Murphy, armed with a warrant for McRay on a charge of burglary, approached the negro and informed him that he was under arrest. McRay instantly drew a revolver and shot the officer in the breast. He then attempt. ed to make his escape, but was caught by Detective Chadwick. Murphy was taken to the hospital, where he died within 20 minutes after the time he received the wound.

McRay was hurried to the city jail. and in less than an hour a mob numbering at least 1,000 men and boys, had mbled and made a demand on the chief of police for the prisoner. The In the hope of attracting the attention of the mob the fire department was called out and made a run past the jail. The ruse partially succeded, a large number of the crowd following the fire

In the meantime the chief had ordered all the electric lights in the city to be turned out gnd in the darkness Mc-Ray was hurriedly taken to the county jall. In a short time the mob disformed in front of the county jail. The entire police force of the city was called out in order to guard the jail.

President Pardons Willie Johnson

Washington, June 23.—President Roosevelt today acted favorably on the application for executive elemency in the case of Willie Johnson, alias Overton, who was sentenced in the Western district of Arkansas to be hanged for murder committed in the Indian terri-tory. This sentence was commuted to life imprisonment by President Cleveland on account of the grave doubt of the prisoner's guilt. The former United States attorney tried to obtain a pardon on the ground that he had reason to believe the government witnesses had committed perjury. The prisoner will be released on July 1.

A New Way to Suicide.

New York, June 23 .- Archibald Morrison, a silk salesman, committed sulcide today in a novel way from the Brooklyn bridge. He climbed the platform railing south of the Brooklyn tower, jumped on top of a train bound for Brooklyn, fell off the last car, struck the third rail, was flung across the track, fell through the ties and landed on Front street, more than 100 feet be-

low, a mangled corps.

Morrison was not seen by any one before he landed on top of the car. A passenger on the rear platform of the last car of the train saw him jump and yelled. As Motrison jumped part of the car ran under a bar crossing the trestle work and he was hit by it. It swept him off the car, landing him on the third rail. He was probably dead be-fore he fell to the street.

Diaz Nominated Again.

Mexico City, June 22.—The nomina-tion of President Diaz for the next presidential term by the National Liberal party has been received with wide-spread satisfaction. There is a feeling spread satisfaction. There is a feeling among men representing large business interests that the country will enjoy a period of freedom from political agitation between now and next year, when the election will take place. It has been published erroneously in some American papers that the election is now going on. The nomination of President Dlaz put an end to factions and cabals and removes the presidential succession beyond the domain of conjecture.

According to the assertions of one inurance man who is familiar with he operations of legislation affecting his interests, the various insurance companies have spent \$330,000 during the past 20 years to defeat and pass legislation in Jefferson City. The biennial assessments became such a drain on the companies that four years ago they rebelled when a demand for \$40.000 was made to defeat the valued policy law, and no money was paid. Since then no money has been paid by the insurance companies.

The crowd was worked up to a high pitch of enthusiasm by the time the motors were brought out for a trial spin prior to the 10 mile race be-tween Hofman and Hopper, two of the saucer stars. This race was one of the best of the kind ever seen in this city. The boys tossed up for machines and position, Hofman getting the Chapman machine and Hopper taking the pole. They lined up quickly and were setting a fast pace in short order. Hopper led for about two miles when Hofman made a beautiful spurt and passed his rival. He maintained the lead until the end of the race although Hopper vainly tried to go around him. He might have been successful had his pacer been capable of going fast enough. Once he lort his pace but recovered it within 50

In his workout with a local boxer in San Francosco the other day, named Jack Corbett, Yanger did not show up as a champion. Corbett kept sending a straight left-hand jab squarely on the face of Yanger every time he tried. And try as the little dago would, he could not stop the same.

Ever since Hanlon came to the front a year ago he has been improving rapidly. BOXER PRAYED TO WIN. Percy McIntyre Talked to Himself In His Corner.

McIntyre always kept talking to him-self when he took his corner in a fight. One night in the Hercules Athletic club in Brooklyn, John L. Sullivan was watching the little fellow in the angle between bells.

"What's that kid mumbling about?" demanded Sullivan. "Is he scared?" "Oh no," replied Charley White, who was the referee, "he's saying his prayers. He always prays to win when he's in his corner."
