

SERVICES AT THE TABERNACLE.

Elder Goddard Explains the Workings of the Bureau of Information.

FAVORABLE IMPRESSION MADE.

Visitors Enlightened on the Beliefs and Practices of the Latter-day Saints.

The workings of the Church bureau of information, and the success attending its organization, were fully explained yesterday afternoon by Elder Benjamin Goddard, the only speaker at the Tabernacle services. The meeting was well attended and was presided over by President John R. Winder.

The choir sang the hymn: "Great God, I praise my humble claim, Thy art my power, my joy, my rest. Prayer was offered by Patriarch Amasa Cannon.

The choir sang the anthem: "Light and Truth."

Elder Benjamin Goddard was the speaker. He began by referring to the sense of weakness he felt in standing up to address the people. But as was expressed in the opening hymn, the Latter-day Saints placed their trust in the Lord, and by and through Him hoped to receive the blessings which they desired.

Elder Goddard then turned his attention to the work of the bureau of information. He said the labors of those engaged in the bureau had been crowned with great success, as many visitors to this city had been enlightened on the beliefs and practices of the "Mormon" people, and had seen for themselves the "Mormonism" had done for the residents of these valleys.

The speaker said the impressions made upon visitors in the Temple block were expressed in their writings in the bureau register. Two such sentiments he referred to, one stranger having written after his name, the words "A marvelous work," and another the word, "Wonderful." In this connection Elder Goddard quoted from the 3rd chapter of Isaiah and the book of Doctrine and Covenants, showing that the work to be established in the latter days was to be a marvelous work and a wonder, and was to result in the final accomplishment of the Father's purposes.

Elder Goddard told the story of the heavenly vision to the Prophet Joseph, and stated that this story, simple though it was, made a favorable impression upon visitors to the Temple block. It gave them a new conception of "Mormonism" and caused many to confess that the Latter-day Saints had been grossly maligned and misrepresented. The speaker read the Prophet's testimony of this heavenly vision, and continued his interesting narrative by referring to subsequent visions to the prophet, which finally led to the restoration of the Priesthood and the introduction of the Gospel in the latter days.

Elder Goddard said that the Gospel had been restored by direct revelation from the Father. Through this channel the authority of God had been received, his personality had been made known to men, and the truths of the Bible had become plain to all honest seekers of the truth. It pointed out the way of eternal life, and gave men something to live for, showing them the vast difference between right and wrong. In these respects the restoration of the Gospel benefited mankind, and opened up a way whereby men could be saved and exalted in the Father's kingdom.

The speaker pointed to the gathering of the Latter-day Saints from many nations as an evidence of the divinity of his work. They came in fulfillment of prophecy and for the purpose of serving God to the appointed day. The Church of Christ fell after the death of Jesus as well as the living. Its people built temples and God for the performance of his work. They were baptized for the dead, and referred to Paul in his epistle to the Corinthians. The principles demonstrated the breadth and liberality of the Gospel of Jesus Christ, and while it was a part of the Father's plan and was just as effective today as it had ever been.

The speaker paid tribute to the faith of the young people of Zion and felt that the Lord for their integrity to his cause.

The choir sang the anthem, "Song of the Redeemed," and the benediction was pronounced by President Richard W. Young.

BISHOP SCANLAN'S PLEA.

Urges All Good Catholics to Assist in Completing Great Cathedral.

Bishop L. Scanlan at both the 9 o'clock and 11 o'clock masses yesterday morning made strong appeals to his parishioners to subscribe to the building fund so that their great cathedral can be speedily completed. In speaking of the matter he said in part:

"It is my desire that the cathedral be erected as the result of pure, holy desire to do God and his work. It has been with this thought that I have in the past received contributions. Surely we are all able to sacrifice something in order that the building may be speedily completed. Consider the generosity of those committee members who have already given more probably than they thought they could afford. Their example should be a lesson.

"Many of you spend \$100 in foolish pleasures during a year. How much more ready and more willing should you be to contribute that sum to the building of this great cathedral. The cathedral will remain as an everlasting tribute to the Catholics of this city and of this day. In years to come people will commend the spirit and the purpose that erected it.

"Let me say that the whole sum needed will be raised—of that I am confident, and in a short time. There is no good Catholic in Salt Lake who will not take a personal pride every time he enters that great cathedral in the thought 'I helped erect this building.'

"As I say, I am confident that the whole sum will soon be in our hands and at our disposal. The time is now coming when it will be too late to subscribe to the fund. Now, I urge you to think over this matter for a week, and after you have decided what you are able to give—and we are all able to give more than we think we are—go to one of the members of that generous committee. Or come to me.

"To God's name, do not fool. Do not put down opposite your name any sum unless you intend to fulfill your obligations by contributing that sum. And do not subscribe to the fund because you feel under duty to do so. Do it for God and his work or not at all."

The Success

Of Our Big S. A. C. Sale

Is due in large measure to the fact that we give large measure to our customers.

THE BEST CLOTHES. HE BEST MAKE. HE BEST FINISH. HE BEST FIT.

\$20 to \$25 Suits . . . \$13.45
\$27.50 to \$35 Suits . . \$18.65

Saloon Holdup.

Masked Men Enter the Albany, Securing Money and a Gold Watch.

The Albany saloon near the Rio Grande depot, was held up last midnight by three masked men, who made their escape after securing \$23 and a gold watch valued at \$40.

The bartender, O. B. Cooper, had just opened the doors and was counting the cash when the three bandits entered, leveled guns at the bartender and got a bead on the only other man in the house, Jim Welsh. They were both stood up in the corner and searched, while the third member of the gang scraped the till. The proprietor, James Hegney, lost only the \$9 cash on hand. The watch and remainder of the money belonged to Cooper, except some small change which Welsh had.

The robbers were not rough, probably because they encountered no resistance. It is supposed that a fourth member stood outside and watched.

The men disappeared. Cooper called the proprietor and the police patrol rushed to the scene, but without effect.

REPUBLICAN OUTING.

Young Men's Club Has Barbecue, Races and Dancing at Calder's.

The Young Men's Republican club spent Saturday at Calder's park. The day was a gala one and the barbecue, which was a feature of the outing, drew a large and enthusiastic crowd. Members of the club were there in swarms and the manner in which they paid deference to that ox, was a caution. Even Parley Christensen paid homage to the man with the sharp knife, and he, with many others, pronounced the meat served sweet and juicy. Many of the state officials were present and there were others there who would like to become such, all taking advantage of the opportunity to "saw wood."

While there was no speech-making, as is usual on such occasions, there was a good deal of quiet, political talk and, needless to say, many "understandings" were arrived at. Among those who did much to make the day one of pure enjoyment for all were President Christensen, George Wilson, chairman of the outing committee; Axel Steele, chief of the sheriff's office; the respectable Walter J. Meeks, Joe Withington, Percy O. Perkins, and last but not least, A. F. Lawson, chief of the Vikings.

In the afternoon a good racing card was pulled off, and the evening was enjoyed by their wives and sweethearts indulged in the dance till a late hour. The car service was most excellent and was much appreciated by all concerned.

INFORMATION WANTED.

Mrs. Trought of Baltimore, Md., desires to learn the whereabouts of her father, George Hoke, who joined the Church of Jesus Christ of Latter-day Saints several years ago, and came to Utah. Anyone having the information should favor by sending it to 1811 Duval Hill avenue, Baltimore.

A BACK LICK

Settled the Case With Her.

Many great discoveries have been made by accident and things better than gold mines have been found in this way. For example, when even the accidental discovery that coffee is the real cause of one's sickness proves of most tremendous value because it locates the cause and the person has then a chance to get well.

"For over 25 years," says a Missouri woman, "I suffered untold agonies in my stomach and even the best physicians disagreed as to the cause. At last, giving me any permanent help, different ones saying it was gastritis, indigestion, neuralgia, etc., so I dragged along from year to year, always half sick, until finally I gave up all hopes of ever being well again."

"When taking dinner with a friend one day she said she had a new drink which turned out to be Postum, and I liked it so well I told her I thought I would stop coffee for awhile and use it, which I did."

"So for three months we had Postum in place of coffee and the evening spells, but even then I wouldn't believe it until one day we got out of Postum and as we lived two miles from town I thought to use the coffee we had in the house."

"The result of a week's use of coffee again was that I had another terrible spell of agony and distress proving that it was the coffee and nothing else. That settled it and I said good bye to Coffee forever and since then Postum alone has been my hot mealtime drink."

"My friends all say I am looking worlds better and my complexion is much improved. All the other members of our family have benefited, too, by Postum in place of the old drink, coffee." Name given by Postum Co., Battle Creek, Mich.

Ten days' trial of Postum in place of coffee or tea is the wise thing for every coffee drinker. Such a trial tells the exact truth often where coffee is not suspected.

LOVESICK MAN ATTEMPTS SUICIDE

Because His Girl Kept Bad Company, George Calton Tried to Destroy Himself.

TOOK POWDERED CHLOROFORM.

Discovered by His Landlady's Daughter Before Poison Had Done Its Deadly Work.

George Calton, a quarryman by occupation, 25 years of age, attempted suicide in the rooming house over the Theater drug store at 4:30 yesterday afternoon by swallowing a quantity of powdered chloroform. He was "pumped out" by Dr. Benedict, and within half an hour was beyond all danger.

There is a question as to the motive for Calton's act. He said after his recovery that it was because Mabel, his sweetheart, persisted in going with a girl whose conduct he did not approve of. To others he denied this. There was a note in the room from "Mabel" indicating that she had borrowed a badge or pin from her, and adding, in freezing terms, that if he needed it worse than she, he could keep it. Neither of these causes having struck Calton as justification for an argument with poison, they are inclined to the belief that Calton was either running a strong bluff to work upon Mabel's sympathies, or was in reality dependent over having lost his sweetheart.

On July 9 Calton appeared at the lodging house, which is owned by Mrs. Kate Hedges, and after a few days later brought a young woman—presumably "Mabel"—to the place and introduced her as his wife. Little was thought of the incident. The couple apparently lived together happily until Saturday when Mabel disappeared, while her supposed husband was at work. Upon his return he made several inquiries for his wife, but she did not return all night or all day yesterday.

At 4:15 yesterday Calton left word with the landlady to call him at 5 o'clock. He remarked that as he was a hard sleeper it might be necessary to shake him. Then he retired to his room and wrote a letter to his parents, who live at 1065 Fifth East street, bidding them an affectionate farewell. Next he penned a following to his truant partner: "Mabel, I hope you will come and see me in my last sleep. Good-bye, George."

The last post was disturbed at 5 o'clock by Miss Hedges, who had been sent by her mother to awaken Calton. Upon entering the room she found the empty phial in his hand, he lying across the bed with his clothes on. Dr. Benedict hurried to the scene and Calton was soon out of danger. A brother, Isadore Calton, took him in charge.

MRS. DUBOIS ROBBED.

Victim of a Sneak Thieving Saturday Night While Walking Home.

In the dark shadow of the trees on First West street near North Temple last Saturday night, a footpad who had followed Mrs. M. Dubois from the business district, snatched her pocketbook and made good his escape. The purse contained an \$85 diamond and a small amount of silver.

Mrs. Dubois resides at 258 West Third South street and was returning from a shopping tour when she observed a man walking closely behind her. At the safest point on the block he quickly seized the purse and fled. Mrs. Dubois screamed and attracted the attention of a Troy laundry driver, who gave chase but without avail.

HID BEHIND BUREAU.

But His Divorced Wife Saw Him and Called an Officer.

Wm. Carroll hid behind a bureau in the house of his divorced wife, 72 West First South street, yesterday afternoon, and was dragged from his hiding place by Officer Busch and thrown in jail. Mrs. Carroll says that her husband has threatened on several occasions to do her harm, and when she saw him prowling around the house yesterday, she took her children and went to the home of a neighbor. She watched him enter the house by removing a screen, and then sent for the police. The officer was a thorough search, and eventually discovered Carroll behind the bureau. He was docile when discovered.

AT THE RESORTS.

The G. A. R. Woman's Relief Corps and ladies of the G. A. R. are enjoying and excursion and campfire at Lagoon today. The program is managed for the occasion includes speaking by several of the best public speakers in the state, singing by Miss Emma Ramsey, Miss Cloy Henton, Miss Lena Perutich and Mrs. John Jones. In addition to the musical program there will be foot races, boat races, voting contests and other amusements. The proceeds from the excursion will be used in entertaining the members of the corps, en route to and from the national encampment of the G. A. R. to be held in Boston on August 15, and also to defray the expenses of a delegate from this city to the encampment.

The benevolent association of the Nauvoo Legion goes to Lagoon on Wednesday next, July 20.

The Salt Lake stake Mutual Improvement associations will be at Saltair tomorrow.

The Nauvoo Legion Benevolent association will take an outing July 20 at Lagoon. A program will be rendered at 5 p. m., in which the young tenor singer, W. D. Phillips, will appear. Selections will be given by a quartet from the Temple choir, also "The Columbia Drill," in costume, by sixteen young ladies, conducted by Mrs. Lina Mousley, also speeches and recitations, dancing and other amusements.

Pleasant Ways for Summer Days are the Grand Trunk-Lehigh Valley Route, Chicago to New York via Niagara Falls; the Grand Trunk-Illinois Central new through car line from St. Louis to Montreal; the Grand Trunk-Central Vermont-Boston and Maine Route from Chicago to Boston and the Grand Trunk Railway System to Montreal, Quebec and Portland.

Fares, descriptive literature, etc., will be mailed on application to the Advertising Department, Grand Trunk Railway System, 15 Adams St., Chicago, Geo. W. Vase, A. G. P. & T. A.

ACROSS AMERICA'S DEAD SEA BY RAIL

Salt Lakers Enjoy One of the Most Novel Railroad Trips on Earth.

HUNDREDS VISIT LUCIN CUT-OFF

Outing Regarded as the Event of a Lifetime—Picturesque Promontory Point and Other Places.

Over the sea by rail! About 300 of Salt Lake's citizens enjoyed this most novel sensation yesterday. The occasion was the first excursion to the Lucin cut-off conducted by the passenger department of the Oregon Short Line Railroad.

The traveler may search the world over for something out of the ordinary, strange, or grandly scenic in nature's works of art. But where can one find anything more interesting than a trip across the Great Salt Lake on a railroad train where the hand of man has accomplished engineering feats which stand without a parallel in the history of railway construction?

The excursionists were a jolly, good natured lot; everyone seemed to have a good time and would go on the same trip again at first chance. Only words of praise and commendation were heard of the railroad officials for the manner in which the trains were moved, for everything went along according to schedule. The special left Salt Lake promptly at 9:30 a. m. and returned, just as promptly, at 5 o'clock in the afternoon. Going, no stops were made between this city and Ogden, and even the latter was not reached until the train halted its locomotive until Cecil Junction, where the cut-off leaves the old main line of the Southern Pacific.

Just north of the Ogden river, was reached. Here a change of train was made promptly at 9:30 a. m. and returned, just as promptly, at 5 o'clock in the afternoon. Going, no stops were made between this city and Ogden, and even the latter was not reached until the train halted its locomotive until Cecil Junction, where the cut-off leaves the old main line of the Southern Pacific.

Just north of the Ogden river, was reached. Here a change of train was made promptly at 9:30 a. m. and returned, just as promptly, at 5 o'clock in the afternoon. ELKS WILL FEED POOR CHILDREN.

Annual Outing Will be in the Nature of a Feast for the Little Folks.

NEGOTIATIONS ARE NOW ON.

Expected That Excursion Will Net \$3,000, Which Will be Given To Orphans' Homes.

A decided departure from the usual custom of giving their annual outing has been agreed upon by the Elks of this city, and this year's outing, which is now being planned, will be the means of bringing joy to the hearts of the several hundred orphan children in the city, who will be the guests of honor on that occasion. Not only will the children be the guests of the Elks on Purple day, but the proceeds from the excursion will be turned over to the various orphan's homes for their benefit.

This plan was decided upon at the suggestion of Exalted Ruler Parley P. Christensen and a committee, with himself as chairman, consisting of W. W. Hall, J. C. Barthel, Charles Slade, A. W. Raymond, John Sharp, A. A. Hedberg, C. M. Freed, W. H. Dale and F. L. Hines, was appointed to negotiate with the resorts for a suitable date about the middle of August. Tickets for the outing will be sold in advance, and it is expected that quite a neat sum will be realized. The committee states that the Elks will be very much disappointed if they do not realize at least \$3,000 from the excursion.

On the day of the outing the children in the various orphanages will be taken to the resort selected for the excursion, accompanied by their attendants and delegations of Elks. The wives of the members of the lodge will prepare lunches for the guests of the occasion, and there is no doubt but that all the delicacies of the season will be placed on the tables for the little ones. All of the amusements at the resort will be free to the children and their every wish will be gratified. The Elks will try to outdo themselves on this event, and the general public will no doubt enter heartily into the spirit of the affair and give the hosts all the support possible.

WORLD'S GREATEST CIVIC TRIUMPH

Such is the Universal Verdict About the St. Louis Exposition.

NOW IN FULL SWING.

Constitutes One of the Most Impressive Events Mankind Has Ever Witnessed.

There seems now to be no doubt but that the attendance at the World's Fair will meet all expectations.

Taking circumstances and conditions into account, it is really surprising that the attendance has been so great up to this time. Weather conditions have been bad and have kept thousands of visitors away from the fair. There has hardly been a wholly favorable day since the gates were thrown open. No such backward season has ever been known in the immediate vicinity of St. Louis.

The thousands of visitors who have seen the Exposition are unanimous in their verdict that it is a marvelous and stupendous spectacle.

Many have been deterred from attending because they were given to understand that the Fair was not complete. Now, however, everything is in shape and those who come, see the Exposition in its entirety.

To visit the Fair is absolutely the event of a lifetime, especially for the young to whom the educational features of the Exposition are of the greatest value. Many, however, will not be able to go to St. Louis, and for such as these "The Forest City" World's Fair Art Portfolios afford a most interesting and acceptable substitute, while for those who do come the work becomes a highly prized souvenir.

The series comprises 450 magnificent photographic reproductions of the leading features of the Fair. These reproductions appear in weekly portfolios, each containing sixteen views. As our readers are now well aware, these portfolios are offered at a merely nominal price, only ten cents being necessary to secure any part issued. This nominal cost has been fixed upon, although the regular price is twenty-five cents.

IDAHO EXCURSION

Saturday, July 23rd. Via Oregon Short Line. See agents for full particulars regarding rates, limits, etc. Idaho streamers are used for their fishing, and now is the time to go.

For Over Fifty Years Mrs. WIGGLES' SOOTHING SYRUP has been used for children's teething. It soothes the child, softens the gums, always all pain, cures wind colic, and is the best remedy for Diarrhea. 25 cents a bottle.

TWENTY YEARS AGO TODAY.

(DO YOU REMEMBER?) James G. Blaine's celebrated letter of acceptance was made public. In Marseilles, France, there were 158 deaths from cholera in 24 hours.

TEN YEARS AGO TODAY. An international affair was threatening over an assault by Japanese of Great Britain's minister to Korea and his wife.

FIVE YEARS AGO TODAY. The great Brooklyn street car strike was inaugurated. Edward Johnson was shot and killed by Ab York at Santaquin during a brawl.

White Shirt Waists.

These waists are certainly a bargain. Come and see the line and you will acknowledge it. Come early, for they will not last long. Made of lawn, trimmed with embroidery and lace. They are the odds and ends of our great Round-Up sale; \$3.50, \$4.50 and \$5.00, for \$1.95

Shirt Waist Suits.

The chance is yours. Those who first respond will be fortunate in getting the choicest selections. Odds and ends left over from our Round-Up sale. The materials are washable, and the colors are light and dark; \$4.95 to \$7.50 values for \$2.95

Keith-O'Brien Co.

BE ALIVE

To your own interest. Don't let a fire in your home or place of business swamp you completely. Insure against the ravages of fire through this reliable agency for sound companies, and let the flames do their worst. Our rates are reasonable, losses promptly paid. Get a binding receipt today.

Heber J. Grant & Co.,
