AN INSANE STRANGER.

Sheriff Harmon went to Colton yesterday and brought dowh a man about 20 years of age, who gives the name of Peter Peterson, which he explains is a translation of his name in Turkish, of which nationality he is. Peterson has a bankbook from the First National bank of Fresno, Cal., where he says he was at work in a store. The book shows that he had \$190 deposited there, which he drew out when he left, which is

some time ago. Peterson does not re-member when, and the sheriff says the bankbook does not give the date. This leads him to believe that the bankbook may be fictitious. Peterson states that he is on his way to Denver and that he went to Scofield by mistake and then came back to Colton. There he tried to commit suicide by getting his head be-tween the buffers of the cars and was arrested. He talks sensibly at times, but claims that he is a free man and does not want to be detained. He tried desperately to get away from Sheriff Harmon on the train by attempting to jump through the window. The unfor-tunate man will have an examination as to his sanity today.

WINTER HARD ON SHEEPMEN.

Labor Union Organized -- Electric Light Plant Under Repairs.

Special Correspondence.

Montpeller, Bear, Lake Co., Idaho, March 25 .- The snow is settling quite rapidly but even at the present rate. it will be three weeks or a month before it will all be gone and the ground ready for spring working. The protract-ed winter together with the light crops last season makes it rather hard on the farmers, but thus far there have been no heavy losses of cattle, though the flockmasters have suffered considerably.

The health of the people is not as good as might be wished, there being several aliments of various kinds rather prevalent among the people, especially the school children. A few stubborn cases of scarlet fever are still found lingering in our midst, and a case of smallpox has recently been reported, but it is thought no one has been ex-posed, and that there is no danger of its spreading.

ORGANIZE LABOR UNION.

A labor union has been organized in our little village with Matthew McB Thompson as president, and a strenu-ous effort is being made to force all laboring men into the union and to have complete control over the question of labor and wages. Thus far, however, only a few have been induced to join. The electric light plant, which was form, only 10c at the Deseret News double cutter. Book Store.
