TICKING Grant.

WASHINGTON, D. C., 27.—The
committee appointed by the na-
tional executive committee of the
Union League of America, which
met in Baltimore on the 25th inst.,
visited the President, Secretary
Bristow, and Postmaster General
Jewell to-day, for the purpose of pre-
siding resolutions, the adopted.
The committee consisted of ex-Gov-
ernor Newell of N. J., chairman,
Gen. Harlow of Illinois, Col. Thos.
R. Rich, and Col. Thos. H. Gan-
ner, M. D. They presented resolu-
tions expressing the highest con-
fidence in the President for his
judgment in appointing men like
Marshall Jewell and Bristow to
positions in the Cabinet, endorsing
the policy of those officials, and
incorporating a healthy order of
things in their departments, calling
on the administration to rid itself
of incompetent officers as the most
important step towards regaining
the implicit confidence of the peo-
ple, declaring the belief of the or-
der to be that the surest means to con-
tact the League of the South is to
recognize the Union League there,
which would likewise strengthen
the republican party. Governor
Newell in presenting the resolu-
tions, assured the President,
that the League endorsed his ad-
ministration and wished it con-
tinued success. The President re-
sponded by his language in receiv-
ing this assurance of confidence and
support. Gov. Jewell, in response to
an additional resolution of approval
of his course, thanked the League, and
declared that he intended to con-
tinue the reformation, in which he
was ably seconded by the Presi-
dent. The national council of the
Union League will assemble in Cin-
cinnati on the 15th of January
next, when measures will be taken
to elect a thorough reorganization
of the League throughout the
country.

The Safe Burglary Case.
In the safe burglary case to-day,
the Court addressed the jury on
the subject of newspaper criticisms
on this trial, which he said, said,
illegitimate might be stopped if per-
sisted in. They are intimidation,
and should be suppressed until after
the trial was concluded.

Miners in Convention.
CLEVELAND, 27.—The Miners'
National Association, to which dele-
gates are present from all parts of
the Union, to-day adopted resolu-
tions strongly recommending its
members to purchase and possess
with breach loading rifles, for pro-
tection against lazzaroni and rufi-
ans whom the government permits
to carry arms in times of peace.

\$40,000 Fire.
OAKLAND, 27.—A fire of great
extent, which was burned to-day, lost
the Whites arrested.

Savannah, Ga., 27.—Four white
citizens were brought to this city,
by deputy marshals from Scriven
County, to-day, charged with violat-
ing the enforcement act at the
recent State election.

More Arrests—Ball Refused.
NEW IBERIA, 27.—Two arrests
are reported to have been made
here to-day by a U. S. deputy mar-
shal.

The prisoners tried there yester-
day, remain in custody, bonds be-
ing refused by the authorities.

INDIANAPOLIS, 27.—A fire on the
corner of Washington and Meri-
dian Sts., this morning, destroyed
a large amount of property, the
amounting to \$15,000; insured.

MEMPHIS, 27.—The mass meeting
to protest against the soldiers being
brought here was a failure.

Spinners on Strike.
Norwich, Conn., 27.—The rule
spinners in the Baltic Mills, belong-
ing to the Sprague estate, have re-
fused to accede to the proposed re-
duction of wages of ten per cent.
running on full time, and have
struck the mill is consequently
shut down. The spinners ac-
cede to the reduction in a short
time new help will be employed
and work resumed.

Investigation Closed.
MONROE, La., 27.—The investiga-
tion before Judge Dillon, Recor-
der Ramsey and Mayor Richardson,
of Homer and Claiborne Parishes,
who were brought here yesterday
shut down, the decision will be
rendered to-morrow. The testi-
mony showed that the republican
plot being fired about a square off
the witnesses testified favorably
for the accused.

A Decision Affecting the U. P.
R. R.
DEMOINES, 27.—The U. S. Circuit
Court, Judge Dillon and Love pre-
siding, in the case of Hall et al., vs.
the Union Pacific Railroad Co.,
rendered a decision to-day, hold-
ing that the recent acts of Con-
gress, the court had proper jurisdic-
tion of, and could, by a mandamus,
compel said company to operate its
railroad as it continuously runs over its
bridges, and to the terminals at
Gossell Bluffs. This brings the
case upon its merits, and the attor-
neys on both sides have been noti-
fied to appear, and it is probable
that the case will be heard the last
of this week or the first of next.

Western.
Novada Politics.

SAN FRANCISCO, 27.—A dispatch
from Virginia City says a change in
the independent legislative ticket,
of the name of J. C. Caldwell,
of Gold Hill, for the State Sen-
atorship, has been suggested by
the anti-Republicans are circulating an
address, signed by J. McGill, of the
San Francisco Bricklayers' As-
sociation, and as it contains no name
and does not do much more than
even many working men consider
it an unnecessary interference by
outside parties with the affairs of
Nevada. The question of a subsidy
is attracting more prominence, and
both sides are charging the opposi-
tion candidates with having a sub-
sidy record. The *Enterprise*, this
morning, repeats the articles of
association of the Humboldt and
Colorado railroad, of which A. E.
Ellis, the democratic nominee for
Congress, was one of the incorpo-

rators, for granting the franchise
to which the bill was introduced in
the last legislature. One of the
clauses of this bill authorizes the
County of Elko to issue \$150,000
in bonds for the railroad, in return
for par value of stock to the
amount. DeLong's name has
dropped out of the contest, the republi-
cans trying to make the issue a
Sutro and anti-Sutro one, with but
little reference to the qualification
of the candidates.

CANADA.
A Lady Elected City Treasurer.

TORONTO, 27.—At a meeting of
the City Council yesterday after-
noon, Mrs. B. Herman was elected
City Treasurer, by a majority of
five votes.

FOREIGN.
GREAT BRITAIN.

Resolved at Sea-Ten Broad-
stuffs Market.

LONDON, 27.—The *Brittania*,
from Liverpool for Baltimore, picked
up from a raft, five persons be-
longing to the steamship *Mary*,
which foundered while on the voy-
age from Glasgow to Trinidad; the
passengers and crew of the
steamer are probably lost.

The *Mark Lane Express*, in its
weekly review of the breadstuffs
market, says: "The weather here
and a colder temperature, the
weather here and on the continent
has been favorable for late potatoes,
seed sowing, and all kinds of field
work. In France, potatoes are
abundant and free from disease.
The tendency of the wheat market
here is rather upward, and in some
cases there has been an advance of
a shilling. The markets of France
and Belgium have slowly followed
those of Great Britain. The sales
in England during the week show
a diminution of ten thousand quar-
ters, which makes evident the re-
luctance of growers to accept the
present rates. Freight in Hungary
are declining, though they are yet
too high to admit of the shipment
of wheat to England. Southern
Russia is beginning, however, to
ship, despite of the fact that the
time to come, as the supplies
are rapidly increasing. It is thought
that the cold weather will soon in-
terfere with shipments from Amer-
ica by the closing of the rivers and
canals, when some improvement
in prices may be expected.

Kullman's Case.
Kullman's counsel insists upon
the presence of the jury at the trial
of the *Wurzburg*, as indis-
pensable, but the session of Par-
liament begins at the same time
as the trial commences, compli-
cations with the demand is impos-
sible; the counsel also adduces the
fact of the incurable lunacy of the
defendant's mother, and demands
his examination by a physician
admitted in the treatment of cases of
insanity.

The Erie Report—Von Arnim's
Health—A Notification to the
Public.

Captain Tyler, in his report on
the Erie railway, says that though
possessing great natural advan-
tages, the road needs a double track
with steel rails, and durable sleep-
ers on the whole of the main line,
and on some sections some im-
provements in the gradients, and
that fresh capital, and a new
management, and a change of gauge are
indispensable; also improved ter-
minal storage arrangements, and that
iron bridges to replace all the de-
cayed wooden ones are necessities.
Speculation should be avoided, and
no outside rings should be allowed
to carry out these improvements.
The report is necessary, but it
will be well repaid. Captain Tyler
recommends the organization of a
strong committee in England to
control the arrangements with re-
gard to fresh capital, and the ex-
penditure generally. The report
strongly urges that wherever pos-
sible, and instances the Alleghenies,
which are carrying produce at
manifestly excessive rates. The
investors are told to make allow-
ance for the depressing effects of
last autumn's panic, and not to
consider the present prices as
year's traffic. The report concludes:
"We have freely pointed out the
defects, but it is only fair to state
that the Erie railway is one of the
best of our English railways would
show a long list of improvements
and expenditures advisable. There
is no cause for despair, but much
reason to hope for the future of
Erie, if only undue competition is
avoided and good management se-
cured." Captain Tyler estimates
the cost of a change of gauge at \$1
million, the improvement of gra-
dients at \$3 millions, iron bridges at
a million and a half, and a new de-
pot at \$700,000. The bulk of these
sums, he thinks, might be expend-
ed in about three years, and he
advises the laying of twenty miles
of steel rails within the same
period.

A Berlin dispatch to the *Daily*
Telegraph reports that the physical
condition of the prisoner at the
Telegraph is confined, decline to
assume the responsibility for the
prisoner's health, and he is in the
worst condition of his confine-
ment, and his immediate release
and departure south are impera-
tively necessary for his restoration;
on the other hand, the Prussian
Times denies that there is any
marked change in the Count's
physical condition, and that the
Prussian Bismarck has written a
note to the Count Von Arnim
Bismarck, politely deprecating
his resignation, but the latter re-
fused to withdraw.

FRANCE.
Demand Withdrawn.

PARIS, 27.—La *Liberte* infor-
med that Spain has withdrawn her
demand for the extradition of the
crew of the steamer *Nere*, as de-
serters.

AUSTRIA.
Rather Naughty.

VIENNA, 27.—The Austrian gov-
ernment has informed the Por-
tugal government that it has no ob-
jections to the proposed com-
mercial arrangements with the
Portuguese, and has intimated that
it considers discussion on the subject
closed.
