

CITY ASSESSMENT SHOWS BIG GAINS

Rise of \$1,214,714 Is Recorded
With Mines Yet to
Hear From.

COMPLETED IN GOOD TIME.

Report is Fifteen Days Ahead of Last
Year's Record—Application of
New Law to be a Factor.

After three months of strenuous figuring, County Assessor Amos Gabbott reached the bottom of this year's assessment rolls for Salt Lake county last yesterday afternoon, which gave an amazing total of \$60,422,613. This is an increase of \$1,214,714 over the assessed valuation of last year, which amounted to \$59,207,899. With the amendment to the constitution, passed by the last legislature providing for the assessment by the state board of equalization of the net proceeds of mines and all mining machinery used in making surface improvements, it is believed that the increase will be at least \$500,000. This item of assessments on mines and machinery amounted to \$1,800,000 last year and will probably be more this year. Both Mr. Gabbott and Mr. Leatham are to be complimented on the fact that the assessment valuations have been completed in days earlier than last year. The state board of equalization will meet the first Monday in July and assess the net proceeds of the mines. The county board of equalization will also meet about this time to hear protests.

In both the city and the county there has been a rise in valuation. The property in the city has increased on account of the improvements which have been making rapid progress in the last year.

Following is a comparative statement of the assessed valuation of Salt Lake county for 1908 and 1909, made up by Assessor Gabbott and Deputy Leatham:

A. L. WILLIAMS RETURNS.

After an absence of about two and one-half years, A. L. Williams has returned to Salt Lake City looking the picture of health. In this respect he has improved considerably, as his physical condition when he went away, was not the best by any means. From Salt Lake Mr. Williams went to San Francisco and after visiting China in charge of a lot of flour that was being sent to help the starving hordes there, he went to Manila, Singapore, Ceylon, Bombay, Cairo and Alexandria. At the last named place he met Judge W. G. Van Horne, formerly of this city, who is now one of four judges appointed by the United States on the mixed court. Coming towards home he called at Malta, Naples, Rome, Marseilles, Paris, Berlin, Vienna, London, Liverpool, Cardiff and Swansea, and other smaller places. On his way from the east, after landing at New York, he says he heard the name of Salt Lake often mentioned most favorably. Mr. Williams is glad to go home, though he says he would not have missed the experience for anything.

NO RELATIVES AT FUNERAL.

Unattended except by a few friends, the funeral of Mrs. Hilma Peterson, the suicide victim who died Wednesday morning, was held yesterday afternoon in Joseph William Taylor's chapel. Members of the woman's family are still held in quarantine at 135 Social Hall place, and could not be present at the service. The remains were interred in the Mount Olivet cemetery.

HOTEL ARTICLES FILED.

The Newhouse Hotel company filed its articles of incorporation yesterday afternoon with the county clerk. The capital stock amounts to \$1,400,000 in shares of \$100 each, of which 8,000 shares are preferred and 6,000 shares are common stock. Samuel Newhouse is president; M. H. Walker, vice president; Lafayette Hanchett, treasurer; C. C. Parsons, Jr., secretary. W. J. Halloran, W. H. Dickson, Nephil J. Morris, J. W. Houston, J. H. Walker, Frank L. Druehl, John V. Smith, J. Frank Judge, Charles C. Parsons, George S. Auerbach, John Dorn, Harry C. Edwards, Charles N. Strevell, and John R. Bransford are additional directors. The treasury stock amounts to \$700, of which 3,700 shares are preferred and 6,000 common shares.

ASKS REDUCTION OF RATES.

A petition has been sent to the city council by the University of Utah, asking for a reduction in the water rates for the institution. It is claimed that under the new schedule the cost

to the institution is doubled. The communication, which was received from the board of regents, stated that the university had heretofore been paying only 2.5 cents for each thousand of gallons while the last bill brings it up to 7 cents.

TO OPEN BIDS TONIGHT.

Board of Works Will Pass on Tenders
For Improvements.

Bids for public improvements calling for an aggregate expenditure of \$225,000, will be opened tonight by the board of public works. The largest contract will be received for the laying of the water mains for 1909. This will amount to about \$200,000. The improvements on which bids will be opened tonight are:

Sewer extension No. 227, west side of Third West street, from North Temple to First North street; sidewalk extension No. 142, the east side of Fifth East street between First South and Brigham street, and curbing and gutting extension No. 8, the west side of Fifteenth East between First South and Second South streets.

Sidewalk extension No. 142 also includes the bringing of walks to grade of sidewalks not on grade on First South between Second and Sixth East streets.

ENTRIES ARE FALSE, DECLARES JOB LYON

Says He Can Prove They Were Made
After Tax List Charges
Were Made.

Upon investigating the minutes of the county commissioners, County Attorney Job P. Lyon, who filed suit against the board for the recovery of \$5,727.50 which he charges they paid illegally to the Inter-Mountain Republican on the 12th of March, declares that there has been a false entry made in the county books. This entry shows that County Treasurer Grosebeck was authorized to publish the tax list in the Inter-Mountain Republican on Nov. 23, 1908, Grosebeck nothing of the matter until months later. It is charged that the entry is of recent date and that it can be proved that it was entered after the legal authority of the awarding of the printing was questioned.

County Treasurer Grosebeck said today that the proceeds from the sales of land for taxes have always been large enough heretofore to pay for the printing of the lists. This year, however, the money received from the sales did not pay one third of the bill.
