UNKNOWN BODY
FOUND IN RIVER.

Mystery Surrounds Gruesome Dis-
covery in the Weber—No Clue
To Identity.

IMPRESSIVE FUNERAL SERVICES

Jury Acquires Surrogate—Fruit Injured
By Recent Freeze—Wedding Bells
—Bookings at the Grand.

Ogden, April 3.—About 5 o'clock last
evening the body of an unknown man
was found lodged against one of the
piers of the bridge across Weber river,
in the western part of the city. The
man had been dead evidently at least
three weeks, but there was nothing
whatsoever on his person by which he
could be identified. His clothing was
apparently that of a laboring man, but
was so covered and soaked in mud
that the color could not be determined.
The man was apparently between 35
and 40 years of age, of large frame,
with black hair and with about three
weeks' growth of beard on his face.
In the pockets of the clothing were
found a razor, pocket knife, a pair of
spectacles, a blank envelope and a
bank check of paper. The body was
considerably decomposed, but so far as
could be determined there were no
marks of violence. A couple of other
men who were crossing the bridge
noticed the corpse lodged against the pier
and sent word to the police station.
Captain Brown, with Officer Layton,
went down to the river and took the
body. The body was turned over to
Undertaker Lindquist and an inquest
will probably be held today.

JURY ACQUIRES SURROGATE.
After being out not over five minutes
the jury in the case of James Surra-
ge, charged with embezzlement by Joseph
Wood, returned a verdict of not guilty.
The jury was promptly released on
condition of its attorney, M. D. Lesau-
re, Surraage himself took the stand
and admitted that he had taken a large
sum of money from the company where
he was employed, but insisted that it
was old cream which otherwise would
have gone to waste, and that he made
no concealment of the fact of his taking
it. There was considerable other testi-
mony, but the jury evidently believed
Surraage, and made haste to bring in its
verdict.

Surraage's arrest on this charge was
the one that gave birth to the suit against
an Ogden paper for damages in the sum
of \$10,000 owing to the publication of an
article implicating Mr. Surraage's
dishonesty in the alleged theft of the
cream.

FRUIT INJURED.
John L. Wilson, the well known fruit
grower, who lives on Twelfth street
in the center of a rich fruit producing
district, has made a careful examination of
his fruit trees since the recent freeze,
and estimates that about 25 per cent of
the fruit crop has been destroyed. "On
the cherries," he says, "the black and
red varieties in particular have suf-
fered. Probably about 10 per cent re-
mains unharmed, although of the later
varieties the percentage will be higher.
Apples and plums, particularly the
smaller varieties, the latter have al-
ready been seriously damaged. There is
a prospect of a partial crop. As the
peach, apple and pear crops are of the
greater importance commercially, and
as the apples and pears have not been
injured at all, there is still a prospect
for a valuable fruit yield this season."

POULTRY LOSSES.
People dwelling in the neighborhood
of Sixteenth and Seventeenth streets,
near of Washington avenue, have been
considerably annoyed and mystified
over the fact that for the past week
some animals have been among whole-
some slaughter of their chickens. The
animals simply kill the birds without
eating them or carrying them away.
One night last week 15 valuable fowls
were killed for no reason except for
Sanitary Inspector Albert Power.
A flock of ducks belonging to Councilman
William Crank was slaughtered the
same night. One resident, Joseph Dana,
lost 60 birds, evidently by the same
method, and numerous other residents
of that locality have had their chicken
crops killed, until the total loss
amounts to about 200 fowls. In one or
two cases the owners of the birds have
heard the disturbance among their
poultry and have appeared on the scene
in time to frighten away a dark look-
ing animal, but could not determine
whether it was the dog or cat species.

Vernal for about 20 years, have re-
turned and will make their home here

of Fire Chief Joseph W. Loveless, fell
through a window on Saturday while
playing with his brother. His left chest
was badly cut with a piece of glass. Dr.
Taylor was called, and it was found
necessary to take six stitches to close
the wound.

CONSUMPTION

Mainly Caused by Chronic Colds
and Hanging-on Coughs.

A member of the firm Druehl & Fran-
ken has given a good deal of time to
the study of consumption, and finds
that comparatively few cases are heredi-
tary.

Mostly all are caused by neglected
coughs and colds, which gradually
weaken the whole pulmonary system,
and before people realize it there is a
diseased spot in one lung; spitting
blood soon follows and eventually a
collapse.

Such an unnecessary end, such a pity,
for all could have been so different.
We know of hundreds of cases where
our wonderful cod liver oil preparation,
Vinol, has saved a young and valuable
life, which without it would have been
sacrificed. We have letters from people
who were able to die, and who post-
tively state that Vinol and Vinol alone
saved their lives when all else had
failed to help them.

Vinol is able to cure hanging-on colds
and stubborn coughs. It does it by the
most perfect preparation of cod liver
oil ever compounded. It contains no oil
or grease to upset the delicate stomach,
yet it does contain every one of the
first and best medical elements. It
actually takes from fresh cod's livers
and we freely and publicly state that
we will supply all the Vinol we think
necessary to cure any case of chronic
cough, hanging-on colds or weak air-
ways, and pay for the medicine our-
selves if it fails to give satisfactory re-
sults.

It can we express our faith in
Vinol more emphatically? Druehl &
