Silk Smuggling Frauds.

NEW YORK, 9.—The steamship *England* has been seized by Collector Arthur, on a charge of being connected with silk smuggling frauds. The vessel is valued at $750,000.

Drowned.

During the storm last night a frame house was washed into Newark Bay and three persons drowned.

Bond Forgeries.

BOSTON, 9.—Bonds of the denomination of $1,000, purporting to be issued by the United States of Mexico and the States of San Luis Potosi and Tamaulipas, which have been on the market here some months, and some of which were negotiated, are pronounced forgeries.

Election in Ohio.

COLUMBUS, 9.—Beautiful weather for the election, which was quiet. A fair but badly scattered vote was polled. The returns received up to 12:15 are from but 24 out of 147 precincts in this, Hamilton, county. These give Bishop 2,354; West, 2,034; Board, workingmen, 1,067. The democrats have probably elected their entire county and legislative ticket.

Yellow Fever and Destitution.

FERNANDINO, 9.—Three cases of yellow fever to-day and two deaths. We are nearly out of food, and are anxiously awaiting the arrival of provisions and supplies in response to the last appeal for help.

Another Coach Stopped by Road Agents.

HAT CREEK, Wyo., 9.—The down coach from Deadwood was stopped, early this morning, by two road agents, within a quarter of a mile of Lance Creek Station, about thirty miles north of here. There was only one passenger, a lady, who was not molested. No treasure was aboard. The robbers told the driver that they were after Boon May, the messenger, and would kill him if possible. It is presumed they want to kill May for having recognized and arrested three road agents in Deadwood some time since. The robbers were masked, as usual, but were recognized as Blackburn and Webster, the murderers of Deputy Sheriff Cuny.

The Desert Land Act.

WASHINGTON, 9.—The total number of acres entered under the Desert Land Act is about 300,000, two-thirds of which are in California. Commissioner Williamson is of the opinion that very few fraudulent entries have been made, but in view of the sweeping allegations of fraud, he considers it advisable to make the suspension and investigation universal.

Texas Pacific and Southern Pacific Railroad.

The decision of the cabinet today concerning the controversy between the Texas Pacific and Southern Pacific Companies, as to the latter's bridge and road over the Colorado reservation, is a manifest victory for the Huntington interest. It was based upon the argument that although Congress alone has power to grant the right of way over the public lands, yet it is neither the duty nor interest of the military or civil power to interfere to prevent any improved means of access to a military reservation. The practical effect of to-day's decision will be to give the California company free permission, indefinitely, to run its trains over the bridge and across the reservation, as Congress is not likely to interfere.

Workingmen's Convention.

TROY, 9.—The Workingmen's State Convention is in session, George Blair presiding. The platform favors the retirement of national bank notes, declares that labor has a right to an equal share of the wealth it creates, favors the establishment of a bureau of labor statistics by state and national governments, and the abolishment of the contract system in prisons, declares that railroads should be under the control of the States through which they pass, proposes an increase of the standing army, opposes centralization and favors the prosecution of necessary public works.

Miles' Engagement with Joseph's Band.

CHICAGO, 9.—The concluding portion of the report of Colonel Miles, of the engagement with Joseph's band, the first of which was sent Sunday night, has just come in, the wires having been repaired. It is as follows: "To keep the companies with him another escort was provided. This last escort will now be used to convoy a train of wagons, which will leave in the morning for Snake Creek, with supplies. I have assumed the responsibility of notifying Colonel McLeod, the commissioner of Canadian police, of the situation, and of inviting his attention to the importance of preventing Sitting Bull and his followers from crossing the line. A. H. TERRY, Brig.Gen."

It is reported that Chief Joseph has been killed.

CHICAGO, 9.—The *Tribune's* special from Fort Benton, M. T., October 5th, says the scout who brought the report of the late fight between Joseph's band and United States troops, states that Joseph was a prisoner in Miles' hands, but was exchanged for Lieutenant Jerome, 2nd Cavalry, who had been captured by the Indians. The story needs confirmation.

The following dispatch is just received:

HEADQUARTERS,
District of the Yellowstone.

Gen. A. H. Terry, commanding the District of Dakota.

Dear General:—We have had our usual success. We made a very direct and rapid march across the country, and after a severe engagement and being kept under fire for three days, the hostile camp of Nez Perces under Chief Joseph, surrendered at 2 o'clock to-day. I intend to start the Second Cevarly toward Benton on the 7th inst. Cannot supplies be sent out on the Benton road to meet them and return with the remainder of the command to the Yellowstone? I hear that there is trouble between the Sioux and the Canadian authorities.

I remain, General, yours very truly,
NELSON A. MILES,
Col. and Brevet Major General,

As soon as the companies of the Second cavalry, of which General Miles speaks arrive here, the commission will start for Fort Walsh.

(Signed)
ALFRED A. TERRY,
Brigadier General.

Funeral of Archbishop Bayley.

BALTIMORE, 9.—The obsequies of Archbishop Bayley took place this morning at the Cathedral, and were attended by thousands of persons. Cardinal McCloskey, thirteen archbishops and bishops, and a very large number of clergymen assisted at the services. Governor Carroll, Attorney General Gwinn and Mayor Latrobe were present. The services lasted from 8 30 till nearly noon. Bishop Wood of Philadelphia was celebrant of the mass and Bishop Foley, of Chicago, preached the sermon.

The casket was removed from the Cathedral to the hearse at the close of the services and borne in procession to the Union depot. The remains were placed on board, and the train moved off. The Cardinal, bishops and many of the clergy accompanied the funeral train to Emmettsburg, where the body was suitably interred in the crypt of the beautiful burial place of St. Joseph.

WESTERN.

The Bank Swindlers.

SAN FRANCISCO, 9.—The committee of stockholders, to-day, commenced an investigation of the affairs of the Pioneer Bank. The cashier who assisted them stated that Duncan was practically the sole stockholder. It is believed that very little will be left for the depositors, as the real estate included in the assets is heavily mortgaged. The stock of the Safe Deposit Company, which constituted the balance of the assets, has been hypothecated by Duncan.

P. J. White has been appointed receiver of the bank. The examination of the certificates of the stock of the Safe Deposit Company, handed in by the holders, show that an over-issue of about 4,000 shares has been made, on which Duncan has realized in the neighborhood of $100,000. The belief is that most of this has been swallowed up in floating the bank, and that Duncan has taken a comparatively small amount with him in his flight. W. T. Duncan, the son of the absconding banker, denies that the bank has been affected by his stock operations, and attributes its failure to unsuccessful real estate speculations. The police have not yet succeeded in finding any trace of either Duncan or Lewarne. It has become evident that Duncan has, wituin the past week, premeditated flight and made due preparation for it. Cappers have been employed by him to induce a deposit of funds, in which they have been successful to a considerable extent. Every effort has also been made to hinder the withdrawal of the deposits. The bank seems to have been strictly a family concern. Thomas Gray, father of Duncan, who is the figure-head president, knew nothing of the affairs of the bank. Lewarne, the secretary, is Duncan's son-in-law. J. R. Snedberg, trustee, bears a similar relation. The whole affair evinces the most reckless mismanagement and flagrant dishonesty in the conduct of the bank.

FOREIGN.

GREAT BRITAIN.

Eastern War News.

LONDON, 9.—The Russians commenced parallels before Plevna under the superintendency of General Todleben. The heavy masses of troops which are being sent to Bulgaria certainly indicate their purpose to prosecute active operations during the autumn, as the Russians do not need these reinforcements to retain their present positions.

A Belgrade correspondent says he heard from a diplomatic source that the Porte has demanded explanations regarding Servia's purpose in armisg and negotiating with Russia and Roumania, and the Porte declares that it will be obliged to send a special commission to Belgrade to enquire whether its suzerain rights are not being tampered with. All first class militia brigades except those of Belgrade, Shabatic and Vallero have marched to the frontier. The second class will follow. More money and several hundred boxes of shoes have arrived from Russia. Negotiations with Russia have at last come to a satisfactory close. A cabinet council resolved upon warlike measures, though not before the middle of November.

BRITISH AMERICA.

Foster, the Railroad Defaulter.

MONTREAL, 9.—It is believed that Foster, the Grand Trunk Railroad defaulter, has drawn heavily and misappropriated money belonging to the employes' superannuation fund, of which he had charge. He issued money orders when claims were made on this fund, and in many cases the receivers could not write their own names. It is also charged that he cashed bogus checks and appropriated money from the funds of the International Bridge treasury.

FRANCE.

Republican Meeting.

PARIS, 9.—Gambetta addressed a great republican meeting this evening, which passed off without disturbance. In his speech Gambetta said the existence of universal suffrage was at stake, and pointed out the danger which that institution would incur if, after having at the last elections pronounced in favor of a republic, it should now give itself the lie in consequence of governmental pressure. In that case public peace would be compromised, for universal suffrage was possibly its only defence. Its fall would involve the decadence and death of the country. Gambetta eulogised Grevy as the man best fitted for continuing the work of concord, conciliation and respect for law. He disclaimed any desire for power for himself, and concluded with a violent attack on the clericals, who, he said, excited the fears of Europe by the presence of an anti-republican coalition.

Gambetta, in his speech referred to the republican prospects, and said: "After sifting the information which reaches me from all quarters, I assure you that the 363 will return to Versailles reinforced

MASON & HAMLIN
CABINET
ORGANS
Unanimously assigned the
"FIRST RANK
IN THE
"SEVERAL REQUISITES"
of such Instruments!
The MASON & HAMLIN ORGAN CO. have the honor to announce that the Organs of their manufacture have been unanimously assigned "the FIRST RANK in the SEVERAL REQUISITES of instruments of the class" by the Judges at the CENTENNIAL EXHIBITION at Philadelphia, 1876, and are the ONLY INSTRUMENTS OF THIS GENERAL CLASS AWARDED THIS RANK. This is after the severest competition by the best makers, before one of the most competent juries ever assembled.
They have also received the MEDAL, but, as is well known, medals of equal merit have been awarded all articles deemed worthy of recognition; so thus it will be easy for many makers to advertise that they have received "first medals."
The differences in competing articles, and their comparative excellence, are recognized in the reports of the Judges from which the following is an extract:—
"THE MASON & HAMLIN ORGAN CO.'S exhibit of Reed Organs and Harmoniums shows fine instances of the FIRST RANK IN THE SEVERAL REQUISITES OF INSTRUMENTS OF THE CLASS, viz: Smoothness and equal distribution of tone, scope of expression, responsive and ringing quality, freedom and quickness in action of keys and bellows, with thoroughness of workmanship, combined with simplicity of control."
(Signed by all the Judges.)
The Mason and Hamlin Organs are thus declared to rank first, not in one or two respects only, but in the SEVERAL REQUISITES of such instruments, and they are the Only ones assigned this rank. This triumph was not unexpected, for the Mason & Hamlin Cabinet Organs have uniformly been awarded the highest honors in competitions in America, there having been scarcely six exceptions in hundreds of competitions. They were awarded highest honors and

PHILADELPHIA, 1876,
and have thus been awarded highest honors at

at which they have been exhibited; being the Only American Organs which have ever obtained Any Award at any competition with best European makers, or in any European World's Exposition!

Organs sold for cash or installments, or rented until paid for. Every Organ warranted to give entire satisfaction to every reasonable purchaser or THE MONEY REFUNDED.
