AMERICAN.

Wired From Washington.

WASHINGTON, 25. — Buckner, chairman of the committee on banking and currency, is preparing a bill to introduce when Congress reconvenes, which provides for issuing treasury notes without legal tender quality, to take the place of bank notes going out of existence. The purport of the measure is the same as that of the bill introduced by Buckner at the first session of the last Congress.

The proposition of Comptroller Knox to take off 1 per cent. of the tax on circulation and allow banks to issue on the market value of bonds instead of the par value is not favored by the chairman of the banking and currency committee. Buckner says if the plan of Knox is successful in avoiding the contraction of the circulation of bank not s, it would afford but temporary relief, and seven years from the present, when it became necessary to begin redeeming 4½ per cent. bonds, there would be a recurrence of the present trouble. The national bank system cannot live without a national debt, and as that debt is being wiped out gradually and certainly, Buckner is of the opinion that the time has come to prepare for permanent circulation. He is not favorably inclined to the removal of the tax on circulation.

The House committee on appropriations held its first meeting this morning and decided to prepare if possible the pension, fortification consular and military academy appropriation bills during the recess, so they can be presented to the House when Congress assembles.

Bland, chairman of the committee on coinage, weights and measures, favors receiving the trade dollars into standards and thinks the issue of the latter should not be stopped. Bland is of the opinion that a mint ought to be established in the Mississippi Valley, and because of the advantages offered by St. Louis, favors that city.

General McKenzie, commander of the Department of Texas, has been temporarily relieved from his command on account of nervous prostration which has disturbed his mind. The affairs of the department will be directed by General Schofield. The condition of Gen. McKenzie causes grave apprehensions in his friends.

Depravity and Disaster.

GALVESTON, Texas, 25.—A McDade special says: Last night at midnight Henry Pfeiffer, Wright McLamore and Thomas McLamore were taken from a saloon here by 50 well masked men, carried into the brush and hanged to a tree Thos. McLamore was under arrest for having been taken early in the evening on the charge of burglary, preferred by S. J. Walker of this town. The other two happened to be present when the lynchers arrived. Pfeiffer was under indictment for horse theft in this county. To-day six friends and relatives of those hanged came to town, picked a quarrel with Tom Bishop and George Mellon, and a fight with shotguns ensued. Two of the sextette, Jack Bayley and Asa Bayley were killed, and a third, Hayward Bayley was badly wounded. The remaining three escaped. Willis Griffin, an estimable citizen of McDade, while assisting Mellon and Bishop to defend themselves, was shot through the head and mortally wounded by Hayward Bayley. Five corpses, two McLamores, two Bayleys and Pfeiffer, are lying in the market house yet unclaimed. It is thought friends will come to night, and the trouble be renewed.

St. Louis, 25.—Another serious fire visited St Louis at an early hour this morning, totally destroying the large establishment of H. S. Nelderinghouse, on Franklin Avenue. The store and house furnishing store of Charles T. Nideringhouse, adjoining, were also burned. The exact losses are unascertainable. The former will reach $100,000, the latter $30,000. Loss on the building, owned by the St. Louis Stamping Co., $30 000; all fairly insured.

Warren and John Corgan, firemen, nearly suffocated, escaped by jumping from the second story window; injured.

Galveston, Tex., 26.—A report just received from McDade says there has been no trouble last night or this morning, and it is thought there is no immediate danger of more bloodshed, but there is still considerable excitement. Many citizens of the county are in town armed with rifles, for the purpose of keeping things quiet. Two companies of military arrived this morning, Brehan Grays, numbering 100 men, and Johnson Guards of Hempstead, 25, but were not needed and returned home at 9.35 a.m.

Stevens, another of the six desperadoes who raked the street fight and subsequent lynching, has been captured by officers. He is slightly wounded.

Denver, Col. 25.—Further particulars of Friday's terrible disaster at the Virginius mine, near Ouray, are just received by special messenger to Montrose. Immediately on receipt of the news a party consisting of thirty-one left Ouray to bring in the dead. The journey to the mine was made in the face of great perils, as a terrible storm was raging. Having cared for the wounded and improvised sleds, the party started on the return. When the Cumberland basin was reached a second snow-slide descended, but being on the lookout all succeeded in reaching the edge of the avalanche before it struck them, and thus escaped instant death. The slides containing four dead bodies were carried 2,000 feet down the mountain side and then hurled over a precipice 500 feet high, where they must remain till spring. The party finally reached Ouray nearly dead from exhaustion.

Lima, O., 25.—John Amatuis and two daughters, of Lima, attempted to drive across the Lake Erie and Western track, and were fatally injured by an engine.

Elzabeth, N. J., 26.—The Long Branch freight ran off the track at Junction this morning. Fred. Pinno, engineer, was killed. The train was thrown over a high bank and totally wrecked. Cause, snow and the track spreading.

Washington, 26.—The Secretary of the Interior, Inspector Benedict, Agent Tufts, and special Agent Townsend, will proceed at once to Muskeega, Indian Territory to investigate the Creek troubles arising over the recent election of Achief. They will make recommendations looking to a settlement. The recommendations will form the basis of the final action of the Interior department. The gentlemen above named are instructed to inform the Creeks that the department will if necessary enforce the action recommended.

Galvestin, 26.—A Dallas special says: Ulysses S. Grant, son of Wm. Jesse Grant, a relative of ex-President Grant, was arrested to-day on the charge of burglary of a house and purloining pistols which he afterwards sold. He was remanded in default of $500 bail. This is the second time within a few months that he has been arrested for stealing.

Cincinnati, 26.—The river continues to rise four inches an hour. Cold weather to-night has a tendency to check the rise. River experts do not expect an extraordinary stage of water. Most of the barges torn loose yesterday have been recovered, and the total loss may not exceed $20,000. The river is 41 feet 3 inches at 10 to-night.

Fort Smith, Ark., 26.—Chatubbel, a Choctaw Indian violator of the intercourse law, was killed on Sunday while resisting arrest at Double Springs by Elias Yarby, member of the Coctaw light horse.

Advance, Ohio, 25.—The liabilities of Sanborn & Gray, bankers, who assigned yesterday, are variously estimated from $100,000 to $300,000. Assets unknown.

Cleveland, O., 25.—Henry Schroeder, son of a wealthy German, with half a dozen friends, at an early hour this morning attempted to break into Osare's saloon for the purpose of getting drink. Osare had previously refused to sell on the ground that they were drunk. On making the attack Edward Eyring, brother-in-law of Ossare, shot from a window and killed young Schroeder.

New Orleans, 25.—Wm. McCaffrey, a prominent ward politician and assistant superintendent of markets, was shot and mortally wounded this morning in a gambling saloon by Budd Renaud, one of the proprietors of the establishment. They quarreled and McCaffrey left the building. On attempting to regain admittance, Renaud fired, the ball entering the forehead. Renaud was killed.

St. Louis, 25.—D. C. Gibson, chief actor in the family shooting affair last evening, died to-day. His step son Buffinton is dying.

Denver, 25.—Republican's Telluride, via Montrose, 24: At noon today a snowslide came down Marshal Basin, carrying off the shaft house of the Mendota mine, containing 14 men, eight of whom were killed outright and two wounded; four dug themselves out. No particulars are at present obtainable. A large body of men leave here for the scene of the disaster in the morning. The mail carrier from Silverton to Ames and Ouray, due last Friday, is not heard from; they are supposed lost in crossing the ravine.

FOREIGN.

General Items.

LONDON, 26.—The hull of the burned steamer St. Augustine, was towed into Coruna, Spain.

Paris, 26.—It is stated that a passenger train met an accident on the railroad between Avery Court and Paris, and many passengers were killed.

Vienna, 25.—It is reported that the German Crown Prince, while in Rome, invited the King and Queen of Italy to visit Berlin, and the invitation was accepted.

Lida, Russia, 26.—Workmen and officials in the railway works of this place engaged in a riot yesterday, owing to the exaction of contracts. One official was killed and several workmen were injured. The ringleaders of the rioters have been arrested.

BRIEF TELEGRAMS.

WASHINGTON, 26.—The wife of Gen. Rosecrans died yesterday of cerebral hemorrhage, from which disease she has suffered for a year past.

New York, 26.—Dividends are declared on Lake Shore, Michigan Central and Canada Southern, payable on Feb. 1st.

San Francisco, 26.—Edward Hanlan, champion oarsman, and George W. Lee rowed an exhibition shell race over the new course at Oakland, three miles. Hanlan won easily in 18 43.

Pittsburg, Pa., 26.—F. C. Breckenridge, one of the men who witnessed the murder of Captain Nutt by Dukes at Uniontown, has been annoyed by nonymous letters threatening his life.

With a capitalization of $125,000 the Chronicle and Telegraph will be consolidated, retaining both names.

Washington, 26.—Issue of the silver dollars last week, 415,500

Secretary Folger has recovered his health and resumed his duties.

Cincinnati, O., 26.—It is announced that Reuben R. Springer, famous for his gifts to the public, has bequeathed to the Cincinnati Art Museum his valuable art collections, also the pictures willed to him by his niece, Mrs. Mills. It is also stated that he has given $100,000 more to the College of Music for new buildings.

CITY COUNCIL.

The City Council met in regular session last evening pursuant to adjournment, Mayor Jennings presiding, and the following business was transacted:

A petition (heretofore published) by A. Carrington and 500 others, protesting against the granting of the right of way to the rock railroad, was presented, and referred to the committee on streets and alleys.

A petition was presented from Anderson & Pomeroy, representing that they took out an annual license for the Scottish Imperial Fire Insurance Company, running from Feb 12, 1883, to Feb. 11, 1884, and paid $26 therefor; that said company closed up its business in the city a few days after taking out said license, and had done no further business here since the 17th day of February, 1883; nor had they for any other company; that the privilege granted in said license was therefore only used five days. Petitioners therefore prayed for a rebate of such portion of said license fee as the Council might deem to be just and equitable.

Referred to the committee on licenses.

A petition was presented by Alderman Spiers from John Chamberlain and fifty others, remonstrating against the establishment of a skating pond on Washington Square, and against the granting of the petition of the Athletic Association, presented to the Council at its last sitting.

Referred to the committee on public grounds.

An application was presented from the estate of R. B. Margetts, per Hardy, executor, for license to manufacture malt liquors and sell the same at wholesale, at No. 317 Second West street, North, for a period of three months from the 21st day of December, 1883. Granted.

The City Treasurer submitted his annual report of the city treasury, containing an account of all the receipts and disbursements during the year ending November 30th, 1883, showing: Amount in treasury at last report, $2,813 02; receipts during ye r, $197,456.88; disbursements, $196,078.77; balance in treasury December 1st, 1883, $1,209.11. He further reported that there were in his possession redeemed Auditor's warrants to the amount of $196,078.77, which he asked to have ordered to be destroyed.

Referred to the committee on finance, with instructions to destroy the redeemed auditor's warrants if found correct.

The City Auditor submitted a supplementary report, showing the amount received on various corporation accounts for the year ending November 30th, 1883, and the increase or decrease from the previous year in each respectively; also the disbursements for the same term, and the increase or decrease in each item of expenditure, the totals of which agreed with the treasurer's statement.

A statement of the corporation one year ago and at present was also submitted, showing a decrease of $15,6 5. The present floating indebtedness was stated to be $50,000, for which the Mayor had given a note maturing November 1st, 1884, drawing 7 per cent. interest per annum, with other liabilities amounting to $5,291 32. Total, $55,291 32.

An appropriation to pay corporation indebtedness of $7,407.83 was made to the canal sinking fund.

The Treasurer reported that he had in the sinking fund the sum of $7,407.83 in funds not invested, and as the law authorized him to loan any surplus in the fund upon good security, by and with the approval of the City Council, he submitted that he had received an offer from William Jennings & Sons to take the amount at ten days' call and pay thereon interest at the rate of 1 per cent. per annum.

The Treasurer was authorized to loan the amount as stated, and as required by the law relating to the canal bonds.

James Shelmerdine, city estray pound-keeper, presented a report of the city estray pound for the three months ending November 30th, 1883 showing: Number of animals impounded during quarter, 135; amount taken for impounding, $48.25; amount taken for foraging animals, $23,00; paid out for forage $19; total amount realized for quarter, $47 30. Filed.

Alderman Raleigh moved that the action of the Council authorizing the distribution of an appropriation to the family of the late Marshal Burt etc., be considered and referred back to the special committee who originally reported on the matter for investigation, with instructions to definitely state the quota to be paid to each heir, naming the same, and report. Carried.

On motion $500 was appropriated to the waterworks contingent fund.

On motion of Alderman Raleigh it was decided that Wilson Pratt be paid at the rate of $40 an acre for four lots owned by him in the new addition to the city cemetery.

Councilor D. H. Wells suggested the propriety of laying an asphaltum pavement on the sidewalks north and west of the city hall corner. Various other suggestions relative to the kind of material were made, some preferring flagstone, and the subject was finally referred to the committee on streets and alleys.

Adjourned to Wednesday evening, Jan. 21, at 7 o'clock.

BLACK BART AND THE SKUNK.

Black Bart tells of the experience he had in California, which came near stopping his career as a highwayman. He had interviewed a party of travellers by stage and got a small haul for his trouble. After starting the stage on with the gentle admonition to the driver to go on and never look back, or he would drop him, he, as was his custom, pitched into the brush. He had had not been walking very long when he heard voices behind him, and looking down the mountain side could see several horsemen and footmen coming in his direction at a lively gate. They were gaining on him very fast, and he was compelled to do something very suddenly or be captured, and his only chance for escape was to secrete himself before they caught sight of him. He began looking about him and noticed a large, hollow fir log which lay on the ground. Plunging into it head first just before the vigilantes came in sight, he crawled to the fartherest end of the hole, but he discovered to his horror that he had bad company, which, by the peculiar odor emitted, he concluded was a polecat—in fact, he knew it was. It was a time for fear, but not for retreat, and he lay there in mortal agony and heard his pursuers come up and sit down on the log, while their dog tried to make the acquaintance of the fragrant occupant of the hole in the log. The smell finally drove them away, and Bart crawled hurriedly out, not only sick at heart and with the world, but terribly sick at the stomach. He declares that he did not get over the effects of his experience in the log for three months afterwards, and that it nearly cured him of his propensity for robbing stages.—Stockton Independent.

The Ex-City Treasurer of Milwaukee, Wis., Michael Krause Esq., thus speaks concerning St. Jacobs Oil: "I have used that invaluable Remedy for rheumatic pains, and, in my judgement it has no equal in that line. In my opinion, St. Jacobs Oil is great.

HORSFORD'S ACID PHOSPHATE,
Unanimous Approval of Medical Men.
Dr. T. G. Comstock, Physician at Good Samaritan Hospital, St. Louis, Mo., says: "For years we have used it in this hospital—dyspepsia and nervous diseases, and as a drink during the declining and to the convalescence of lingering fevers. It has the unanimous approval of our medical staff."

A GENUINE AFFAIR
Our readers can rely upon it that if they have any rheumatism in the system, they can by using Britannia become entirely cured. This is no fiction. A great many persons have tried it in Salt Lake City and Ogden, and other parts of Utah whose testimony can be privately obtained, and who say that NO remedy ever reached the disease before. It removes pain at once. It conquers the cause of the pain, and removes. It builds up the general health. It acts mildly on the bowels, and strengthens the kidneys. It gives an appetite and a relish for food, and prevents its souring on the stomach. Just try a bottle, and you will never want to be without it in the house as a family medicine. Sold at Z. C. M. I. Drug Store.

HOME ATTRACTION.
Barratt Bros. beg to call attention to their stock of furniture. tf

The Throat.—"Brown's Bronchial Troches" act directly on the organs of the voice. They have an extraordinary effect in all disorders of the throat.

Why are you ill? Why do you suffer? Everybody knows all aches and pains, all languor and debility are cured by Brown's Iron Bitters.

Gentle Women
Who want glossy, luxuriant and wavy tresses of abundant, beautiful Hair must use LYON'S KATHAIRON. This elegant, cheap article always makes the Hair grow freely and fast, keeps it from falling out, arrests and cures grayness, removes dandruff and itching, makes the Hair strong, giving it a curling tendency and keeping it in any desired position. Beautiful, healthy Hair is the sure result of using Kathairon.

THE CONTRAST!
While other Baking Powders are largely adulterated with Alum and other hurtful drugs,
DR. PRICE'S CREAM BAKING POWDER
has been kept unchanged in all its original purity and strength. It has received the highest testimonials from the most eminent chemists in the United States, who have analyzed it frequently.
There are no powders that bear higher chemical tests, nor any that show so good results by the TEST OF THE OVEN.
It is a pure Fruit Acid Baking Powder. Made by
STEELE & PRICE,

Manufacturers of Lupulin Yeast Gems, Dr. Price's Special Flavoring Extracts, and Dr. Price's Unique Perfumes.

AYER'S PILLS.
A large proportion of the diseases which cause human suffering result from derangement of the stomach, bowels, and liver. AYER'S CATHARTIC PILLS act directly upon these organs, and are especially designed to cure the diseases caused by their derangement, including Constipation, Indigestion, Dyspepsia, Headache, Dysentery, and a host of other ailments, for all of which they are a safe, sure, prompt, and pleasant remedy. The extensive use of these PILLS by eminent physicians in regular practice, shows unmistakably the estimation in which they are held by the medical profession.
These PILLS are compounded of vegetable substances only, and are absolutely free from calomel or any other injurious ingredient.
A Sufferer from Headache writes:
"AYER'S PILLS are invaluable to me, and are my constant companion. I have been a severe sufferer from Headache, and your PILLS are the only thing I could look to for relief. One dose will quickly move my bowels and free my head from pain. They are the most effective and the easiest physic I have ever found. It is a pleasure to me to speak in their praise, and I always do so when occasion offers.
W. L. PAGE, of W. L. Page & Bro."
Franklin St., Richmond, Va., June 3, 1882.
"I have used AYER'S PILLS in numberless instances as recommended by you, and have never known them to fail to accomplish the desired result. We constantly keep them on hand at our home, and prize them as a pleasant, safe, and reliable family medicine. FOR DYSPEPSIA they are invaluable.
J. T. HAYES."
Mexia, Texas, June 17, 1882.
The REV. FRANCIS B. HARLOWE, writing from Atlanta, Ga., says: "For some years past I have been subject to constipation, from which, in spite of the use of medicines of various kinds, I suffered increasing inconvenience, until some months ago I began taking AYER'S PILLS. They have entirely corrected the costive habit, and have vastly improved my general health."
AYER'S CATHARTIC PILLS correct irregularities of the bowels, stimulate the appetite and digestion, and by their prompt and thorough action give tone and vigor to the whole physical economy.
