This sentiment, uttered by the Chief Magistrate of our Nation, is un-doubtedly intended to apply as a whole to the "Christianity" and civilization of the Nation, and it is endorsed by the people—I might say to a unit. Great men, wise men, ministers, lawyers, editors, doctors and Indges, with perhaps an occasional exception, are all agreed on this point. Now let us

The people of our nation are divided into a great many different sects and parties religionally, and of the present population, 10,000,000, are professed Christians. It is that we should be like these "Christians," that the people so much desire and that our Chief Magistrate urges upon as:
