Political Pulls.

ALBANY, Jan. 3.—The New York Legislature was opened to-day. Governor Hill's message was exceedingly brief.

In recommending the passage of an act abolishing the power of confirmation on the part of the senate in all those cases where it is not required by the constitution itself, the

GOVERNOR SAYS:

"It is a notorious fact, that for many years the nominations sent to the Senate have not been disposed of upon their merits, but have either not been acted upon at all, or their disposition determined upon partisan or factional ground. The confirming power has virtually usurped the appointing power by the refusal to consider nominations upon their merits." The governor made another appeal for enumeration and apportionment, and says: "It is generally conceded that an enumeration followed by an honest apportionment, would unquestionably result in a change in the political complexion of the legislature of the state."

TORONTO, January 3.—The temperance party here suffered a reverse today. Their candidates for mayor and a by-law to reduce the taverns and groceries licenses were defeated by a

LARGE MAJORITY.

NEW YORK, January 3.—The republican club of this city held a special meeting tonight with 200 members present to consider a lengthy report from its committee on national affairs on the nomination of Secretary Lamar to the supreme bench. Resolutions were passed deprecating his nomination and saying: "Our opposition to Lamar is not due to the fact that he is a southerner, or was identified with the late rebellion. We do not oppose him on any political grounds. We base our opposition on the fact that he is not in sympathy with the Fourteenth and Fifteenth Amendments to the Constitution since the war, and because we believe that he is totally unfit to construe, judicially, the amendments referred to and the law enacted under the same."

THE STRIKERS.

The Situation Becoming Serious.

NEW YORK, Jan. 3.—The strike among the flint glass workers has extended from the western manufacturers to the eastern factories, and the men who left work in Brooklyn, Philadelphia, New Bedford, Boston and Corning, New York, failed to return to work yesterday or today, with two exceptions. In the east and west about 15,000 are now out. A prominent manufacturer said this afternoon that the strike bids fair to be a long and bitter one. He doubted the possibility for its conclusion in 1888.

THE COAL MINERS.

SHAMOKIN, Jan. 3.—The miners' strike went into effect this morning at all the Philadelphia & Reading Company's collieries in this section, with the exception of North Franklin Nos. 1 and 2. In addition to those at the Reading Company's collieries, the miners went out at the Pennsylvania, owned by the Union Coal Company; the Enterprise, owned by the Enterprise Coal Company, and the Garfield, owned by the Garfield Coal Company. An arrangement was effected once before between the men and Excelsior, Hickory Ridge, Hickory Swamp and Lancaster collieries, whereby the proprietors agree to pay the old rate until the strike is settled. The collieries now idle in Shamokin give employment to 5,500 men.

THE RAILROAD STRIKE.

PHILADELPHIA, Jan. 3.—The great railroad strike is still on, and it is characterized by the same determination of both sides to stand firm that it is marked it from the beginning.

During the afternoon General Manager McLeod received telegraphic information to the effect that there is considerable division of opinion among the miners, and that they are far from being a unit in their disposition to obey the order to strike. The impression prevails that there will be more mines in operation tomorrow than there are today.

A number of Italians were today put to work at Port Richmond wharves. More than five hundred Italians are now at work in the company's yard.

POTTSVILLE, Pa., Jan. 3.—Advices received today from a number of points in the coal regions show that very

FEW COLLIERIES

are working. The Reading collieries at Shamokin and all between Ashland and that place are idle. The railroad is working smoothly and little difficulty is experienced in moving freight and coal. All the engines on the Mahony division are now manned and working. At Shenandoah all the Reading Railroad miners are out.

ASHLAND, Pa., Jan. 3.—The Knights of Labor miners, at their meeting last night, decided to go on a strike, and as a consequence there is but one Reading colliery in this district working today.

PITTSBURG, Jan. 3.—The annual convention of the Miners' and Laborers' Amalgamated Association began at Everson, Pa., this morning and will continue several days. There is a large attendance and the proceedings so far have

BEEN HARMONIOUS.

SHAMOKEN, Pa., Jan. 3.—The Enterprise Coal Company has agreed to pay its miners the eight per cent. advance demanded. The miners at Neilson's shaft having failed to reach a settlement and will strike tomorrow.

MOUNT CARMEL, Jan. 3.—The proprietors of the Belmore-Morris Ridge, at Carmen Center, employing two thousand hands have agreed to pay the eight per cent. advance on the $2 50 basis pending the settlement by the Reading Company, and work will be resumed tomorrow.

POTTSVILLE, Pa., Jan. 3.—A joint committee of miners of the Amalgamated Association and Knights of Labor met in this city today and promulgated a counter-statement to that issued by President Corbin. The manifesto declares that the

DIE IS CAST

and that a general strike at the fifty-five collieries of the Reading Company will be inaugurated tomorrow morning.

Millions In It.

LONDON, Jan. 3.—The *Times* correspondent at St. Petersburg says the new finance minister's budget estimates a surplus of several million pounds. This is partly due to a decrease in military estimates. The minister's report to the Czar emphasizes the necessity of peace as a means of developing the country's resources.

Very Friendly.

PARIS, Jan. 3.—*La Liberte*, in an unusually courteous and kindly disposed article, congratulates the crown prince upon his improving symptoms. The paper expresses the hope that this will prove to the crown prince an auspicious harbinger of the new year.

The Czar to the Pope.

ST. PETERSBURG, Jan. 3.—The Czar has sent a friendly letter to the Pope in which he expresses a hope for better relations between the Greek and Catholic churches in Russia.

The New Tariff.

CHICAGO, Jan. 3.—J. S. Leeds, chairman of the transcontinental association, has forwarded to Chairman Midgley, a copy of the west-bound tariff of advanced rates on the Pacific Coast business, which it is thought will go into effect January 16th.

Opposed to Canada.

PHILADELPHIA, Jan. 3.—A mass meeting under the auspices of the National Fishery Association, adopted resolutions of sympathy for the fishermen of New England in the existing fisheries trouble, declaring that Canadian fishing vessels should be denied in our ports any rights which Canada denies to our fishermen, calling upon the President to exercise the retaliatory powers vested in him by the Forty-Ninth Congress, protesting against any re-establishment of one-sided reciprocity with Canada, and against the proposal to admit Canadian fish or other products free of duty.

Going Out.

BOSTON, Jan. 3.—It was reported today that the Washington Fire and Marine Insurance Company was about to close up its affairs and go out of business. President Sweetser admitted that the company had reinsured its marine risks in the California and Union Companies of California. The Washington has had the largest business of any company of its kind in the city. The aggregate amount of fire risks said to be already reinsured in the Niagara and Continental companies, is about $70,000,000.

Casualties.

LONDON, Jan. 3.—The Birmingham canal burst today at a point near Dudley. Hundreds of families were rendered homeless by the inundation.

PARIS, Jan. 3.—Erard's piano factory is on fire. Fifteen hundred pianos have been destroyed.

LONDON, Jan. 3.—The snowstorm on the continent continues. Several railways are snow-blockaded, compelling the stoppage of all traffic. At Bruenn eight gypsies have been found frozen to death and at Vienna several women have perished from cold.

WATERBURY, Conn., Jan. 3.—The plant of the Seymour Manufacturing Company at Seymour, eleven miles from here, burned last night; loss heavy.

WASHINGTON.

Proclamation by the President—Reopening of the Senate, Etc.

WASHINGTON, Jan. 3.—The President has issued the following

PROCLAMATION:

Whereas, The title to all that territory lying between the north and south forks of the Red River and the hundredth degree of longitude and jurisdiction over the same is vested in the United States, it being part of Indian Territory, as shown by the surveys and investigation made in behalf of the United states, which territory the state of Texas also claims title to and jurisdiction over; and

Whereas, said conflicting claim grows out of the controversy existing between the United States and the state of Texas as to the point where the hundredth degree of longitude crosses the Red River, as described in the treaty of February 22nd, 1819, between the United States and spain, fixing the boundary line between the two countries; and

Whereas, the commissioner appointed on the part of the United States under the act of January 31st, 1885, authorizing the appointment of a commission by the President to run and mark the boundary lines between the portion of Indian Territory and the state of Texas in connection with a similar commission to be appointed by the State of Texas, have by their report determined that the South Fork is the true Red River designated in the treaty, the commissioners appointed on the part of the said state refusing to concur in the said report; now therefore, I, Grover Cleveland, President of the United States, do hereby admonish and warn all persons whomsoever, claiming to act as officers of the County of Green, in the State of Texas, or otherwise, against the selling or disposing, or attempting to sell or dispose, of any of said lands, or from exercising, or attempting to exercise, any authority over said lands; and I also warn and admonish all persons against purchasing any part of the said territory from any person or persons whomsoever.

In witness whereof I have hereunto set my hand and caused the seal of the United States to be affixed. Done at the City of Washington, D. C., the 30th day of December, in the year of our Lord, 1887, and of the Independence of the United States the 112th.

GROVER CLEVELAND.

[Signed] By the President: T. F. BAYARD, Secretary of State.

The unfinished business of the Senate is the Blair educational bill, which comes up at 2 o'clock tomorrow. It is expected that it will be informally laid aside to give Senator Sherman an opportunity to make his speech on the

PRESIDENT'S MESSAGE

and that it will be again informally laid aside on Thursday, to afford Senator Voorhees an opportunity to make a tariff speech.

Senator Mitchell has given notice of his purpose to address the Senate tomorrow upon his resolution providing for a commission to select a site for a naval station on the Pacific Coast.

There are twenty-three bills reported from the Senate committees awaiting action, but none of them are pressing for immediate consideration, and it is possible that the speeches of Senators Sherman and Voorhees may be the beginning of a long tariff debate.

SPEAKER CARLISLE

was busily engaged this morning in finishing his committee assignments, although the committee list is practically completed and will in all probability be announced as soon as the House assembles tomorrow. There is a possibility of a postponement of the announcement until the following day. The committee having been announced there will be an effort to have a "bill day" immediately, but as a motion to this effect would require unanimous consent, and as many members think it would be unfair to have a flood of propositions poured into the House before the formal organization of the committees, it is improbable that the effort will succeed. In the event of its failure, the House will adjourn until Saturday, and the real work of the session will begin next Monday.

THE FISHERIES.

The meeting of representatives of the United States and British governments, appointed to consider the fisheries question which was to have been held at the State Department tomorrow, has been postponed until the 17th inst.

Secretary Fairchild today appointed Charles Wilson to be inspector of hulls at San Francisco, vice J. H. Freeman, resigned.

The Court of Claims to-day rendered a number of decisions. The case of the Mississippi Railroad Company against the United States for compensation for carrying mails before the war was dismissed.

The claim of G. W. Williams for salary as Minister to Hayti, while awaiting instructions from the Department of State, was

ALSO DISMISSED

on the ground that his salary did not begin to run until he had filed a satisfactory bond. Mr. Williams was appointed Minister to Hayti by President Arthur in the closing days of his administration, but his appointment was not satisfactory to the present administration and he was superseded before he could leave for his post.

The court rejected the claims of Israel Warner and Price Counelly on the ground that they were not loyal to the government during the war.

It is reported that the Italian government is endeavoring through its minister to this country to make arrangements with American manufacturers of steel, for furnishing armor plates for Italian war vessels, the intention being to secure a source of steel supply outside of Europe in the

EVENT OF WAR.

B. W. Hanna, who has been private secretary to the Secretaries of the Navy during three administrations, has been transferred to the bureau of equipment and recruiting.

The following is a recapitulation of the debt statement issued today:

Interest bearing debt—Principal, 1,041,791,742; interest, $12,091,801. Total, $1,053,883,543. Debt on which interest has ceased since maturity, $3,312,347. Debt bearing no interest, $634,254,815. Total debt—Principal, $1,679,183,512; interest, $12,180,193. Total, $1,691,360,705. Less reserve fund in cash items available for reduction of debt, $395,919,424. Total debt less available cash items, $1,295,441,281. Net cash in treasury, $98,813,877; debt less cash in treasury January 1st, 1888, $1,225,598,402; debt less cash in treasury December 1st, 1887, $1,240,183,052. Decrease of debt during the month, $14,584,650. Decrease of debt since June 30, 1887, $33,830,253. Cash in the treasury available for the reduction of the public debt, $292,919,424. Reserve fund, $100,000,000. Unavailable for the reduction of the debt, $24,383,288. Certificates held as cash, $37,479,964. Net cash balance on hand, $99,842,870. Total cash in treasury as shown by the treasurer's general account, $526,645,536.

NEW MINISTER.

The new Danish Count D. Sponneck, secretary of the Danish legation at St. Petersburg, has been appointed Danish minister to the United States.

Criminal Cases.

ST. LOUIS, Jan. 3.—The Chinese highbinder murder cases were *nolle prosequied* today and the four Chinamen, under conviction of murder, were released this afternoon. Two others were released four months ago on their own recognizance. They had been found guilty of murder on the confession of Cong Sing, two years ago, but the supreme court granted a new trial on the ground of want of evidence. Cong Sing went crazy and, despairing of another conviction, the prosecution entered a *nolle prosequi* and the men

WERE RELEASED.

WILKESBARRE, Pa., Jan. 3.—A riot between forty or more drunken Poles took place at Alden this morning. Anthony Spinky was stabbed five times, his arm was broken, two fingers were cut off, and his wrist was badly injured. He was left lying unconscious on the roadway and when found was removed to the nearest house. Eight others were seriously injured. The fracas resulted directly from a christening which lasted two days. The participants were drunk.

CHICAGO, Jan. 3.—Mr. Edward Bert, his wife, seventeen year old daughter, and servant, were chloroformed while asleep in their elegant home on Vernon Avenue last night, and were ransacked from top to bottom

BY BURGLARS.

Every room in the house was thoroughly searched, including the boudoir of Miss Bert, but strangely nothing is missing save a gold watch worth $350 belonging to the doctor. Over $1,800 worth of jewelry was left undisturbed.

German Gossip.

BERLIN, Jan. 3.—The *North German Gazette* denies that any court circle has proposed to establish a regency to meet the contingency of the sudden death of the Emperor William and the inability of the Crown Prince to assume the reis of power. It is not true, the *Gazette* further says, that the Crown Prince consulted Baden statesmen on the proposal that he should abdicate. Although the *Gazette's* language is emphatic, the former statement that the question of the abdication of the Crown Prince had been the subject of negotiations remains authentic. The denial is understood to have been issued under a demand from San Remo.

A decree has been published summoning the Landtag to meet on the 14th inst.

EMPEROR WILLIAM

has conferred the grand cross of the order of the Red Eagle upon Herr Von Tisza, Hungarian premier.

The Zehandburg has completed arrangements for establishing a German-Chinese bank with a capital of 20,000,000 marks.

A Papal encyclical letter to a Bavarian bishop urges the better enforcement of the concordat. It says the church has observed her pledges while the state has neglected her pledges. It is necessary to guard the religious education of youth. Secular schools are a danger to the state itself. The encyclical then proceeds to demand for the Papal nuncio an extension of the rights of priests to regulate schools.

It is rumored that the approaches made to Holland to join the triple alliance have been well received by the Dutch government. A leading Hague newspaper, the *Dogblad*, having semi-official relations with the government, advocates Holland's joining the alliance.

The Pope Interviewed.

ROME, Jan. 3.—The Pope today granted an interview to Eugene Ventlott, the distinguished French writer. After speaking in high praise of his efforts in the Catholic cause, his holiness expressed regret at the present sad condition of France, but said he was confident she would rise again to her old position in Christendom and exercise unbounded influence in the world. The Pope then referred to the state of Europe. He lamented the revolutionary spirit fomenting in many states, and said he was preparing two encyclicals dealing with socialism, the license of the press and the great power of universal suffrage, which he considered

TERRIBLY MENACING.

The Pope gives his jubilee gift of money to St. Peter's treasury to be expended in propagandism. The artistic articles will be placed in the museum of the Vatican and the objects of worship in the vestry of St. Peter's.

The Pope addressed the Pilgrims today in the presence of the whole court. After expressing joy at the cohesion of the Catholics, the Pope said: "You have not given faith to those who, with voices of calumny, try to persuade you that the Pope is the enemy of Italy. The Popes have always been the greatest friends and benefactors of Italy. You, like ourselves, are convinced that the Church, by her holy mission, ought to be independent of whatsoever terrestrial authority; that the Church is a

DIVINE INSTITUTION

and that to try to reduce its interests to a question of the laws of Italy can only be the result of the most deplorable blindness."

The address was greeted with enthusiastic applause.

Marriage.

WINCHESTER, Va., Jan. 3.—Charles C. Rogers, United States Navy, was married this morning in this city to Miss Alice Walker, daughter of General J. G. Walker, the ex-Confederate soldier.

Why It Was Done.

DUBLIN, Jan. 3.—The *Telegraph* declares that the opposition of the farmers to the plan of Lord Londonderry to hunt in the County of Meath, was the only reason for it being proclaimed under the crimes act. The viceroy, it says, was recently hunting in that county and the farmers' convention resolved not to allow hunting over their farms. The county thereupon was proclaimed. In regard to the proclamation of Dublin, the *Telegraph* says the obvious intention of the government is to intimidate the press.

A Big Miss.

CITY OF MEXICO, Jan. 3.—St. Louis and Chicago people have bought the famous Santa Ana silver mine in Sonora. The property, being flooded, was abandoned in 1812. Since then efforts have been made to pump out the water but all operations were abandoned on account of hostile Indians. The new owners have sunk a shaft and expect soon to reach a point directly underneath, where the richest ore was taken out in ancient times. If the rich deposit is struck the mine will be thoroughly pumped out.

Brace Up.

You are feeling depressed, your appetite is poor, you are bothered with Headache, you are fidgetty, nervous, and generally out of sorts, and want to *brace* up. Brace up, but not with stimulants, spring medicines, or bitters, which have for their basis very cheap, bad whisky, and which stimulate you for an hour, and then leave you in worse condition than before. What you want is an alterative that will purify your blood, start healthy action of Liver and Kidneys, restore your vitality, and give renewed health and strength. Such a medicine you will find in Electric Bitters, and only 50 cents a bottle at A. C. Smith's Drug Store. (3)

Their Business Booming.

Probably no one thing has caused such a general revival of trade at A. C. Smith & Co.'s Drug Store as their giving away to their customers of so many free trial bottles of Dr. King's New Discovery for Consumption. Their trade is simply enormous in this very valuable article from the fact that it always cures and never disappoints. Coughs, Colds, Asthma, Bronchitis, Croup, and lung diseases quickly cured. You can test it before buying by getting a trial bottle free, large size $1. Every bottle warranted. (3)
