Property Destroyed at the Patent Office Fire.

WASHINGTON, 25.—Thirty thousand models were destroyed by the fire in the patent office. The value of the property destroyed in the abstract will aggregate about $1,000,000, but as a large class of the models cannot or will not be replaced, the actual loss will probably not reach over $800,000 or $900,000. The patent office has to its credit with the treasury, over and above its earnings, a sum sufficient to meet this expenditure, but it cannot be used without an appropriation by Congress.

The Presidential Party.

The President with his party returned this evening. The President was considerably fatigued. The President has concluded to postpone his visit to Richmond until next month, when the Virginia State fair will be in progress.

Bids for Printing.

The bids for printing the backs on the legal tenders and national bank notes were opened to-day, but no award has been made. The price for this work at present is $18 per 1,000 as against an average of $8 75 under the new bids. The saving thereby effected by Secretary Sherman exceeds $45,000 for the coming year. The saving effected by him on internal work will exceed $70,000.

Circulation of National Bank Notes

The comptroller of the currency says, that the additional circulation of national banks issued during the present month will not be less than $100,000,000. The indications are that a much larger amount will be issued during October and November for the purpose of supplying the banks with the currency necessary for the movement of the crops.

Murderer Executed.

HARRISBURG, 25. — Anderson Shifflet, for the murder of David G. Lawson, was executed here, today. The rope broke the first time, and a second attempt had to be made. Shifflet proclaimed his innocence of the act, in a dying statement and on the scaffold. The scene was affecting in the extreme.

$100,000 Fire.

DETROIT, 25.—A fire broke out in a small building adjoining Hart's flouring mill at North Lansing, about 4 o'clock this afternoon, destroying Hart's flouring mill, Parmalee & Co's woolen mill, Scofield's saw mill and several smaller buildings, and for some time seriously threatened a greater portion of the northern end of the city. About 6 o'clock the fire was got under control. The loss is estimated at $100,000. Partly insured.

The Bank Robbery.

BOSTON, 25.—The amount of loss by the robbery of the Cambridgeport National Bank is now known to be $50,000.

Failure of Rufus Hatch.

NEW YORK, 25.—The *Graphic* publishes the report that the failure of Rufus Hatch, the well known stock broker, has been announced on the street. He says he will pay 100 cents on the dollar.

Capture of Illicit Distilleries.

LITTLE ROCK, 25.—Internal Revenue Collector Henry has captured two illicit distilleries in the mountains west of the Hot Springs.

The McKee Whiskey Case, etc.

ST. LOUIS, 25.—The argument in the McKee case progressed to-day, and will probably close to-morrow. If the demurrer is overruled the case will fail, if sustained, the trial of McKee will proceed at once. Gen. McDonald and Col. John A. Joyce will testify at the trial.

Senator Barnum, chairman of the democratic committee, and ex-Secretary of War Belknap are here, but for what purpose is not known.

Lost at Sea.

BALTIMORE, 25.—The bark *Cricket*, with 7,400 bags of coffee, for Baltimore and New York, was lost, near Rio Janeiro; loss $20,000, insured.

Republican Convention.

TRENTON, 25.—In the republican State convention to-day, Charles H. Voorhees was temporary chairman, and in his opening address referred to General McCleellan as an objectionable candidate in many respects. General Kilpatrick was chosen permanent president, and Wm. A. Newell was nominated for governor.

The resolutions reaffirm the Cincinnati platform; rebuke those factions of the democratic party which question the validity of the presidential title; cordially recognize the earnestness and sincerity with which the President is laboring to promote reconciliation in all sections, and secure efficient and economical administration of the business of the government. We are united in desiring the accomplishment of these great objects, and pledge our hearty support to every wise measure calculated to secure the lasting unity and prosperity of the whole country on a basis of impartial justice and equal rights for all citizens. The resolutions congratulate the country on the progress toward resumption, and demand further legislation if necessary to secure resumption at the time fixed; declare that the democracy, in nominating for governor one in nowise identified with the agricultural, manufacturing or commercial interests of the State, nor familiar with the people and their wants, and who twice within two years has been candidate for office in an adjoining State, have disregarded uniform political practice, and shown themselves willing to sacrifice New Jersey's interests to the demands of a ring, and have insulted the State pride of citizens; demand a reduction of interest to 6 per cent.; oppose the interference of religious sects with State affairs or the division of school funds.

The last resolution reads that we point with pride to the evidence which the history of the republican party affords of its devotion to the interests of labor. It has secured to 4,000,000 of oppressed people a proper reward for their toil, and through the agency of a reasonable tariff has sought to protect American workmen against the hurtful competition of ill-paid labor of foreign lands; that the past record of the party is guarantee that its future policy will be one of justice to workingmen as well as to other classes of people, and which by the adoption of wise financial measures and the encouragement of industrial interests will, so far as it can be accomplished by legislation, tend to open new avenues for the use of capital and the employment of labor.

Fatal Shooting Affray.

CHEYENNE, 25.—At Dawson's tie camp, forty miles from Laramie City, last evening, Tim Ryan, foreman for Dawson, was shot and mortally wounded by one Charley Cowan. A third party, named Snodgrass, then struck Cowan on the head with a poker, felling him. Ryan then arose, took Cowan's pistol, and beat his head to a jelly, after which he fell to the floor and expired.

Schooner Foundered.

NEW ORLEANS, 25.—The schooner *Ocean Wave*, foundered off Galveston, losing her entire crew of seven men.

Bank Business.

CHICAGO, 25.—The receiver of the Merchants', Farmers' and Mechanics' Savings Bank reports that he finds scarcely any assets in the vaults of that institution. So far his investigation has discovered only sixty-two dollars in cash and some $20,000 worth of encumbered real estate. Mr. Meyers, its manager, is in town, but cannot be induced to give any information concerning its condition.

The Prairie State Loan and Trust Company, which has for some years been doing savings business, is quietly liquidating, with a view of going out of business. The owner of the bank, Mr. Scoville, will pay depositors dollar for dollar, using, if necessary, his large private fortune. He expects to have settled every liability on January 1st.

Wool Market.

PHILADELPHIA, 25.—Wool steady and firm, demand fair, supply good, equal to all demands. Colorado fine and medium 23 @ 28, coarse, for carpets 17 @ 18, extra and merino pulled 30 @ 39, No. 1 and superior pulled 33 @ 36. Texas fine and medium 20 @ 25, coarse 16 @ 18. California fine and medium 29 @ 35, coarse 22 @ 26.

FOREIGN.

GREAT BRITAIN.

Politics in France—Hostile Feeling.

LONDON, 25.—A correspondent at Paris telegraphs that the elector period, namely, that in which public meetings may be held, has now been open two days, but there has been no excitement in consequence in Paris, where meetings are not necessary, as the success of the republicans is almost a foregone conclusion. In remote provincial districts, however, no idea can be formed abroad of the bitterness of men already arising between political parties. They are like two hostile nations confronting each other and ready to come to blows. Never before did this painful animosity attain the intensity to which it has been growing since the 16th of May.

Eastern War News.

An official dispatch announces that the Montenegrins are now attacking Goransko.

A Turkish detachment has occupied the national stronghold on Roumanian territory, under cover of the guns of Silestria. They apparently intend to attempt to cut the railway between Galatz and Bucharest.

Three infantry divisions of the Russian guard have reached Biela. One will remain, but the two others have been dispatched to Plevna. Nearly all the cavalry of the guard is destined for Tirnova.

At Erzeroum it is rumored that the Russian garrison of Ardahan has received reinforcements of eight battalions. The Russian centre has also been reinforced and now contains sixty-four battalions of infantry. Part of these reinforcements were drawn from General Tergukasoff's force, which now consists only of twelve battalions.

An Orcharie special says, preparations are making for the advance of all troops now there toward Plevna. They include large numbers of Circassians belonging to the Sultan's guard, some regular Albanian battalions, and numbers of undisciplined irregulars. Another immense convoy of provisions and munitions of war, is on the point of starting for Plevna, escorted by a division.

The *Daily News*, in a summary of the war, considers it evident that the Russian staff has been again outwitted, and has permitted important aid to reach Osman Pasha.

The Roumanians have approached by a flying sap to within eighty yards of the second Gravitza redoubt. Undoubtedly an assault will be made in two or three days. Hifzi Pasha was reported to have entered Plevna with only a small escort.

The Wheat Prospects.

The *Mark Lane Express* says, the condition of the wheat is generally bad in the north, many samples selling as low as forty shillings, and even less. As damp weather comes on the condition of the English wheat will render it almost unfit for use, and a large proportion unsaleable till spring. The prospects for the next crop are not favorable. It now seems probable that we shall receive from India this year only half what we expected; from Egypt also, the shipments are on a less extended scale, and seem likely not to equal expectations. Russia continues to ship fairly, but not as largely as predicted. Shipments from America are liberal but not excessive, and whether they will become larger in the next few months remains to be seen, but there is no longer the pressure to sell, which there was under the first belief of an enormous crop.
