Scalp Humor Cured by Cuticura Soap and Ointment

#### AFTER ALL ELSE FAILED

"I was troubled with a severe scalp humor and loss of hair that gave me a great deal of annoyance and inconvenlence. After unsuccessful efforts with many remedies and so-called hair tonics, a friend induced me to try Cuticura Soap and Ointment. The humor was cured in a short time, my hair was restored as healthy as ever, and I can gladly say I have since been and I can gladly say I have since been entirely free from any further annoy-ance. I shall always use Cuticura Soap, and I keep the Ointment on hand to use as a dressing for the hair and scalp. (signed) Fred'k Busche, 213 East 57th St., New York City."

SENATOR PATTERSON.

Senator Patterson of Colorado said: The Philippines, the more you know of them the more serious appears the problem. Washington, Sept. 27.—The forest ser-lice has high published in pamphlet orm the correspondence of last sum-ier between the president and Senators Heyburn and Dubois of Idaho relative to the forest reserves in that state. Senator Heyburn took sharp exception to the government's policy, and it ap-pears, inclosed with some of his letters a, number of newspaper clippings bear-ing on the subject, some of them pre-senting its political aspects. Referring to these the president says in a letter

to these the president says in a letter dated June 13:

"The other clippings you send relate to party matters, and strive to make it appear that the forest reserve question in Idaho is a matter of political importance. Now when I can properly pay heed to political interests I will do so, but I will not for one moment consent to sacrifice the interests of the people as a whole to the real or fancied interests of any individual or of any political faction. The government policy in the establishment of national policy in the establishment of national forest reserves has been in effect for some time; its good results are already evident; it is a policy emphatically in the interest of the people as a whole and especially those of the west. I condially approve it and I do not intend to abandon it." In one of his letters Senator Heyburn

indicated an intention to appeal from the president to Congress for an adjustment of the problem. MINNIE LEE INDICTED.

By this time adherents of the coali-tion in large numbers appeared upon the scene, and their appearance resulted in a free fight between the two fac-tions. A dense mass of humanity surged in every direction, shouting and sing-ing the Marseillaise and other songs. Knives sticks and stones were used

vigorously.

Meanwhile a thunderstorm came up, and vivid lightning lit up the streets, while the thunder added a note of terror. Rain fell in torrents, and the comatants were finally dispersed by the is reported that over 40 persons

J. P. Ketchum, fireman on the R. G. R. R., residence 3721/2 south Main St., says: "Starting with a tired out feeling just across the loins, the symptoms gradually developed until it became a regular thing to have backache. The constant shaking, folting and jarring of the train aggravated the complaint and with the passing of time it grew worse and I was compelled to look for worse and I was compelled to look for scinething to bring relief. An advertisement about Doan's Kidney Pills attracted my attention just then and I went to the F. J. Hill Drug Co.'s store for a box. The treatment gradually lessened the aching until it disappeared. This should be of considerable value to those who suffer in Salt Lake City from buckache."
