attitude on the injunction question and on the contract of the country, and severely criticized Judge Taft for his characterization of the Democratic platform plank in this question as "loosely drawn." Mr. Bryan said that in every country in the world there will be found two parties, one essentially democratic and the other aristocratic.

"The Republican party is the growing party and the aristocratic party is the dying party," he said. "The Republican party in this country," he continued, "manifests several wrong tendencies. The Republican administration is today extravagant. Those who control it live in an environment contrary to economy. They are surrounded by tax eaters, not taxpayers. Another wrong tendency of the party is to interfere with the right of party to a free choice of their president and to permit the bringing of the prestige of a high office to a dictation of the recommended president when I believe his actions to be for good, but I believe that his attempt to pick out his successor is a dangerous precedent. I have great confidence in the president's judgment, but I want to remind you that you cannot defend a monarchy on the ground that a king is occasionally a good man. And the precedent may be used by a bad president, and once established can hardly be resisted."

He declared that a presidential succession was scarcely less repugnant to free institutions than was a life tenure of the presidency.

Mr. Bryan criticized the "despotic rule of the house of representatives," and asserted that the Republican party had chosen for its vice presidential candidate the man who stood next to Speaker Cannon in the enforcement of these rules.

He then discussed the plank in the Democratic platform with regard to injunctions and trials for indirect contempt of court, quoting Judge Taft's criticism that the plank was loosely drawn and was an attack on the judicial system.

"I shall commence today," he said, "to demand that Mr. Taft withdraw from his position in regard to the planks in our platform. It is slanderous and libelous."

Mr. Bryan reiterated his pledge that if elected he would not be a candidate for a second term.

Returning to Detroit shortly after 6 o'clock, Mr. Bryan addressed a monster Democratic rally in the Light Guard armory. Outside there were thousands who desired admission, but vainly, as the building was packed to the doors. He gave them a brief overview of the platform and the two parties.

CAPT. S. D. McALISTER

Ordered to Appear Before Retiring Board in Washington.

San Francisco, Sept. 22.—Capt. Samuel D. McAlister of the Thirty-eighth company coast artillery, has been ordered to appear before a retiring board at Washington, D. C., and according to an announcement made in an official manner escape a court-martial on a charge of being "morally unfit for service with the United States army." Capt. McAlister, who is well known in social circles, is said to have absented himself from the Presidio for several days without leave. He has twice been obliged to appear before a court-martial on similar charges and a bench case was dropped a few days.

NEW BREED OF DOGS.

Col. John J. Astor Brings Specimen of One From Europe.

New York, Sept. 22.—Col. John Jacob Astor, who has just returned from Europe on the North German-Lloyd liner, Kron Prinzessin Cecilie, created interest among his fellow passengers by bringing over a breed of dog that is new in New York. The dog is a long-legged, medium sized animal, black in color, with eyes set almost in the top of its head. It was described by its owner as a cross between a she bear from the Pyrenees mountains and a black Spanish hound. The colonel called his new pet Berger.

The animal attracted attention on the pier and appeared to have a sailor's inborn hatred of customs inspectors. She growled continuously as three of these officials walked around her to examine her points.

a vessel alleged to have been engaged in running the blockade during the Japanese-Russian war, has been filed in the United States district court in this city. The M. S. Dollar Steamship company brings the action against the Maritime Insurance company, which wrote a policy on the steamer M. S. Dollar in December, 1904, just prior to the capture and seizure of the vessel by the Japanese. The M. S. Dollar was afterwards condemned and sold by the prize court. The insurance company contends that the steamer company purposely obscured the destination of the vessel when the policy was written, thus rendering it void. It is alleged that the captain of the M. S. Dollar at the time of her seizure was supplied with duplicate clearance papers to show to either Japanese or Russian naval officers. One set, it is declared, indicated that his destination was Vladivostok, his real object, and the other is alleged to have been Moja, Japan.

A TERRIBLE OUTRAGE.

In Many Cases Union Strikers Have Had to Drink Non-Union Beer.

New York, Sept. 22.—The United Brewery Workers of America, who are in convention here have been discussing a proposal from the Pittsburgh locals to authorize the investment of funds of the union in breweries, so that union beer would be available in case of a strike. In case of strikes on a large scale, the union men had, in many cases, to drink non-union beer or go without it. It was decided to refer the whole matter to the international executive board.

TO COMPLETE BIG DRY DOCK.

New York, Sept. 23.—Assistant Secy. of the Navy Truman H. Newberry has just visited the New York navy yard and discussed with its commandant the work of completing the big new dry dock there. There have been some serious quicksand conditions that he suspended operations. The walls in the dock are settling and are thought to be in danger of collapsing. Civil Engineer Luther E. Gregory has gone to Washington to consult with the heads of the engineering department about placing the dock in a safe condition. It is feared that if the dock should collapse two machine shops beside it would be wrecked.

Don's Regulets cure constipation, tone the stomach, stimulate the liver, promote digestion and appetite and easy passages of the bowels. Ask your druggist for them. 25 cents a box.
