## "INDEPENDENTS" WANT A TICKET

Movement on Foot to Place Another Set of Nominees for County Offices.

## CITY SCHOOLS ARE CROWDED

And Board is After New Site for School Building—Pickpockets Busy at the Fair—News Briefs.

Ogden, Sept. 22.—There is a strong movement on foot now to place an independent ticket in the field this fall. The first step in that direction was taken a week ago, when the name of J. D. Sken was mentioned to be run on an independent ticket for county attorney. Since that time several well known gentlemen have been urging the movement and their plans have met with favor from many from both the Republican and Democratic ranks, so that they have about decided to try and nominate an entire ticket to try and win county offices. Should their plans materialize the people of this county will have plenty of candidates to choose from, as already the Republican, Democratic, Socialist and Labor party have decided to place full tickets in the field and with an independent ticket there would be five nominees for every office.

## SALT LAKE OPERA COMPANY

Greeted With Largest House of the Season in Junction City.

Ogden, Sept. 22.—The largest audience that has assembled at the Grand Opera House since the season opened, greeted the Salt Lake Opera company last evening in the production of "The Wedding Day," and the general comment of all present was "Weren't they great," and "We always enjoy hearing the Salt Lake Opera company." Last evening's performance was by far the best of any given in Ogden. Miss Emma Lucy Gates, with her charming personality and graceful appearance on the stage and her magnificent voice, captivated the audience. She was supported by Miss Jenkins, and Miss Dwyer. J. D. Spencer, George D. Pyper was simply immense and received with rounds of applause. All the solo work is of a high order and seldom if ever was a better chorus heard in Ogden stage. The opera company is highly assured of a hearty welcome in Junction City.

## NO PAIN JURY YET.

When Judge Howell adjourned court last evening until Monday no jury had been secured in the case against City Councilman Robert Paine. The special jury venire drawn Thursday afternoon was exhausted yesterday and the court ordered another venire drawn, and the following names were taken from the box: Geo. A. P. Fife, W. G. Wright, Thomas F. J. Newman, Charles H. Kline, Jr., of Ogden; David W. Hancock, George Heslop, West Weber, William Smoot, John F. T. Alford, Alexander, Henry Butler, Mariott, and John Trimble of Ogden. Shores being served summons on them to appear yesterday afternoon, and the attorneys commenced the examination of these gentlemen in the hope of finding eight men who can try the case. Three days have already been occupied in an endeavor to get satisfactory jurors to both sides, but that is a hard task as the attorneys are very technical. If a jury is accepted Monday the greater part of the evidence before them as it is very evident Atty. Henderson for the defendant is going to fight the case very hard.

## OGDEN SCHOOL BOARD

After Site for New School Building—Large Increase in Attendance.

Ogden, Sept. 22.—The report given by the board of education last evening by the superintendent was that the enrollment at the schools for the present time is an increase over last year of 225, and he expects that before many more weeks the attendance will have increased to over 5,000. Most of the schools are filled to their capacity. At the Grant school an additional room has been opened and the new school will be ready for use next week.

The matter of buying a lot on Montrose avenue between Twenty-first and Twenty-second streets facing Liberty street was discussed and referred to the committee on grounds. It bought a large school building will be erected upon it.

Levi Arthur L. Lowder applied for the position as teacher of military drill.

The treasurer reported \$2,000 in the treasury. Grace Maguire was given a scholarship at the state university.

WEBER STAKE ACADEMY NOTES.  
The academy commenced this year's work with the formal opening last Tuesday. Addresses, interesting and helpful, were made by Principal D. S. McKay and President C. F. Middleton. Commissioner Joseph Stansford and Chaplain John Watson, members of the board. Never in the history of the institution has the attendance been so large. The enrollment thus far is one-third greater than the first week of last year.

A notable feature of the large attendance is the marked increase of new students. This year the school commences at a quarter to 9 instead of 9, and the induction periods have been cut from 15 minutes to 10 minutes. This gives an additional recitation period—much needed, and which reduces conflicts to a minimum.

"THE OLD BEDSTEAD" MONDAY.  
Considerable interest is being manifested by the residents of Ogden in the latest play, "The Old Bedstead," which is one round of laughter from the time the curtain rises in the first act to the last. The old bedstead owned by Hon. Lorin Farr will be used at the play. It was made in 1849. The show was commenced today and "The Old Bedstead" will be greeted by a full house.

noon, working their graft among the large crowd who assembled to witness the horse races. The first man to lose his hard-earned money was John Grant, a farmer of Kanab, who was touched for a pocketbook containing \$42. Mr. Grant had come to Ogden with the intention of paying the taxes on his property and had this money in his pocket. He decided to go out to the fair grounds and see the exhibits and horse races before calling at the county treasurer's office to pay the money for taxes. He was deeply interested in the races and was crowded among a number of men so that he did not feel anyone take the cash from his pocket, but just as soon as he found it gone he notified Deputy Sheriff Wilson and other officers who were close by, but having no clue to work on, they could get no trace of the thief. Another man whose name could not be learned had his pocketbook, containing a check for \$125 and some small change taken, and by stopping the payment of the check he did not lose much.

## MOVES INTO ARMORY BUILDING.

The new armory building on Twenty-fourth street near Lincoln avenue is completed, and company B of the Utah National Guard has moved in. The building for the future and other furnishings will be opened September 24. The building will make an excellent home for the boys when the furnishings are all in.

## Ovation to Miss Jepperson.

Large Audience at Testimonial Concert—B. Y. University Notes.

Special Correspondence.  
Provo, Sept. 22.—There was a large audience in the Provo tabernacle last evening to enjoy the excellent concert given as a testimonial to Miss Florence Jepperson, who leaves next week for Boston, where she will continue her musical studies.

The concert was highly appreciated and especially was Miss Jepperson given evidence of the high esteem in which she is held as a singer and personally by the enthusiastic applause which greeted her appearance. The following was the program rendered:  
I. Concerto for the piano.....Technikowsky  
Prof. Arthur Shepherd.  
II. a Jephtha's Daughter.....Schumann  
b Three Maids of Cadiz.....Delibes  
c Slumber Song.....Mottel  
Miss Florence Jepperson.  
III. Concerto for Violin.....Rode  
Melody.....Thome  
Moses Gudmundson.  
IV. a The Dying Flower.....Rotol  
b Aria from Carmen.....Bluet  
c Divine Redeemer.....Gounod  
Miss Florence Jepperson.

Miss Jepperson will sing in the tabernacle Sunday at the funeral services over the remains of Mrs. Hannah M. Smith.

## B. Y. UNIVERSITY NOTES.

The agricultural society of the Brigham Young university has organized for the year with the following officers: Harold Cox, president; Frank Harris,

Wife, Thursday, "Mr. Pipp," Friday, "William Collier," Saturday, Stewart Opera company.

## LICENSED TO WED.

A license to wed was granted to Gerald J. Hagerart, 20, of Carson City, Nev., and Miss Elizabeth Van Kampen, 23, of Belmont, New York.

## BRIEFS AND PERSONALS.

Charles Snyder, general manager of the Western Ore Purchasing company of Nevada, with his wife, visited in Ogden yesterday and went on east last evening.

Mrs. Thomas W. Jones has returned home from a two weeks' visit with her son at Pocatello.

A. W. Smith formerly of Ogden, but now with the auditing department of agriculture at Washington, D. C., is spending a few days in Ogden renewing acquaintances with his old friends. He has been spending his vacation on the coast.

Charles Kircher and his bride, formerly Miss Elsie Dangers, whom he married a week ago in the east, arrived in Ogden yesterday.

Hewlett Brothers, the manufacturers of "three crown" spices, coffee, teas, etc., showed great enterprise and push by packing an excellent exhibit of their goods in a wagon, and drove at Thursday night to Ogden in order to get their exhibit at the Weber county fair. It is unfortunate some of the Ogden manufacturers haven't the same push and business ability.

## INSPECTING BRIDGES.

S. P. Engineers Will Investigate Condition of All River Crossings.

Ogden, Sept. 22.—An inspection of all the bridges on the Salt Lake division of the Southern Pacific is to be made next week by Supt. E. C. Manson, resident engineer, Thomas E. Fitzgerald, Chief Engineer, J. C. Bell and Superintendent of Bridge Construction Morris Fisher. These gentlemen will leave Ogden tomorrow in a special car and will make a stop at all bridges along the line. The trip will require several days. The officials are going to thoroughly inspect all parts of the bridges to see that they are in good condition. For the stormy weather that will set in, and any part that is found weak will be immediately repaired, thus preventing any danger of accident. There are a number of large bridges along the route that require careful attention.

# Positively Final Warning!

ONLY SEVEN MORE DAYS IN WHICH TO TAKE ADVANTAGE OF DR. SHORES' & SHORES' SPECIAL OFFER, \$1 A TREATMENT or \$15 for a Cure for All Catarrhal Diseases.

THIS SPECIAL OFFER WILL BE WITHDRAWN FOREVER SATURDAY NIGHT, SEPT. 29th.

And thereafter all cases will be taken at advanced rates—rates that will enable the Doctors to make a small profit on each case. Drs. Shores have been more than liberal—they have extended their special offer twice to accommodate the public—and have now treated at practical cost hundreds of Catarrhal patients. They have PROVEN THE NEW TREATMENT CURE: they have PROVEN 18 CURES QUICKLY AND CHEAPLY—and their purpose now is to give FREE with each full course of treatment, and the entire course, including instruments and medicines to complete a cure is \$15 only. Remember this does not mean \$15 a month, but \$15 for a cure. There is no more "treating by the month" for Catarrh, since this new discovery cures quickly and surely.

DR. A. J. SHORES.

A FULL AND PLAIN EXPLANATION OF WHAT DR. SHORES' NEW TREATMENT IS AND HOW IT CURES CATARRH AND CATARRHAL DISEASES.

## WHAT CATARRH IS:

Catarrh, in plain English, is an inflammation of the mucous membrane, the soft, velvety, skin-like substance which lines the nose, inner ear, mouth, throat and other organs of the human system. A "simple cold" is Acute Catarrh, which, if neglected, soon spreads and becomes Chronic; then follows the long list of symptoms found in the different classes and stages of Catarrhal diseases.

## HOW DOCTORS HAVE FORMERLY TREATED IT:

For many years the medical profession has labored with but little success trying to cure Catarrh. Such drugs as Menthol, Eucalyptol, Thymol, Carbolic Acid, Vaseline, and others—alone and in combination—have been tried with but little success. Unscrupulous and ignorant people have resorted to the use of "local" or "temporary" relief—many so-called "catarrh cures" contain this deadly drug—but this is positively dangerous as well as utterly useless in the long run, and no reputable physician now resorts to it.

## DR. SHORES' FORMER TREATMENT

Was always harmless, and always gave satisfaction, but it lacked PERFECTION, because many cases Drs. Shores absolutely refused to treat because they were "incurable" under the methods then in use, and the old treatment also required time and patience and persistence to bring results, and was not the PERFECT treatment. Dr. Shores declared, however, that Dr. Shores had experimented for years trying to find a combination of remedies that would cure quickly and surely, and finally succeeded, and announced the discovery of a new treatment.

The factory has been put in excellent shape for the campaign, all the old moulds have been sold to eastern firms, and as it will start up with new juice entirely, a most encouraging sign to full capacity is looked for.

## PRESENT FOR MR. DARLING.

Former Manager E. H. Darling of the Bell Telephone company was presented with a beautiful gold watch chain and chain Saturday evening by the employees of the company. Mr. Bert Simpson, who succeeded Mr. Darling as manager, made the presentation speech, in which he expressed for the employees their high regard for Mr. Darling and good wishes for his future happiness and prosperity, to which an appropriate reply of appreciation was made by Mr. Darling. He leaves next week for Nevada to engage in business on his own account.

## TAYLOR-GRIGG WEDDING.

A marriage license has been issued to Albert Grigg of Payson, and Mary Taylor of Springfield.

## SALT LAKE OPERA COMPANY TUESDAY.

A big reception is due the Salt Lake Opera company when it visits us Tuesday next, as Provo was for years Miss Emma Lucy Gates' home city. The full company will arrive over a special on the Salt Lake Route and return after the opera.

## GARDEN CITY NOTES.

The funeral services over the remains of Mrs. Hannah M. Smith will be held tomorrow (Sunday) in the stake tabernacle, commencing at 1:30 o'clock. After the services the remains will be taken to Salt Lake for interment.

Mrs. Lewis Lillywhite of this city has undergone a successful operation at the Provo General hospital for an internal tumor. Her chances for recovery are good.

Returns from a car of peaches, shipped by the Utah County Fruit & Produce company, show a price which will net the producers 50 cents a case.

T. E. Daniels is down from Logan visiting friends.

Miss Hazel Taylor, a popular young singer of Provo, daughter of Mr. George S. Taylor, left yesterday for New York, where she will take a four-years course in music under one of the leading teachers in the country.

A son has been born to Mr. and Mrs. Henry Vogel, all well.

The citizens' mass meeting, which was called by Mayor Frisby for Tuesday evening, for the consideration of the advisability of the city buying the ideal company's distribution plant, has been postponed till Thursday evening for the reason that the Democratic primaries will be held Tuesday evening.

## LEHI.

## SUGAR FACTORY STARTS UP.

Begins Biggest Run in Its History—Beets in Fine Condition.

Special Correspondence.  
Lehi, Utah Co., Sept. 22.—The sugar factory here started up at 7 o'clock this morning. The Spanish Fork plant started yesterday morning, it will take 24 hours for the juice to get to Lehi through the pipe line. The weather is ideal for harvesting and the farmers are rushing the beets into the factory. The beets are of excellent shape and quality this year, and there is no doubt that the factory will be running until after Jan. 15 to grind up the large tonnage, estimated at 112,000 tons.

## WHAT THE NEW TREATMENT IS:

To cure Catarrh, three things were necessary first, a solid antiseptic solution to thoroughly cleanse the mucous membrane, removing all foreign matter; next, a remedy that would reduce irritation and render the mucous membrane insensible to irritation; third, a medicine that would entirely restore the mucous membrane to normal condition, thus putting an end to the Catarrh. Such a combination must necessarily cure Catarrh, and Drs. Shores have discovered just the medicines that would cure quickly and surely, and finally succeeded and announced the discovery of a new treatment.

## HOW IT IS ADMINISTERED:

Drs. Shores personally administer this treatment at their office, and the charges for each thorough treatment is \$1—or the patient may be entirely cured for \$15. If they prefer a definite price for a cure, that is optional with the patient—\$1 per treatment or \$15 for a cure.

## ABSOLUTELY HARMLESS:

This treatment is guaranteed to be free from injurious drugs or medicines. It will not injure the delicate tissues of the mucous membrane, it will help all who use it faithfully, and cure in less time than any other treatment ever used. WHAT IT DOES:

It gives immediate relief, in Catarrh, Asthma, Hay Fever, and Lung Troubles. It gives quicker results in Catarrh than any other treatment. One treatment convinces the most skeptical.

\$1—A Treatment or \$15 for a Cure—To All Who Apply During September Only.

It is no longer necessary to treat "by the month"—you don't have to wait for weeks for improvement—ONE SINGLE TREATMENT WILL CONVINCE THE MOST SKEPTICAL—and \$1 is all it costs.

## ONLY SEVEN DAYS MORE. DON'T DELAY.

## WE TREAT AND CURE

## WEAK MEN PAY WHEN CURED.

Contracted Disorders	What "Weakness" Is and How We Cure It	VARICOCELE
Be sure your cure is thorough. Not one of our patients has ever had a relapse after being discharged as cured, and we cure in less time than the ordinary forms of treatment require.	So-called "Weakness" in men is merely a symptom of chronic inflammation in the prostate gland, brought on by early disipation or by the improper treatment of some contracted disease. A complete and radical cure is therefore, a question of restoring the prostate gland to the normal state, and this we accomplish promptly and completely without the use of internal remedies. Our treatment is a local one entirely. It is original and scientific, and has been proven absolutely effective by thousands of tests. We are convinced that by no other means can full and permanent restoration of strength and vigor be accomplished.	Absolutely painless treatment that cures completely. Investigate our Methods. It is the only thoroughly scientific treatment for this disease being employed.
Specific Blood Poison	No dangerous minerals to drive the virus to the interior, but harmless, blood-cleansing remedies can be moved the last poison taint.	Spermatorrhoea, Stricture, Piles, Skin and Kidney Diseases, etc., are also among the diseases we cure to stay cured.

## GRAND SUCCESS OF PEACH DAY.

Peach day, Sept. 19, was a grand success. The peaches were in excellent condition and the display at the Central school was better than ever. The Commercial club had provided about 1,000 cases, about 800 were eaten by the visitors during the day the remaining 200 cases were sold and taken away. From 9:30 to 10:30 in the morning, one train after the other came in from north, west and south all so crowded with passengers that standing room was at a premium. The last to arrive were the Salt Lake excursionists at 10:30, carried in 15 cars. The band met them at the depot and escorted them up town. Upon arrival at the Central school park an address of welcome was delivered by Mayor Holst. At the entrance of the park was the sign "Welcome to our city and peaches," all done in patches of different colors. Among those who received prizes for best display of peaches were the Valentine Fruit Co., Knudson Bros., W. O. Knudson, George W. Watkins, Thomas Slatter and Lars H. Larsen.

## M. I. A. CONVENTION.

What has been pronounced the most interesting and successful Mutual Improvement convention ever held in Brigham City, was the one held Sunday, Sept. 16. All the subjects were well and ably treated and showed that those who were placed on the program had studied thoroughly the parts assigned them. The visitors from the general board were Lyman R. Martinson and Charles H. Hart for the young men and Mae Taylor Nyström for the young ladies. Saturday evening before the convention a social and dance were tendered all mutual workers in the stake, by the stake board. The hall was crowded with young people who knew from past experience what a social time is always had at these Mutual soirees.

## JOHNSTON.

## Splendid Grazing Country Being Fast Ruined by Cattleburrs.

Special Correspondence.  
Johnson, Kane Co., Sept. 18.—This is generally called by the people of southern Utah the last or the jumping off place. However, it is a nice little valley, about a half mile in width with about 12 farms or ranches scattered up and down the valley. It is surrounded by a vast grazing country that is superior to any part of the state for sheep and goats to graze on, when it is considered that this country is a winter and summer range combined. There is a great variety of browse that sheep and goats do well on, and cattle do fairly well. Abundance of rain has been this summer, and cattle on the range are fat now.

The cattleburrs pest is growing to an alarming extent here, as it is in all parts of Utah. It damages the wool crop each year thousands of dollars. It has been thought it would be wise for the wool growers' association to ad-

## TWIN FALLS, IDA.

## ATTEMPTED MURDER.

Major Fred R. Reed Shot in Attempting to Prevent Crime.

Twin Falls, Ida., Sept. 21.—Last night a shooting affray occurred here, which Major Fred R. Reed received an ugly wound in attempting to prevent murder. All the parties to the affair are prominent. The major was backed up by M. McCollum, secretary of the Twin Falls Investment company, when they observed Thomas Costello approaching. McCollum remarked, "I am going to kill Tom."

With that he pulled a heavy gun and attempted to shoot Costello. Maj. Reed sprang upon him and wrested the pistol from him, but in the scuffle the pistol was discharged. The ball struck the major in the side and ranged downward seven inches, coming out just below the hip joint. No arrests were made and an effort has been put forth to hush it up. Costello formerly lived at Maroa, Ill., where he was engaged in the grain business. Coming to Idaho, he became interested in the Twin Falls Investment company. Bad blood arose in some manner between him and McCollum, which culminated in the attempted shooting. Maj. Reed is known all over Idaho and Washington. He is now on his way to Boise to have his wound treated.

## DUBOIS SPELLBINDERS ATTACK THE MORMONS.

Special Correspondence.

## RUPERT, Idaho, Sept. 20.—Last

evening at the Rupert Opera House, Miss Mary Ogden White of New York, accompanied by spell-binder Maj. Williams of Halley, spoke their little piece of anti-Mormonism to 94 men, women and children, although they were advertised thoroughly and to speak upon Democracy but from the very first word which was uttered by Miss White, it was against the Mormons. Not once during their two hours' talk did they mention one word as to what the Democratic platform contained or what would be Senator Dubois was going to try and do for Idaho, if he was successful in obtaining his election. Many people left the house before the speeches were over, and the leading Democrats concede that Mr. Dubois speech here last week and the ones last night have lost them 50 votes. Congressman French addressed the citizens of Rupert on Friday, Sept. 21, upon the Republican platform upon a large scale as he fought hard for the Rupert townsite bill during the last session of Congress and the people are determined to show him that his labors were appreciated and have not been forgotten.

MRS. HANNAH MARIA LIBBEY SMITH.  
Honored and Beloved Woman Who Died in Provo Yesterday and Who Will Be Buried in Salt Lake.

As stated in the Deseret News last night, Mrs. Hannah Maria Libbey Smith, the foster mother and only mother in fact that Apostle John Henry Smith knew, died in Provo yesterday morning. In all respects she was a noble woman, and one widely beloved. Her demise was due entirely to the infirmities of old age.

The deceased was of sterling Puritan stock and first saw the light of day in Ossipee, Strafford county, N. H., June 29, 1823. Her membership in the Mormon Church commenced May 18, 1844. That same year witnessed her migration to Nauvoo. On Sept. 20, 1845, she was sealed to the late President George A. Smith, by Patriarch John Smith, deceased. The year following she, with her husband, family, friends and people, said farewell to the city beautiful in that most remarkable exodus, that finally meant the settlement and reclamation of the desert wastes west of the Rocky mountains. She experienced three long years of hardship and suffering before arriving in Salt Lake. In 1852 she moved to Provo, which was her home to the end of her days in mortality. Ever industrious and generous to a fault, she had many friends. She was always active in Church work, and in the Relief society, with which she was associated from the beginning, was particularly earnest and efficient. She had five children, two of whom survive her—Mrs. Sarah M. Colton of Vernal, Utah, and Mrs. Grace L. Cheever of Provo. Her funeral will take place from the Provo tabernacle tomorrow afternoon at 1:30 o'clock. Interment will be in the family burial plot in the city cemetery at the side of the husband of the deceased.
