HALL'S VEGETABLE SICILIAN HAIR RENEWER.

This standard article is compounded with the greatest care.

Its effects are as wonderful and satisfactory as ever.

It restores gray or faded hair to its youthful color.

It removes all eruptions, itching and dandruff; and the scalp by its use becomes white and clean.

By its tonic properties it restores the capillary glands to their normal vigor, preventing baldness, and making the hair grow thick and strong.

As a dressing nothing has been found so effectual, or desirable.

Dr. A. A. Hayes, State Assayer of Massachusetts, says of it: "I consider it *the best preparation* for its intended purposes."

BUCKINGHAM'S DYE,
For the Whiskers.

This elegant preparation may be relied on to change the color of the beard from gray or any other undesirable shade, to brown or black, at discretion. It is easily applied, being in one *preparation*, and quickly and effectually produces a permanent color which will neither rub nor wash off.

PER WESTERN UNION TELEGRAPH LINE.

FORTY-SEVENTH CONGRESS.

SENATE.

WASHINGTON, 14.—The House bill to rectify duties on coffee and other products of the Netherlands, which has been amended by the finance committee, to repeal the discriminating duty of ten per cent. on all products of the countries east of the Cape of Good Hope, when imported from places west of the Cape, was considered. The time at which the repeal shall take effect is fixed as January 1, 1883. The bill was then passed as amended.

The Indian Territory railroad bill was then taken up. The amendment to require consent to the bill of the general council of the Choctaw and Chickasaw Nations before it shall take effect, was rejected; ayes, 15, noes 30. The amendments offered by Plumb, McMillan and Saulsbury were accepted, and the bill passed; yeas 31, nays 13.

The bill appropriating $600,000 for the improvement of the Mississippi and Missouri Rivers was made unfinished business.

Plumb, from the committee on appropriations, reported without amendment the House bill appropriating $80,000 to supply the deficiency in the current year in the subsistence of Indian tribes; passed.

Plumb reported the House bill to supply deficiencies for the current year of $17,000 for printing stamps, etc., for the revenue department; $25,000 for the manufacture of paper for the treasury department. Also, $150,000 to continue work on the Washington monument. The latter appropriation being for the next fiscal year, and to enable the person in charge of the work to make contracts for the coming year at this time; passed.

The Senate bill to establish an assay office in Omaha; passed.

Voorhees addressed the Senate upon his resolution declaring the conduct of the State department in relation to the arrest and imprisonment by the British authorities of Daniel Sweeney and other American citizens in violation of American law, inconsistent with the value of American citizenship and derogatory to the honor of the United States.

Upon the close of Voorhees' remarks, the galleries containing many members of the Land League convention, manifested approbation.

Sherman remarked that the statute which protects the rights of foreign-born citizens had been passed by the republican party, and that party had established the right of expatriation. Upon his suggestion, the resolution of Voorhees was referred to the committee on foreign relations with a view to inquiry into all the facts of the case. Adjourned.

HOUSE.

WASHINGTON, 14.—The minority report on the anti-Chinese bill was presented. It states that the minority have determined not to report the 15 year bill, but to vote for Page's motion.

The House went into committee on the private calendar.

The first bill on the calendar, was for the relief of Edward B. Armstrong, one of the heirs of James B. Armstrong, of Missouri. After a long debate it was defeated.

The Speaker announced the appointment of Caswell Cannon, of Illinois, and Ellis, of Louisiana, as conferees on the postoffice appropriation bill. Adjourned.

To-morrow's session will be for debate on the tariff commission bill only.

AMERICAN.

Territorial Bills.

WASHINGTON, 14.—Senator Farley to day introduced copies of bills heretofore introduced in the House by Delegate Ainslee, amendatory of the laws concerning Territorial Supreme Courts, and the jurisdiction of justices of the peace in Washington, Idaho and Montana.

Senator Slater introduced copies of Ainslees bill providing for the election of all Territorial officers who are not paid by the United States, and making appropriations for various military roads in Idaho.

Peace Congress.

The proposed peace congress of American nations is not expected to assemble in November next, in accordance with Blaine's invitation, and yet, as the invitation has not been withdrawn, correspondence continues on the subject. The only States which favorably considered the proposition are Mexico, Guatamala, Salvador, Honduras, Venezuela and Hayti. Mexico at first hesitated, but has reconsidered the subject, and her minister is now authorized conditionally to accept the invitation of the United States. Her difficulties with Honduras and interest in the Panama and Nicaragua canals and other Isthmian transit schemes, make her unwilling to leave Central American States to cultivate sympathy in Washington at her expense, which might be the case, if her absence antagonized Congress. None of the States of South America accepted the invitation, and the State Department does not expect them to without renewal of the invitation.

Military Bill.

The committee will report the army appropriation bill with the compulsory retirement clause modified by striking out the proviso for the retirement after 40 years of service, which only applies to Gen. Pope. The military committee are considering the subject of compulsory retirement by means of a separate bill.

Guiteau's Guerdon.

Guiteau is out in another card: Had they (his relations) all died, he says, 25 years ago, it would have been a Godsend to me. He accuses Charles Scoville with a desire to get control of his (Guiteau's) book, and says he has already paid Scoville $275, which is more than his alleged services are worth.

Cabinet Meeting.

The Cabinet was in session two hours to-day, all the members present. The principal questions under consideration were the coming military conference in Paris, trouble with the cow boys in Arizona, and the Fitz John Porter case. The latter was finally disposed of so far as the Executive is concerned, but what action will be taken is not positively known.

Alaska.

The Senate committee on Territories has agreed to report Senator Butler's bill to create a territorial government in Alaska, the governor, judge and other officers to constitute a legislative council.

Senator Edmunds.

The Senate committee on foreign relations took up the Chinese bill, but at the request of Senator Edmunds, who has been absent several weeks, adjourned to Tuesday, to give him time to study the question.

There's Millions in It!

PITTSFIELD, Mass., 14.—The will of Thomas Allen will be probated at St. Louis and Pittsfield. The family residence in St. Louis, the homestead and several farms in Pittsfield, and all personal property in and on these are willed to Mrs. Allen. The remainder is to be divided among seven children. The estate is estimated at $15,000,000.

A Celestial Visitor.

NEW YORK, 14.—The Chinese Minister visited Governor's Island yesterday upon the invitation of General Hancock. He was accompanied by his secretary. They were both dressed in colored silk and wore their little mandarin hats with red button tops. Upon landing on the Island they were met by Captain Guenther, commander of the post, and other officers of the garrison and conducted to Hancock's house, where they were formally welcomed by the General.

Fires.

TITUSVILLE, 14.—A very destructive fire broke out this morning at 3.30, resulting in a loss of $295,000 worth of property. The Parshall House and Opera House were gutted and the Brunswick Hotel seriously damaged. The fire originated in the Opera House and in half an hour the whole building was in flames. The cause of the fire is unknown. In answer to a call from the fire department an engine arrived from Oil City. The fire is still smouldering. A colored cook named Williams was burned in the ruins. One fireman—A. Hubbard—was seriously burned. He may recover. Insurance, $35,000. The Brunswick Hotel and Opera House will be rebuilt.

ST. LOUIS, 14.—A fire occurred in a tenement house this morning, occupied by colored people. One girl was burned to death, another fatally hurt, and several others more or less burned.

PROVIDENCE, 14.—Whipple's woolen mill, Greenville, and six houses near the mill are burning. Aid was sent from here.

Wine is a Mocker.

HARTFORD, Conn., 14.—Both houses of the legislature have passed a bill restraining traffic in intoxicating liquors. The present local option system will be retained.

Postal Losses.

DENVER, 14.—Complaints continue to reach the postoffice inspector regarding the loss of money, drafts, etc., from the mail en route from Colorado to New York. The amount is estimated at nearly $1,000,000 since December. Detectives are non-plussed.

Sentenced.

ALBANY, N.Y., 14.—James Moran, of Troy, was sentenced to six months' imprisonment in the penitentiary for repeating at the Charter election. A dozen others await trial.

Life in Death.

CHARLESTON, W. V., 14.—Miss Jenkin, of Blue Creek, fell dead last Monday. After the funeral service while friends were taking a last view of the body, signs of life were observed. The corpse was taken from the coffin and taken home where indications of life are still visible.

Masonic Resolution of the Nutmeggers.

HARTFORD, Conn., 14.—The House of Representatives passed a resolution requesting the pardon of Sergeant Mason and his restoration to rank in the army; also a resolution asking Congress to take action for the relief of American citizens confined in British prisons as "suspects."

Bricks.

CHICAGO, 14.—The Brick Maker's Union, comprising nearly all the brick makers in the city, have demanded an advance of 25 cents a day. Nineteen firms have united in a letter setting forth that disaster to building interests will follow such an exorbitant scale of prices, and outside points could ship brick here and shut up all the yards in the city if the advance were granted.
