

CHARGED WITH GRAND LARCENY.

Almon Robison, the Millard County Capitalist and Stockman, Arrested Today.

JOHN PETERSON COMPLAINT.

Alleges That Robison Stole a Steer Which Belonged to Him—Defendant Pleads Not Guilty.

(Special to the "News.")

Fillmore, Utah, Aug. 27.—Almon Robison, the Millard county capitalist, the owner of thousands of head of sheep and hundreds of head of cattle and horses, and a money lender of this county, was arrested today on the charge of grand larceny. The complaint was made by one, John Peterson, a resident of this city. Mr. Peterson detailed the facts to your correspondent as follows:

Last April he had some stock running in a pasture of his below the city among them being a yearling steer branded and marked with M. R. Peterson's brand and mark. The other day when he went down to his pasture to look at his stock, this particular steer was missing. He made inquiries concerning the whereabouts of the same from many stock raisers, among them the defendant, but all of them disclaimed any knowledge of the animal.

This week Mr. Peterson found his steer running on the range in the vicinity of the Mammoth ranch of the defendant, and having the defendant's brand on. The animal was brought to town, turned loose upon the street and placed in the city estray pound, by City Marshal Peter Huntsman, when one of the defendant's employees took the same, stating that it belonged to the defendant, and that he was acquainted with the animal.

Mr. Robison was arrested today by Sheriff Benneberg. He pleaded not guilty and his preliminary examination was fixed for this afternoon at 2 o'clock.

OVAD DENIES DESERTION.

Also Says His Wife Has Been Staying Out Late at Night With Other Men.

In his answer to the divorce complaint filed against him in the district court, John A. Ovad denies that he has deserted his wife and alleges by way of cross-complaint that she has been guilty of going out to the Salt Palace and Calder's park with other men and staying out all night with them. On the night of July 25 he alleges that she went to the Salt Palace with another man and did not return home until late in the night. Upon her return she told her husband that he was not wanted in the house any longer, whereupon he left. He returned the next day but alleges that she refused to admit him to the house. Another attempt was made to return to his home but it was equally unsuccessful. Ovad asks that his wife's complaint be dismissed and that she take nothing by her action. He states that he is still willing to return to her and provide for her.

FOR DEATH OF C. CURRAN.

Suit Was Commenced for \$3,091.50 and Settled for \$600.

In the damage suit filed in the district court today by Alexander S. Fowler, administrator of the estate of Conrad Curran, deceased, against the Bingham Copper and Gold Mining company, Judge Morse today entered judgment in favor of plaintiff by stipulation for \$600. Conrad was killed by a cave-in in defendant's mine at Bingham on Aug. 20, 1902, and the administrator of his estate brought this action to recover damages in the sum of \$3,091.50. The case was settled by the parties by the payment by defendant of \$600 for all claims whatsoever against it.

The Copp Case.

Suit for divorce has been filed in the district court by Mae Copp against Walter Copp on the ground of desertion. The parties were married at Ogden on Sept. 4, 1902.

Mrs. Leyson Wants Divorce.

Minnie Leyson today filed suit for divorce in the district court against Joseph Leyson on the ground of desertion. They were married in Butte, Mont., on June 28, 1884, and it is alleged that defendant deserted his wife on May 30, 1888.

RIGHTS OF JUSTICES.

Question of Jurisdiction to be Tested in the District Court.

The right of a justice of the peace to take jurisdiction in a case, the cause of action in which arises outside of his precinct in the county and wherein both parties to the said action are non-residents of his precinct, will be tested in the district court by a writ of review which was issued by Judge Morse today against Justice J. P. McInnis of Murray, upon the petition of H. Christensen and wife.

The affidavit for the writ alleges that on May 7, 1903, a suit was filed in Justice McInnis' court against Mr. Christensen and wife by O. H. Pike and wife to recover \$68 alleged to be due for services rendered. In due season a default judgment was rendered against the petitioners herein for the full amount asked, together with costs amounting to \$3.90. It is further alleged that the cause of action arose in Farmers precinct; that both plaintiffs and defendants in said action are residents of Farmers precinct; that there is a duly elected and qualified justice of the peace in said precinct who would have had jurisdiction in the case, and therefore Justice McInnis exceeded his jurisdiction when he entered judgment against the petitioners and said judgment is therefore without authority in law.

Upon the showing made in the affidavit Judge Morse issued a writ of review which is returnable on Friday, Sept. 4 at 10 o'clock.

POWER PLANT CHANGES.

West Temple Station Will be Used for Moving Street Cars and Elevators.

The Utah Light & Power company decided at a directors' meeting yesterday afternoon, to make the station back of the Tribune building on West Temple street a permanent substation for distribution of the currents through the city, and there the alternating currents will be changed to direct currents for the moving of the street railway cars and elevators. The capacity of the

station will be raised from 2,600 to 4,000 volts, or from 1,100 to 2,000 horse power. This will require the addition of three new boilers, making six in all, but it will not be necessary to increase the dimensions of the building as there is plenty of room for a large increase yet. This improvement will involve the outlay of \$50,000 within the next 12 months and ultimately a total outlay of \$100,000. Manager Campbell was asked if it were not possible to substitute oil for coal, but he said not until petroleum could be delivered in Salt Lake at 2 1/2 to 3 cents per gallon.

UTAH POSTMASTERS.

Appointed for Cannonville, Garfield Co., and Vermillion, Sevier Co.

(Special to the "News.")

Washington, D. C., Aug. 27.—Utah postmasters appointed—Cannonville, Garfield county, Ephraim Caffall, vice Cyra Henderson, resigned. Vermillion, Sevier county, James O. Ivie, vice J. E. Gledhill Sr., resigned.

Pensions granted, Idaho—Marcey J. Adams, \$12. Utah—Albert D. Gillis, \$6.

DEADLY ASSAULT CHARGE.

County Attorney's Office Files Complaint Against Man from Murray.

Assistant County Atty. Whitaker today issued a complaint against Joseph Benson, a resident of Murray, charging him with assault with a deadly weapon. The complaint was sworn to by Mrs. Carrie Benson, the divorced wife of defendant, who charges that he came to her home on Draper last Friday night and pulled a revolver on her and compelled her to get down on her knees and ask his forgiveness. She says that he fired four shots over her head, and that her father had to interfere to prevent him doing her bodily harm. The complaint was filed in Justice Elmer Brown's court at Draper, where Benson will have his preliminary hearing.

SOLDIER BOYS RETURN.

Cavalrymen Come Back From the Encampment Looking and Feeling Fine

The mounted soldier boys returned from encampment this afternoon, well browned and feeling fine after their experience. There was something of a rivalry between the cavalry and the artillery as to which would reach Salt Lake first, and the cavalry stole a march on the artillerymen bright and early this morning, and reached this city about an hour ahead. All are pleased with their camp life, and feel that it has done them a world of good. Association with the regulars proved a great incentive to the state troops to work, and the presence of the trained artillery horses saved the local battery the unpleasant duty of breaking in raw material. The Provo people did everything they could to make the stay of the troops pleasant, and are anxious to have them down there again.

TOMORROW'S ORGAN RECITAL.

BUSINESS NOTES.

Today's local bank clearings amounted to \$145,241.24 against \$147,951.90 for the same day last year.

A certified copy of the articles of incorporation of the Ogden Heights Land company of Ogden, Colo., was filed in the office of Secy. of State Hammond today. Its capital stock is \$14,000, divided into 140 shares of the par value of \$100 each. David C. Dodge is president; Ferner J. Spencer, secretary; and J. C. Nye of Ogden is resident agent for this state.

NOTED VISITOR IN TOWN.

Congressman Golden and Party Came in Late this Afternoon.

There is a distinguished party of 30 in town this afternoon, known as the Congressional Golden party. Mr. Golden representing the Eighteenth congressional district of New York state in the lower house at Washington, Senator Smoot had arranged lunch for the party at the Commercial club, and a special organ recital was provided at the Tabernacle for their entertainment, with Miss Emma Ramsey as the vocalist. But the party was delayed up the line and failed to arrive until late in the afternoon. They were immediately escorted to the Tabernacle by Senator Smoot, who met them at the depot, and the following program was given by Prof. McClellan: Prelude, Lohengrin (Wagner); Paganini Favorite of Louis XIV. (Brisson); Communion in G. (Battisti); Mighty God Hath Spoken. (L. M. Case), vocal solo, Miss Emma Ramsey; Old Melody; Concert Overture, (H. Hill).

The visitors are scheduled to take the 8:30 train for Saltair. The party is made up of notables en route across the country on a special trip.

RELANCE PROVES THE BETTER BOAT.

(Continued from page one.)

to the south of the committee boat, headed back to the line. Reliance held away for about a minute and then started after her. The great sail spread of Reliance enabled Capt. Barr completely to baffle Shamrock. In this position Capt. Wringe was unable to extricate his boat. Capt. Wringe, however, was able to prevent Reliance getting down into position on the leeward side of the line and both boats, when the starting gun was fired, were on the windward side, heading over toward the lights. Reliance then pulled by Shamrock and rounding the lights headed for the line on the port tack. In the meantime the handicap signal had been fired and Reliance, coming lowly for the line, finally crossed it nearly a minute later. Shamrock was more than a minute astern of the American boat and had a handicap of 2 minutes and 6 seconds. It was the worst start an English boat has made in an American cup contest for many years. At 11:15 the boats were headed a little north of east, sailing very slowly on the starboard tack. Reliance was well in the lead. The wind at that time was blowing about five knots.

WIND SEEMED PICKLE.

The wind as the yachts sailed farther away from the lightship seemed very fickle and at 11:30 Shamrock was heading four or five points off the course sailed by Reliance. In fact, the Reliance 20 minutes after the start, had an apparent lead of nearly half a mile.

RELANCE HAS ADVANTAGE.

The conditions of the start gave Reliance a very decided advantage for fully three-eighths of a mile. Shamrock actually crossed one minute and seven seconds behind her competitor, thereby reducing the time which Reliance must command in her time allowance one minute and seven seconds. Thus Reliance in actual sailing only has to overcome in time allowance 50 seconds.

RELANCE PULLED AWAY.

Both yachts held to the eastward on the starboard tack until 11:28. Reliance continued to pull away a bit and when both tacked to port she had a lead of fully three-eighths of a mile. Shamrock had moved so slowly that she was scarcely a mile from the lightship when she came about. Neither yacht was lured over to any extent. The air was very light and the excitement fleet continually had to stop so as to not be in advance of the races.

SHAMROCK HOLDING RELANCE.

As the yachts drew nearer the outer mark Shamrock seemed to hold Reliance better, appearing to point almost as high and fast as fast. At 1:02 both boats having made their mark to starboard came about and headed towards the south. They were somewhat to the westward of the course, and it looked as if they might reach the mark on the next tack off. The wind off the mark was blowing about six miles an hour.

RELANCE GAINS CONTINUOUS.

At noon the boats had been sailing about at home and covered about one-third the distance to the outer mark. Reliance's gain as the yachts worked slowly out toward the mark was continuous and she pulled away until at 12:25 there was a space of about a mile between the two boats. The breeze had freshened to about seven knots and the yachts were moving faster than at any previous time in the race. Shamrock appeared utterly unable to hold Reliance. At 12:15 they were half way to the outer mark.

SHAMROCK COMES ABOUT.

It was 12:30 when Barr tacked to starboard. Capt. Wringe did not follow his lead, and Barr held the starboard tack for four minutes, when he again tacked to port. He had by then filled the wind and Shamrock came about. Barr quickly followed. The yachts at this time had apparently sailed about 10 miles of the course. The wind had not fallen and the prospects were for a finish race.

RELANCE GAINING.

The yachts sailed the first four or five miles of the homeward course very slowly. Reliance with her greater sail spread continued to gain and at 2:50 was more than a mile in the van. Unlucky wind decreases Reliance is the certain winner and Shamrock's third effort to win the America's cup is doomed to failure.

THE EXCURSION FLEET.

The wind began to haul a little to the south as the afternoon progressed. Most of the excursion fleet kept to the eastward of the line, but others hurried forward for a good position near the finish line.

At 3 o'clock Reliance was about eight miles from the lightship and looked to be about a mile and a half ahead of Shamrock.

BUDA PEST TRAIN TO CONSTANTINOPLE.

Blown Up With a Bomb Twenty-five Miles from Adrianople, Nine Passengers Killed.

Sofia, Aug. 27.—The eastbound daily express from Buda Pest to Constantinople was blown up near Kileli Burgas, about 25 miles south of Adrianople early today. Seven persons were killed and 15 were injured. Dynamite bombs were used. Every car was smashed. Apparently the outrage was the work of revolutionists who traveled on the train.

THROWN BY PASSENGER.

Constantinople, Aug. 27.—The bomb which wrecked the train near Kileli Burgas was thrown by a third-class passenger, who was in the buffet car. Only two cars were destroyed. The dead include two Mussulman women, two children and three trainmen.

Manager G. T. Odell of the Consolidated Wagon & Machine company leaves tonight for a five days' trip through western Wyoming and southeastern Idaho.

At the home of Mrs. S. J. Knowlton last night a number of relatives and friends gathered to celebrate the anniversary of her birthday. Refreshments were served and music furnished by the "Bonita" mandolin and guitar club made the enjoyment of the evening complete.

C. H. Chandler, western traveling secretary of the Brotherhood of St. Andrew is expected in the city shortly and on Saturday evening at 8 o'clock a meeting will be held at St. Paul's at which corporate communion will be celebrated. Bishop Leonard officiating. On Sunday evening at the same hour there will be another meeting.

The members of the city council who are traveling in the northwest returned to Portland this morning from Long Beach, Wash., after spending a most enjoyable outing. They arrived early and later in the day took a trip to Oregon City and Willamette Falls. If the present program is carried out the party will tomorrow go up the Columbia as far as the Dalles on a steamer.

Representatives of the Colorado Fuel & Iron company stated relative to possible future policies of the company in Iron county, that when railway connections have been completed through to the coast from southern Utah, the probability is that one will be shipped for smelting to Los Angeles, where the pig is to be used at coast points. No smelting will be done in Utah.

A blaze that threatened to do considerable damage occurred at the residence of W. N. Desmond, rear of 231 Second street, last afternoon. The fire was caused by a small girl smoking corn silk cigarettes. Assistant Chief Wood brought a couple of the cigarettes back to department headquarters and they will be placed among the curios of the department. The fire caused little or no damage as the apparatus from station No. 4 made a quick run to the place when the alarm was turned in.

FARM PRODUCTS TAKE A TUMBLE.

Material Reduction in Nearly All Lines of Horticulture and Agriculture.

FURTHER DESCENT EXPECTED.

Astrachan Apples Are Out of Date and Oysters Are Becoming More Plentiful.

There are quite a number of changes in the local markets today. Prices of farm products have taken a fall, and a further descent is expected before they begin to stiffen. Spring chickens have lost a nickel's worth of the spring under them, but the remainder of the meat products continue firm. Oranges and lemons have gone up, raspberries, currants and Astrachan apples are out of date. But oysters are becoming more plentiful, and by another week all the varieties will be within reach.
