FIFTIETH CONGRESS. SENATE. WASHINGTON, Dec. 17.—The following bills were reported from the committee and placed on the calendar:

The Senate bill to establish a mint at Denver.

The House bill to provide certain arms, munitions and equipment to Oregon for opening military reservations in Nevada to homestead entry.

Merrill offered a resolution which went over to hold evening sessions hereafter.

WASHINGTON, Dec. 17.—At 12:40 President pro tem. Ingalls laid before the Senate the resolution of H. R. 10,000, proposing the reorganization of the Senate after January 1st, and the author spoke in support of it.

He said its object was to put some other senator than the senator from Kansas in the chair, and that he had been the chief figure in the most disorderly scenes he could recollect occurring on the Senate floor.

He said a change was necessary in order that the faith of the republican party pledged to the consideration of the British extradition treaty in open session might be kept. At the conclusion of his remarks he was asked to leave to withdraw the resolution, but objection was made by Harris.

Mr. Harris, who moved to lay it on the table and called for the yeas and nays, after paying a full tribute to Ingalls' impartiality and ability. Finally the senator from Virginia was permitted to withdraw the resolution and the incident closed.

The conference report on the bill as to the Chippewa Indian reservation in Minnesota was explained and agreed to.

The Senate then resumed consideration of the tariff bill at paragraph 14, referring to taggers' iron. This paragraph and the two preceding ones on the same subject were passed over formally without action.

The next paragraph, 14, was as to spikes, nails and washers, horse, mule or ox shoes of wrought iron, steel, or copper, a duty of 1.80 cent per pound.

Vest moved to amend by reducing the rate to 1.50 cent per pound. Rejected. Paragraph 15 was as to waste, or parts thereof, made of iron or steel, for use for rivets, bolts, or other purposes, wholly or partly manufactured, imposing a rate of 2.50 cent per pound and 1.50 cent per pound on the same, without regard to the degree of manufacture.

McClure moved to amend by making the rate two cents and one-half cents per pound respectively. After a long discussion the amendment was rejected.

The House holiday adjournment resolution was laid before the Senate and referred to the committee on finance.

The conference report on the House bill promoting Major J. N. Smith, colonel of cavalry, and granting right of way to a water company in Arizona Territory, was presented and passed.

would introduce by request, disclaiming any responsibility for a single item in it. He sent to the clerk's desk for the proposed tariff bill, and demanded its reading.

Outwaite being accused of having introduced a subcommittee, he said: "This means we will not have the Nicaragua bill today."

Denham (Illinois) moved to adjourn. Rejected, yeas 127, nays 127.

Spinoza then withdrew the bill and said that several "several" measures being introduced.

Morrow (California) moved to suspend the rules and pass the amendment to the Senate bill increasing to \$500,000 the limit of the cost of the public building in San Francisco.

Springer on behalf of the committee on territories moved to suspend the rules and pass the bill for the admission of South Dakota and for the organization of the territory of North Dakota.

A special order for tomorrow and from day to day bill disposed of, provided that the committee bill may be offered as a substitute therefor and that there after bills relating to the admission of territories and the organization of territories be taken up in the order fixed by the committee.

The motion was agreed to and the adjourned.

CRIMINAL CASES. DENVER, Dec. 17.—J. Metz, one of the men who made the unsuccessful attempt to rob the People's Savings and Deposit Bank here on Thursday, and was arrested, was identified today by Robert Pinkerton as Horace Hovnan, alias "Little Horace," one of the most notorious BANK THIEVES.

of America. Hovnan's accomplice, who escaped, is known as "Kidney," alias Hailston, alias Keene, and known in Colorado as Walter Stewart, another bank robber of notoriety. Stewart came to Denver about fifteen years ago with nearly \$40,000, and became a director in one of the Denver national banks. He lost money fast, living high and speculating, and left the bank in a state of insolvency. Several houses out of considerable money.

WASHINGTON, Dec. 17.—Many Jones (Colorado) is under arrest charged with killing a four-year-old child by beating it to death. The child had been left with her mother to the care of a nurse and she tortured it to death. The body was covered with scars and burns. The woman is accused of having tortured other children.

MURDER AND SUICIDE. CHICAGO, Dec. 17.—In a disreputable saloon on State Street, Edward Bonner tonight shot and killed Willie Wilson dead. He then killed himself. Drunken jealousy was the cause of the tragedy. Bonner afterwards committed suicide by shooting himself in the chest.

CLEVELAND, Dec. 17.—At Oberlin, Ohio, tonight, a student of the college students killed Frank D. Wolcott, a member of the preparatory class, into a secluded spot, then with a knife, killed him.

Little, one of the assassins, was arrested by the police. The other was at large. The police are looking for the other assassin. The cause of the assault was the suspicion that the student was a gambler.

WASHINGTON, Dec. 17.—An answer was received today from the Attorney General to the Senate resolution of inquiry as to the conduct of certain United States officers in connection with the RECEPTION OF THE PROPERTY OF THE CHURCH OF LATTER-DAY SAINTS FORMED UNDER THE EDWARDS LAW. The Attorney General has received from the United States Marshal for Utah, the receiver in the case in November, 1887, the property being of the estate of value of \$800,000. In beginning certain suits to recover, Dyer retained as attorney, United States District Attorney Peters. Allowances of \$25,000 to the receiver and \$100 to an attorney were claimed, and when the knowledge of this fact came to the Department of Justice United States District Attorney Smith at Colorado, was sent to Salt Lake City to make an examination.

Representative Breckinridge of Kentucky today introduced the joint resolution to amend the act relating to the jurisdiction of the United States in any place in or on any state.

The subcommittee of the House committee on private land claims has agreed to report favorably to the committee a resolution looking to the relief of settlers on the Maxwell land grant.

THE RAILROADS. CHICAGO, Dec. 17.—The proposition to prosecute the Chicago ticket scalpers under the state law prohibiting any person from carrying on a business in the city of Chicago, Illinois, which practically has been a dead letter, is being quietly talked of among the railroad men.

WASHINGTON, Dec. 17.—Judge Cooley, chairman of the Interstate Commerce Commission, has returned from his tour of inspection of the railroads in the northern states. He says the commission will consider the expediency of investigating the rate cutting war by the northern roads.

He will make it illegal to pay commissions for the sale of tickets and require the railroads to redeem unsold portions of the tickets for the amount received for them. As long as the companies are allowed to pay commissions, so long will the rates be cut.

Commissioner Morrison thinks Congress have to be called in to define excursion tickets as used in the act, as much of the rate cutting is done on that class of tickets.

THE COMMONS. LONDON, Dec. 18.—In the Commons, after a long debate on Sudan matters precipitated by Lord Randolph Churchill, Labouchere moved that a reduction of £1000 be made in the salary of the governor of the Sudan, and then censured Lord Salisbury for delay in appointing a successor to Lord Kitchener, and for his untidy attitude towards America.

Opposed to Dakota's Division—Gen. Harrison, Dec. 17.—A call for a convention was published here this afternoon to take measures to prevent, if possible, a division of Dakota. Quite a meeting of leading citizens was held Saturday to defeat the proposition. They say the division is purely a political move and opposed to the best interest of the taxpayers.

GEN. HARRISON. INDIANAPOLIS, Dec. 17.—The President-elect had a goodly number of out-of-town callers today. A committee representing the Grand Army of the Republic, N. Y., presented him a petition signed by the commanders of the Grand Army posts asking him to review the parade of the G. A. R. veterans on Memorial Day, next May, and accompany the procession to the tomb of General Grant at Riverside.

General Harrison informed the committee that while he would be glad to participate with his comrades in that occasion, it was impossible for him at the present time to do so, as he was engaged in a tour of inspection of the six months in advance. The committee then asked him to regard the invitation as a standing one.

Col. J. Atkins, of Savannah, Ga., arrived in the city this evening.

AND WILL CALL. upon General Harrison. Atkins was one of the most successful soldiers of the war, and was nominated by President Hayes for federal judge, but the Senate failed to confirm it. It is asserted he is here to suggest the name of a southern republican to succeed him.

A delegation will arrive tomorrow from Birmingham, Ala., representing the manufacturers of that section for the purpose of presenting to the President-elect a congratulatory memorial. They are said to have secured a considerable sum of money for the purpose.

The news of the nomination of Assistant United States District Attorney Jacob A. Bailey to succeed District Attorney Sellers, who resigned, has occasioned considerable surprise. The republicans claim, without hesitation, that Bailey's nomination is OBNOXIOUS.

to General Harrison and his friends because of the course he pursued during the campaign, in speaking personally, and according to Senator McDonald, erroneously of Gen. Harrison. The republicans claim that the nomination will not be confirmed.

The federal grand jury convened this afternoon to receive the indictments. They are understood to be several election indictments for fraud ready for action.

A Bank Fails. SAN FRANCISCO, Dec. 17.—The California National Bank of San Francisco suspended payment today. R. P. Thomas, president, stated the suspension was due to irregularities in the cashing of C. H. Hamden; that the extent of these irregularities was not known, but the bank has sufficient available funds to insure all depositors against loss. Cashier Hamden was suspended last week and an investigation of his books is in progress, which so far has not been sufficiently thorough to enable the bank to determine the extent of the irregularities. The bank was incorporated in 1862, and has a capital of \$1,000,000, of which \$300,000 was subscribed in coin. It is stated that the irregularities referred to were of a criminal character, but that the bank is not principally of bad loans.

Landlord Litigation. CHICAGO, Dec. 17.—The much tangled landlord litigation has finally been put in shape for settlement. By an agreement entered into this afternoon the present receiver and assignee are to retire. A new receiver will be appointed by the court, and a new assignee by the county court. The receiver will collect and reduce to cash all the assets of the firm levied on by the sheriff. The proceeds will be paid to the assignee, who will then be authorized to sell the real estate of the firm. The receiver will be turned over to the assignee, who will be authorized to sell the real estate of the firm. The receiver will be turned over to the assignee, who will be authorized to sell the real estate of the firm.
