Temporarily Ground Between El
Paso and Juarez Will be Re-
garded as Neutral.

AVOIDS AWKWARD SITUATION

Arrangements for Exchange of Visits
Will be Very Elaborate—Every
Detail Prearranged.

Washington, Sept. 28.—When the long-heralded meetings between Taft and Diaz at El Paso and Juarez take place next month, the intervening territory between these two cities, which is in dispute, will be for this occasion regarded as neutral territory and the feelings of neither nation will be disturbed therein.

This understanding has been reached by the two nations after much correspondence. The region known as the "El Chiamizal" contains about 250 acres. Ownership is in question because of the shifting of the Rio Grande channel, the dividing line between the two countries. On Oct. 16, President Diaz will be welcomed in the name of President Taft at the entrance to El Paso, outside of the contested zone.

TAFT TO WELCOME TAFT

When President Taft goes to Mexico he will be welcomed in the name of President Diaz at the entrance to El Paso. President Taft's escort will consist of headquarters band, two squadrons of the "Third United States cavalry, batteries A, B, and C, Third field artillery, and the Ninth infantry from Fort Sam Houston all under command of Brig.-Gen. Albert L. Myer, commanding the department of Texas.

General Myer's accompanying staff, by Brig.-Gen. Myer with his staff, two squadrons of cavalry and two batteries of field artillery, will proceed to the point where President Diaz, accompanied by an escort of 20 men, will enter the United States. By agreement the escort will be limited to 20 men, while the executives are crossing "El Chiamizal." General Myer will act as the representative of President Taft to receive President Diaz at the boundary.

The governor of Texas and the mayor of El Paso will accompany the secretary. Mr. Dickinson will extend a welcome to President Diaz in the name of the president, the governor in the name of the state and the mayor in the name of El Paso. The band will play the Mexican national air and the artillery will fire a salute of 21 guns.

After a visit with President Taft, during which refreshments will be served, President Diaz will return to Mexico, accompanied to the boundary by the same escort and receiving the same salutes.

TAPES RETURN VISIT

At noon President Taft will go to Juarez to return President Diaz's visit, in crossing "El Chiamizal" the president will be accompanied by an escort of 20 men. To the border the president will be escorted by the American cavalry and artillery. The governor of Texas will go with the president to the border. The secretary of war and the secretary of commerce and labor will be in following carriages. At the Mexican border the president will be welcomed by a personal representative of President Diaz and will then proceed, surrounded by a Mexican escort, to the building where he will be received by President Diaz. Mr. Taft and his party then will return to El Paso. About 5:30 the same afternoon President Taft will leave El Paso for Juarez to attend the funeral of President Diaz. He will be accompanied by the secretary of war, the secretary of commerce and labor, the governor of Texas, Senator Bailey and the mayor of El Paso.

WANT NATIONAL HOLIDAY.

Mexico City, Sept. 28.—That Oct. 15, the day set for the meeting of Presidents Diaz and Taft at El Paso, will declare a national holiday, to be known as Diaz and Taft day, as being urged by the Electoral club at Atlixco. It also is suggested that salutes be fired and whistles blow in every city and town of the republic at the moment the meeting takes place, and the Diaz and Corral club all over the country send telegrams of welcome to President Taft as he crosses the international boundary and messages declaring their support and loyalty to President Diaz at Juarez.

Appeals to the end have been sent to clubs all over the republic and concerted action probably will be taken in a short time.

**RIGHT TO TAKE LIFE
TO END SUFFERING**

Paris, Sept. 29.—A jury in the assizes court has conceded, at least tacitly, the right to take life in order to end human suffering. A workman named Baudin surrendered to the police, saying he had shot his wife at her request to put her out of pain.

Yesterday he was arraigned on the charge of murder. The evidence showed that his wife was incurably diseased and suffered continually. She repeatedly requested her husband to kill her. He finally yielded and shot her with a revolver.

It also was shown that Baudin was a man of weak will, who was dominated by the wife. The jury acquitted him.

GEN. F. D. GRANT STIRS UP TROUBLE

In Uniform of His Rank in U. S.
Army Marched at Head of
Temperance Procession.

PROTEST TO SECY. OF WAR.

United States Societies for Local Self-Government View the Incident
"With Alarm."

Chicago, Sept. 28.—Protest against the appearance of Gen. Frederick D. Grant in the uniform of his rank in the United States army in the temperance parade in this city last Saturday, was today sent to Secy. of War Dickinson by W. R. Michaels, of the executive board of the United States Societies for local self-government.

Michaels asks if there is any rule of the war department governing such an appearance and requests that the reply be in the form of an open letter.

The letter follows:—"My dear sir: On Saturday last Maj. Gen. Frederick D. Grant of the United States army, and in the uniform of the United States army, marched at the head of a procession through the inclosure of a prominent conference committee and it is rumored that it means that the federal government and the army in general have taken sides with the prohibitionists movement.

"It is also stated that the prohibition organizations contemplate bringing about an election in this city next spring, and I would like to know on this question:

"Our citizens in the main attach themselves to one side or the other of this great question. If such election is held it should express the free and uncontrollable action of the public."

"Public opinion and sentiment of the people, and should not be allowed to accomplish partisan ends."

"Will you kindly advise me whether the department has ruled on such conduct and whether the same can be said to have received official sanction?"

VENEZUELAN NOT HOSTILE TO UNITED STATES

New York, Sept. 29.—United States Consul Agent John Hayes was left alone in charge of the archives of the American legation at Caracas, Venezuela, during the interruption of diplomatic relations, describes his treatment upon his arrival here for a vacation.

"I lived in the legation alone," said he, "from the time it closed, June 20, 1908 until Dec. 23 when W. J. Buchanan, the American minister, came down out of the Andes to Caracas to negotiate with President Gomez. Much of the time the bubonic plague was raging on the outside, and I did not mind the loneliness. You see the people of Venezuela were not hostile to the United States—it was only Castro. Even before he left for Europe I was treated with great consideration, and then when Gomez took charge of the reactionary movement which followed, my situation was really very pleasant."

It also was shown that Baudin was a man of weak will, who was dominated by the wife. The jury acquitted him.

WOMAN'S AGE CAUSING
HER MUCH TROUBLE

New York, Sept. 29.—Miss Linda Baldwin is being detained at Ellis Island where she was taken from the steamer "Empress of Ireland" when she was 20 years old that she cannot remember her age. She knows that she was between 29 and 40 when she came to this country first from Ireland, that she lived in Brooklyn for 60 years, and that for the last 19 years she has been in Ireland. She came back to look after some property she owns there, and the immigration officials desire to have the matter of her age settled.

NEW TYPEWRITING RECORD.

New York, Sept. 29.—A new world's typewriting record was set by Madeline Sonja Gordan, last night in New York. Miss Rose L. Fritz wrote 25 minutes for 15 minutes in the preliminary event of the international championship conducted by the business show. Miss Fritz is the present champion, but H. C. Blaisdell with 22 words a minute and F. H. Coombs with 27 1/2 beat her former record of 27.

PROSPECTOR FOUND UNCONSCIOUS ON DESERT

San Bernardino, Cal., Sept. 29.—With a vicious burro tearing at a jagged wound in his leg for blood with which to moisten its parched throat, Jacob George, an old prospector of the Mojave desert, was found unconscious and near death by a party of miners returning from the "Turnees" regions.

George was brought to Lone Willow Springs, the nearest point at which medical assistance could be secured.

The aged prospector was lost for two days in the State range on the edge of the Death Valley.

In attempting to inflict a flesh wound on his pack animal to secure blood with which to moisten his swollen tongue and throat, George cut off his own thumb in the effort.

Falling helpless beneath the burning desert sun, he lay unconscious. The burro, crazed from lack of water, viciously attacked the fallen man and had torn a big wound in his leg when the rescuers found him.

WAR IN WINE PRICES.

Los Angeles, Cal., Sept. 29.—As the result of a general price cutting war that is being waged among wine dealers throughout the country the prices of California wines have been cut in half, with a prospect of still lower levels.

California port, which two months ago before the war began, sold at 25 cents a gallon, now is brought to 12 cents in the open market at from 15 to 18 cents a gallon, and California claret, which formerly brought 25 cents a gallon, now brings 15 cents.

The fight is being carried on by the alleged wine trust of California, and

the so-called independent dealers. Each faction alleges that the other began the cutting of prices.
