LOCAL AND OTHER MATTERS.

FROM FRIDAY'S DAILY

COALVILLE.—Brother Edward Stevenson writing from Coalville, on the 28th instant, sends a short account of a few days' tour around that district of country. The citizens of Morgan county contemplate building a bridge across the Weber river, in order to avoid the risk of accidents and collisions to which they are now subjected in Weber Canon, in one part of which the ordinary road and the railroad track are the same, for about a quarter of a mile. A bridge across the Weber in this vicinity will prevent the running of this risk.

At Weber City, Mountain Green, Morganville and Enterprise the 24th was celebrated with becoming honor. The grain in that section of country had promised to yield finely up to a very recent date; but the grasshoppers had made their appearance, a host of them coming together, as usual, and at Croyden, Porterville and Henneferville serious damage had been wrought by the pests.

A few cases of small pox had occurred at Coalville, but the patients had been re-

moved three miles up Chalk Creek, where they were attended by parties who had already had the disease.

Bro. Roswell Stevens, who reached Coalville on the 28th instant, from a short trip up Echo Canon, reports that on the evening before while there he found, washed down by a heavy rain to the road, from a side gulch, a boot with a leg in it, a skull with the back part blown off, a long thigh bone, and a coat, being the remains of some unfortunate, supposed to have been murdered close to the railroad track about four weeks before.

At Coalville the crops are first-rate and no "hoppers."

APPOINTMENTS.—By the Millennial Star of the 10th instant, we learn that Elder Geo. H. Knowlden and Alma Eldredge arrived at Liverpool on the 26th ult., and Elder Theodore Curtis on the 27th. They were all well. Bro. Knowlden has been appointed to travel in the London Conference, Bro. Eldredge in the Birmingham Conference and Bro. Curtis in the Norwich Conference.

A SAD OCCURRENCE.—We heard, to-day, of a sad event that occurred a few days ago at Tooele City,—namely the untimely death of a bright intelligent boy, about thirteen years of age, the son of Brother Picketts of that city. Our informant stated that the boy, who was subject to fits, was engaged irrigating in a field only a few rods from the residence of his parents. Whether his prolonged absence caused alarm and led to a search being made for him we could not learn, but such is presumable, for when found he was in the irrigating ditch, dead, the supposition being that he fell there in a fit and was drowned.

FROM SATURDAY'S DAILY.

A CALL.—We had a call this morning from John P. Candee, Esq., editor of the Bridgeport, Conn., Standard, who, after six years close confinement to his editorial duties, has taken a month's holiday for the purpose of traveling through the West by the U. P. R. R. and visiting this point. He is an old friend and schoolmate of our pioneer citizen Bro. Burr Frost. We wish him a pleasant sojourn among us.

PERSONAL.—Mr. Frederick Knowland, of New York, Agent of the passenger traffic of the Pennsylvania Central and its leased lines, including the Pittsburg, Fort Wayne, and Chicago and St. Louis railways in all this region, arrived in the city yesterday afternoon. His agency, we understand, includes thirteen States and Territories. Mr. Knowland has been for several years the General Eastern Agent of a portion of these lines in New York, and is said to be a young man of rare qualifications for such a position. His present visit is a preliminary one to examine the field and learn what is needed. He expects to establish agencies in every town on a plan that cannot fail to be successful. The railroad business, now that these western States and Territories are opened to railroad travel, must become an important interest here.

THREE MILE HOLLOW.—We wish the gentleman whose duty it is to keep the roads in good condition on the west side of the Jordan could have been in our office this morning to have heard Bishop Fred. Kesler's description of the wretched and almost bottomless condition of Three Mile Hollow and the reasons for its immediate repair. The Bishop waxed eloquent on the subject, and it was evident that he thinks it a disgrace to the county. It is nearly impossible for a loaded team to cross there. The Bishop travels the Tooele road as frequently as any person; but, he says, he cannot find the spot where the road crosses that slough, and he has tried many places both up and down. It should be repaired.

MESSAGE FOR C. E. ROBINSON.—There is a message at the Deseret Telegraph Office for C. E. Robinson, from Mount Pleasant.

MURDERS.—On last Wednesday a restaurant keeper, at Carter, on the U. P. R. R., shot and killed a railroad employe, named Summers, in a dispute about a meal ticket. The man was arrested and taken to Laramie by the Sheriff of Laramie county.

On Monday a man was mysteriously killed at Granger. A partner of the deceased is in custody charged with the murder. Three days previously two Germans got into a dispute at Bryan, and one of them stabbed the other with a small penknife, causing instant death.

HISTORICAL DISCOURSE.—The historical discourse by President Geo. A. Smith, which appears in to-day's issue, will be found one of the most interesting yet published. It contains a complete epitome of the leading events of the various stages of the history of the Church, from its organization in 1830 until the formation of a Territorial Government in Utah. All, either in the Church or out, who are interested in the origin and development of what the world terms "Mormonism" will find this discourse replete with information on this subject.

FROM MONDAY'S DAILY.

SABBATH MEETINGS.—In the morning Elder John T. Caine addressed the congregation for a short time.

President B. Young delivered an address upon the requirements of the gospel and the great necessity of strict obedience and

faithfulness thereunto on the part of the Saints.

In the afternoon Elders E. L. Butterfield and Elias Morris, returned missionaries, addressed the congregation upon their experience while preaching the gospel in the British Isles; they were followed by Elder G. Q. Cannon, who spoke a short time upon the unity of the testimony borne by the Elders and Saints and the source whence that testimony springs.

SMALL POX.—Bishop Maughan telegraphed us yesterday afternoon that one case of small pox had made its appearance at Logan. The municipal authorities were, however, taking active measures to prevent its spreading.

We have also received information that, up to Saturday afternoon, no fresh cases had occurred at Coalville.

ADDRESS.—Those wishing to write to their friends, emigrating this season, can do so by addressing, care of Messrs. Stuart and Dusenberry, Lock Box 804, Omaha, Nebraska.

RETURNED.—Brother Alfred Best returned on Saturday from a visit to the East. The purpose of his trip was to gain information in relation to his branch of business and to visit his friends, which objects he has accomplished to his entire satisfaction.

HIGHWAY ROBBERY.—We learn by the Western Union Telegraph that about one o'clock on Friday afternoon, two men named T. S. Foster and G. D. Dalton, who were on their way from White Pine to Salt Lake, were robbed at the old Antelope Station of \$1,500, a watch and chain, field glass, and horse and saddle. The robbers, three in number, concealed themselves in the station, and as the men drove up, rushed out, presented their rifles at them and robbed them of all they had worth taking.

The robbers remained at Antelope Station until a man with a family on his way from Sacramento to Montana passed by. They took from him \$250, a field glass, a shot gun, two revolvers and two derringers. They also killed an Indian.
