## CITY COUNCIL SESSION.

Big Bill of Damages Filed Against City  
For Recent Flood Losses.

Ogden, March 5.—At the council meeting last night claims aggregating \$30,000 were presented against the city, for losses sustained in the recent overflow of the Ogden river. Two-thirds of this amount is asked for by the Salt Lake & Ogden Railroad company for damages to its land and roadbed. The other \$10,000 is claimed by the Ogden Canyon Sanitarium company, which claims that its damage will reach \$100,000 unless the river is changed back to its former channel within a short time. It was set forth that Ogden city was negligent in the construction of the dam that gave way during the high water. The claims were referred to the law committee and the city attorney.

As the case of J. D. Sloan vs. Chief of Police Browning will be carried to the supreme court, the council voted \$200 to reimburse the chief for attorney's fees.

The council adopted a resolution requiring the poll tax collector to remit daily to the treasurer, make a weekly report to the auditor and a monthly report to the council.

The revised ordinances of Ogden were before the council in book form. It was said that some question had been raised as to the legality of the method used in passing some of the measures. The council decided to meet on Friday evening to again pass upon the whole of the ordinances so as to overcome any difficulties that may arise in the future. The question of opening Canal alley was again taken up and the council voted to reconsider its previous action. The proposition was then laid on the table, from which it will be taken at some future date.

## NO INQUEST.

It has been decided by County Attorney Harris that it will not be necessary to hold an inquest over the remains of James Godfrey, the young man who was drowned in the Ogden river.

Members of the sheriff's force went up the canyon yesterday to further investigate the circumstances of the drowning. They found several people who saw Godfrey and Miss Smith in the vicinity of the place of drowning, and did not observe any action that would indicate foul play. On their return from the canyon the facts obtained were communicated to the county attorney, who concluded that to hold an inquest would be an unnecessary expense, as all that could be learned concerning the death indicated that it was accidental, and that if an inquest was held nothing more than prove that the man was drowned could be determined. Whether his remains will be shipped to Omaha or not has not been ascertained. Another sad feature of the young man's death is that from a friend of his it was learned that he has been the main support of his mother and sisters who live at Omaha, having sent them a part of his salary every month.

## WEDDING PERMITS.

Marriage licenses were granted by the county clerk to the following couples:

Harvey N. Anderson, 27, Hot Springs, S. D., and Mrs. Emily Nelson, 20, of Pleasant Grove, Utaah.

Laurence N. Shourley, 23, of Layton, and Miss Hazel Wood, 19, of Syracuse, Davis county.

## BRIEFS AND PERSONALS.

N. Christensen will serve 15 days in the city jail on the charge of vagrancy.

Miss Clarabell Woods returned last evening from an enjoyable visit with relatives and friends in Salt Lake City.

Funeral services over the remains of William Schear will be held Wednesday at 2 o'clock at the Mount Fort ward meetinghouse. The remains may be viewed at the home of Mrs. Mary Schear, on 10th and 1st p. m.

The condition of Judge Maloney, who is suffering from pneumonia, is considered serious by the attending physicians.

Miss Bertha Hellewell has returned from a pleasant trip through the north-west and California.

George S. Corlew has resigned his position in the First National to go to Montpelier, Ida., where he will accept a job as assistant cashier.

## HOW TO REMAIN YOUNG.

To continue young in health and strength, do as Mrs. N. F. Rowan, McDonough, Ga., did. She says: "Three bottles of Electric Bitters cured me of chronic liver and stomach troubles, and I can now do all my work with ease and assist in my husband's store." Guaranteed at Z. C. M. I. Drug Store. Price 50c.

## FOUND AT LAST.

## THIRTY-TWO NEW FOREST RESERVES.

President Issues Proclamations  
Setting Aside Seventeen Million Acres of Land.

## UTMOST CARE EXERCISED.

Failure to Act as He Did Would Mean  
Lumber Syndicates Would Get  
Timber Tracts.

Washington, March 4.—Seventeen million acres of forest lands have been added to the forest reserves of the United States by proclamations issued by President Roosevelt and made public today. Thirty-two forest reservations are created or increased in area by these proclamations.

The following memorandum bearing on the subject was made public at the White House today:

"These forest reserves were determined upon and the preparation of the necessary papers ordered some months ago in two-thirds of the cases some years ago in the exercise of the duty imposed upon me by act of Congress of March 3, 1891. The utmost care and deliberation have been exercised in deciding upon the boundaries of the proposed reserves; in all but a very few cases long continued and detailed field examinations have been made, and in the remainder examinations amply sufficient to justify the proposed action."

"The necessary proclamations under existing law come before me, and the question is presented whether I should refrain from acting under the existing law because there is now under consideration by Congress a proposal to change the law so as to require congressional action upon the establishment of such forest reserves. If I did not act, reserves which I consider very important for the interests of the United States would be wholly or partly dissipated before Congress has an opportunity again to consider the matter, while under the action which I propose to take they will be preserved."

"If Congress differs from me in this action it will have full opportunity in the future to make such protection as it may desire against the discontinuance of the reserves, by executive action taken with the fullest opportunity of considering the subject itself and on its own merits. If by any chance land more valuable for other purposes than for forest reserves is shown to have been included in those reserves, I forthwith shall restore it to entry."

"Failure on my part to sign these proclamations would mean that immense tracts of valuable timber would fall into the hands of the lumber syndicates before Congress has an opportunity to act, where as the creation of the reserves mean that this timber will be kept in the interest of the home-maker; for our entire purpose in this forest reserve policy is to keep the land for the benefit of the actual settler and home-maker, to further his interests in every way and while using the natural resources of the country for the benefit of the present generation, to use them in such manner as to keep them unimpaired for the benefit of the children now growing up to inherit the land. This is the final and exclusive object, not merely of our forest policy, but of our whole public land policy."

## BANKS' CORRECT STYLES.

LOWEST PRICES.

In the series of illustrations of the coming season's styles you will notice Banks' are not cheaper than the big reliable eastern journal. They also copy the prices, if they are low enough. Ask some experienced traveler if Banks' is not the cheapest than the big stores in the east.

ward meetinghouse last Wednesday. Consoling remarks were made by B. E. R. Miles and others. Mr. Vanness was a devoted Catholic. He leaves a son and many friends to cherish his memory.

On the 2nd of last month the funeral of Mrs. Peter Anderson was held in the First ward meetinghouse, the speakers were Messrs. Olsen, C. J. P. P. and Bishop E. R. Miles, Jr.

The deceased was born at Lysander, Sweden, Sept. 20, 1826, and was married in 1857 and came to Utah in 1870. She was married Aug. 10, 1876, and died Feb. 18, 1907. She leaves a husband and two grown daughters. Deceased was much loved and respected by those who knew her.

The old folks of Smithfield had a reunion on Feb. 20, which was one of the most enjoyable ever held here.

## HILL AND HARRIMAN REACH AN AGREEMENT.

New York, March 4.—It is reported here that the agreement between James J. Hill and E. H. Harriman regarding the development of their railroad lines in the Pacific Northwest has been reached.

Mr. Hill and Mr. Harriman accepted the terms of the agreement, which was reached last week, while on the stand before the interstate commerce commission, already reached the sale to Mr. Harriman by Mr. Hill of a portion of the Great Northern's terminal property at Seattle.

Mr. Hill himself confirmed the statement that he had let Mr. Harriman into the Great Northern's terminal property at Seattle, and that he had reached an agreement had been reached with Mr. Harriman in the Seattle-Portland question. Mr. Hill said:

"Mr. Harriman wanted a portion of the terminal property in Seattle. I put a price on it, and Mr. Harriman accepted it. The Great Northern has plenty of room for expansion in the property which it has retained, and I have no reason for keeping Mr. Harriman out. I do not wish to be an unpleasant neighbor."

Asked what Mr. Harriman had done for the Hill lines in Portland in return for the concession in Seattle, Mr. Hill said:

"We needed help in Portland, and of our terminal properties in Portland six months before we started work on the new line."

## MT. VIEW, WYO.

Meetinghouse Moved to Better Location—Ward Social.

Special Correspondence.  
Mountain View, Wyo., Feb. 25.—The people here have just moved the meetinghouse from the flat to a better location, and are having a good social time and dance were enjoyed by all.

The weather here has been severe the last few days, but the health of the people is not affected. A good choir with James Overy, conductor.

## SHORT TALKS BY L. T. COOPER.

INTERNAL PARASITES.

Cooper's New Discovery has taught me many things. Not least of which is that parasites of the stomach are responsible for an immense amount of suffering. Thousands of these creatures have been brought to me by people who have taken the New Discovery and I now know that an immense amount of supposed stomach trouble is caused in reality by one of these parasites. A man or woman may be afflicted in this manner for years and not realize the true cause of their suffering. When I first sold Cooper's New Discovery, I did not know that the medicine would remove these parasites. I have since found that it invariably does so. The following letter is a fair sample of the symptoms as experienced by an individual thus affected:

"I was always tired and dizzy. My appetite was variable and a good night's sleep was unknown to me. When I awoke in the morning I had a bad taste in my mouth and a coated tongue. I heard of the wonderful benefits that were being derived from Cooper's New Discovery, and decided to try it."

"The horrible tape worm, 60 feet long that had been sapping my life away, passed from my system alive and squirming after I had taken three doses. Now I have a splendid appetite, every trace of stomach trouble has disappeared and my digestion is good. I sleep well and am gaining in strength ever 'day.' Nick Emmerick, 1344 Louis Ave., Milwaukee, Wis."

We are authorized agents for the Cooper medicines. Call and let us tell you more about them.—The F. J. Hill Drug Co., 80 W. 2nd South St.
