

"INSURGENTS" HOLD SECRET MEETING

Behind Closed Doors Discuss Plans of Fight Against Adoption of Old Rules.

THEY SEEM WELL SATISFIED.

Some Talk of Compromise—Program Will Not be Made Public Till Congress Meets.

Washington, March 11.—For more than three hours tonight the Republican "insurgents" discussed behind closed doors the details of the fight they propose to make in Congress next Monday against the adoption of the rules of the last house.

The leaders of the movement expressed entire satisfaction with the results of the meeting, claiming that at least 40 more members would vote with them against the rules. It is known that much of the time at the meeting was devoted to discussion of a compromise with the organization forces.

It was suggested that the "insurgents" enter into a compromise with the regulars, whereby a committee would be appointed at the beginning of the special session to revise the rules of the house. Pending the report, the rules of the last house would be enforced.

The sentiment was that the speaker should not have the power of appointing the committee if such a compromise was agreed upon.

Those present were: Representatives Gardner and Lovell of Massachusetts, Murdock and Madison of Kansas, Hubbard of Iowa, Morse, Cooper, Nelson, Kemp, Cary, Lennox and Egan of Wisconsin, Miller and Davis of Minnesota, Kinkaid and Bishop of Nebraska, Grona of North Dakota and Polinder of Washington.

It was stated at the meeting that programs had been received from Representatives Lindberg of Minnesota, Noyes of Nebraska and Hayes of California that they would vote with the "insurgents."

After the conference the "insurgents" declined to discuss the conclusions reached. It is known that the compromise proposition did not meet with general approval. A program for the parliamentary proceedings for Monday was agreed upon.

Chairman Gardner said: "The meeting was apparently to give the tariff bill the right of way, and decided upon a program embodying a definite plan for a thorough revision of the rules. This program will not be made public until Congress is organized."

WORMOLOGY should be studied by every parent. If your child is nervous, fretful, starts in its sleep, is peevish, has rings under its eyes, always seems hungry, is not gaining weight, you can be sure the trouble is worms. White's Cream Vermifuge is an absolute cure for worms. It is a new purgative, sold by Z. C. M. I. Drug Store, 112 and 114 South Main St.

GEORGE A. BURT DEAD.

Was Manager of Panama Railway During Insurrection of 1885. Mount Vernon, N. Y., March 12.—George Albert Burt, who was general manager of the Panama railway during the insurrection of 1885, is dead at his home near here from heart disease.

It was Mr. Burt who carried to President Cleveland from Panama during the insurrection. "Unless you guarantee sufficient protection, I shall withdraw every American citizen and proceed to the United States on a chartered vessel." It was largely due to this message that President Cleveland called a midnight session of the cabinet and later sent a squadron to the isthmus to protect American interests.

Mr. Burt was a native of Massachusetts, having been born at Fall River in 1846. He served throughout the Civil war as an ensign on a United States frigate. After the war he was appointed vice consul at Guatemala, and later became identified with the Panama railroad. He made the first diamond drill borings on the Panama canal and had always been a strong advocate of the sea level type. He was associated with others in the construction of the first electric railway in the United States at Richmond, Va. A widow and two children survive him.

RENEWED ACTIVITY IN COUNTRY'S MANUFACTURES. Washington, March 12.—Renewed activity in the country's manufactures is shown in figures prepared by the bureau of statistics, comparing imports of manufacturers' material during January last with those of the two preceding Januarys.

In practically all cases the importation of manufacturers' raw materials in January, 1909, shows a large advance over that of one year ago, and in not a few cases the figures are actually larger than those of January, 1907, when all the industries of the country were running to their full capacity of production.

The quantity of wool, for example, imported in January, 1909, was more than 34,000,000 pounds against 3,300,000 pounds in January, 1907. Of lumber there was imported in January 1909, 55,725,900 feet against 37,744,000 feet in January, 1907, and 44,741,000 feet in January, 1907.

WHEN CONGRESS MEETS. First Important Business of Senate Will be to Admit Stephenson. Washington, March 12.—The first business of importance to be taken up by the senate at the beginning of the extra session next Monday will be the admission of Senator Stephenson of Wisconsin.

Immediately after the senate convenes the certificate of the governor of Wisconsin declaring Mr. Stephenson's election will be presented and unless there is objection he will take the oath of office. There is no dispute as to the regularity of the credentials, and some of the older lawyers in the senate say that he could not be prevented from taking his seat even by objection.

So far as can be learned the plan of Stephenson's opponents is to postpone the presentation of objections until the investigation by the Wisconsin legislature into the Stephenson election is concluded.

MINISTER BRYAN RESIGNS. Chicago, March 12.—The Tribune today prints the following special cable from Lisbon, Portugal: Charles Page Bryan, the American minister to Portugal, has forwarded his resignation to Washington. Mr. Bryan, who is a Chicago man, has been in the diplomatic service since 1897. In that year he was appointed minister to China and one year later he was transferred to a similar post at Rio Janeiro. In 1902, Mr. Bryan was sent to Switzerland and two years later he was appointed to Portugal.

TO BE BISHOP OF PEORIA. Chicago, March 12.—A report is in circulation among Chicago Roman Catholics that Rev. James P. McGloin of Buffalo is to be appointed by Rome as bishop of Peoria.

The Peoria bishopric has been vacant ever since the resignation of Right Rev. John Lancaster Spalding on account of ill-health.

AN OPTIMISTIC ADMINISTRATION. Prest. Taft Says His Will be to An Optimistic Country Full of Hope and Confidence. JOINS THE OPTIMIST CLUB. Has a Membership of 25,000, Including Men Prominent in Every Walk of Life—Organized in Salt Lake. Washington, March 11.—President Taft said today that there will be an optimistic administration to an optimistic country full of hope, cheerfulness and confidence.

The president expressed this sentiment when he became a full fledged member of the Optimist club of America, on the invitation of its founder, William J. Robinson of New York. Mr. Robinson, an optimist at large, named Mr. Taft a member of the club's executive committee. Andrew Carnegie is president of the organization.

Mr. Taft declined with respect an invitation extended by Mr. Robinson to attend the club's first annual banquet in New York on March 31. The Optimist club has a membership of 25,000 including men prominent in every walk of life.

The club was launched in November, 1907, at Salt Lake City.

CLARENCE S. DARROW'S VIEWS ON PROHIBITION. Chicago, March 12.—Clarence S. Darrow, introduced to several hundred prohibitionist banquet guests as "our distinguished guest who has consented to be furthered to make a prohibition holiday" was not a willing sacrifice at the fifth annual banquet of the Cook county prohibitionists last night.

According to the program, Mr. Darrow was to engage in something on the order of a debate with Oliver W. Stewart, former member of the Illinois legislature. It was not to be a real debate because the men were to speak only once, but before Mr. Darrow had fairly launched his argument against prohibition more than a score of his hearers began assailing his doctrine and his address became a sort of informal discussion.

"You prohibitionists don't care how many graves are filled," Mr. Darrow said, "as long as they are not drunkards' graves. There is no political capital for you in the fact that one person in every five who dies of tuberculosis. Among the causes killing as many people are run, coffee and narcotics."

Mr. Stewart's reply was in the nature of an argument against the licensed salarist.

LT. GOTTLIEB'S CASE. Sentence of Dismissal and Five Years at Hard Labor Confirmed. Washington, March 11.—The president today approved the sentence of dismissal and confinement at hard labor for five years imposed by a court-martial in the case of First Lieut. Edward Gottlieb, coast artillery corps, who was recently tried in the department of the east on charges of disobedience of orders, presenting fraudulent claims to the government, obtaining money from private parties and absence without leave.

MUST BE EXTRADITED. Delevan Smith, Charles E. Williams and Joseph Pulitzer. Chicago, March 12.—Under the federal statutes there is no alternative but the extradition of Delevan Smith and Charles E. Williams to the District of Columbia on the libel suit brought against them and Joseph Pulitzer by the government.

Charles W. Miller, newly appointed district attorney in Indianapolis, who has just been here for his home, he declares the Indianapolis defendants will be served with a subpoena to appear for trial and that if resistance is made further process will be invoked by the government.

"The federal law on the subject is specific," said Mr. Miller.

SOFT COAL OPERATORS HOLD A MEETING. New York, March 12.—Soft coal operators held a meeting in New York yesterday afternoon. The executive men were conferring with leaders of the miners' union in Philadelphia. No statement was issued after the meeting, but it was said unofficially that the conference concerned rates and not labor problems. There has been dissatisfaction for some time among the operators on the roads east of Pittsburgh, because operators of West Virginia had a lower rate than those in Pennsylvania. It is presumed that the conference here was for the purpose of adjusting this matter.

SUNDAY SCHOOLS. Dr. M. Woolsey Stryker Denounces Sporadic Teaching in Them. New York, March 12.—Speaking last night before the New York Sunday School association convention, Dr. M. Woolsey Stryker, president of Hamilton college, denounced what he styled sporadic teaching in Sunday school classes. He said there were too many teachers who had no particular knowledge of their subject and he urged a more serious study of the Bible. The basis of Christian faith, he said, "is historic fact. It is in the Book, and we have got to know the fact and the Book."

Other speakers did not agree with Dr. Stryker for they declared that he had failed to take into account the self-sacrifice of the vast army of 1,500,000 unpaid Sunday school teachers in this country.

Robert Watchorn, commissioner of immigration, who was one of those who took issue with Dr. Stryker, said, "if we waited until everybody knew the Bible from Genesis to Revelations, we should all be tragical."

A BOMB OUTRAGE. New York, March 12.—There was another typical bomb outrage on the East Side today. About midnight a bomb exploded in a stairway leading into a cellar of a four-story tenement at No. 4 Stanton street. No one was injured, but the stairway was badly damaged and two large plate glass windows in a store were smashed.

As usual the police say that "the black hand" is responsible. Two men who were seen running from the building were arrested. All tenants in the building denied having received any threatening letters.

FOOL AND HIS MONEY. Parted With \$18,000 and Got Into Prison Besides. Omaha, Neb., March 11.—Francis H. Pilling of Texas, who not only dropped \$18,000 in the Maybray roadless, but drew a sentence in the prison in addition, Pilling writes a letter from the Washington prison to Mr. Warren, United States marshal, telling him about being duped out of \$18,000 and wants to know if there is any chance to get his money back.

He says he gave a check for \$18,000 as a venture on a prize fight promoted by the Maybray crowd in Seattle in August, 1908. The check was endorsed by J. K. Thompson, a banker of Ta-

coma. After the fight Pilling tried to stop the payment of the check, and Thompson, the letter said, had him arrested for violating the Washington state law in aiding and abetting a prize fight. Pilling was convicted and sentenced to a term in the penitentiary. He has appealed the case.

The letter was turned over to the federal authorities in Council Bluffs.

BLEACHED FLOUR. Secy. Wilson Will Refuse to Modify His Order. Washington, March 11.—A movement is on foot to induce Secy. Wilson to modify or reverse his recent decision holding that flour bleached by nitrogen peroxide is an adulterated product under the food and drug act. Hundreds of letters are being received daily by the secretary asking him to refer his ruling to the referee board of scientific experts for review. It is announced that the secretary will stand by his ruling.

RACE SUICIDE. As President Roosevelt said it is not nearly the menace to increase in population that deaths among infants are. And eight of ten of these deaths are directly or indirectly caused by bowel troubles. McGee's Baby Elixir cures diarrhoea, dysentery, sour stomach and all infant ailments of this nature. Just the thing for teething babies. Price, 25c and 50c. Sold by Z. C. M. I. Drug Store, 112 and 114 South Main St.

ONLY \$25.00. To San Francisco, Los Angeles and other California points during March and April via Oregon Short Line and Southern Pacific. Ask agents for further particulars. City ticket office 201 Main street.
