

FRAGMENTS.

There is a letter for William Mott at President Taylor's office.

A bundle of papers has been found. The owner can get it at this office.

H. H. Jones, James Sharp and W. W. Riter left for Soda Springs this morning.

U. S. Marshall Dyer will probably commence his official duties about the first of next week.

The wrestling match between Cudde and MacMillan comes off in the Opera House to-morrow evening.

Sixty carloads of cattle, from Deseret, Millard County, will pass through this city on Friday morning, en route to various points east.

J. H. Parry & Co., bookellers and stationers, have received *The Wasp*, *Puck*, *Harper's Weekly*, *Harper's Bazar* and the *Atlas Californica*.

Quite a number of maps are required to exhibit the workings of the mines in the Eureka-Beck suit before the Territorial Supreme Court.

C. W. Stanner, Esq., will lecture in the Fourteenth Ward Assembly Rooms this evening at 8 o'clock, the subject being, "Fundamental Religion in our Schools."

Lottie Perkins, the negro woman who was convicted on Saturday of vagrancy, and who was released on \$400 bail, failed to appear for sentence this morning, and the bonds were forfeited.

Frank Wilson was fined \$5 in the police court today for drunkenness. He pleaded guilty to a charge of disturbing the peace, but on his promise to conduct himself properly in the future, judgment was suspended during the pleasure of the court.

In the Territorial Supreme Court this morning, Judge Sutherland commenced the opening argument for the plaintiffs in the great mining suit of the Bullion, Beck and Champion Mining Company vs. the Eureka Hill Mining Company. The hearing of this case will probably last the entire week.

W. F. Haight, who assaulted W. F. McKelroy, a couple of weeks ago, came into the police court yesterday and entered a plea of guilty. The effort made to turn the matter up and give McKelroy satisfaction outside of the court evidently did not succeed, and Haight paid a fine of \$12.50.

The crop of strawberries at Plain City, this year, is a very good one. Potatoes are looking well and there is promise of a good yield. Some very early varieties are now coming into the market. Apples, however, will be a failure, some of the trees being almost barren this season. Our Plain City friends, however, are as happy and industrious as ever.—*Ogden Herald*.

A paragraph appeared in Saturday evening's News regarding a small dog having fallen into some ice cream that was offered for sale at Liberty Park on Friday. The cream belonged to a woman who had it on the grounds, and not to either Mr. T. H. Morrison or Mr. F. Mortensen, who furnish such delicious cream for pleasure seekers at the Park.

On Saturday a lady went into Jennings Brothers' meat market, where she laid down a parcel containing one pair of lady's and one pair of children's shoes. Some one picked it off and carried it off, probably by mistake. The party will confer a favor by returning it to the meat market, or by leaving it at this office for the owner, who can ill afford to lose it.

On Saturday afternoon Thomas H. Bullock, of Plain City, was arrested in the Salt Lake beer hall on Fifth Street, on the charge of unlawful cohabitation. He appeared before Commissioner D. W. Feltzaw this morning, pleaded guilty and was bound over to await the action of the grand jury with sureties to the amount of \$1,000.

M. H. Morgan, a soldier from Fort Douglas, had a preliminary examination before Justice Fyfe today, on a charge of assault and battery upon Mrs. Kulak. The occurrence took place on June 10, when Morgan, who was drunk, approached Mrs. Kulak, and, without provocation, slapped her in the face. The defendant was allowed to go upon depositing \$50 as security for his appearance, to answer to the action in the next court.

May Carter and her husband H. Carter, who were to have appeared for trial in the justice's court yesterday afternoon to be tried for keeping a house of ill-fame, did not present themselves. The woman is also charged with enticing a girl to become an inmate of her house. The couple could not be found in the city, so their bondsmen, E. Tuffs, of Salt Lake City, and A. Smith and P. Held, who reside out of town, were notified that the suit for which they had been security was liable to be declared forfeited. They appeared, and were granted until Monday next, at 2 p. m., to produce the women. Telegrams have been sent in various directions in the hope of capturing the women.

LOCAL NEWS.

The "Exponent."—The latest number of the *Woman's Exponent* has reached us. Its contents are worthy of attentive perusal, being instructive and entertaining. They are: The Legend of the Passion Flower, Faith; Some Hard Questions, Lulu Greene Richards; Celestial Marriage, Joseph F. Smith; A Golden Wedding Day, Emily H. Woodmansee; An Address, etc., Dr. B. S. Barney; Fault-finding, Hyscinthe; No Chance for Prodigal Daughters, Helen Williams; Home Axis, including an interesting account of the Editor's sojourn in the east; Editorial: Response of the Mormon prisoners; Another Strong Testimony, H. M. Whitney; Reflections upon Governor West's visit to the Penitentiary, M. E. K.; Bones and Incidents at Winter Quarters, Helen May Whitney; Correspondence: Society Intelligence and Varieties.

"Gilaonite" Company.—Secretary Thomas has issued a certificate of incorporation to the "Gilaonite Manufacturing Company," organized under the laws of Utah. The incorporators are R. C. Chambers, R. Macintosh, George Goss, Charles W. Bennett and J. H. Gilson, who have subscribed for \$5,000 shares of the par value of \$10 each. The capital stock is placed at \$100,000, and the principal place of business of the company is located in Salt Lake City. The object of the incorporation is to produce, buy, sell, or in any manner deal in the material called "gilaonite," or any similar material for its use, i. e., the manufacture of insulators, power pipes, conduits for electric wires, piping material, etc. The company's claims are located on the Carbon Lode, in Utah County, where there is an abundance of the mineral from which "gilaonite" is composed.

TOOELE AND PLEASANT GROVE RAIDED.

Three Arrests at Each Place—All of the Accused Bound Over.

The Charge in Each Case is "Unlawful Cohabitation."

Early yesterday morning Captain Greenman and several deputies, guided by the local spotter at Tooele City, Robert Scott, called at the residences of James Dunn, Jonas Lindberg and Richard Warburton, in Tooele, and served a warrant of arrest on each of the three gentlemen named. The offense alleged to have been committed by the accused was that they had lived with and cohabited with their wives, contrary to the provisions of the Edmunds law, as interpreted by the courts. All of the available persons in the neighborhood were subpoenaed, and the witnesses were brought in to this city yesterday afternoon. They were taken to Commissioner McKay's office, where.

RICHARD WARBURTON, was the first defendant called. The complaint in the case signed by E. A. Ireland, was read to him, and alleged that, from July 1, 1886, to June 1, 1888, Mr. Warburton had lived with and cohabited with his wife Emily Warburton and Martha Stuart Warburton. To this charge the defendant entered a plea of not guilty, and desired to waive examination. This, however, was refused, and the preliminary examination commenced, Assistant District Attorney Varian appearing for the prosecution.

Miss Georgia Warburton was the first witness called, and testified—Richard Warburton is my father; we live at Tooele; my mother's name is Emily; I have eight brothers and sisters, the youngest 12 years of age; I know Mr. Warburton alive in Tooele, and has five children; she lives in the same house with my mother; there are five rooms in the house; Martha has lived there 15 years; James Stuart is her mother, and William and James Stuart are her brothers; Martha Warburton is reputed to be my father's wife, and has borne that relation to him for 15 years.

Martha Stuart Warburton testified—I am Mr. Warburton's wife; I live with him; I have five children; I have lived with him as his wife for fifteen years. The defendant's bonds to await the action of the grand jury were placed at \$1,000, and each of the witnesses were required to give \$500 security to appear before the grand jury on August 4th. The case against.

JAMES DUNN was then taken up. The complaint in this instance alleged cohabitation by the defendant with his wife Jane Dunn and Jessie Young Dunn, from July 1, 1886, to June 1, 1888.

Jessie Young Dunn was called and testified—I live in Tooele; I know the defendant, James Dunn; I am married to him; I know his wife Jane Dunn; she lives in the same house with me; we have lived there together about three years; before that I lived in Salt Lake; I went to live with my husband some time after I was married; Jane Dunn has several children; I have one sixteen months old; the two families live in separate parts of the same house; my husband lives with me part of the time; we recognize each other as husband and wife.

To Mr. Moyle—I have had other children older than the one now living. Mary Dunn testified—I am James Dunn's daughter; I know Jane Dunn and Jessie Young Dunn; I suppose they are my father's wives; they have lived together in the same house a number of years; I have seen my father in both divisions of the house; John Dunn, sen., and John Dunn, jr., are my uncle and cousin; John Dunn, sen., is a merchant in Tooele.

John Dunn, sen., testified—The defendant is my brother; I know James Dunn and Jessie Young Dunn; I have visited my brother's house; I know the ladies live there, but cannot say I know they are his wives; Jessie Young Dunn came there to live there several years ago.

The bonds in this case were fixed at \$1,000 for the defendant and \$500 for each witness, the latter to go before the grand jury in this city on August 4th.

JONAS LINDBERG was then called, and entered a plea of not guilty to a complaint by Sarah Ireland, alleging that from July 1, 1886, to June 1, 1888, the defendant lived with his wife, Mary Lindberg and Mary Jensen Lindberg. Mrs. Mary Lindberg had been summoned as a witness, but was too ill to appear, her room and a physician's certificate was presented.

Josephine Lindberg was the first witness, and testified—My mother is Mrs. Mary Lindberg; she is quite ill, and has been for two weeks; I live in Tooele; I do not know Mary Jensen, the lady named in the complaint; I live at home; my mother has four children; none but her family live in the house; (Helen Robert Scott was called to correct an apparent error in the complaint, and identified the lady whom he had summoned as Mary Jensen Lindberg.)

Miss Lindberg, continuing—I know Anna Jonsson; she lives in Tooele, and has five children, the youngest a year and a half old; she is reputed to be my father's wife; she lives in her own home; I have seen my father there; he is there every week, I suppose, and at my mother's every week.

Anna Jonsson Lindberg testified—I live in Tooele; I am married to the defendant; we were married twelve years ago; my youngest child is 18 months old; I know Mary Lindberg; my husband lives with me a portion of his time.

John Dick was called and stated that he was a neighbor of the defendant. His testimony was considered unnecessary and he was excused. Ball was placed at the same figure as in the other cases, for defendant and witness, the latter being required to be in attendance of the grand jury of the First District on August 4th. This concluded all of the cases from Tooele City, and those from Pleasant Grove were next taken up. At the latter place deputy Franks and his assistants made the arrests at between 4 and 5 o'clock in the morning, and searched the house of Bishop Brown, Messrs. Thorn, Larson and Driggs, but found nothing of any importance to them. The accused and witnesses in these cases were also brought to this city and taken before Commissioner McKay for examination. On this occasion some of the lady witnesses were caused great inconvenience by having to come such a long distance on such a hasty summons. They had to borrow money to pay railway fare in order to get to Salt Lake at the time required, their husbands being under arrest and of course unable to make any arrangements for them. Of those brought from Pleasant Grove, pleaded not guilty to a complaint alleging cohabitation with his wives, Hannah Jane Herron and Lucinda Jane Herron, from July 1, 1883, to June 1, 1888. The defendant asked that the examination be waived but

the Commissioner said he wanted to know what witnesses it would be necessary to place under bonds, and Mr. Varian having retired, the Commissioner assumed the dual role of court and prosecutor.

Hannah Jane Herron was called and testified—I am Mr. Herron's wife; I have lived with him in that relation during the period stated in the complaint.

Lucinda Jane Herron testified—I am the defendant's wife; I was married to him twelve years ago, and have lived with him since that time as my husband. Bail in the sum of \$1,000 was given by the defendant for himself, and \$200 each for the witnesses, who were ordered to appear before the grand jury of the First District, at Provo, on September 23d.

It was now half past 6 p. m., and the Commissioner objected to going longer without his supper, so an adjournment of the two remaining cases was taken until 7:30 p. m.

When proceedings were resumed, WILLIAM WADLEY

was called, and listened to the complaint charging him with cohabiting with his wives Isabella McKay Wadley and Mary Bayard Wadley, from July 1, 1883, to June 1, 1888.

Mr. Dickson called the two ladies named in the complaint; and they testified that they were the defendant's wives, and had lived with him in that relation since the date of their marriage.

Mr. Wadley gave \$1,000 bail for himself, and \$200 for each of his wives, who were subpoenaed to testify before the grand jury at Provo, on the 23d of September.

VICTOR SANDGREEN was then arraigned on a complaint alleging cohabitation with his wives Christiana Sandgreen and Louisa Sandgreen, from July 1, 1886, to June 1, 1888.

Christina Sandgreen and her daughter were the witnesses called, and testified that they were the defendant's wife, and lived with him as such. Louisa Sandgreen was also reputed and generally understood to be Mr. Sandgreen's wife, and had lived with him in that relation during the past three years.

This defendant and his witnesses were also required to give bail in the sum of \$1,000 and \$100; the latter are required to go before the grand jury on September 23d, at Provo.

THE SUMMER INSTITUTE.

AN INTERESTING AND PROFITABLE SESSION.

The Salt Lake County Teachers' Summer Institute, in its first session yesterday in the University building. There was a good attendance of teachers from the various school districts.

President Stewart briefly stated the object of the institute.

In the morning session Dr. J. N. Park delivered a lecture on the subject of psychology. The gentleman stated that he would not attempt to treat the subject in a strictly scientific manner, but in such a way as would be of special use to the teacher.

Psychology is that science which treats of the phenomena of the mind; but we can learn something of the mind by studying its properties and noting what it does. The mind manifests itself in three ways, so we might properly separate and treat them into three divisions, viz: The feeling, willing, and knowing qualities. A knowledge of the mind and the development of its faculties is essential to the success of the teacher.

Miss Cecilia Sharp conducted a class exercise in Primary Reading. The object of teaching to read is to secure thought. The lady first taught words by means of objects, then phrases, and finally whole sentences. The little pupils the lady had present read in a natural and easy manner, showing that thought preceded the expression.

The teachers entered into a lively discussion on the subject of the "new education."

In the afternoon, Mr. Wm. J. Dunn conducted a class exercise in number. The gentleman taught number by the use of objects, and almost as soon as they knew the number, he taught the figure.

Physiology was treated by Professor Orson Howard. The professor only mentioned those points which are of special importance to teachers. The teachers should see that children are of proper age before they are sent to school. The law fixes the school age at six years, but most children are better prepared to enter school at eight years of age than at six. Every school should be provided with a thermometer, so that an even temperature may be maintained in the room. The school-room should be properly ventilated. The pure air of the room should pass out, and the pure air enter without producing a draught to be felt by the pupils. The pupils should maintain a correct position of the body in and out of school. To properly develop the physical nature of the child, the teacher should employ some regular exercises, which should be kept up regularly. If all these matters were properly attended to by the teachers of this country, there would be an improvement in the general health of the children.

The quartette by Messrs. Geddes, Woolley, Stewart and Horne was enjoyed by the institute.

This evening (Tuesday) at 8 o'clock, C. W. Stanger and W. W. Riter, in the Fourteenth Ward Assembly Rooms, on "Fundamental Religion in our Schools." The public is invited to be present.

About the Old Folks.—Will the Bishops of the Wards of Salt Lake please have the lists of old people over seventy years of age, who will participate in the Old Folks' excursion made out and handed in to Brother John Kirkman, at the General Tithing office, not later than Wednesday, June 23d. The excursion takes place on June 23d.

GEORGE GORDARD, On behalf of the Old Folks' Committee.

The Races.—There was a good attendance at the Driving Park yesterday afternoon to witness the first day's sport. The proceedings were of unusual interest, and the horses from Utah and one each from Colorado, Wyoming and Idaho were started in the trotting race, "Ed. Alman."

BUCKLE'S AMERICA SALVE.

The Best Salve in the world for Cuts, Bruises, Sores, Ulcers, Salt Rheum, Fever Sores, Tetter, Chapped Hands, Chilblains, Corns, and all Skin Eruptions, and positively cures them, or no pay required. It is guaranteed to give perfect satisfaction, or money refunded. Price 25 cents per box.

Dr. Foote, Senior, author of "Plain Home Talk," "Medical Common Sense," etc., would say to those who would like to consult him by mail that they can have a list of questions and a circular of gratuitous advice by addressing Box 414, Salt Lake City. The doctor has arranged to have information supplied in this way to save time. Receiving such private matter the correspondent can describe his or her case fully and direct it to the doctor, in New York. Dr. Foote is successfully treating all forms of chronic diseases, a specialty to which he has devoted thirty years of study and practice. A list of his successes can also be had by addressing Box 414, as above, but all letters of consultation and orders for remedies should be addressed to Dr. E. B. Foote, Sr., 130 Lexington Avenue, New York City.

An advertisement of Dr. Foote, Sr., in another place, deserves a corded
