Dr. FOOTE, Senior,
Of 120 Lexington Avenue, New York,
Hereby cautions the public NOT to Employ or Communicate With a man styling himself "Dr. Foot, Jr." without making due inquiry.

This man came to Salt Lake City representing himself as the son of Dr. E. B. FOOTE of New York, the well known specialist, as abundantly proved by affidavits. As rumors came into Salt Lake City from Dakota and Montana from an exposé made there, he changed his base and represented himself as the son of a more noted specialist in New York City than Dr. E. B. FOOTE, the well known author. Mr. JOHN F. TROW, of the well known Trow's Directory, in New York City (forty years in the directory business), Ex-Governor FRANK FULLER, of Utah, and the Hon. ABRAM WAKEMAN, for many years Postmaster in New York City, also Surveyor of the Port, gave their affidavits that there are no other doctors in New York by the name of FOOT or FOOTE, excepting Dr. E. B. FOOTE, the the author of "Medical Common Sense," etc., and his two sons, Dr. E. B. FOOTE, JR., and Dr. HUBERT T. FOOTE. The genuine Dr. FOOTE, Jr., will hereafter always employ the initials, E. B., in designating his name. Heretofore he has been known not only at home but wherever his publications have been circulated by the name of Dr. FOOTE, Jr. Greater care will be taken hereafter, in view of the fact that an unprincipled person has assumed to profit by his and his father's reputation.

Those desiring *further and more detailed information* in respect to this matter, will receive it by addressing **Box 414, Salt Lake City, Utah.**

Persons having information of advantage to plaintiffs will kindly communicate the same to J. W. Ivey, with Sutherland & McBride, Salt Lake City.

Those desiring to consult Dr. FOOTE professionally or to order remedies should address either

Dr. E. B. FOOTE, Sr., or Dr. E. B. FOOTE, Jr.,
120 Lexington Ave., New York.
Consultation Free, in person or by letter.

EVENING NEWS.

BY TELEGRAPH.

PER WESTERN UNION TELEGRAPH LINE.

AMERICAN.

Wired from Washington.

WASHINGTON, 11.—The Second Comptroller of the Treasury has made a decision denying the motion of the counsel for the Baltimore and Ohio R. R. Co., that the accounts of that company for the general transportation of soldiers and supplies during the civil war be re-opened. The application was based on the ground that the company was subjected to extraordinary damages and expense in executing the business of the Government and was therefore entitled to a more liberal compensation than was allowed at the time the accounts were settled. The Comptroller declined to re-open the accounts for the reason that they had already been settled and because no new evidence was presented to justify such a course. He also made the point that the property of the company, instead of being jeopardized by the business of the Government, was in fact protected thereby.

To-day was a very busy day at the White House, and the President received a larger number of visitors than on any day since his return. Among the prominent callers were Secretary Bayard, Assistant Secretary Porter and ex-Senator McDonald. The President held a public reception in the East Room in the afternoon, lasting nearly an hour.

M. Hopkins, of North Carolina, will be Minister Resident and Consul General of the United States at Liberia. Irwin Dagan will be supervising inspector of steam vessels for the sixth District.

The following fourth class postmasters were appointed to-day:

Arizona—At Bueno, Frank Delaney. Montana—At Flat Head, Primus Bader. Oregon—At Tillamook, Maggie C. Fearn.

Rev. Moses A. Hopkins, of Franklinton, N. C., appointed minister to Liberia, was born a slave in Montgomery county, Va., and after gaining his freedom pursued a course of study and was graduated at Lincoln University, Pennsylvania, in the class of 1874 and also graduated at the Auburn, New York, Presbyterian Theological Seminary. In addition to his services as a Presbyterian clergymen he has been engaged in educational pursuits and was principal of the State Colored Normal School at Franklinton, N. C., for several years. He was highly recommended for the position by the Governor and other officials of North Carolina and by other men of prominence, including a good many clergymen and representative colored men of the country.

RESIGNATIONS ASKED FOR.

General Rosecrans, Register of the Treasury, has asked for the resignations of Wm. P. Titcomb, Assistant Register, and Hartwell Jenison, Chas. Mall, Arthur Hendricks, J. H. Beatty and N. B. Walker, chiefs of divisions in the Register's Office. The resignations are demanded, the Register says, so as to secure an unbiased judgment and a cordial co-operation in any changes that may be necessary for the good of the public service. The Register has found that the officials whose resignations he has asked are not in sympathy with him in the reforms which he proposes in his office, and for that reason desires to replace them with men upon whom he can rely.

A BREEZY CORRESPONDENCE.

In the controversy raised by the accounting officers of the Treasury in regard to the disbursements of the Court of Alabama claims and the authority under which they were made, a breezy correspondence has been started with First Comptroller Durham by ex-Senator Cresswell, counsel for the United States before the Court, whose salary Durham has suspended. Cresswell spreads upon his letter copious extracts from the debates in Congress when the matter was under discussion, showing the almost unanimous opinion that his compensation ought to be by a fixed salary, and that $8,000 was agreed upon by the motion of Senator (now Secretary) Bayard. "The inference is inevitable," Cresswell says, "either that Bayard and his *confreres* did not know the meaning of their own language, or that Comptroller Durham is in error."

SETTLING ACCOUNTS.

Colonel John S. Williams, the Third Auditor of the Treasury, to-day addressed a letter to the Secretary of the Treasury, stating that on the first day of May last, when he assumed the duties of the Third Auditor, it was notorious that the business of the office was largely in arrears, the cause being that the force was not sufficient for the proper dispatch of the work. The Pension Department was nearly a year behind in its examination and settlement of accounts of pension agents, involving a sum of $75,987,885, and the miscellaneous accounts against the government, including the State war claims, amounted to $15,587,774. Some of the work in the collections division was over two years in arrears. In the horse claim division over 11,000 claims were pending and unsettled, involving $1,716,396. The unsettled accounts of Army Quartermasters and Commissaries amounted to $5,548,298. The unsettled accounts of engineers amounted to $5,556,880, making a grand total of $104,328,017.

SETTLING ACCOUNTS.

In the short space of four months ending on August 31st and without increasing the clerical force Auditor Williams says the accounts of all the Pension Agents have been examined and settled up to the first of June last and the clerks in the division are now examining and settling the accounts of the last quarter, which is the current work. As showing the improvement in the working capacity of the clerks in that division he says that during the months of May, June, July and August 1884, there were examined and settled accounts aggregating $16,234,580. In 1885, the same clerks with perhaps three or four exceptions, examined and settled accounts aggregating $75,105,778. These figures make their own comment.

In the horse claims division, 613 claims have been adjusted or rejected, involving $76,275, besides carrying on a large amount of correspondence necessary for the proper disposal of the remaining cases. During the same period in 1884 200 cases were disposed of, involving $27,774.

The accounts of the quartermasters, commissaries and engineers are up as far as it is possible for them to be, and the clerks in these divisions are now engaged in current work.

The claims division, collections division and horse claims division are the only ones in arrear, and the character of the work necessarily precludes the possibility of it being done promptly. This is explained on the plea that in almost every case information is required of other officers and outside sources, which often involves a long delay. Auditor Williams says it is due to the clerks in the office to say that with few exceptions, since the present auditor's incumbency, they have been faithful and efficient. The improvement in this respect is simply wonderful. As a consequence of the large amount of work that has been performed the whole business is in a very satisfactory condition. The Auditor says in this connection, however, that it may be stated that since the 4th day of March there appears to have been an astonishing improvement in the health of the clerks. Last year out of 159 clerks there were 1,696 sick days. To-day the Auditor knows of only two clerks who are absent on sick leave. As a result of the improved condition of the business of the office is the fact that greater efficiency has been obtained. The third auditor recommends a reduction in the clerical force. The law now provides for 158 clerks. There are now six vacancies by resignation which need not be filled. The services of 12 more clerks can be dispensed with without injuring the public service, making a total reduction of 18 cleaks.

Admiral Jouett's Entertainment.

Second Comptroller Maynard has written a reply to Rear-Admiral Jouett in regard to the item of $4,000 paid for the entertainment of visitors to the flagship *Tennessee* at the New Orleans Exposition, in which he reviews the whole question in the light of the points raised by the Admiral in defense of the expenditure. He takes issue with the Admiral on the point that the expenditure could properly be made from the Naval Contingent Fund and quotes from a decision made by Attorney General Devens showing that "contingent expenses" as used in the appropriation acts mean such incidental, casual expenses as are necessary, or at least appropriate and convenient in the performance of duties required by the department or office for which the appropriation is made. The Comptroller says he has been unable to find any law which requires either the Navy Department or any officer of the navy to entertain public officials at the expense of the government, and adds that he cannot assent to the Admiral's statement that it has been the practice of accounting officers to allow such disbursement or extraordinary expenses. But whatever the practice in his respect may have been, he says, it will be conceded that if it was unlawful it cannot be too promptly discontinued. The Comptroller adds that the records of the Treasury Department will bear him out in the statement, that from time immemorial it has been the practice where a public officer had received money belonging to the government to which he was for any reason not entitled, to make a stoppage in his account until the amount illegally received has been made good. In concluding, the Comptroller suggests that the Admiral bring suit for the [illegible] at his pay withheld, and [illegible] the whole question.

The Railroads.

ST. PAUL, 11.—The General Managers of the lines forming the Transcontinental Association held a meeting this morning. Another effort was made by the representatives of the Southern and Central Pacific to have the matter of the award of percentages referred to the Presidents of the lines for final settlement, but this was defeated by a majority vote. They then offered a resolution to have the general agents make out a balance sheet showing the operations of each line, but this was also defeated. A resolution was then adopted by a majority vote that each line should make out a statement of its claim against the Southern Pacific for each of the six months from January 1st to June 30th, and draw on that pool for the amount due. Stubbs, of the Central Pacific, notified each road not to make out such drafts, and also notified them that if the drafts were made out they would not be paid. By an agreement made at the previous meeting among the lines, the business for July, August and September was amicably adjusted, the agreement being that the settlements for these three months should be based on the earnings for the previous three months, and not on the award of percentages made by Messrs. Bogue, Ford and Gray.

The general managers' meeting then adjourned subject to the call of the chairman.

The general freight agents also held a meeting this morning, but nothing but routine business was transacted. The association will hold another meeting this afternoon to hear the representative of Mr. Sherb, of California, relative to the shipment of oranges East, after which the association will adjourn subject to the call of the executive committee and also subject to the 30 days' notice of withdrawal by any line. As yet no such notice of withdrawal has been given.

Opposed to Civil Service.

NEW YORK, 11.—The Tammany Hall general committee at its meeting tonight passed resolutions relating to civil service reform, demanding from the State and Federal Authorities the complete redemption of the pledges made by the Democratic party at the late Presidential election to secure to the people of the State and Nation an efficient, capable and honest public service; protesting against any legislative or administrative measure which may tend to create a permanent officeholding class in this country; denouncing all attempts to grant a life tenure of office to any body of public servants, as the first step towards the subversion of those doctrines of equality which have been the safeguard of the Republic; declaring that appointments to office should be made on the untrammeled and undivided responsibility of the public officers chosen by the people for that purpose, and answerable to their constituents for the manner in which they have discharged their trusts; that the custom of irresponsible boards or commissioners, vested with authority to control or interfere with the exercise of the power of appointments by the elective officers, is an abridgment of the powers conferred on the chosen servants of the people, and condemning it as an unwarrantable invasion of public rights and an undemocratic and indispensable restriction of the vigor and effect of the suffrage.

Miners' Convention.

INDIANAPOLIS, Ind., 11.—At the National Convention of Miners to-day, resolutions were adopted favoring the total abolition of the system of contracting for convict labor when brought into competition with free labor; the adoption of the two weeks pay system, and the abolition of the truck system in all its forms. It was also resolved to secure to the members of the National Federation of Miners and Mine Laborers justice and equality in every legitimate way. A general suspension of mining coal in the United States and Territories for one week at a date as early as possible was approved. A recomendation was adopted to the effect that on all general questions arising within the jurisdiction of the association ten days' notice shall be given the miners, provided the operators grant the same courtesy to them. Principles of arbitration were favored in preference to strikes. After defining the duties of the executive board, which is to be the supreme governing body of the organization and providing for the revenues which are to be raised by a monthly assessment of one cent on each of the members and twenty-five cents dues from each to be collected this year before November 1st, the convention selected its officers.

Smallpox.

MONTREAL, 11.—There were five deaths from smallpox in this city yesterday. Ten authenticated new cases were reported.

Troy, N. Y., 11.—Two cases of smallpox were detected at the depot in this city this morning.

BRIEF TELEGRAMS.

Big Bear was tried at Regina yesterday on the charge of treason and felony, and found guilty. Sentence was deferred.

It is reported that the boiler of the Spanish cruiser *Castella* at Cadiz, has exploded. The *Castella* is the largest cruiser in the Spanish navy.

Lieutenant Davis, in command of the 300 scouts stationed at El Paso, Texas, awaiting orders, has been instructed to proceed to Fort Bowie, Arizona, immediately.

General De Gourcey, the French commander in Anam, having asked for authority to depose the youthful King of Anam if he thinks necessary to do so, has been granted the fullest liberty of action.

A Lima dispatch says: A steamer arrived here yesterday from the south. She brings the news that Ica, which is occupied by the government troops and volunteers, still holds out. Caceros' forces have been obliged to abandon their advanced positions at Canta owing to want of provisions.

A Constantinople dispatch says: The United States man-of-war *Quinnebaugh* will sail for Smyrna on the 16th inst. The vessel was detained at the arsenal at Pera to make the necessary repairs. The Sultan declined to allow payment for the repairs and Mr. Cox, United States Minister, thanked his Majesty for the courtesy extended his countrymen. Cox had his first interview with Said Pasha, Grand Vizier, concerning the tariff laws, which affect the trade with the United States.
