STORE THROGGED ALL DAY WITH PURCHASERS WHO ARE SNAPPING UP THE EXCEPTIONAL BARGAINS AT HALF-PRICE AND LESS THAN HALF.

Daynes Store Has Been Rented and We Must Get Out

Extra effort must be made to sell all goods by agreed time. Many Pianos and Organs tagged to close out at merely nominal prices. We must move the goods—prices a secondary consideration. The extremely easy terms of payment make it possible for all to take advantage of this sale.

Don't fail to select your Piano or Organ today while the lines are complete. Only one each of some styles left.

ORGANS from - - - \$15 Up

New Grand PIANOS, \$375 Up

The news that the Clayton Music Company and the Daynes Music Company have been consolidated, and that the new company is offering the greatest bargains in Pianos and Organs the West has ever known, is good news to the many who need pianos. Both stores of this mammoth music house were crowded with buyers yesterday, and at the rate things are moving, the sale will be all over in a few days. We can safely predict that more pianos and organs will be sold at this sale than were ever sold before in the same length of time. This is true because this sale is a double-header, and because the prices were never equalled before, and most likely will never be equalled again.

Never before has there been offered quite so much for the money, and we are doing it now because we must do it. Of the lines we are going to discontinue, we must close out every piano. To do this we have simply cut the prices into small pieces and cut the payments into small amounts.

Here, and here only, can be found the world's best makes to select from. It is very rare, indeed, that the Steinway, Vose, Ivers & Pond and Estey are placed on sale, but here prices are cut in such a manner that our customers are asking how we can do it. We say we are doing it because we must.

\$325. Mahogany upright, case slightly damaged, but musically perfect and guaranteed, large size, beautiful design \$128

\$400. Three of them in stock, beautiful mahogany, fine make, upright grand, richly carved case, veneered inside and out, large size and handsome. The biggest bargain we have \$247

\$450. Choice of three high-grade makes, exclusive styles, rich and elegant; their value never has been equalled. Ask to see them \$263

\$650. More of these taken than any other offering. Greatest bargain in one of the world's five best pianos. We dare not publish the maker's name, but it is one of the best \$420

Ask to See the Line of Used Pianos

We are very much overstocked on organs. We must sell at least 75 in less than a week. We will have to go some to do it, but do it we will. At the Daynes store we have a great variety, and you can get them from \$15 up. Think of it! A full-sized organ, nine stops, fine make, fully guaranteed, while they last, \$15.

We have the best organs made. Exclusive agents for the Kimball, made by the company that recently did a \$12,000 job on the Tabernacle organ. You can buy these organs only at the Clayton-Daynes Music Company. Prices from \$30 up.

Exceptional bargains in grand pianos. In stock we have the following: Steinway, Sohmer, Kramich & Bach, Chickering Bros., Kimball, Ivers & Pond, and Lester. All these makes are actually carried in stock, and you can see them today. We have too many of them, and are slaughtering them at from \$375 and up.

Really, Did You Ever Hear of Such a Deal?

Come early today. Remember our guarantee is back of every instrument. We have not a cheap or worthless Piano or Organ on sale. This is not a prepared "sale." It all came upon us so quickly, we could not, had we so desired, get in a lot of cheap pianos to pawn off on our trusting friends. We absolutely guarantee that not one price has been advanced before or after the prices for the sale were established. Different to all sales in this respect.

HIGH SCHOOL BLDG. CONDEMNED

Unsafe From Fire and Unsanitary—Question Again to Be Voted Upon.

OGDEN'S MUSIC FESTIVAL.

To Be Made Regular Feature of Junction City Attractions—Two Industrials Escape.

Ogden, April 4.—A short session of the board of education was held last evening, but only a number of routine matters were transacted. Many important questions which were expected to come up before the meeting in regard to report of the city authorities upon the condition in the school and the matter calling for another bond election did not come before the board. Reports as follows were received after which the board adjourned: Finance, \$17,554.91 cash on hand in the treasury; sanitary, 26 new cases of contagious diseases and 12 applications for the position of teacher were read and ordered filed.

It was learned at the conclusion of the meeting that a special meeting will be held Monday evening at which time the following committee from the Civic League will appear upon a new high school proposition: J. C. Nye, Prof. F. M. Briggs, S. Lewis and A. F. Parker. This committee will urge the board of education to hold another bond election on the high school proposition on account of the fact that the people have become more thoroughly conversant with the need of a new high school building and would probably change their vote. The latter advice being embodied in a resolution passed by the Civic League at its meeting held last Tuesday evening.

The high school was brought before the public again by the visit of city officials to the institution yesterday and the sanitary conditions of the building were condemned. In the committee that visited the building were Mayor Brewer, Chief of Police Branning, City Engineer Parker and Sanitary Inspector Shorten.

These officials condemned the bad lighting and ventilation and the poor protection afforded for guarding against the loss of life in case of fire. The basement in which the business department is conducted was very much criticised. The officials were cognizant of the fact that the board of education and school officials were in no way to blame for the conditions but were compelled to do the best they could under the present circumstances.

OGDEN'S MUSIC FESTIVAL.

Artistic and Financial Success—Permanent Organization Contemplated.
Ogden, April 4.—The two days' musical festival held in Ogden the beginning of this week was eminently successful from the financial as well as the artistic point of view.

The Ogden tabernacle choir, Chicago Symphony orchestra, with assisting soloists and Mme. Lillian Blauvelt, furnished the programs. Last Monday afternoon a miscellaneous program was rendered by the orchestra and soloists. The evening was given up to the presentation of Mendelssohn's great master work, "Elijah," by the Ogden choir and Chicago Symphony orchestra. Mr. Joseph Ballantyne conducting. The work was given almost in its entirety, very few cuts being made. The audience for more than two hours during the rendition was most enthusiastic and the interest remained until the great closing "Amen" chorus, when the appearance of conductor and soloists was demanded.

It was an evening of great pleasure and profit, and one that will long live in the hearts of nearly 2,000 cultured people of Ogden, and near by towns, who packed the Grand Opera House. At the close of the "Elijah" Mr. Roser, conductor of the orchestra, asked permission to talk to the choir. He said: "In all my travels in America I have never heard of a choir given a better rendition. Mr. Ballantyne gave a masterful reading of these great choruses and directed the orchestra with as much repose as if many rehearsals had been had with them."

The Ogden choir has been rehearsing a number of times each week for more than five months in the preparation of this great master work, and at the close of Monday's performance felt amply repaid for the time spent. The audiences were large, cultured and enthusiastic, which served as an inspiration for the Ogden choir to perpetuate this spring festival movement.

A movement is also on foot by Mr. Ross, manager of the choir, and Mr. Ballantyne, director, to organize a festival organization in Ogden composed of the prominent men and women of this enterprising city, to promote the festival idea and to encourage the bringing of the greatest artists to Ogden. It is the purpose of the Ogden tabernacle choir to give a two days' festival next year, when two or more great master works will be presented.

STATE SCHOOL ATHLETICS.

At the armory of the Utah National Guard last night an interesting athletic meet was held in which teams from the Utah National Guard, the State Industrial school and the State School for the Deaf and Blind participated.

One of the most interesting features of the well arranged program, was several musical numbers rendered by the blind orchestra from the state institution.

The equipment race between a team from the State Industrial school and a team from the Utah National Guard was extremely exciting. The boys from the Industrial school winning the contest in 15 and one-half minutes. Other contests including wall scaling, rope climbing and jumping completed the program.

TWO INDUSTRIALS ESCAPE.
Two lads from the State Industrial school made their escape about midnight Friday while returning from an athletic meet at the armory of the Utah National Guard. William Barker, one of the boys is described as weighing 135 pounds and five feet six and one-half inches high. The initials W. G. are tattooed on his left forearm. The other escapee was Harry Hanson.

His height is given as five feet six inches and weighs 152 pounds. Both of the lads wore the regulation khaki uniforms.
