OGDEN NEWS.

JANUARY 26, 1900.

HOWARTH GETS TWO YEARS

Sequel to His Elopement with Mrs. Maud Ince of Murray—Woman Returns Home.

Wife of the Erring Woman Held for Trial—Took Morphine—Killed in Railroad Wreck.

In the second district court before Judge Bollogg, the following matters were heard:

In the case of W. J. Neuson vs. the Citizens Bank of Ogden, a decree of foreclosure of a mortgage was entered on the old Citizens' bank building and on the grounds on Washington Avenue, and amount to over \$18,000, with interest at the rate of 12 per cent per annum from date.

In the divorce case of Emily E. Koch vs. Ambrose E. Koch, the court heard the testimony of the witnesses and a decree of divorce was granted and the custody of one minor child was granted to the plaintiff.

In the case of Wild vs. Union Pacific Railway company, counsel for the plaintiff appeared in court and agreed to reduce the judgment from \$4,000 to \$2,000, and costs; an order was then entered and the motion of the defendant for a new trial was denied.

In the case of the State of Utah vs. John Howarth and Mrs. Maud Ince, charged with adultery; the defendants pleaded guilty. Howarth was sentenced to two years in the State prison and was taken down to the penitentiary today. Mrs. Ince's sentence was suspended, she having a good character and being the wife of a man who was a member of the legislature.

Thomas Ince, and Deputy Sheriff John Murray, came to Ogden just before the trial and after considerable persuasion the woman promised to turn from her waywardness, and in company with her husband, she returned home. She said that she had been wrongfully misled, and that she and Howarth mistook and induced her to leave home.

WILL BE HELD FOR TRIAL.

John Livingston, the brother of the woman arrested before Justice Bollogg, and pleaded guilty to the charge of being an accessory to the crime committed by Mrs. Ince. He was bound over to the district court to answer to the charge of being an accessory to the crime committed by Mrs. Ince.

AN OVERDOSE OF MORPHINE.

Yesterday afternoon a man named John was brought to Ogden by a stretcher. He is a railroad man and it is stated lost his time check, and became very dispondent over the loss but medical aid was called, and the drug was pumped from him, saving him from death. He was brought to Ogden for treatment.

KILLED IN A RAILROAD WRECK.

The wreck which occurred on the Rio Grande Western on Wednesday evening about 7 o'clock near Thistle was a very severe one, thirteen cars being derailed. Only one person was killed, one of the brakemen, O. E. Biglow, of Ogden, who has been in the employ of the R. G. W. only a short time. It is thought that he must have been riding on the outside and when the train derailed he was thrown in between the cars and killed. His head and body were badly bruised and cut up that it was almost impossible to identify him. The remains were brought to Ogden to be prepared for burial.

The deceased was 41 years of age, a married man, his wife being one of Samuel Johnson's daughters. He leaves a wife and three children to mourn his demise. His home was on Twenty-first street between Jefferson and Adams avenues. The time and place of the funeral has not yet been arranged, but will be announced later.

LOGAN.

Thatcher Milling Company Wins Suit—A Pitiable Case.

Special Correspondence.

Logan, Cache Co., Jan. 25.—Judge Hart today found in favor of the defendant in the case of R. G. Dun & Co. vs. Thatcher Milling & Elevator Co., dismissing the case on the ground of no cause for action. Plaintiff's attorney moved that the case be dismissed without prejudice and his honor set Jan. 27 for hearing arguments on the motion.

Edwin S. Markham vs. R. A. Ballantyne et al.; defense filed a demurrer to the complaint, alleging that not sufficient facts were stated to constitute a cause of action.

John Carlisle, a native of Great Britain, was admitted as a citizen of the United States today.

A PITIABLE CASE.

A most pitiable case was heard before Precinct Justice Knowles this afternoon, involving the authorship of a babe yet unborn. The prospective mother is a girl hardly 17 years old, the daughter of Mr. and Mrs. John Lelshman of Salt Lake. Her father has been in the insane asylum for about eight years, and the girl herself is very simple minded. She is the eldest of a family of four, her brother next younger works away from home and two little sisters attend school. Her mother is compelled to go out and work for a living, and it was under these circumstances one day last May that her betrayer entered their humble abode and accomplished her ruin. He is a neighbor boy by the name of Bradshaw, who sat like a stone throughout the hearing. Justice Knowles decided the evidence was strong enough to hold the defendant, and bound him over to the district court in the sum of \$100.

Infrequent and Improper Shampooing

are responsible for dry, scrawny and variable colored hair. Many people have a greedy surplus of hair, and it would be beautiful were it not that dandruff had destroyed its life and made it lustreless. Everyone's head should be shampooed once a week with some non-injurious and health-giving wash.

Sutherland Sisters' Soap Cleaner

does not dry and bleach the hair, like soda, ammonia, etc. Add the scalp cleaner with the "Hair Grower." They contain nothing but what is good for the hair and scalp.

SOLD BY DRUGGISTS

Copper Colored Splotches.

There is only one cure for Contagious Blood Poison—the disease which has completely baffled the doctors. They are totally unable to cure it, and direct their efforts toward bottling the poison up in the blood and concealing it from view. S. S. S. cures the disease positively and permanently by forcing out every trace of the taint.

I was afflicted with a terrible blood disease, which was in spots at first, but afterwards spread all over my body. These splotches broke out on my face, neck, arms, and legs. I was unable to do any work, and I had spent a hundred dollars, which was really a damned story. I tried various patent medicines, but they did not reach the disease. When I had finished my first bottle of S. S. S. I was greatly improved and was delighted with the result. The large red splotches on my chest began to grow paler and smaller, and before long disappeared entirely. I regained my lost weight, became stronger, and my appetite greatly improved. I was soon entirely well, and my skin as clear as a piece of glass. I had spent a hundred dollars, which was really a damned story.
