CONGRESSIONAL SENATE.

WASHINGTON, D. C., 7.—In the Senate to-day Booth presented a resolution of the California Legislature, asking the modification of the treaty between the U. S. and China, relative to immigration into this country of Chinese. Referred to committee on foreign relations.

WASHINGTON, 8.—The Senate bill fixing the time for holding the Circuit Court of the United States in the districts of California, Oregon and Nevada was laid before the Senate, with the several amendments of the House of Representatives, which were concurred in and the bill passed.

Kelly, from committee on public lands, reported favorably on the Senate bill for the sale of timber lands in the States of California and Oregon, and in the Territories of the United States.

HOUSE.

Bills were introduced and referred.

By Gause, to provide a government for the Indian Territory.

By Lawrence, to give the right of action for injuries resulting from the sale of intoxicating liquors.

By Kidder, resolutions of the Dakota legislature for the organizing of a new territory out of the northern part of Dakota.

Pierce offered a resolution instructing the committee on foreign affairs to ascertain and report what action, if any, had been taken by the Executive Department of the government in relation to the connection of the U. S. Minister at the Court of St. James with the director of the so-called Emma mine, and with the prosecution of the Machado claim. Adopted.

Brigham offered a resolution, instructing the committee on expenditures in the Treasury department

to make careful minute of the method adopted by the treasury department to print bonds, notes, and securities of the government, what guards have been adopted to prevent frauds or mistakes, whether there has been any fraudulent issues of notes, bonds or coupons, and if so by whose guilt or negligence, &c. Adopted.

WASHINGTON, 8.—The Speaker called on committees for reports of a public nature.

Lynde, from judiciary committee, reported back adversely the bill extending the jurisdiction of Circuit Courts in suits against corporations. Laid on table.

Also the bill concerning cases in bankruptcy, commenced in the supreme courts of the several territories prior to the 22nd of June, 1874, and now undetermined therein. Passed.

Also a bill to repeal the bankruptcy act. The first section repeals the bankrupt act of March 21, 1867, and all laws and parts of laws amendatory thereof and supplemental thereto. The second section provides that all suits and proceedings now pending in a U. S. court, wherein an adjudication in bankruptcy has been made, shall be proceeded with and be governed by the provisions of existing laws, which are continued in force only for the purpose of closing up suits and proceedings now pending. The act is to take effect from and after the first of January, 1877.

After some discussion of technical points, the bill passed, yeas 170, nays 58.

After the passage of the bill it was discovered that there was an error in its recital of the date of the original law, being given as the 2nd instead of the 21st March. This mistake Lynde asked unanimous consent to have corrected, but Hason objected, remarking that the bill placed the whole credit class of the country in the power of the debtor class. The bill therefore goes to the Senate with that imperfection in it.

—In the Montana Legislature bills have been introduced for compulsory education and for making adultery a legal offence against the law.
