President Orders That Three **Companies of Twenty-fifth In**fantry be Dismissed.

CASE IS WITHOUT PRECEDENT.

They Had Refused to Divulge Names Of Comrades Guilty of Violence and Murder.

Washington, Nov. 6 .- Unprecedented In the history of the army of the United States is the action of the president just announced in dismissing in disgrace from the army an entire battalion of negro troops because of their failure to disclose the identity of some of their number who had been guilty of violence and murder. As an evidence, however, of his intention to be fair to the colored troops, the president has accompanied this action by an order which may amount to the court-martial of a white army officer of high grade who was charged with having east slurs upon the colored troops. The story of both actions is told in official correspondence made public today by the millitary secretary,

The correspondence follows:

The report of an investigation made by Brig. Gen. Carlington, inspector general of the army, relative to the riotous disturbances that occurred at Brownsville, Tex., on the night of Aug. 10, 1906, and that resulted in the death of one and the wounding of another cliizen of that city, has been consid-ered and acted upon by the president. Following are his instructions with regard to the matter

In making this recommendation I recognize the fact that a number of the men who have no direct knowledge as to the identity of the men who actually fired the shots on the night of the 13th of August, 1996, will heave this extreme negative

It is characterized by mental depres-sion, fits of the "blues." or melancholy, sion, fits of the "blues." or melancholy, loss of energy and spirits. The patient's eyes become dull, the pink fades from the cheeks, the memory becomes defec-tive so that it is difficult to recall dates and names at will. Some of these symp-toms only may be present or all of them. The remedy lies in toning up the nervous system and there is no remedy better adapted for this purpose than Dr. Williams' Pink Pills. Mrs. Janes J, Davies, of No. 314 War-ren street, Scranton, Pa., says: "Some years ago I became greatly reduced in health and strength and my nervous system became so debilitated that I felt wretched. Urged on by his broken-hearted father, who, with tears streaming down his face, appealed to the boy's love for his mother, and to his religious training, young Dabner finally broke down and little by little related to Capt, of De-tectives Dude and Chief of Police Dinan the amazing details of how he and Siemsen murdered and robbed Johan-nes Pfitzner in his shoe store at 964 McAllister street; beat William Friede to death, with a window sash weight to death, with a window sash weight in a haberdashery store on Market street; robbed, the Japanese bank of \$4,200, killing the manager, E. Late tonight Dabner's confession was first read to Slemsen, and he was then confronted with Dabner and the latter's father and brother. Siemsen confirmed Dabner's confession in every respect, adding to it many details, an enacted for the benefit of the police and the newspapermen present the sev-eral crimes which the two had committed.

His medicine does not gripe nor purge, but exercises naturally the muscles that ine the walls of the Intestines and Bowels. . . .

Want of Exercise weakens and relaxes the Bowel-Muscles, just as it weakens Arm and Leg muscles.

Old Dr. Cascaret goes directly after these Bowel-Muscles. He wakes them up just as a cold bath would wake up a lazy person.

Then he works them (through the nerves) till they get so strong from that Exercise that they don't need any more help to do their duty.

Heavy dinners, late suppers, whiskey. wine or beer drinking, nervous excitement, sudden exposure to cold or heat and a dozen other everyday likelihoods tire the Bowel-Muscles.
