

# "TOURIST TRUST" ENDORSED BY ALL.

Business Men Unanimous in the Opinion That Scheme is "The Greatest Ever."

MANY LETTERS RECEIVED.

Colorado, California, Arkansas, Texas, Minnesota, Hawaii and Missouri Enthusiastic.

Manager Harris of the Commercial club is in receipt of letters from many different places expressing approval of the club's scheme to turn the tide of summer travel from Europe to the Pacific slope. Samples of the correspondence are as follows:

"I have read with much interest of the suggestion made by your organization that the entire west combine in a great campaign calculated to bring to the west a larger proportion of the tourist travel, which now goes to Europe, and I want to say that such a campaign as you propose should receive enthusiastic support of all western people. For my part, I am very much interested in the suggestion, and I trust that you will push the matter vigorously."

"It seems to me that some kind of an active campaign should be developed with a view to creating a favorable sentiment in all the western cities and the ultimate formation of a Western American Tourist association. I am sure this association will be very glad to co-operate in the new movement and that others in this state will do likewise."

"W. A. BEARD, Secretary Sacramento Valley Development Association."

FROM COLORADO.

"In reply to your kind favor of the 26th inst., enclosing your bulletin of the 24th, I will say that this association is in full sympathy with the movement and that I am directed by President Packard to say that at the meeting of the board of directors, to be held Nov. 2, we will probably appoint delegates to attend the convention."

"JOHN T. BURNS, Secretary of the Colorado State Commercial Association."

"I am in receipt of your circular letter of Oct. 24, which seems to me to contain a valuable suggestion, and to be on a line which is well worthy of united effort on the part of those interested. Hoping to be informed of any other steps that are taken in this connection, I am."

"H. F. NEWHALL, Secretary Minneapolis Real Estate Board."

"The executive committee of the Commercial club of Omaha, which is our governing body, heartily approves of this plan and we will do all in our power to further it."

"E. J. McVANN, Commissioner of the Commercial Club of Omaha."

"I can assure you of our hearty co-operation. At the next regular meeting of the directors I will read your letter, and undoubtedly resolutions will be passed."

"Secretary Commercial Club of Albuquerque."

ENDORSED BY ARKANSAS.

"Your circular letter of Oct. 24 received and has had our careful attention. The step you have taken is decidedly commendable and you should have the co-operation of similar organizations of this country. You shall certainly have ours. There are in Arkansas many beautiful scenes, rivers and mountains, unsurpassed in Europe, and I hope to see the time when there will be regular tours arranged in the United States, taking in our own interesting and beautiful places as Fort Logan, Little Rock, Hot Springs, Eureka Springs, etc., thence to the mountains, the Ozarks, etc., of your own glorious section of the country. I shall be glad to know your further steps in the matter."

"GEORGE R. BROWN, Secretary Little Rock Board of Trade."

Your communication calling for a meeting of the west to turn the tide of tourist traffic has been received. We have given the matter to our local papers and our directors and will give the matter our assistance. Let me aid to you."

"E. W. PALMER, Secretary Pueblo Business Men's Association."

KANSAS CITY IN LINE.

At a meeting of the directors of our association on the 17th instant, President Crabbe laid before them the following: "We are reliably informed that a gigantic enterprise is now being developed by the Commercial club of Salt Lake whereby some of the western states are forming a tourist trust. The object is to capture the American tourist and show him that the best and most profitable vacation can be spent in the western states having the most beautiful scenery. It is certainly a fact that the people of the eastern states are not nearly as much interested in the natural beauties of their own country as they should be. Any movement which offers a correction for this deficiency merits support and is worthy of attention."

"Therefore, be it resolved, That as the Manufacturers and Merchants Association of Kansas City, Mo., realize Kansas City is, by virtue of its splendid railway system and geographical location, now the recognized gateway to the west, we, therefore, recommend to the Commercial club of Salt Lake City, and others, who are promoting this splendid enterprise, that they select Kansas City as the starting point for the proposed tours, with the understanding that we will organize and maintain a Service Kansas City tour which will give the tourists a general idea of a wide-awake, progressive western city whose live stock, jobbing, manufacturing industries, parks and boulevards have made it famous and a good place to live in, and in this manner enable the tourist to start on his western trip rejoicing."

Resolved, That a copy of this resolution be mailed to the Commercial club of Salt Lake City, J. A. HUNYAN, Secretary of the Manufacturers and Merchants Association of Kansas City.

Any movement that will benefit any part of the Rocky mountain region must inure to the prosperity of all, and the Denver Business Men's league may be counted upon to assist every undertaking that will help the west."

"GEORGE W. COOK, Chairman Pro Tem, Denver Business Men's League."

I beg to acknowledge your favor of Oct. 24 and to advise you that at a formal meeting of the directors of the chamber of commerce, held yesterday, they decided to co-operate with you in every way to secure a part of the

great tide of tourist travel, which now goes to Europe, for western America. This organization will be very glad to send representatives to your proposed convention.

HENRY RUSSELL WRAY, Secretary Colorado Springs Chamber of Commerce.

HAWAII COMES FORWARD.

We have been given to understand that your club contemplates making an active campaign looking to the diversion of a portion of European tourist traffic to the western United States. A most commendable undertaking, in which we trust you may be successful and for the initiation of which your club deserves the thanks of every commercial body and promotion committee in the west, of which the Hawaiian islands, as you are aware, form an important part. P. WOOD, Secretary, the Hawaiian Promotion Committee.

I am in thorough sympathy with the movement and can vouchsafe to you the hearty co-operation of the Wichita Commercial club in the furtherance of the same. Only a share of the vast sums spent by our tourists in crowded Europe if scattered throughout the western half of the United States would prove of great benefit in many ways.

H. L. KEISING, Secretary Wichita Commercial Club. EL PASO HEARD FROM.

It was listened to with attention and they instructed me to reply that they are heartily in sympathy with the proposition, and fully endorse the status of your committee in the interest of inducing our own citizens to become familiar with their country before seeing foreign lands and if your arrangements for the conference are perfected, we would be pleased to know of the time and place so that we can arrange for representation at such conference if consistent.

W. S. TILTON, Secretary El Paso Chamber of Commerce.

This matter was read before the Missoula chamber of commerce at its regular session this evening, and by regular vote the proposition was overwhelmingly and moral support. The subject will receive further attention, and any suggestions you may offer will be gratefully received."

E. J. ERFERT, Secretary Missoula Chamber of Commerce.

NEW PAPER FOR PARK CITY.

Summit County Enterprise Will Make Its Appearance Next Week.

Announcement is made that a new paper, styled the Summit County Enterprise, is to appear next week at Park City. It will be independent in politics and religion, and W. D. S. Harrington of the Utah Commercial Advertiser of this city, will be editor and manager, the gentleman continuing also his connection with the Salt Lake paper.

PLENTY OF SALT.

Inland Company Has Harvested 25,000 Tons This Season.

The Inland Crystal Salt company has just completed its annual fall harvest at Salt Lake, amounting to 25,000 tons of fresh article, and as there is 25,000 tons left over from the fall harvest of 1904, the total amount of salt heaped up in stacks is 50,000 tons. A large percentage of this will be refined, and the remainder as course salt, will be sold to the farmers and for stock mostly. There is spread over the ground, and not yet harvested, 125,000 tons of salt.

GRATERS NABBED.

Caught While Working Lock Trick on Temple Block.

This morning Detective "Dick" Shannon and Officer Heath landed two surething men, and the police declare that this time they "have got the graters dead to rights."

The prisoners gave their names as A. J. Murphy and D. Harvey. They had a stranger in tow and were leading him around the Temple block when the officers stopped the graters' game by placing them under arrest. The graters, armed with the usual "dash roll" detectives' badge and the mysterious lock, that they had failed to separate the stranger from his "wad" was plain fault of the stranger; it was plainly the fault of the watchful officers. The prisoners will be charged with gambling.

In addition to the "phony" stuff, the men had \$158 in real money.

HERBERT WHITE DEAD.

Family Suffers Two Bereavements Within a Week—Funeral Sunday.

Herbert J. White, son of the late E. H. White, residing at 233 L street, died at 2 o'clock yesterday afternoon after a brief illness, from pneumonia. This is the second death in the family within a week. Only the day before Mr. White's death, the funeral of his four-year-old nephew took place.

The deceased was born on Nov. 28, 1877. He had resided in this city practically all his life. He leaves a wife and three children, all girls. The funeral will be held from the residence of Mrs. William Jennings, B and Second streets, Sunday, at 11 a. m., with interment in the family plot at the city cemetery.

KIMBALL JENNINGS'S FUNERAL.

The remains of F. Kimball Jennings, son of Capt. Frank Jennings, were received this morning, from Boise, by Joseph W. Taylor, and the funeral will be held from the residence of Mrs. William Jennings, B and Second streets, Sunday, at 11 a. m., with interment in the family plot at the city cemetery.

SNOWFALL PREDICTED.

There is a low barometric pressure bearing down from the northwest, with the prospect of snow or rain, or both in this latitude by tomorrow morning. Precipitation is badly needed in this part of the country, which is very dry and the atmosphere corresponds. However, the farmers have made the most of the open season to get in their fall plowing and are now ready for a change in the weather.

TAKEN UNDER ADVISEMENT.

Womack Murder Case Will Be Decided Next Monday.

This morning Judge Diehl listened to the arguments in the case of the State vs. Frank Womack, charged with the murder of Joseph S. Matthews.

Col. Kaighn, representing the defendant, claimed that the state had failed absolutely to make out its case, and that Womack shot Matthews purely in self-defense. He argued that Matthews had threatened to kill the defendant and that the latter shot to save his own life.

Assistant County Attorney Lyon declared that the accused displayed malice and premeditation in all his actions just before and including the difficulty. Judge Diehl took the case under advisement until next Monday morning.

# MANUFACTURERS PUSHING THINGS.

Determined to Inaugurate an Era Of Industrial Prosperity for Salt Lake.

HEWLETT WILL GO TO DENVER

Committee Report Classification of Membership—Prizes for Suitable Designs.

To study Denver's factories, her commercial associations and her prosperity in general, O. H. Hewlett of the Salt Lake Merchants and Manufacturers' association will visit the Queen City of the Plains this week. What he learns will be the subject of a report to the Merchants and Manufacturers' association at its next general meeting.

The association is now proceeding slowly since its inception. Last night the chairman of all the committees met at the Commercial club and perfected plans for future work. It was decided to hold the next general meeting in the Commercial club Tuesday evening, Nov. 22, and at this time to be able to discuss in specific details the new concerns for which Salt Lake and vicinity offers a field.

At the meeting there was a representative attendance of business men and merchants, among whom were Neill L. Morris, Mat Thomas, John E. Clarke, O. H. Hewlett, Leon Street, C. O. Harris, A. Richter, J. M. Marriott, J. H. Loveland, J. B. Jensen, J. I. Gallagher, George McCallister and O. R. Meredith, all of whom are on the various committees appointed to get the organization started.

MEMBERSHIP CLASSIFIED.

For a system of permanent organization it was decided to divide the membership into five classes, corresponding to the business in which the member is employed. In the first class are large manufacturing concerns, having a rating of over \$100,000, and they have the privilege of contributing \$5 a month to the association's support. In class B are manufacturing concerns and business houses rating under \$100,000, and their monthly dues are reduced to \$3 per month. In class C are the charged merchants and business men of similar rating, but to be known as class C. Professional men, real estate

men, and all good citizens who wish to join the association and help boost for Salt Lake, can sign up under class D at \$1 a month, and then in class E, to be composed of consumers and the purchasing public in general, there is to be no charge.

Notices to advertisers. Owing to pressure on our columns, news advertisers are requested to hand in their advertisements for the Saturday News as early as possible to secure insertion in all editions. Classified advertisements cannot be assured publication in all the editions, and in proper classification, unless received in this office before noon on Saturdays.

PRIZES ARE OFFERED.

Prizes were offered at the meeting, the first of \$15, to go to the person submitting the best design for a label for home manufactured goods, and the second, also of \$15, to go to the person submitting the best design for a button to be worn by those who had boost for Salt Lake and make the cry "Forward for the city."

WILL HOLD A RALLY.

The matter of having a rally in the Salt Lake theater, at which the advantages of home manufactures, and the business which may be safely started in this valley might be discussed, was talked over and a decision was reached to hold a rally at a date to be arranged later. The competition for a button and label closes Nov. 25.

ALLEGED HOLD-UPS PLEAD.

Morris Suspects Say They Are Not Guilty—Chicken Thieves Also.

Sam Matthews, James Watson and Frank Carroll, the three men charged with attempting to rob one M. I. Morris, pleaded not guilty in Judge Diehl's court this morning. Their cases were

set for hearing next Friday at 10 a. m.

The chicken thieves, Hans Japperson, W. W. Baker, alias "Spot" King, and Charles Chapman, were arraigned on the charge of burglary, three being two counts. They denied both charges and their hearing was set for the 27th.

PERSONALS.

Ramon Pebles, a Puerto Rican, is a guest at the Knutsford.

Dr. E. V. Silver has returned from an absence of several weeks in New York.

Rev. Frank C. Bruner, a prominent Methodist pastor in Chicago, is in Salt Lake on a western lecture tour.

Former Senator Arthur Brown is recovering from his severe attack of illness, and will be out in a few days.

Night Clerk Pollard of the White House is able to leave after a prolonged and severe attack of rheumatism.

Walter E. Trent, a Stanford student, is able to leave the Palo Alto hospital where he has been four weeks for appendicitis.

J. S. Bransford is home from California where he left Mrs. Bransford recovering her health. She has been suffering from sciatic rheumatism.

The many local friends of Judge Norrell will be pleased to learn that his health has been practically restored, and he is enjoying life once more.

Circulation Manager F. C. Seested of the Kanab City Star, is in town today, en route to the Pacific coast, and gave the Desert News a pleasant call.

Miss Beth Critchlow, daughter of E. B. Critchlow of this city, is in the hospital at Wellesley, Mass., with a knee injured in a fall. She is a student at the college there.

Captain and Mrs. Samuel Porter have gone to Chicago for a visit with Mrs. Porter's family. They will also visit the principal points on the Atlantic seaboard, and return to Salt Lake the first of February.

ACCIDENTS AND CALAMITIES.

"In Monte Carlo," said a New York musician, "I had the hour last winter to meet Calve."

"Calve was playing 'Carmen.' She talked to me of Prosper Merimee, the creator of 'Carmen.' She knew many anecdotes of Merimee. Once, she said, he was conversing with the young prince Imperial."

"What is the difference between an accident and calamity?" the prince Imperial asked.

"Just then the lad's cousin and rival, Prince Napoleon, appeared, and Merimee, smiling said:

"If your cousin fell into the Seine, it would be an accident; if somebody pulled him out, it would be a calamity."

THE CLERICAL MILK DEALER.

Sir Charles Kirkpatrick of the visiting English football team, was drinking milk with his luncheon in a Philadelphia hotel.

"Milk is a good drink," a visitor said. "Yes," agreed the other, "and when I take it, I think of a curate in

Surrey, near my Crawley place. This curate had a small salary and a fine lot of cows. He decided, therefore, to open a dairy. So he rented up a little shop and bought a wagon and on his sign, his name appeared: 'John Vincent, M. A.' He was an Oxford man, you see, and proud of his degree."

"But one morning he overheard two farm hands talking before the shop. 'What does the 'M. A.' mean on that there sign?' said the first.

"Milk 'Awiker, of course,' the other answered."

MAIL ORDERS FILLED

"The Paris" WOMAN OUTFITTERS.

REMARKABLE

A BUFFALO TEAM BROKEN TO HARNESS.

The buffalo team shown in the cut was broken to harness by Ernest H. Baynes of Croydon, N. H. There is a breeding park on Croydon mountain, and Mr. Baynes selected a pair of calves that had become thoroughly domesticated, had a harness made to fit them and hitched them to a stout cart used in mountain travel. At first the animals rebelled and tried to free themselves from the unaccustomed burden, but patience and kind treatment made them obedient, and in a short time Mr. Baynes was able to drive his array of teams through the main street of Meriden, N. H., without protest on the part of the calves.
