## OGDEN NEWS.

OGDEN, UTAH, -- AUGUST 15, 1901.

### CONFIDENCE MAN CAUGHT.

Sessions of the Methodist Conference--Program for Three More Days.

Methodist Movement Promises to be Successful--Speak-Richardson Nuptials.

Chief of Police Conlisk received a telephone message from the Tacoma, Washington, stating that they had arrested one W. H. Turner, who was wanted in this city for obtaining money under false pretences, that he is being held in Tacoma on a similar charge, and that the police there find that he cannot be convicted on their charge. They will turn him over to the state police, who will take him to Ogden.

Turner was the man who stood on the Utah Lake and Trust corner about three weeks ago selling a patented flat wash which could be used for laundry and would keep hot for a much longer time than the common iron.

He succeeded in placing a goodly number of the articles on the market.

Rev. John Seaman and C. E. Smith, who had been in Ogden for some time, were reported to Chief Conlisk, who immediately set to work to capture Turner, with the result above stated. He cannot be convicted on the Tacoma charge, but will be brought back to Ogden for punishment.

CHARGE MODIFIED.

In the district court this morning the charge of burglary against Thomas Blaylock was changed to petit larceny, and he was released on \$1000 bond.

WELCH ASSAULT CASE.

A motion was made in the district court today and taken under advisement, that the charge against Chas. Welch for assault to do bodily harm on the person of Detective Pender, be changed to simple assault.

A GRIP THIEF.

The police this morning received a telephone message from Logan to be on the lookout for a young man who last night stole a grip with valuable contents and started south on a cattle car.

BEAR-RICHARDSON NUPTIALS.

A marriage license was granted to Thomas B. Richardson, 25, and Miss Florence Speak, 17, both of Ogden.

METHODIST CONFERENCE.

The Utah Methodist conference which is to last four days in this city, closed today evening in the First Methodist church.

A large number of the church ministers and lay workers from Utah and other states throughout the West. The meetings held last evening and today were well attended and the spirit of earnestness in the church work prevailed.

Last evening the Epworth League rally was held, Rev. J. L. Leitch presiding. Music was furnished by the choir and congregation. Addresses were delivered by Rev. C. A. W. Gage, Rev. D. A. Spencer, D. D., and Rev. W. A. Spencer, D. D.

This afternoon the women's Foreign Missionary society work and progress was discussed upon the subject of "The Woman of the Future," by Rev. C. A. W. Gage, Rev. D. A. Spencer, D. D., and Rev. W. A. Spencer, D. D.

This evening Rev. Leitch will preside, and Rev. W. A. Spencer, D. D., will speak on church extension society. The subject is the program for the next three days.

NORTH OGDEN.

HOT SPRINGS CAR LINE.

Canning Factory Completed--School Commencement--Wedding.

Special Correspondence.

North Ogden, Weber Co., Aug. 15.--The Utah Hot Springs car line resumed operation on the 15th inst. but will not make regular runs for some time. However, until about Sept. 1st, by which time the entire road will be overhauled and repaired. The road has been idle for two years. An electric system, it is believed, will be installed in the present system for next season.

CANNING FACTORY COMPLETED.

The North Ogden Canning factory was finished yesterday and a test run was made to determine its capacity. The factory will make its initial run in about ten days.

SCHOOL COMMENCEMENT.

Our district school will start in all its departments on the 15th inst. with John Blaylock as principal, assisted by Miss Maggie Chambers, in the Primary and Miss Louise Wansgaard in the Intermediate. Frederick Barker of the district has accepted a position as principal in Ogden. The new school, Misses Kate Montgomery and Emily Brown also of this place have been reappointed in the Ogden City schools.

Letters from Lorenzo Ward and B. P. Blaylock, Jr., labors as missionaries in Australia from this place convey the pleasing news that they have recovered from a severe siege of sickness.

The tragedy enacted last Friday at the slaughter house in the south part of North Ogden, wherein Louis B. Dore was shot through the region of the heart by Mike Higgins, was remarkable for the tenacity exhibited by the victim in hammering the face of his assailant to a jelly with the pistol snatched from his antagonist after it had failed fire in three snaps, at Higgins' body. Dore then walked nearly to his home in hammering the face of his assailant, until he was shot.

The married and unmarried baseballists of this place fought a hotly contested game for honors on the North Ogden park last Saturday, closing with a game in which the Jones' ball team defeated the team of the Jones' ball team.

The thirty-eighth quorum of Seventy meets in Pleasant View on the 25th inst. at 4:30 p. m., in monthly session.

GRASSHOPPER RAID.

The grasshoppers on the bench lands of North Ogden have been very numerous the present season, playing havoc with many varieties of fruit and other crops.

MARBLE-BLAYLOCK NUPTIALS.

Henry Blaylock, son of B. F. and A. E. Blaylock, was married this morning to Miss Ethel Marble by Bishop James Ward.

A Bailing, Boring Flood.

Washed down a telegraph line which Chas. C. Ellis, of Lisbon, Ia., had to repair. "Standing waist deep in icy water," he writes, "gave me a terrible cold and caught. If grew worse daily. Finally I called on doctors in Oakland, Neb., Sioux City and Omaha, said I had Consumption and could not live. Then I began using Dr. King's New Discovery and was wholly cured by six bottles." Positively guaranteed to cure Croup, Croup, Croup and Lung troubles by Z. C. M. I. Drug Dept. Price 50c and \$1.

LOGAN.

NARROW ESCAPE FROM DEATH.

William Bench and Edith Wood Re-enter Marriage State.

Special Correspondence.

Logan, Cache Co., Aug. 14.--Mr. Jonathan Holland of this city had a narrow escape from being killed into the railyards at the late World's fair for a miniature engine he exhibited with his team attached to a moving machine. He had to cross the railroad track, and while his horses were upon the rails a short time engine being around the curve and onto the poor brutes, killing both instantly. The mover was also wrecked, but Mr. Holland escaped injury save a few bruises sustained by being thrown backward from his seat. Holland claims the engine did not whistle and he had no warning that it was near, the road thereabout being lined with willows.

It now transpires that the "private telegram" containing the news of the marriage of L. C. Miller and Rosa Gardner was "faked" by some practical joker, who wished to make things interesting for their friend. All day yesterday congratulations were being sent to Mr. Miller, who modestly, but emphatically denied the soft impeachment. He took the matter good naturedly, but is "laying" for certain professional gentlemen in this city.

GERMAN BRANCH REORGANIZED.

The German branch of Latter-day Saints in this city was reorganized last Sunday under the direction of Presidents Morrell and Smith with the following officers: President, Nicholas Sommer; first counselor, John Lederman; second counselor, Christian Schneider.

WOOD-BENCH REMARRIAGE.

William Bench and Edith Wood were united in marriage yesterday. The couple were divorced a short time ago, but have decided to bridge the past and try life's battle together again.

DECISION BY JUDGE HART.

Judge Hart has handed down his memorandum of decision in the case of

the Logan, Hyde Park and Smithfield Canal Co., vs. The Hercules Power Co. It will be remembered the jury in this case rendered an advisory verdict, awarding the plaintiff \$400 for damages to their canal and right of way by the defendant's trestle structure. The judge reduces the amount one-half, requiring defendant to remove obstructions to plaintiff's right of way, and decrees that plaintiff recover costs.

He'd Had Itching Pills. They're terribly annoying; but Bucklen's Arnica Salve will cure the worst case of piles on earth. It costs four thousands. For injuries, Pains or Bodily Eruptions it's the best salve in the world. Price 25c a box. Cure guaranteed. Sold by Z. C. M. I. Drug Dept.

LEHI.

SUNDAY SCHOOL EXCURSION.

From the Tintic Country--Will be Guests of Lehi School.

Special Correspondence.

Lehi, Utah County, Aug. 14.--All arrangements are now completed for an excursion from Eureka and vicinity to Lehi and the Saratoga Springs August 16th.

The excursion will be given under the auspices of the Eureka, Mammoth, Silver and Diamond Sunday schools who are coming as the guests of the Lehi Sunday school and will be entertained in the Lehi city park. A match game of ball will be played between Lehi and Eureka at the Saratoga Springs, and all who wish to witness this game of ball, or enjoy themselves by taking a boat ride on Utah lake, or take a bath in the large hot springs plunge will go to the latter place. The morning will be spent in the vicinity of a suitable program by the visiting Sunday school, Lehi joining at the City pavilion and at 12 o'clock a nice lunch will be served in the grove by the young lady teachers of the Lehi Sunday school to the visiting officers, teachers and children of the various Sunday schools, consisting of sandwiches, cakes, soda water and a variety of fruits. The forenoon of the afternoon will be occupied in entertaining the children with various sports such as foot races, etc., and at three o'clock dancing will be the order of the day. The City council has very kindly granted to the visitors and all who feel like participating in the day, the use of the park and pavilion free of charge and everything will be furnished to the visitors gratis and no means will be spared to make it a very pleasant and enjoyable day. The day will wind up with a grand ball in the city pavilion, the proceeds of which will be turned over to the Lehi Sunday school to partly meet the expenses of the day. The Lehi silver band will meet the visitors at the O.S.L. depot and escort them to the grounds and will furnish music throughout the day.

He Kept His Leg.

Twelve years ago J. W. Sullivan, of Hartford, Conn., scratched his leg with a rusty wire. Inflammation and blood poisoning set in. For two years he suffered intensely. Then the best doctors urged amputation, "but," he writes, "I used one bottle of Electric Bitters and 1 1/2 boxes of Bucklen's Arnica Salve and my leg was sound and well as ever." For Eruptions, Eczema, Tetter, Salt Rheum, Sores and all blood disorders Electric Bitters has no rival on earth. Try them. Z. C. M. I. Drug Dept. will guarantee satisfaction or refund money. Only 50 cents.

BEAVER.

Death of Harry Hall--Eightieth Birthday of Thomas Frazer.

Special Correspondence.

Beaver City, Beaver Co., Aug. 14.--Thomas Frazer, of this city, attained his eightieth birthday on the 12th inst. and to give him a kindly manifestation of the personal esteem in which he is held by his associates of the High Priests quorum met at the residence of Counselor John Lang and thence went in a body to Bro. Frazer's home. The old gentleman was taken completely by surprise, but was none the less pleased. A few hours of social enjoyment were spent in songs, speeches, etc. There were twenty-three members of the High Priests quorum present. In the evening Bro. Frazer was the recipient of another surprise from the members of his immediate family, and a few invited guests at the home of his daughter, Mrs. W. G. Hales. A sumptuous repast was partaken of and an evening of enjoyment of a social character followed.

DEATH OF HARRY HALL.

Harry Hall, who has been a resident of this city for a quarter of a century, died last week, under distressing circumstances. His funeral was held at the family residence on Saturday afternoon, and was largely attended.

In losing the deceased we part with one of the best mechanics in the country. He received a education and special training at the late World's fair for a miniature engine he exhibited which was complete in every detail and yet in size was not quite three-quarters of an inch in height and weighed three pennylweights.

## HUNTINGTON.

HEAVY RAIN AND FLOOD.

Irrigators Share Water With Neighbors--More Reservoirs Proposed.

Special Correspondence.

Huntington, Emery County, August 8.--The six months' drought that we have had in Castle valley has been broken; for the last ten days heavy thunderstorms have passed over the valley. All the settlements in the county have received a great benefit from the rain. Some loss has been sustained, as a few of the farmers had commenced cutting the second crop of lucern, some of the cut hay being in the field for ten days waiting for dry weather.

The heaviest rain for years came down Huntington canyon yesterday. It is thought that hundreds of cords of wood and logs went down the river.

DEATH OF MRS. GUYMON.

On Friday, the 2nd inst., Sister Louisa Bailey Guymon next week, a paralytic stroke which rendered her insensible in which condition she remained until Sunday noon when she died. She was born in England May 8th, 1837, and emigrated to the west and came to Utah in 1856 with the hand cart company. She was married to Noah T. Guymon, March 2nd, 1857. She was the mother of twelve children, and leaves thirty grandchildren. Sister Guymon lived an exemplary life, and died a faithful Latter Day Saint. The funeral was held in the meeting house at Huntington, the speakers being Elders D. H. Leonard and J. W. Nixon; her remains were followed to the cemetery by a large cortege.

GRAIN HARVEST BEGUN.

Harvesting of grain has commenced, and we understand the threshing machine men are now at work. Grain will not be quite as good yield as it was expected some time ago.

SHARE IRRIGATING WATERS.

The people of Desert Lake about 12 miles northeast of Huntington depend on reservoir water for farming purposes; the reservoir ran dry with their grain crops not quite matured. At a general stockholders meeting of the Huntington Canal and Agricultural association, held yesterday, a representative from Desert Lake asked the company to turn to Desert Lake the water for water for desert lake. It was voted in the meeting to turn water out of the company ditches enough to fill the Desert Lake canal for the time asked, which will save the grain crop of the Desert Lake people. This was done although lots of grain and hay were cut and stored in the company ditches. There is an effort being made to unite all the people on the Huntington stream to build reservoirs, so that when the reservoir water is turned loose all the people will receive a benefit, and not only a few as at present.

MAMMOTH.

Bishop George Hales Honored on the Occasion of His Birthday.

Special Correspondence.

Mammoth, Juab County, Aug. 13.--Yesterday being the thirty-third anniversary of Bishop George Hales' birthday, it was deemed a fitting occasion for the people of his ward to show their love and respect for him. A surprise party and entertainment was given at the Bishop's home, which was well attended. The room was filled beyond its capacity. A splendid program was provided, after which a grand musical program was carried out in first class order by Prof. Andrew Steedman, master of ceremonies. The opening number was on anthem by the Mammoth choir, conducted by Morgan M. Thomas, and the well-known 11-year-old organist, Fern Dunn, of Robinson. In a neat little speech, Counselor Fred Lundberg, which was followed by a feeling response from the recipient.

Prof. Steedman read an original poem composed for the occasion by Sister Hannah Cornaby, of Spanish Fork, and a few lines from the Lord's Side. The Recitations, songs and speeches were rendered in the fine style until a late hour, when the joyous occasion was closed with a benediction from Bishop Hales.

Among those present was the Bishop's father, Chas. Hales, who is now in the Big Horn country, an old time resident, whose reminiscence address was an interesting feature of the occasion.

OUR NEIGHBORS.

BOISE, IDAHO.

INCREASED WEALTH OF IDAHO.

Meeting of State Board of Equalization.

Boise, Idaho.--The state board of examiners held a short session yesterday and adjourned till 10 o'clock this morning. The board is composed of Messrs. J. B. Basset, Attorney-General, State Treasurer, Plummer and State Auditor Jones. All were present. Adjournment was deemed advisable because the reports of two counties were not ready. On other matters, the board having been preserved by the cool weather of June, remained good throughout July. The recent rains in the southeastern counties helped the ranges and revived some springs.

Pride of Japan Tea

Perfect, unadulterated tea like this is only a mild stimulant to the taste--never harmful.

There is a healthy gain this year over last, the assessed valuation of the different counties showing, by the itemized records from the county auditors, that the advance has been in all lines. The total valuation of the different counties, as placed by the local assessors, is shown in the following table, as well as that of last year. It will be noticed that, though both Idaho and Kootenai counties are missing, the total is larger than it was for all counties last year. The board of equalization last year advanced the assessments of the county officials from a total for the state of \$37,128,576 to \$38,387,845. It must be borne in mind that the figures given in the table do not include railway, telegraph or telephone companies:

IDAHO.

Weekly Crop and Weather Bulletin.

U. S. department of Agriculture Idaho section, climate and crop service, weather bureau.

Boise, Idaho, Aug. 13.--While the weather continued warm during the past week it was somewhat cooler than the previous week and the night temperature was considerably cooler. The daily mean temperature was two degrees in excess of the normal. Light and heavy showers occurred in the eastern counties and southern part of Kootenai county during the night of the 11th. In other sections of the State no precipitation occurred. In the southwestern counties the drought has been continuous since the 5th of May.

CROPS.

Fruit: In well cultivated orchards the trees are looking healthy and the fruit has ceased to fall, but in neglected orchards the fruit continues to drop. In orchards having a small crop of great value a heavier crop and the number of worms are necessarily greater. Although the fruit is not yet ripe, the damage by the June freeze the quality of the shipping product promises to be exceptionally fine. Apples and pears and late plums are ripening rapidly.

Hay and Grain: The grain harvest made rapid progress during the most favorable weather conditions and the cutting of second crop lucern and wild hay continued. Warm weather has favored the growth of hay crops and the third crop of lucern is nearing maturity in the favored sections. Good to fair yields of grain are expected, except on the "dry farms" and in sections where irrigation water became exhausted before maturity of the crops. Threshing has made a good beginning in the western counties.

Vegetables and Melons: Large shipments of melons were made during the week and the quality of the product is excellent. Tomatoes and sugar corn are ripening and sweet corn and field corn made rapid growth, being favored by the high temperature. Potatoes promise good yield except in the extreme southeastern counties and in a few other localities where water has been scarce.

Stock and the Ranges: Stock is reported in good condition on the mountain ranges, except on the southeastern lateral ranges, where there is scarcity of water and grass. On other mountains, the grass having been preserved by the cool weather of June, remained good throughout July. The recent rains in the southeastern counties helped the ranges and revived some springs.

PROSPEROUS GROWTH OF THE COUNTRY--Hay Crop is Light.

Special Correspondence.

Teton, Fremont Co., Idaho, Aug. 12.--This part of the country looks prosperous in all directions are to be seen improvements; new houses, new barns and new granaries to contain the bounteous harvest that is now being

later here this season, and yet there is no surplus. The hay crop has not come up to the standard as considerable was killed last winter. We want no more winters without plenty of snow, as we have learned to appreciate the snow of winter.
