NEXT FIGHT AT POCATELLO.

Walkerville Pet is Anxious to Get Even With the Hard-Hitting Mose -"Giant Coglan."

Pocctello fight fans will, in all probcollity, see a flerce, fast fight in the roped arena on the 27th of this month. If the plans of S. J. Kelley of this city are carried out, there will be a third meeting between Jerry McCarthy and Mose Lafontise at Pocatello on the date mentioned. Kelley has been keeping the wires hot during the last few days hurling challenges at Mose in behalf of Jerry, and now it looks like the fight will take place. This pair of welterweights have faced each other welterweights have faced each other in the squared circle on two occasions and both times Lafontise was returned the winner. Once on a foul and another time on a knockout. Since that time Jerry has improved about 150 per cent, and is now willing to bet all he has that he can beat Mose. He has been simply crazy to get at Mose, and will not be content until they meet again. Kelley has made a proposition to meet Lafontise at Pocatello and Kel-ley will deposit \$100 to bind him to the contract. He stipulates that the men weigh in at 3 stipulates that the men weigh in at 3 o'clock on the afternoon of the contest at 146 pounds and the purse to be di-vided 60 and 40 per cent or 75 and 25. A reply is expected from Lafontise within the next 24 hours. Whether this hout falls through or

Then he was matched with the Harlem Coffee Cooler, This fight was a hard one while it last-ed. But at the end of the first round the Coffee Cooler took such a delight to the punching that was coming his way that he began clinching his arms around Coghian's knees and holding on. He ran Coghian to the ropes and shoved him through, so that he fell over into the boxes. As soon as he climbed back the Cooler roughed it again, and a lot of dark-colored back-ers climbed itno the ring. Razors were flying in the air, and the police stop-ped the bout. The announcement was made last evening that President H. V. Croll of the Utah Automobile club, and Secre-tary Bateman of the D. A. & M. society had held a meeting, the object of which was to arrange a program of auto events and lay the matter before the directors at their next meeting. The machines will be given positions according to the horse-power of each.

SCHOOL ATHLETES MEET.

First Session of the Year Officers Are Elected by Students.

Yesterday afternoon there was a meet-ing of the high school athletic association, called for the purpose of electing officers to serve during the ensuing year. This is the first meeting of the association this year. The officers chosen were: Croyden Higgins, president; Frank Holm, first vice president; Ray Weller, secretary; Ben Harris, treasurer; Earl Havenor, press agent. The board of di-rectors is composed of Groesbeck, Wolf, Hanson, Clive, and a member to be chosen from the East Side high school. The visit of President Smith and par-ty was indeed a feast for the Saints from beginning to end. The only bad feature of the occasion was the weath-er. It was cloudy and cold during the whole of the time and resulted in a kill-ing frost on the morning of Sept. 15. All tender vines were killed on that date

Gardiner Will Play With East Benchers. A report which, however, has not been verified, is that Freeman Bassett, last year's captain of the National Guard football team, and Earl Gardiner, a for-mer plyer on the famous high school team, will be students at the University of Utah this year, and will also be mem-bers of the football team. It has de-veloped that this pair of husky gridhron heroes have been up to the university inquiring as to the amount of study was required to become an active student of the institution. Neither would admit that they were candidates for positions on the team, and Coach Holmes says nothing on the subject. But wise ones smile and say that both will be seen in this sea-son's line-up.
