We Fearly Love a Train.

Where is the person with soul so dead, who never to himself, herself or it hath said, "I dearly love to see the train go said, "I dearly love to see the train go by?" We love action, life, movement, speed, and find them all in a limited or unifmited express. Apropos, one of the exhibits at the St. Louis fair is a fac-simile of the Empire State Express of the New York Central, a creation of George H. Danleis. Nothing in the en-tire show attracts more attention, for this train has been advertised through-out the universe. It has been on our postage many, and that's the only postage simps, and that's the only way it ever got licked, says Mr. Daniels. On June 17th, by actual count, 7,022 persons walked through the spiens did coaches and hovered about the lo-comotive. Alongside is the ancient res-, the De Witt Clinton, with its three quaint cars-the first train ever placed on the Central road. The contrast is powerfully appealing and instructive.-From "On the Tip of the Tongue," New York Press.

PLENTY OF PROOF. From People You Know-From

Salt Lake Citizens.

The greatest skeptic can hardly fail to be convinced in the face of evidence? like this. It is impossible to produce better proof of merit than the testimony of residents of Salt Lake City, of prople who can be seen at any time. Read the following case of it:

William Cheshire, plasterer, of 140 West Sixth South, says: "Some three years ago I noticed a slight pain in the small of my back, just over the kidneys. I could assign no cause for its appearance, but as time passed it grew more severe and finally ended in attacks, until about twelve months ago other symptons of acute kidney trouble were quite evident. I tried remedy after remedy, all of them well advertised, and standard preparations for kidney trouble, but the relief I longed for never came. It struck me one day while reading about Doan's Kidney Pills that if they performed half what they promised they might at least help, and I went to the F. J. Hill Drug Co's store for a box. If it had not acted as represented I never would have pur-chased a second, and if the two boxes had not produced positive results I would be the last resident of Salt Lake City to endorse the means employed, viz: 'Doan's Kidney Pills,'"
