

f him. John Jaques has lived e of an upright, virtuous man and ed to exaltation in the presence this Church ceased to work they ceased to have faith, and when they ceased to ident Angus M. Cannon was the have faith they were no longer Latterspeaker. "If any man ever ed his faith by his works," said he, as Brother John Jaques. He was day Saints.

Those who are placed in office over this people are naturally interested in their welfare and are anxious that they should live their religion.

Christ's greatest suffering was that He could see what would come upon the people for not keeping the com-mandments of God. The leaders in this day have the same feeling on ac-count of the failure of some of the people to live their religion. Every man who has received a testimony of the Gospel and falls to be a worker for the cause of truth, and to keep the commandments of God stands condemned before the throne of his Elder Jeschh E Taylor restired to the amount of money that had been in missid last year for the support of the L. D. S. Grage Some that had o, on ir unsed and not set been paid. All should be interented in the main-tenance of this Church school and should live up to the promises they made It is the interflow to built a new structure, and liberal responses are being had to requests which are being male of the brotaten for money for the Support of the college. Our action in soliciting support for the L. D. S. College is under the direct knowledge and wish of President Snow. The Church is to give a deed to the land upon which the college building is to be reared, and the struc-ture is to be built by contributions raised by the committee who have the matter in charge. There is a tendency on the part of some our Sunday school superintend ents and teachers to feel that when they have attended their duties in the Sabbath schools they are under no obligation to attend the sucrament meetings in their wards in the evening as well as other meetings of this kind to grow a little cold. These young to grow a little cold. These young The error should be corrected, as it is a wrong idea. There are scores of young men who have the love of the Gospel in their hearts, but who have allowed that love to grow a little cold. These young men should be sought after and see if they cannot be brought back to their proper condition. It is the duty of the Bishops and their aides to look after this class of young men. The speaker referred to the evils of excessive dancing, and hoped something would be done to induce our young people to refrain from this evil, which is sapping the vitality from many of our young ladies lannun, and making them unfit for the duties of maternity. It is displeasing to the Lord that our people follow the fashions of the world in dress. God has revealed that our in dress. God has revealed that our dress should be plain and the work-manship of our hands. We have been gathered out of the world that we might get away from Babylon, bu Babylon has followed us and we are getting into habits that are not be-coming to Latter-day Saints. The choir sang the anthem "Praise ye the Lord, my heart shall join." Elder Angus M. Cannon then ad-dressed the congregation. Was pleased Fuller, F. hat there were so many present in contrast with yesterday's attendance. It is the Lord's will that these conferences should be held, and there should

Choir sang the hymn, "Lord, thou wilt hear me when I pray." Elder Brigham Young of the quorum

of the Apostles, referred to the bellef and expectations of infidels, and said that if we hore our testimony to them here in this life, when they reached the ther side and heard similar testimones from Elders who have departed from this life, it might lead them to investi-gate the Gospel and bring them to a degree of salvation. The Gospel will be preached in the future life and men will have another chance to listen to the teachings of the Priesthood, and to embrace the principles of the Gospel. Christ went and preached to the spirits in prison who were disobedient in the days of Noah, and the work of the Priesthood would continue behind the veil for the redemption of men and women who have died without a knowl-

pretty picture.

The doctors who compose the hospital staff very gallantly escorted the gradu-ates to their places, and the exercises were begun with a selection from the orchestra. Bishop Leonard, who of ered the invocation, and Rev. A. H. Henry, were seated on the rostrum with the young ladies.

with the young ladies. The address to the graduates was made by Rev. Mr. Henry, who began by saying, that on beholding the plc-ture before him, he was forced to the conviction that a "sojourn" at the hos-pital would be a source of pleasure rather than pain. He then became se-rious and dilated on the work of the

nurse with eloquence and feeling. Bishop Leonard presented the diplomas and the class pins, accompanied with very happy remarks. He also presented the prizes won by three gradu ates a few days ago in a bandage test. The three young ladies were Mrs. Mary Davies, Miss Slavan and Miss Raht, the prizes being very valu-able nurse utensils. The exercises were supplemented by a reception and dance, including re

freshments. THE IRRIGATION PROBLEM.

Prof. Elwood Mead and Other Experts are Investigating the Problem.

Prof. Elwood Mead, irrigation expert of the department of agriculture at Washington, is associated with Prof. George L. Swenson, of the State Agricultural college, State Engineer R. C. Gemmell, and others in the Investigation and experiment station of the irrigation system throughout the west. These officials will throw all the light of their technical skill and experience into the subject, and will search min utely in all its ramifications. The findings will be published in pamphi form, and will prove of inestimable worth to farmers, fruit growers and all who employ water as a factor in the raising of their products. Prof. Mend suggests that every farm

er in the country should have copies of the bulletins issued by the depart ment, covering all phases of irrigation and of special importance to the farm-ers of the Rocky mountain district allcations may be secured freby writing to Prof. Mead, Cheyenne Wroming
