CONGRESSIONAL.

SENATE:
Caucus of Republican Senators.—Appointments.
The Republican Senators held a caucus at adjournment to-day, to agree upon filling the vacancies in the standing committees.
The President sent a large number of appointments, upon which speeches were made.
During the recess it was claimed that the effect of Senator Morton's bill for the reconstruction of Georgia will secure the ratification of the 15th Amendment. Morton intends to urge the bill on Wednesday.

HOUSE.

Members objected to.—The Census.—Bills introduced.—The Disposal of the Message.—Bill to repeal Tenure Office Act.
WASHINGTON, 6.—The House met at noon; quorum present. An objection was made to receiving Sherrard and Fox, members from Alabama, and they were not sworn.
After a brief recess the President's message was received and read, that portion relating to Georgia being received with applause.

A motion was made that the members from Alabama be now sworn, as there was no charge against them and nobody here contested their seats. On the motion of Paine their credentials were referred to the committee on elections.
Cheeves, of New Mexico, Garfield of Washington Territory, and the Delegates from Montana and Wyoming were sworn in.

Stokes, from the Committee on the census reported on the taking of the ninth census, which was made a special order for Wednesday next.

Farnsworth introduced a bill declaring that Virginia had complied with all the reconstruction acts of Congress, and authorizing the immediate admission of her Representatives; also for the consideration of the Louisiana contested election cases, and declaring that the trial of contested election cases was a judicial proceeding and ought to be exempt from personal or partisan consideration or influence. Bingham moved to lay the resolution on the table, when considerable confusion ensued; finally the motion was withdrawn.

Judd introduced a bill for relieving pork and beef packers from paying a tax as manufacturers. Adjourned.

WASHINGTON.

Supervision of Internal Revenue for Utah.—Representatives of Virginia thank President Grant.

General R. B. Cowan has been appointed Supervisor of Internal Revenue for California, Utah, Arizona and Nevada, vice Ball resigned.

This morning Senators Johnson and Lewis, with the members elect of the House now in Washington, and several members of both branches of the Virginia legislature, conservative and radical, called upon the President to pay their respects and to thank him for the recommendation in his message concerning the Common-wealth. The Senators made brief addresses to this effect, also expressing the hope that the people of Virginia would, in future, as now, have his support and approbation. The President returned thanks for the compliment and trusted that the conduct of that State would justify him in the recommendation for her restoration to all the rights conferred upon all the members of the Union. After the presentation of the delegates they requested that Judge Alexander Rives be appointed District Judge under the new law, for the fourth district. The President replied that Judge Rives was too old. Senator Lewis replied that Rives was sixty-five years of age, but he was in good health, bodily and mentally, and in all respects qualified for the office. The delegation then withdrew.

NEW YORK.

Now Storm.—Frightful Barbarity in Cuba.—Beecher defending his course.—Elections in the City.

NEW YORK, 7.—The storm has ceased; four inches of snow has fallen. There was much detention last night on the railroads in and out of the city. It is now clear and cold.

A letter received last night, from Havana, gives details of barbarity practiced on some negroes suspected of being engaged in a conspiracy to burn plantations near Sagua. They were shot in the presence of all the negroes of eight estates. About a dozen were whipped, receiving from 800 to 1000 lashes.

Arms for the Cubans have been landed at Mayrías. General Jordan is marching on Gibra. A heavy column of Spanish troops has been sent to the neighborhood of Sagua.

The Times says the President's Message is one of good news throughout the

world. It says this is the weakest message ever sent to Congress by an American President. It considers that the message settles the Cuban insurrection against the patriots. On financial affairs it is quixotic and too chimerical for serious consideration.

The Tribune regards the message as one of the wisest and most judicious ever transmitted to Congress, and predicts its hearty approval by the American people.

Beecher prints a card in the Tribune, defending his course at Richardson's marriage and funeral.

The election in the city is progressing quietly; there is a heavy force of police in the up-town wards, where trouble is apprehended. There is good sleighing here.

MISSOURI.

The correspondent of the "Clipper" severely panned.

St. Louis.—Last night Mike McCool and Tom Kelly gave George E. Douglas, a correspondent of the New York Clipper, a terrible beating at the saloon of the former. Edward Gallin, a friend of Douglas, was also severely panned. Douglas has written some strictures on McCool and Kelly. The two were arrested.

MASSACHUSETTS.

CHICAGO.

Meeting of the Senate.—Bills to Regulate and Define Jurisdiction of U. S. Courts and to regulate Chinese Immigration.—Admission of Georgia.—President's Message.—Executive Session.

CHICAGO, 5.—The Senate met at noon, there were fifty-four members present.

Drake introduced a bill regulating and defining the jurisdiction of the courts of the United States, and prohibiting any court from declaring any action in a joint resolution of Congress invalid on account of its supposed unconstitutionality.

Williams introduced a bill regulating the importation of Chinese, and making it a penal offense for any party to enter into a contract for bringing Chinese into this country; but the bill does not forbid their voluntary immigration.

Several bills regulating the admission of Georgia was introduced, also one removing all political disabilities incurred on account of participation in the rebellion when the Fifteenth Amendment shall be duly ratified, and become a part of the Constitution.

The unfinished business pending at the close of the last session will be called up, being a question of compensation to the North Carolina Senators.

The President's Message was received and read and Sumner moved to print ten thousand copies, which was referred to the committee on printing.

The Senate held a short executive session and soon afterwards adjourned.

FOREIGN NEWS.

CANADA.

The Red River Rebellion Dying.

TORONTO, C.—A special from St. Paul to the Globe gives the latest intelligence from Fort Garry, which indicates that the insurrection is dying out, there were only fifty insurgents under arms. They held a council on the 10th ult. and adjourned to the 22nd. The result of their deliberations is unknown, but it is believed they will vote for McDougall to come and assume the reins of Government.

WEST INDIES.

News from Hayti and Jamaica.

PORT AU PRINCE, Nov. 24, via. Havana.—The revolutionary army now holds possession of the whole northern part of Hayti. Cape Haytien was taken by assaults on the 13th of November. The followers of Salnave took refuge in the American Consulate. The loss of Salnave's steamers, under his situation, and the precarious nature of matters in the South, look bad. Salnave has caused himself to be proclaimed President for life. It is reported that the revolutionary fleet intend to blockade Port Au Prince.

KINGSTON, JAMAICA, Nov. 25, via. Havana.—The Government authorities have captured a large lot of arms at Port Maria. It is reported that they were landed by a boat which intended to take them to Cuba, but was pursued by a Spanish cruiser to Havana.

CALIFORNIA.

Organization of the Legislature.—Expedition in search of the "Orion."

SAN FRANCISCO, 7.—The Legislature organized to-day. The nominees of the Democratic caucus were duly elected and installed.

Another expedition sailed to-day in search of the distressed ship Orion. The captain of a schooner, just arrived, reports observing rockets and blue lights burning in the night time, off Monterey Bay, and he believes the signals were from the Orion. The conduct of the captain of the ship Arkwright in not rendering assistance and promptly reporting the Orion on his arrival is strongly condemned.
