

safe. My idea was that this should not be made public against Beecher without him having the recantation letter to meet the charges. I meant that they should both be presented together or destroyed together. I knew from Tilton's expression to me that if the letters were destroyed he would never follow up the accusation against Beecher. He said he would save his family from disgrace at all hazards." Witness was closely questioned as to his action in the present case, with the view, evidently, of showing him to be an interested party.

WASHINGTON, 20.—Garrison denied, emphatically, that he ever said he knew any names upon the list shown him by Sypher; all such reports were false as hell, if he might be a lowed the expression. Beck, Kasson and Niblack severally expressed willingness for witness to use emphatic language in the case. Witness further said Irwin advised him not to attempt to get his Brazilian subsidy through with out money; he (Irwin) said he was using large sums, and every time that Stockwell came to Washington it cost him a hundred thousand or more.

Ex-Mayor Hall telegraphed that he never said that any member of the committee was implicated, he never heard anybody say so.

Schuyler R. Ingham, of Chicago, testified that he received \$10,000; he only spoke casually to members in advocacy of the subsidy; he divided the money with no one.

The President sent a message to Congress, to-day, calling especial attention to the armament of the sea coast defenses. He urges the necessity of such action as will put the fortifications in such condition as regards armament that they will be ready for any emergency, and encloses copies of the reports of the chief of ordnance and of the board of ordnance officers on the trial of the eight inch rifle guns, converted from the ten inch smooth bores, as indicating an economical means of utilizing the useless smooth bores and improving the armament.

CHICAGO, 20.—The managers of the Chicago and N. W. and Milwaukee and St. Paul R. R., in conference here to day, agreed on steps to secure a modification of the Potter law.

The managers of the Michigan Central R. R., to-day, withdrew from the combination known as the Saratoga convention of R. R.'s, and it is rumored that the combination is broken.

BOSTON, 20.—The market for wool continues steady and firm, but the movement continues quite unimportant, buyers purchasing only in small lots as wanted, but with light stocks in the hands of manufacturers a more active movement is looked for at an early day. Prices are unchanged. Sales of X medium and XX Ohio have been at 53 @ 57; XXX and pick lock are held at 50 and upwards; Wisconsin and Michigan fleece have sold at 49 @ 53, with little of any kind offering under 50; combing and delaine selections 55 @ 62; according to quality; pulled wools have been in fair demand, with sales ranging from 40 @ 57, according to quality, including super and X. In California wool there is no change; fall is saleable for low prices only.

TRENTON, N. J., 20.—The Democratic caucus nominated Gov. Randolph for U. S. senator.

ST. LOUIS, 20.—King Kalakaua left for San Francisco this morning by special train, via the Missouri Pacific railroad. On his arrival at Jefferson City Governor Hardin and a committee of the legislature met the King and escorted him to the legislature, where he was welcomed by the presiding officers of each house, and afterwards proceeded on his journey. He expects to reach San Francisco on the 26th.

SAN FRANCISCO, 20.—The recent heavy rains throughout the State will insure good crops. Communication by railroad and stage is interrupted in many places by high water. The Los Angeles and Anaheim railroad has received damage requiring ten days to repair. The C. P. R. bridge across American river, near Sacramento, is damaged so that trains cannot cross. The Sacramento Valley, and California and Oregon Pacific are impassable. The water is reported to be five feet deep in the streets in Marysville. Valia is flooded. Overflows are reported at various points in the Sacramento and San Joaquin Valleys.

There was a duel yesterday in the suburbs of this city between Paul Zecchi, an ex-confederate officer,

and Ives, a northern man, a resident of Georgia visiting here. The cause of the duel was that Zecchi during the war was instrumental in the execution, as a spy, of the brother of Ives. One shot from Zecchi hit Ives in the shoulder; the latter fired in the air. Zecchi demanded another shot, but Ives refused, when Zecchi attempted to shoot himself, and was disarmed by the seconds. The police are investigating the matter.

A fire this evening destroyed a number of frame buildings at the corner of Mission and Evans Sts.; Fourteen horses were burned. Peter White is reported to have perished in the fire while trying to save the horses. Loss from twenty to thirty thousand.

May lives are reported lost by the flood. At Marysville three children are known to have perished in one house. Some of the principal buildings have fallen. The wreck of property is extensive. There is no communication with the city except by water. Yuba city is under water.

CHICAGO, 21.—A Washington special says that there is quite an effort to magnify the President's message, transmitting the recommendations of the ordnance office for arming the coast fortifications, into a warlike document. There seems to be no foundation whatever for this. It is quite apparent that a Cuban ring of some strength is operating, both here and in New York, and for this reason all reports from here at present, not strictly official, should be received with much suspicion.

Another dispatch says the house has sent a journalist to jail, and in so doing has established a very curious precedent; he was sent there, not because he had refused to answer any question, but because he was impertinent in answering a question. All but the 14 members who voted against the resolution have decided that an impertinence to the house is to be punished by imprisonment at the pleasure of the house. Witmore has been ill for some weeks with slow malarious fever; his physician said that he last night was in a quite serious condition, and it is thought possible that the excitement coincident to the events of yesterday have disturbed his mind. The committee on ways and means, after the precipitate action of the House, fearful that they had punished a man for that which may possibly prove to be a disease, directed the sergeant-at-arms to procure skillful physicians to examine his condition.

The Tribune this morning says there is no longer any doubt that the Saratoga combination is dead. The Michigan Central has entirely withdrawn from it, and is now acting independent. Neither Mr. Jay nor Mr. Strong went to Cleveland to attend the meeting of the commissioners yesterday. The war between the various lines heretofore belonging to the combination has already commenced, and lively times are in prospect. All the lines are cutting, and it is currently reported that contracts have been made during the last day or two for freight to New York at 35 cents per 100 pounds on fourth class, and 30 cents to Philadelphia. The Baltimore & Ohio has, as yet, taken no hand in the issue but will undoubtedly come to the front before the fight is over. There was a conspicuous absence of the managers of the trunk lines at the Cleveland meeting yesterday, and without doing anything at all they adjourned to meet Feb. 3, in New York.

NEW YORK, 21.—The Times, referring to yesterday's scene in Congress, says—"It is difficult to see how the dignity of the House is to be vindicated by depriving this poor thing, Wetmore, of the slender remains of his mind."

Further financial trouble at Chicago is anticipated, the paper of the Chicago Fourth National Bank having been dishonored here yesterday; two other of the strongest Chicago national banks, yesterday, withdrew their entire deposits from their New York agencies. Among the paper held by the suspended Cook County bank is a heavy amount made by some New England Life Insurance Company, name unknown.

AUGUSTA, Ga., 21.—General McButler's residence, Edgefield county, South Carolina, was burned recently; an incendiary has confessed that a colored militia captain, named Tennant, hired him to fire the building. A warrant was issued for the arrest of Tennant, but

he resisted the colored constable, who called upon Gen. Butler for a posse; the General and eight men accompanied the constable to Tennant's retreat, and fired upon him; the fire was returned, and three negroes were wounded, two mortally. Tennant and his partisans fled. Trouble is apprehended.

WASHINGTON, 21.—The Hawaiian Reciprocity Treaty is almost completed, and will be ready for signature in a few days. It admits free to our ports sugar, rice, tropical fruits, pulse, undressed hides and fancy woods, the product of the Islands, but not coffee or wool; and on the other hand, it admits free into the Hawaiian ports our own products, except spirits, wines, tobacco and cigars. It will be submitted to the Senate probably within a week, and there is a fair prospect that it will be approved.

Richard B. Irwin appeared before the Ways and Means committee to-day, and submitted the following list of persons to whom he paid money: Chas. Abert \$7,000, O. J. Averice \$10,000, J. G. Berrett \$10,000, E. H. Carwick \$2,000 or \$5,000, A. B. Corwine \$3,000, L. E. Chittenden \$5,000, B. H. Cheever \$5,000, N. G. Fant \$12,000, John W. Forney \$25,000, Sam'l A. Hatch about \$20,000, S. R. Ingham \$10,000, Wm. Moran don't recollect, Alex. W. Randall \$10,000, John D. Rice \$25,000, William B. Shaw \$15,000, Charles H. Sherill \$500, John G. Schumaker \$300,000, A. H. Whiting \$100,000. This list included all persons employed by him, and he knew only two others employed, Wm. S. King, to whom he paid \$125,000, and R. C. Parsons, who received \$10,000, both by order of Stockwell. Witness was here excused till to-morrow on account of ill health. Schumaker was excused until Irwin's examination is completed. Congressman Sypher testified that he never furnished a list of congressmen to anybody, the list given to Garrison was of Southern congressmen, who he believed would vote for the Mexican steamship bill.

LANSING, Mich., 21.—The legislature in joint session, to-day, elected Isaac P. Christianity U. S. senator, the vote standing, Christianity 67, Chandler 63, Bagley one.

SAN FRANCISCO, 21.—Salinas Valley is under water, and great damage to property but no loss of life is reported.

A snowslide in the mountains near Genoa, Nev., buried forty Chinamen, wood cutters, twenty-eight of whom were killed.

FOREIGN.

LONDON, 18.—The Times says that the Shah of Persia has granted a railway concession to the Russian General Falkenhagen, notwithstanding his existing concession to Baron Reuter; the latter has lodged a protest at Teheran, and the Times says that Earl Derby has instructed the British minister to Persia to support the protest formally and officially.

The steamer Faraday arrived at Portland. She will refit at Gravesend and resume operations on the direct cable.

The Standard's special from Rome says that serious alarm is again felt in regard to the Pope's health; he is suffering from chills.

W. E. Forster, in a public speech at Bradford, to-night, alluding to the U. S. suggested that the centennial exhibition would afford a good opportunity for discussing the patent laws. He did not think the withdrawal of the proposed reciprocity treaty would greatly injure the Canadian trade with the U. S. He referred to the retirement of Gladstone with regret, and earnestly hoped that he would not altogether quit political life.

In the case of Rubery, against Sampson, the late city editor of the Times, for libel, in charging the plaintiff with complicity in the Arizona diamond fraud, a verdict was rendered against Sampson, with 500 pounds damages.

LONDON, 19.—A Berlin correspondent telegraphs that the Vatican asks the Prussian Bishops whether the means exist of filling the vacant Prussian dioceses without infringing on canonical or Prussian laws. It is supposed the inquiry is made on account of the large number of vacant livings which the church is unable to fill under present circumstances, and the consequent decrease in the number of students in the theological seminaries.

Canon Kingsley is dying.
