

UNSTINTED PRAISE FOR PREST. TAFT

Count Okuma Endorses Everything in Inaugural Address and Makes a Suggestion.

IS REGARDING CONSTITUTION.

Would Have That and Those of States Adjusted in Manner Compatible With "National Credit."

Tokio, March 8.—Count Okuma, former president of the Progressive party, has written a signed article for the Tokyo Mainichi, in which he unreservedly praises President Taft for his policy as embodied in his inaugural address. In regard to that portion of the address dealing with the treaty rights of aliens Okuma says that it would be a matter for universal rejoicing should the delicate relations between the federal and state constitutions be adjusted in a manner thoroughly compatible with national credit and honor, and the standing of the United States as a highly civilized power. In respect to the naval program as laid down in the inaugural speech, the count professes to fully concur. He writes that President Taft believes that such an outcome is an unavoidable demand of the times and ridicules the idea that it is directed against Japan. He asserts that this idea is a gross misrepresentation of both Japan and the United States which believe equally that a strong navy is the best guarantee of peace.

Regarding immigration, the count cannot entertain the idea of restriction as a principle, but he is opposed to it as a temporary measure for preventing unnecessary excitement and irritation when Japan is unfortunately the object of unfavorable suspicion.

In conclusion he says: "Japan's real motive was proven on the occasion of the visit of the fleet and it is now understood fully by estimable Americans. Local anti-Japanism is not of serious concern and will disappear when they cease to be haunted by a needless suspicion. The true American sentiment will ultimately prevail, especially under the guidance of a great fair-minded statesman of the present, President Taft."

SOCIAL REVOLUTIONIST PROTEST A FAILURE

Paris, March 7.—The Social revolutionists, as a protest against the vigorous measures of the government, tried to organize a hostile demonstration against Premier Clemenceau today at the unveiling of the monument erected to Charles Thomas Floquet, former prime minister of France.

President Fallieres, former President Loubet, many officials, together with the members of various organizations, at the first sign of unruly manifestations a large force of police took immediate steps to suppress the demonstration, a number of whom were arrested.

In a lengthy address M. Clemenceau said those who denied the existence of a government of liberty in France today were "first, the revolutionaries who desired the return of a government of oppression; second, the church, which only understood liberty as an exclusive privilege; third, the revolutionists, who charged that their liberty was being invaded, when the government was only protecting its own liberty."

REP. HOWELL MAY BE ON WAYS AND MEANS

Washington, March 7.—As the house ways and means committee will have the important duty of reporting the new tariff bill, there is some rivalry among members of the house for appointments to fill the three vacancies on the committee. The one vacancy in the committee.

publican membership, made by the retirement of Representative Bonyong of Colorado, will in all probability be filled by a member from a western state. Representative Howell of Utah, Burke and Martin of South Dakota and Cushman of Washington have been suggested.

Francis Burton Harrison of New York, although having served only one term in Congress, is most prominently spoken of to fill the vacancy on the committee membership on the committee caused by the retirement of Representative Burke Cockran of New York. It is understood that Seno E. Payne, chairman of the committee, favors Mr. Harrison's appointment, but "Champ" Clark, minority leader, declares he will not consider committee appointments until the fight on the rules has been settled.

"We may have a committee on confederates to suggest appointments," he said, "and until this question of the rules is settled, I can't say anything about committee appointments."

Representative William Sulzer of New York is also a prominent candidate for Mr. Cockran's place.

HEAVY FALLING OFF IN JANUARY EXPORT TRADE

Washington, March 7.—Last January there was a falling off of about \$50,000,000 in the total value of the country's exports, as compared with those of January, 1908, while for the seven months ending with January the total exports amounted to \$1,031,719,944, against \$1,188,000,561 in the corresponding seven months of the previous fiscal year, a falling off of \$155,000,000.

One cause of the falling off is found in our export trade, raw cotton. The average value of cotton exported in January, 1908, was 11.7 cents per pound, and in January, 1909, 9.04 cents per pound.

Another cause of the decline is the falling off in the quantities of corn, wheat and flour exported.

BLACK ASPHALTUM OIL ON WASHAKIE RESERVATION

Cheyenne, Wyo., March 7.—Reports received from Fort Washakie, north of Lander, are to the effect that a producing well of black asphaltum oil was opened up last night on the Indian reservation by the Washakie Hydro-Carbon Mining company, operated by Russell Thorpe and Gould Dietz of Omaha, E. J. Uhlhorn of Chicago and J. K. Moore of Wyoming. Although considerable prospecting has been done in this vicinity this is the first oil found in commercial quantities. Great excitement prevails.

NEGRO TAKEN FROM JAIL AND BURNED AT THE STAKE

Rockwell, Tex., March 7.—After having been identified by Mrs. Arthur McKinney as the negro who attacked her Friday morning, Anderson Ellis was taken from the Rockwell county jail here, tied to an iron stake driven into the earth and was burned to death, in the presence of about a thousand persons. Earlier in the evening Will Clark, a negro, was shot and killed when his father, Andrew Clark, refused to allow a posse to search his premises, on the assumption that Ellis was concealed there.

The burning occurred in the public square. Early Friday morning Mrs. McKinney went into her back yard and was seized by Ellis. She fought desperately, and the negro, running away, called that he would murder her should she tell of the attack. The alarm spread quickly, and the entire section turned out, joining the authorities in the chase. The search continued through Friday and Saturday and today, about 8 o'clock, he was surrounded at a farm house. Ellis made desperate resistance, and emptied his weapon at the posse without effect, and was wounded twice.

When it became known that Ellis was held in the county jail a quiet but determined crowd of men overpowered the jailer, brought the negro out and tied him to an iron stake. Cardwood saturated with kerosene was piled about him, and upon his refusal to make a statement beyond admitting his guilt in the presence of Mrs. McKinney, who fully identified him as her assailant, the torch was applied.

IS COL. ROOSEVELT CORRECTLY QUOTED?

Reported to Have Declared That United States Should Have Intervened in Hayti.

AND IN VENEZUELA ALSO

But Trouble Was American People "Simply Were Not Alive to The Situation."

New York, March 8.—What purports to be the views of Theodore Roosevelt of the attitude of the United States concerning Hayti, as expressed during his incumbency on Dec. 4, last, are contained today in a special cable dispatch to the Herald from Kingston, Jamaica, quoting a letter which Mr. Roosevelt wrote to Sir Harry H. Johnston, the British traveler and scientist and student of the negro question. In a letter Col. Roosevelt, the then president, is quoted in part as follows, with reference to the recent trouble in the black republic:

"I do not think that we shall intervene in Hayti. Of course, we ought to, but this people of ours simply do not understand how things are outside our own boundaries."

"Of course, I do not desire to act unless I can get the bulk of our people to understand the situation and to back up the action and to back up the facts vividly before them and clearly before them."

"In Panama, Cuba, Santo Domingo and Puerto Rico, it needed months or years of preparation before we could get our people to see things straight and the worst of it is that the educated northeasterners are not merely blinded but often malevolently blind to what goes on."

"We ought to have interfered in Venezuela again and again during the last seven years. We ought to have interfered in Central America and Hayti. In all three places we ought now to do something of the same kind that we are doing in Cuba, Santo Domingo or Panama, according to the exigencies of the case."

"But the Americans simply were not alive to the situation."

NO SPEED LIMIT FOR PRESIDENT'S AUTO

Washington, March 7.—No longer will the terms, "the president's carriage" and "the president's driver," be in vogue, for with the new administration come the terms, "the president's auto" and "the president's chauffeur." Automobiles will almost be the exclusive method of locomotion of President Taft and his family. The White House automobiles will have the right of way throughout the District of Columbia and will know no speed limit. Two splendid new machines already have been purchased for Congress for this purpose, and Mr. Taft has given them a thorough tryout. One is a big touring car, with detachable top and painted "dark green." This will be the car most used by the president. The other is a limousine body, painted black, and was purchased for the use of Mrs. Taft. Both bear the official coat of arms of the United States.

MANILA STREET CAR STRIKE NOT SPREADING

Manila, March 7.—The strike of the street car men in this city, which was declared March 4, has not spread beyond the railway operatives as yet, though there is still a possibility that other labor organizations will go out in sympathy. The various labor unions of the city held a series of meetings on Sunday for the purpose of organizing an effective boycott against the street railway, but a general public continues to patronize the cars as freely as has been the case since the strike was begun.

There has been no disorder. Details of the city police, armed with shotguns, are placed about the cars at night, but they had not been called upon to quell any riots.

OPERATION HER ONLY CHANCE

Was Cured by Lydia E. Pinkham's Vegetable Compound

Adrian, Ga.—"I suffered untold misery from a female weakness and disease, and I could not stand more than a minute at a time. My doctor said an operation was the only chance I had, and I dreaded it almost as much as death. One day I was reading how other women had been cured by Lydia E. Pinkham's Vegetable Compound, and decided to try it. Before I had taken one bottle I was better, and now I am completely cured."—LENA V. HENRY, Route No. 3, Adrian, Ga.

Why will women take chances with an operation or drag out a sickly, half-hearted existence, missing three-fourths of the joy of living, when they can find health in Lydia E. Pinkham's Vegetable Compound?

For thirty years it has been the standard remedy for female ills, and has cured thousands of women who have been troubled with such ailments as displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, indigestion, and nervous prostration.

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Mrs. Pinkham at Lynn, Mass., for advice. Your letter will be absolutely confidential, and the advice free.

card, which bears the name of Mrs. Orla Hume Gillette.

The police regard the case as a cold-blooded murder, and as one of the most mystifying crimes ever committed in this section. A motive is lacking, and the identity of the man supposed to be Schultz is by no means complete. Cards and other papers found in the clothes are believed to have been placed there by his slayer.

Sioux City, Ia., March 7.—Walter F.

Schultz, the victim of the mysterious murder at Alexandria, Va., has a sister living in Sioux City. She is Mrs. Almore F. Gillette. Her husband is a purchasing agent for Armour & Co. Mrs. Gillette's name is Ellen Dorothy Schultz's home was in Chicago, where his parents are living. Schultz was an artist and had been traveling for his health. He was in Washington for the inauguration. Mr. Gillette wired the chief of police of Alexandria to hold the body for further instructions. Mrs. Gillette will go to Chicago to break the news to her parents tomorrow.

GOOD-COUGH MEDICINE FOR CHILDREN.

The season for coughs and colds is now at hand and too much care cannot be used to protect the children. A child is much more likely to contract diphtheria or scarlet fever when he has a cold. The quicker you cure his cold the less the risk. Chamberlain's Cough Remedy is the sole reliance of many mothers, and few of those who have tried it are willing to use any other. Mrs. E. P. Starobor of Ripley, W. Va., says: "I have never used anything but Chamberlain's Cough Remedy for my children, and it has always given good satisfaction. This remedy contains no opium or other narcotic and may be given as confidently to a child as to an adult. For sale by all druggists."

EX-PRESIDENT AND WIFE WALKED TO CHURCH

Oyster Bay, N. Y., March 7.—Further evidence that former President Theodore Roosevelt is leading the simple life was furnished today when he and his wife came, trucking through the slush and snow to church. They had left Sagamore Hill, three miles from the village, at 10 a. m. It was with his usual rapid stride that Col. Roosevelt went along, and Mrs. Roosevelt had difficulty in keeping pace with him. Both were in their pew at Christ Episcopal church 10 minutes before the hour scheduled for services. Everyone was surprised to see Mr. and Mrs. Roosevelt come to church on foot. Their children, Miss Ethel and Kermit, were not so brave. All occupied the usual family pew. Although Mr. Roosevelt is a member of the Dutch Reformed church, he parted of the sacrament of the Lord's supper with Mrs. Roosevelt and their children. In a special prayer the rector offered thanks for the safe return to his home of the former president and for the wisdom with which he had conducted his administration. The Roosevelt family left the church before the services were over and in that way escaped receiving the greetings of those present. During the entire afternoon Mr. Roosevelt enjoyed a much-needed rest. No visitors have been received at Sagamore Hill. Mr. Roosevelt is passing his mornings indoors and afternoons out of doors. He insists on having a certain amount of exercise to keep in trim for his African expedition.
