## M. & Y. L. M. I. A. CONFERENCE

Marked by Large Attendance  
Gratifying Reports Made and  
Future Plans Discussed.

### COUNTY SCHOOL GRADUATES.

Commencement Saturday, May 23—  
Bonanza for Ogden in Govern-  
ment Printing.

Ogden, May 18.—One of the most successful conferences of the Young Men's and Young Ladies' Mutual Improvement associations was held at the tabernacle yesterday afternoon and evening with a splendid attendance, the largest in the history of the associations.

At the afternoon session, Mrs. Joan Emmett spoke on "Jane Adams, the Worker in the Slums." Norman E. Shorten spoke on "The Spiritual Development." Short addresses were made by Ruth M. Fox, counselor to Martha H. Tingey of the general board, and by Douglas M. Todd, aid to the general board of the Mutual Improvement associations.

### INTERURBAN PLANS.

"What is Bamberger Going to Do Next?" a question of moment.

Ogden, May 18.—Several surprises are looked for this evening at the session of the city council, when the council's report upon the petition of the Lincoln avenue residents in regard to the opposition to the Bamberger road entering the city with steam power. Although Senator Bamberger's company filed notice with the city recorder several days ago that the company wished to withdraw the petition they had previously filed, asking for permission to use steam temporarily on Lincoln avenue pending the electing of the road, which would take about a year.

That some action will be taken upon both of the above petitions there seems to be no doubt. The Bamberger petition will probably be granted, while no action will be necessary on the petition of the Lincoln avenue residents. An application for a franchise allowing him the use of thirty-first street from Lincoln to Washington avenues will probably be made by Mr. Bamberger, who is desirous of having a terminal at the end of his road at some point on the line of the street car company, with whom an inter-track arrangement may be made. The Bamberger road has made contracts for the conducting of several excursions from Ogden to the Lagoon, beginning May 28, and continuing every week throughout the season.

A report was current last evening that Senator Bamberger would ask for a renewal of his Lincoln avenue franchise and would electrify the road from Twenty-fifth street to thirty-first street, at which point a depot would be erected. The electrifying of these six blocks would be in keeping with the franchise which was asked for by Bamberger and would enable him to carry on his excursions by having a terminal in the center of the city.

### WILLARD CANYON WATER DEAL.

The Willard canyon water deal in which the city has been mixed up a good deal of late will probably be threshed out in the courts of the state before it is ended. The latest phase of the case occurred several days ago when M. E. Browning appeared before State Engineer Caleb Turner and filed a protest against the granting of the extension of time on the water rights applied for a short time ago by petitioners on behalf of the city. A copy of

Patrons are requested to make  
immediate complaints regarding  
unsatisfactory delivery.

The protest has been mailed to Mayor Brewer by the state engineer.  
Mr. Browning says that an extension of time, if granted to the city would work a hardship upon him as he has already done work on a power site with an outfit of \$1,000 and has contracted for \$14,000 worth of machinery which will be installed. The protest is based on the assertion by Mr. Browning that the original filers on the water rights which were afterward sold to the city, forfeited what rights they had when they neglected to begin work within six months after the filing.

### MUST PROVIDE FOR FAMILY.

Word was received at the office of the sheriff last evening that a young man by the name of George Musgrove had been arrested in Salt Lake City upon the warrant held in this city by Sheriff Wilson. Musgrove is charged with failing to provide his wife with food.

This makes the third case that has been taken up by the authorities of Weber county who are determined to prosecute all the violators of the law for the caring of families by the husbands who are great on desertion. Musgrove will be brought to Ogden from Salt Lake City today.

### DECORATION DAY IN OGDEN.

Arrangements have been completed by members of the G. A. R. of Ogden for the proper observance of Decoration day in this city. The memorial services will be held in the Methodist church on the Sunday preceding Decoration day. On the latter day the G. A. R. ritual services will be held at the First Presbyterian church. On Decoration day the veterans with the Spanish war veterans will march to the cemeteries, where the graves of the departed heroes will be decorated.

### BONANZA FOR OGDEN.

Forestry Service Department Printing To be Done in Local Shops.

Ogden, May 18.—Advices were received last Saturday afternoon from Washington by Supt. A. W. Smith of the supply department of the United States forest reserve service, announcing that the printing to be used in the service would be done in Ogden.

The advice which in the shape of a telegram from Chief Engineer Herring of the service, who recently returned to Washington after spending some weeks in this vicinity establishing the offices, which will be let by contract to Ogden printers, will approximate \$100,000 a year.

### JUNCTION CITY BRIEFS.

H. H. Thomas, superintendent of the state industrial school, returned Saturday night from Waukesha, Wis., having in custody Oswald Ferris, who escaped from the local institution about a year.

The jury in the case of Dr. Jacob Johansson against L. L. Clark & Sons company, last Saturday afternoon, after being out about five minutes, returned a verdict of "no cause of action." The action was brought to secure damages in the amount of \$15,000 for injuries which the plaintiff is alleged to have sustained by falling on the icy pavement in front of the defendants' premises.

The pupils of the state school for the blind will give a piano recital Tuesday evening in the school chapel under the direction of Prof. Joseph Ballentyne. An interesting program has been arranged and will be rendered, to which

Jury List—Moench-Roth Nuptials—Funeral of Young Matron.

Special Correspondence.

Logan, Cache, May 17.—The celebration of Independence Day by the townships of Logan and surrounding towns on the Logan park yesterday afternoon was broken up rather abruptly by a wind and rain storm.

A crowd of some 150, however, met at 2 o'clock and enjoyed games, speeches, and songs until about 5 o'clock. It was necessary to be deprived of lunch on the park grounds and each took his picnic home.

At the county commissioners' meeting

### THE PUBLIC ARE COORDINATELY INVITED.

A party of students from the Ogden high school went to Mahan's Heights on Saturday morning to enjoy an outing. A heavy rainstorm came up and the picnicers had to seek the shelter of the caves and ledges and later straggled into the city, cold, tired, hungry and wet.

Members of the local union of the International Brotherhood of Electrical Workers state that the reports sent out from Butte recently to the effect that the strike of the electricians in that city had been settled. They assert that no notification of the settlement had been received and until such notice is received by each union the strike will be maintained.

### WEBER COUNTY SCHOOLS.

Commencement Saturday, May 23—  
Names of Eighth Grade Graduates.

Ogden, May 18.—Saturday morning, May 23, the commencement exercises of the Weber county schools will be held in the Weber academy lecture hall, when the following program will be given:

Address to the graduates by State Supt. A. C. Nelson.

## POLITICAL GOSSIP OVER THE STATE

### Smaller Towns Have Many Opinions on Current Events In Big Parties.

With the nominations for the judicial ticket completed on the part of the Republicans, and soon to be called for by the Democrats, and the nominations to the Chicago convention a week old, the people of the state at large have had a delectable seven days of political gossip.

People who only see politics from a Salt Lake viewpoint gather but little of the earnestness with which questions of state are fought out in Logan and in the towns to the south, and how strongly the convention delegates from these far-off cities maneuver and plan to capture points from the state convention.

The state press throws much light on these snags and fights which are seen here only their culmination as conventional difficulties and often the apparent leader on the floor is chastised severely by the home town paper after he goes back defeated or the possessor of laurels.

Debate last week they are telling ex-Judge Jacob Johnson what they think of him, and his convention fight with W. D. Livingston. The trend of the articles is that Johnson and Livingston had done enough fighting down south, and had no need to renew it up state. These two citizens have a feud on of their own and that has made one of the interesting chapters of southern Utah history. Millard county, to judge from the local press, is proud of the fact that its delegation stood by Livingston in his convention fight and his nomination as a delegate to Chicago.

### BINGHAM DIVIDED.

Over in the Bingham ballwick the denizens of that town seem to be as pro-Robinson or anti-Robinson as anything else, and just now the anti's are celebrating over the difficulties Harry J. went up against in the judicial convention. The fact that two of his old time enemies were on the credentials committee which rejected him is not played up, but the Bingham Press finds its chief joy and biggest headlines in the fact that Robinson was rejected as delegate. "Last fall," the paper declares in black face type set with a special border for a trimming, "we prophesied that Robinson would be read out of the party sooner or later. The day came sooner than we expected. In the city, too, he has lost his drag. The day has passed when one man can buffalo the camp, and play the 'big chief' stunt. The best man for the place will dominate Bingham hereafter." The Bingham paper, thus having relieved itself, goes on to say that the ticket is just the proper thing and has the party's entire support.

### IN CARBON COUNTY.

Down in Price they find that John P. Butler, formerly of Summerville, is for the Republican nomination for clerk and recorder, and that James Bowns, representative in the legislature, would like to succeed himself, while William C. Brierley and J. W. Ward want the nomination for county attorney.

### MARTINEAU SANGUINE.

When it comes to owning a town "all by one's lonesome," Lyman R. Martineau seems to have Logan fixed that way concerning his Democratic nomination for the governorship. A county often united with Logan in Democratic conventions is Utah county, and down that way Mr. Martineau is quoted in the Utah County Democrat on the Democratic outlook.

"You can say for me that the prospect for victory of the Democratic party of this state has never been better for the last 12 years. Reports from all parts of the state show that the members of the party are in harmony and in line to effect a strong organization for campaign work."

We intend to form a strong state organization and also organize young men's clubs in all parts of the state, and set forth to the young men the plane on which good Democrats stand. The ticket that will be presented for

the consideration of the people will be a good, strong one, although we cannot say at this time who the men will be. "What we are doing at this time is perfecting an organization that will give us victory next fall."

### UTAH COUNTY.

In Utah county they are so busy congratulating themselves that the frost missed the fruit trees of the bench lands that they have had no time to worry Green voters who for the nominations. The Democratic paper takes time out, however, to remark to the Republicans that they will have a big fight in their convention and that it will end in a splash, and to this the Republican organ as cheerfully replies that the splash will land all over their Democratic rivals, and that the fight will really be at Ogden, where the Democrats will be conditioned for congratulating them on the morning after.

### INTERSTATE NEWS BRIEFS

Funeral at Henefer.—The funeral of Mrs. Hannah Richins was held at Henefer, Summit county, May 14. Deceased was an old and respected citizen of this place. She was called to Haysville to attend the funeral of her sister, a little over a month when she was taken sick and died there on the 12th of chronic bronchitis and heart trouble.

Mayfield Notes.—F. G. Faats was arrested at Mayfield recently charged with the theft of a purse containing \$30. His trial was had at Gunnison before the justice of the peace and a jury. He was found guilty, but through an error in the pleadings a new trial was ordered. . . . On the morning of May 9, there was 12 inches of wet snow on the ground. . . . The funeral of the seven-months old son of Oscar Nielsen, was held at the family residence May 6.

Ephraim Note.—The Rocky Mountain Bell Telephone company has moved its toll station from Mant to this city. This exchange will handle all of the business for the southern part of Sanpete county and the northern part of Sevier county. The first part of the week the teachers of the public schools entertained the school board at Sorenson's hall. The affair was one of the features of the season. About 20 guests were present. The schools have closed a most successful year.

Lewisville, Ida. Locals.—The Lewisville public school closed the season's work May 8, the graduation exercises of the eighth grade were held at the L. D. S. meetinghouse, a splendid program was given. . . . The missionary farewell parties given Elder William Polce, Thomas Klinghorne and Lillian Green were most successful affairs, socially and financially. The two last named left on May 13. . . . The present year gives promise of the greatest yield of fruit that has ever been raised in this part of the county, if not destroyed by frost or hail. The crops that were sown early are looking well, the almost continued winds have left the ground very dry and the growth of the late crops is somewhat retarded.

## Old People Must Give the Bowels Help

The muscles of the bowels become less active with age. They must have help.  
That help should be regular. Don't wait till you need something violent. It should be gentle and natural. One can't take harsh physic persistently without infinite harm.  
People who must take laxatives regularly should take nothing but Cascarets.

Salts and pill cathartics irritate the bowels until the lining grows calloused. Then one needs larger doses. They irritate the stomach, too. Their constant use always leads to dyspepsia.  
Cascarets are gentle. Their regular use is never injurious.

Take one tablet as often as necessary to insure one free movement daily. Learn how much help you need.  
Then be persistent and regular. Never give the poison a chance to accumulate. Keep yourself well.  
You would wreck the bowels if you did that with harsh cathartics.

Cascarets are candy tablets. They are sold by all druggists, but never in bulk. Be sure to get the genuine, with C.C.C. on every tablet. The box is marked like this:  
**Cascarets**  
THEY WORK WHILE YOU SLEEP  
The vest-pocket box is 10 cents. The month-treatment box 50 cents. 12,000,000 boxes sold annually.
