CATTLE QUARANTINE FOR WYOMING.

UNLAWFUL LEASE OF INDIAN LANDS.

PRESIDENT GONZALES READS HIS MESSAGE.

HOG CHOLERA RAGING IN NEW JERSEY.

CATTLE FOUND SWIMMING IN THE SEA.

THE RAILROADS, ETC.

**Cattle Quarantine.**

CHEYENNE, 16.—In accordance with the governor's proclamation and the law of Wyoming, the territorial veterinarian and executive committee of the stock association, to-day issued a circular to the railroads and the public generally, stating in substance, that no cattle brought from the States east of here will be admitted without passing a quarantine of 90 days or longer as may be judged necessary. This action is taken in view of the fact of contagious diseases of a dangerous character in Eastern localities, and this is made public to save loss and detention to shippers, and the possibility of an unintentional violation of the law by railroads or individuals. The circular is as follows: "In order that all interested may be advised in due time and thereby a violation of the law be prevented, and money and time saved to stock owners who intend bringing meat cattle into Wyoming, the undersigned hereby bring to the knowledge of all the facts that the governor of this Territory on the 7th of August last, did issue a proclamation pursuant to, and by virtue of the laws of this Territory, whereby he did declare and establish a quarantine on the southern and eastern boundary lines of this Territory, and said proclamation absolutely forbade the entrance of any and all cattle shipped wholly or in part, by rail from the State of Texas; also, any and all other cattle through which might exist the possibility of bringing any contagious disease into this Territory. The veterinary laws of the Territory forbid, under heavy penalties, the entrance of any cattle from whencesoever until they shall first be inspected by the Territorial veterinarian, and a clear bill of health given them. The authority to exercise all the above powers, to decide on the condition of cattle, the possibility of their bringing disease, and the length of time they shall be held in quarantine, is vested in the Territorial veterinarian, which office is now filled by Dr. J. D. Hopkins of Cheyenne. In view, therefore, of the known fact of the existence of contagious diseases among meat cattle in various States east of Wyoming, and to the end that all contagious diseases shall be kept out of the Territory, and cattle seeking admission will be subject to a quarantine of 90 days or longer, unless a shorter time shall be found to be safe, subject to the discretion of the veterinarian. This circular is to advise you of the measures adopted, and also to prevent loss to individuals and to caution corporations and individuals against incurring the penalties provided for a violation of the Territorial laws to which this circular refers, all of which will be adhered to in all strictness. Signed: Executive Committee of the Wyoming Stock Growers' Association; Thomas Sturgis, Secretary; Jas. D. Hopkins, D. V. S., Territorial Veterinarian.

**Unlawful Lease.**

ST. LOUIS, 16.—In the case of Col. E. C. Boudinet against Robt. D. Hunter, A. G. Vann and M. L. Bowman, well known cattle men, to recover $1,000 as penalty for attempting to lease the grazing lands from the Cherokee Indians in violation of the U.S. statues Judge Brewer of the United States Circuit Court to-day rendered a decision on the demurrer of the defendants, that their attempt to negotiate a lease of the lands was no violation of the statute and dismissed the complaints. Hunter and associates leased some 6,000,000 acres of land from the Chief of the Cherokee Nation for grazing purposes, and although Judge Brewer states in his decision that the validity of the leases obtained and the question whether they can be vacated was not before the court, the defendants consider they have won a great victory, and that the decision to-day virtually settles the question of their right to lease land from the Indians and they will go on and establish their ranches and graze their cattle. Four other suits against the same parties, involving the same question, were ordered to follow this case.

**Mexican Congress Opened.**

CITY OF MEXICO, via Galveston, 16.—President Gonzales read his message to Congress, which opened to-night. The message congratulates the nation upon the almost unanimous election of Gen. Diaz to the Presidency and upon the satisfactory relations with foreign nations and the peace at home. The President expects a quick consummation of the reciprocity treaty with the United States. He will recommend to Congress an extension of the time of the treaty permitting the crossing of the boundary line by troops pursuing savages. A preliminary basis of diplomatic relations with England will immediately be submitted to Congress. The executive considers them equitable. Tee commission will also soon sail for China and Japan to develop Mexican commercial interests. Subventions to steamship lines are recommended amplined, and the contracts with the Alexandre Steamship Company extended two years. The message dwells upon the development of the railways and telegraphs, colonization and harbor improvements, and reviews the nickel question, stamp law, bank fusion and consequent $20,000,000 loan, effected May 81st. A new tariff will soon be submitted to Congress. There was a long civic and military procession to-day, and a display of fireworks to-night.

**Hog Cholera.**

PHILADELPHIA, 16.—The *Record* to-morrow will say: In every county of Southwestern New Jersey, the hog cholera is raging, and the spread is so rapid, and the rate of mortality so large, that farmers are greatly exercised about it. It is thought it first appeared at Pemberton, where it is still an epidemic. In Atlantic county and along the coast it is especially severe. Senator Gaskill, whose farm is near Pemberton, gives as his opinion that the disease is not the true hog cholera, but something more of the nature of pleuro-pneumonia in cattle, the hogs' lungs being effected. The cholera is likely to run through the entire State.

**The Railroads.**

At a meeting of the railroad superintendents to-day, in order that future meetings of the organization may come together better prepared to handle the business, an executive committee was chosen to decide the business meetings in future. Resolutions were adopted that whenever employees were discharged for sufficient causes, the superintendent of the road should notify all the other superintendents in the association of the discharge and the cause therefor.

Chicago, 16.—The weekly railway conference adjourned at 1.30 o'clock. The general plan submitted by the committee for the formation of four pools on the California and Colorado business, two east and two west of the Missouri river, was adopted by a unanimous vote. The meetings then took up the consideration of the continuance of the tripartite pool, and the relations it would sustain to the new combination if it was allowed to continue in force. The discussion of this point was only entered upon when the meeting adjourned. An officer of the Union Pacific stated after the close of the session that the tripartite certainly would continue in force, through certain changes might occur in its workings to conform with the plan of the new pool. Other officials declare that the continuance of the tripartite, if insisted upon, will probably result in a defeat of the organization of the proposed pool.

At the afternoon conference the formal adoption of a pooling arrangement to cover the Colorado and California business was decided upon, contingent, however, upon a settlement of the Nebraska business—a rearrangement of the tripartite pool to meet the wishes of the Omaha roads. The general conference then adjourned and the Omaha roads took up the discussion of the Nebraska business. Vice-President Potter, of the Burlington, made a proposition for a pooling of the Nebraska trade, the Burlington to receive its pro rata of the Nebraska business, and also the local traffic of the Union Pacific, waiving all claim to the competitive business of the Union Pacific in Nebraska. This was voted down. The Northwestern then moved that the Burlington receive its pro rata of all the local and competitive business of the Union Pacific, and this was also voted down, the Rock Island & St. Paul voting in the negative. The conference then adjourned till to-morrow. An official of the Burlington road to-night said the present outlook did not appear favorable to any immediate adjustment of the pending difficulties.

**Destroyed by Fire.**

NEW YORK, 16.—Late to-night a fire broke out in the drying room of A. S. and W. J. Nichols & Co's manufactory, 157 and 159 East 128th street. The fire spread rapidly and the entire building was consumed. The firm are marble and slate mantel manufacturers, and although they had but little stock on hand the loss on the building and machinery amount to $200,000. The adjoining building, 157 East 128th st., occupied by Mr. Calvest as a sash and blind manufactory, was also consumed. A falling wall crushed in the roof of Wm. Caldwell's stables. The horses were previously removed. The roof of Mount Morris theater was fired, but the theater employes extinguished the flames before much damage was done.

**Swimming in the Sea.**

QUEBEC, 16.—Captain Hazelton, of the bark *Hollinside*, from London, July 29th, states that on July 31, while off Portland, Great Britain, after a fog he saw a large number of live cattle swimming in the sea; also a quantity of wreckage. He picked up a life-boat with a gold streak running around the rim, and marked "Brittannia of Newcastle." The stern of the boat was cut down on the port side, as if by a collision. He sent out a boat in search, but could find no trace of any living person. The captain believed that there had been a steamer wrecked but a short time before, as the cattle seemed quite lively.

**Suicide of a Lunatic.**

PHILADELPHIA, 16.—A special to the *Times* from Reading, says: Mrs. Ann Rutter, of Paradise, a religious maniac confined in the county hospital, to-day deliberately set fire to her clothing and burned to death. She beat off those who attempted to save her. Portions of her body were burned to a crisp. She imagined she was offering herself as a sacrifice to the Lord.

**Drowned.**

DENVER, 16.—Harvey Taylor, W. P. Compill and Miss Maud Reed were drowned yesterday while crossing the Grand River, near Grand Junction. They were all interested in stock-raising, and were returning to their ranges when the accident occurred.

**Stranded.**

NEW ORLEANS, 16.—The British steamship *Jeranos*, Captain Rees, which cleared for Dunkirk on Friday with a cargo of 96,000 bushels of wheat in bulk, went ashore alongside the west end of the Jetties. She is lying in a dangerous position. Efforts will be made to float her.

**Incendiarism.**

NEW YORK, 16.—A letter from Havana, dated Sept. 11th, is as follows: "An attempt was recently made to burn Matanzas. Three fires were started simultaneously, one in the Theatre Esteban, another in the sugar stores of Oritz Gorostiza & Co., and a third in the cottage of Mr. Font. All the fires were promptly discovered and extinguished. Bandits started them for purposes of pillage. Twenty-five arrests have been made in connection with the fires."

**Attacked by Banditti.**

VALPARAISO, via Galveston, 16.—United States Minister Logan and family arrived to-day at Angel, Chili. The express train upon which they were passengers, was attacked near Caihue by bandits, who also attempted to wreck the train. The courage of the driver prevented its destruction and the robbers were foiled.

## FOREIGN.

THE MEETING OF THE EMPERORS.

A TRIPPLE ALLIANCE PROBABLE.

THE FRANCO-CHINESE WAR.

THE GORDON EXPEDITION UP THE NILE.

THE CHOLERA.

**The Three Emperors.**

ST. PETERSBURG, 16.—The *Journal de St. Petersburg*, which speaks with semi-official authority, says: The event at Skiernivice dominates the whole political situation. The meeting of the three closely united sovereigns accompanied by their confidential statesmen indicates that the policy of peace is no question now of formal alliances or special agreements, but this meeting will confirm the understanding already happily existing on all great questions in order that every question outside the present *status quo* may find the monarchs acting conjointly where their interests coincide, effecting harmony where they differ, to preserve order, law and peace, and respecting the rights of all, but keeping a watchful eye on those who disturb the existing order of things, the anarchists who prowl about in the dark and aim to destroy institutions.

The three Emperors, wearing Russian uniforms, to-day inspected the Russian regiments of which the Emperors of Germany and Austria are honorary Colonels. After the inspection, the Emperors march at the head of their respective regiments and formally saluted each other. The Czarina viewed the scene from the balcony of the palace. The Emperors' staffs and suites attended the gala performance at the theatre this evening.

WARSAW, 16.—At the grand banquet last night, ninety persons participated. The Emperor William conducted the Czarina to the table, the Czar and Emperor Francis Joseph followed next. The Czarina was seated at the center table with the Austrian Emperor on her right and the German Emperor on her left hand. The Czar sat on the opposite side of the table. On his right hand sat the Grand Duchess Marie Paulovne, and next to her Prince Bismarck. There were no toasts, but at the instance of the Emperor William the three monarchs drank wine together.

London, 16.—A Vienna dispatch to the *News* says: While the three Emperors were hunting at Skiernivice, their three premiers were in conference, and there is reason to believe a triple alliance is concluded. The same dispatch says the Austro-Hungarian cabinet will be convened upon the return of the Emperor. The Emperor will go from Skiernivice direct to Castle Hesrata to witness the military manouvres at Dusseldorf. The Empress and General Von Moltke have already arrived at the Castle Henrath.

Berlin, 16.—The Czar will in a short time return the visit of the Emperor of Austria.

**The Cholera.**

NAPLES, 16.—Confidence is reviving in the city, and the gloom and depression are sensibly diminished. New cases in the past 24 hours, 470; deaths, 167.

Madrid, 16.—At Tarragona 30 cases and eight deaths by cholera the past three days. At Borjas six deaths, at Charta one death.

Paris, 16.—The receipts of the fete in this city for the cholera sufferers was $20,000.

**The French War on China.**

The *Times* correspondent at Foo Chow telegraphs: Five of the French vessels have returned to Maison. Great indignation is felt at the death of the lieutenant of the *Zephyr*. The French are more severely censured than the Chinese. The public is agitated at the condition of affairs. Meetings are being convened to urge mediation or the French will march on Pekin. Complications are occurring daily which are certain to involve the neutral powers. The correspondent comments on the weakness of the armament of the English fleet, as compared with the French squadron. The French, he says, can fire eight guns to the English one, and their crews number five to one. England, he concludes, whose interest in China are 8 per cent of all the foreigners there, is the only power not making preparations for possible war.

The Foreign Office has written a letter to the Chamber of Commerce, Glasgow, stating that the British Consul at Shanghai has formally advised the Chinese authorities that it would be to the interests of commerce to reconsider the contemplated blocking of the river at that port.

**The Gordon Expedition.**

CAIRO, 16.—Gen. Lord Wolseley has ordered the formation of the expedition.

In the event of the Nile route being adhered to for the Soudan expedition, eight battalions will go to Berber, three remain there, the other five to push on to Khartoum. Two others will guard the line of march to the rear border.

Suakim, 16.—Yesterday 200 Hadendowas attacked 20 policemen and 50 Arabs, a convoy of provisions and 30 women. Major Chermsides dispatched assistance, but the rebels in the meantime had been completely defeated. A nephew of Osman Digna with 60 other rebels were killed. The friendly Arabs lost 20.

## BRIEF TELEGRAMS.

PHILADELPHIA, 16.—The international cricket match ended to-day. Score, second innings, Canadian, 151; United States, 121. Total scores: Canadian, 330; United States, 230.

Buffalo, 16.—Base Ball: Buffalos 7, Philadelphias 4.

Detroit, 16. — Detroits 2, Providences 4.

New York, 16.—Oscar Strasburger, of the firm of Oscar Strasburger & Co., importers and commission merchants, was to-day declared a lunatic by the sheriff's jury. His stock in business is valued at $1:5,0.0, outstanding amount $230,000, debts $280,009.

Kansas City, 16.—Daniel O'Leary started to-night to attempt to walk 400 miles in 100 consecutive hours at the National Block Building. He will soon go into training for a six day's match with F. P. Weston, which will probably occur in New York or San Francisco.

Baltimore 16.—The Italian consul E. De Merolla, left this city two weeks ago and has not been heard from since. He was a prominent merchant and stood high socially. Financial trouble is supposed to be the cause. He owed $30,000 borrowed money. The sheriff this morning attached all the goods of the wholesale house of E. De Morella & Co.

Auburn, N. Y., 16.—There has been found in Cito, confined in a filthy pen in a nude condition, a woman 60 years of age and a lunatic from birth. She owns considerable property. She has been kept in her present condition from economy of relatives. The name of the woman is Angeline Hoyt.

New York, 16.—The Commission appointed by the President in accordance with the act of Congress to examine into the best means of promoting the commercial relations between the United States and the South American countries, held its first meeting at the Custom House to-day. George H. Sharpe presided. There were so few in attendance that an adjournment was taken to the 29th.

Johnstown, Pa., 16.—A notice is posted at the Cambrian Iron Works announcing a reduction of wages from 10 to 20 per cent.

Binghampton, N. Y., 16.—The strike of 700 cigar rollers in this city for an advance of five cents per 100 throws out of work over 3,000 people. G. A. Kent & Co. absolutely refuse the demands. Other shops are disposed to give the raise, which will restore wages to the same as received last spring before the cut down.

New York, 16.—Mrs. L. F. Walsh has applied for a warrant for the arrest of her husband. She showed a letter postmarked Albany, written to convey the impression that he had committed suicide. She said he was a coachman employed in Yonkers, and had eloped with a laundress named Sarah Cogle, formerly in the service of the Morosini family. The coachman and laundress eloped a short time after the Morosini affair.

Detroit, 16.—This morning Gen. Logan and party left Grand Rapids for Detroit, coming here via Allengen and Kalamazoo. The towns were out to welcome him, and everywhere there was great enthusiasm.

Springfield, Mass., 16.—President Seely, of Amherst college, has declined the nomination for governor by the prohibition party. He told a reporter he was very much surprised when informed that he had been nominated.

Falmouth, Ky., 16.—John G. Carlisle was re-nominated for Congress to-day.

Portland, Me., 16.—The State constitutional campaign committee has decided to organize at once State, county, city and town leagues, for the enforcement of the new constitutional prohibitory law.

Augusta, Me., 16.—Mr. Blaine will leave here on his Western trip on the 4 o'clock train to-morrow afternoon. Senator Frye will accompany him as far as New York. Blaine will spend Wednesday night in Boston and the following day will attend the Massachusetts State fair at Worcester. He will arrive in New York on Tuesday night.

Washington, 16.—Captain Healy, commanding the revenue steamer *Corwin*, has made a report regarding the cruise of that vessel in Alaska waters. He speaks of his efforts to prevent the smuggling of liquor and breech-loading arms to the natives at Point Hope in exchange for whale bone, and suggests that the Collector of Customs in San Francisco be instructed to limit the allowance of those articles to each whaler.
