☞ PURE ARTICLES.—Remember that Dr. Price's Cream Baking Powder has been before the public for years—is the only Powder that has proved itself worthy of confidence—that the manufacturers put into the market pure articles, and do not pretend to compete with the adulterated, injurious compounds now so extensively forced upon the people. They claim that Dr. Price's Cream Baking Powder and Special Flavorings are the cheapest, because they are the purest; and their standard for strength and purity will be maintained.
