Ephraim, Sanpete Co., Aug. 7.—On Tuesday evening the citizens of Ephraim met in mass meeting on the call of Mayor J. P. Christensen to consider a proposition to furnish Ephraim with electric lights made to the city council by the Big Spring Electric Light company of Fountain Green. The mayor stated that the city officers did not feel disposed to assume any responsibility in this matter without first consulting the people. The electric light company desired to sell some stock in the company to Ephraim parties and furnish the city with light, and furthermore wanted to know how many street lights Ephraim would like as an inducement for them to extend their line down. Prices of lights were quoted and other explanations given.

After considerable discussion pro and con, a motion was unanimously adopted advising the city fathers to contract with the electric light company for the best number of lights.

Brigham City, Boxelder Co., Aug. 7.—Yesterday Mr. T. F. May and Miss Ella Jagers, two of Willard's accomplished young people, obtained permission from the county clerk to unite their future interests.

EUREKA.

SERIOUS MINE ACCIDENTS.

John Ormond Crushed Between Cars—Judge Booth's Lecture.

Special Correspondence.

Eureka, Juab Co., Aug. 6.—The new I. D. B. Church was crowded to the doors last Sunday to hear Judge Booth of Provo, by members of all creeds. For nearly two hours the learned gentleman kept his audience interested in his forceful argument on the "Spirit of Education." The orator gave a brief history of the "Mormon" people in Utah and pointed with pride to the high station they held in the arts, music and literature. The full church choir, under the leadership of Prof. Owen Howe, sang several beautiful selections. It is to be hoped that Judge Booth will again

expressed the appreciation of the people for the faithful labors of the building committee.

Sister Alice K. Beebe, its president, in behalf of the Relief society, presented the ward with the carpets, on the aisles and stands and the drapery of the pulpit.

Miss Elita Smithson, in behalf of the ward choir, presented the new hall a handsome organ.

Little Miss Lily Warner, in behalf of the Primary association, also with a fitting speech, presented the ward with a handsome silver sacramental service, consists of two pitchers, four cups, and four plates.

Elder Chas. Freestone, in behalf of the Y. M. I. A., presented the ward with portraits of the presidents of the Church, from President Joseph Smith to President Joseph F. Smith.

Miss Leola Evans, in behalf of the Y. M. I. A. of the ward, presented pictures of the Savior.

The choir rendered some choice selections, anthems and hymns, appropriate to the occasion. The remarks were spirited and full of good cheer. Each member of the Bishopric responded to the speeches of presentation. Elder Andrew Peterson, moderator of the conference of the Stake Academy, and Elder Wm. D. Johnson and Charles M. Layton of the stake presidency, also made addresses. Opening prayer was offered by Brother Wm. J. Packer, superintendent of Sunday school. The dedicatory prayer was offered by President Andrew Peterson, and Elder John W. Marks offered the benediction.

Eighteen years ago the Y. M. I. A. association led out and erected a little adobe house. Thirteen years ago the Saints of Layton were constructed a splendid brick edifice which has become an extension of the good people of Layton ever since. Today they dedicated a house to some extent in accordance of their aspiration, but not in advance of their achievement of it. One year ago the people voted to sustain the building committee, who furnished their labor and presented the building to the Saints and were discharged today. The meetinghouse cost \$7,000 furnished with chandeliers and seated with chairs. The little ward of 40 families, 25 only have paid an average of \$30 to the fund.

The beautiful structure dedicated today is 36,870 feet in dimensions, with an annex of two rooms at the north end, 12,244 feet. The ceiling of the main structure is 22 feet, and the annex is an elliptical arch. There are three stories one rising a few inches above the other, and immediately behind the speakers' stand the choir have their seats, with organ in the north end of the building. The house is constructed of red brick with painted shingle roof, grey stone foundation, and is considered one of the handsomest edifices in the territory of Arizona.
