## **LOCAL AND OTHER MATTERS.**

### **NO MEETING TO-MORROW.**

Owing to an accident to the heating apparatus of the Assembly Hall, which will take a few days to repair, there will be no services there to-morrow.

DAVID O. CALDER.

The accident referred to above, as described by Supt. Henry Grow was caused by the bursting of some of the water pipes in the building. The main pipe which furnishes water to the Endowment House also supplies the Assembly Hall, and it was impossible therefore to keep the pipes in the latter building empty as they should be in cold weather, when not in use. Separate communication is now effected, so that the accident cannot occur again. It will take two days to repair the damage to some of the larger pipes.

Houston.—Brother James Houston, who arrived in the last company of emigrants, is requested to call at the DESERET NEWS office.

Sunday Services.—The Sunday Services of the Latter-day Saints will consist of the following: Sabbath Schools at 10 a.m.; and ward meetings, which the home missionaries will attend in the evening at the usual hours.

Our Agent.—Brother William Brannan, our agent, will start during the first part of next week, on a business trip through the southern counties of the Territory, in the interests of the DESERET NEWS. We commend him to our friends everywhere.

Sunday School Jubilee.—The 21st Ward Sabbath School will hold its anniversary jubilee to-morrow, at 10 a.m. It should have taken place a month ago, but on account of having to prepare for the jubilee at the Tabernacle, October 31, it was postponed till the present time.

A Monster "Murphy."—Mr. Harvey H. Perkins, of Wood's Cross, called in this morning to exhibit a colossal specimen of the Peoria potato. It weighed 84 pounds when dug and had ten tubers. It was raised by Mr. Joseph Maybree (to a dead certainty however), on the farm of Perkins and Coltrin, at the above named place.

From the South.—Brother Silas S. Smith, of Paragonah, presiding over the settlements of the Saints in Colorado and the San Juan region is in town, and made us a brief call this morning. He is at present located at Manassah, which is within three miles of the Denver and Rio Grande Railroad, concerning which so much is being said just at present. He has no contract on the road, but is acquainted with those who have. He says, in respect to the dissatisfaction which has arisen among those who have been out there and could not get work, that it is due to their not getting a proper understanding of the situation before starting from home. Those who have refused their employment are the foremost of the various camps along the line, and not the contractors. They should have first visited the contractors, who live in the cities, and made known their business, and Brother Smith thinks they would then have been successful in obtaining the work they sought. He will leave for Colorado on Monday or Tuesday next.

Careless Orchestra Concert.—On Monday the 29th inst., the first grand concert by the Careless Orchestra will be given at the Salt Lake Theatre. The programme is a splendid arrangement and is bound to draw a full house. The opening feature is an overture by Auber entitled "Crown Diamonds," to be performed by the orchestra. It will be followed by Russell's thrilling and descriptive song "Man the Life Boat," from Mr. Gorinski, after which Mr. George Hodger will execute Damare's brilliant "Wren Polka," on the piccolo. A selection entitled the "Bohemian Girl," by Muller, will be rendered by the orchestra, followed by the "Silver Stream Polka," from Mr. Mark Cramall, on the cornet. Part first will be closed with a galop from the orchestra called "Diminution Conique," composed by Mr. George Careless. The first piece of part second is Neyer's waltz "Breeze de Nuit," by the Orchestra, which will be followed by "La Cascade," piano solo by Pauer, from Mr. J. J. Daynes. Miss A. Gierisch will render a zither solo entitled "Alpine Songs," and the orchestra will follow with a selection by Audubert, entitled "Rigolotto." Mrs. Joseph Siegel will give the aria "Caro Nome," from Verdi's "Rigoletto," and the concert will close with the "Cuckoo Polka," by Isenman, played by the full orchestra. The whole affair will be under the management of Mr. George Careless, leader of the orchestra. Tickets for sale now at Careless' music store. No extra charge for reserves.

Z. M. S.—The members of Zion's Musical Society will meet for rehearsal at the Council House, on Monday evening, at 7 o'clock. An introductory lecture on the science of music will be given by Professor Beesley.

A cordial invitation is extended to all the old members to attend these meetings regularly, and others who desire to improve their musical talents are invited to join the Society.

Weather at Coalville.—At 7 o'clock a.m., the thermometer was six degrees below zero. It was the coldest sunrise during the past 15 November, except November 30th, 1871. T. B. Observer.

No Services To-Morrow.—Owing to an accident having taken place in the heating apparatus at the Assembly Hall, there will be no services held there to-morrow. We learn this from Counsellor David O. Calder.

Off for Indiana.—Elders James McGhee and G. D. Nebeker, left yesterday morning on a mission to Indiana. We bid them God speed.

# **A Narrow Escape.—The Loga Leader of Friday had the following:**

On Monday last Brother Wm. Chugg, an employe at the Union Flour Mill, met with a painful accident, and narrowly escaped being ground to pieces by some large cog wheels. It appears he was filling with water a barrel that was attached to the upper room near the roof and used to contain water for wetting wheels. The water is usually pumped into the machinery, but when the pipes freeze up water has to be put in by hand, and in order to put water into the barrel it is necessary to lean over a large shaft which is attached several sets of cog wheels. While in the act of emptying a bucket of water in this position, the coat of Brother Chugg was caught in the cogs, and before he was aware he was being drawn. His right coat sleeve was torn off, and the muscles from the elbow to the wrist were laid bare, and it was with almost superhuman strength that he threw his left arm around another shaft, thus preventing his right arm from being torn completely off and saving his whole body smashed. A workman near by rushed to stop the machinery, which he did just in time to save the life of Brother Chugg. His injuries were painful, but not dangerous.

Poems and Songs.—We have received the following communication which is self-explanatory and to the point:

SPANISH FORK, Utah Co., Utah.

Many of my friends have repeatedly expressed a desire to see the productions of my pen in print; and believing it to be a duty, I have consented, although with much diffidence, to publish a small volume of poems and songs, prefaced by a brief autobiography.

The book will contain upwards of 120 pages, bound in cloth; embossed cover, gilt lettered, and the price will be one dollar.

In undertaking the enterprise, I sincerely solicit the kind support and patronage of my friends. Very respectfully, HANNAH COHNBARY. November, 1880.

Mrs. Cornaby is known to many in this Territory and other places, through the columns of the "Woman's Exponent" to which journal she is a contributor.

"Children's Hour of Pleasure."—This is the title of a new music book just received from the publisher, by Mr. David O. Calder. It contains Franz Abt's celebrated sixteen songs for children and fifteen melodies of the most popular of Sullivan and Claribel's songs, arranged in an easy manner for the piano or organ. As a writer of songs for the people and children, Franz Abt stands pre-eminent and has a reputation as a master of his art in Europe and America. In the present collection his versatile pen has been made to contribute in a pleasing and easy manner to the enjoyment of youth. The instrumental arrangements of Sullivan and Claribel's songs are bound to please young performers and lead them to a thorough appreciation of good music. The book is printed from new plates, full music size, with illuminated covers and title in two colors. Its cheapness will also recommend it to teachers and parents—only 75cts.

Heirs to Property.—We have received De Bernardy's *Nest of Kin Gazette*, (London) for November, which contains an extended catalogue of names of persons thought to be in this country, who have fallen heirs to property in Great Britain. Among them are the following:

Allcock, Samuel, supposed to have gone to Utah with his mother to Salt Lake City, Utah.

Davies, Juliana Eliza, otherwise Sims, supposed to have resided in Salt Lake City, Utah.

Edwards, Richard Nathaniel, last heard of in Salt Lake City.

Goble, Mary, left England for Salt Lake City many years since, and who is believed to have died shortly after landing in America. Children of.

These persons, or their next of kin, should write at once to Messrs. De Bernardy Bros., 23 John Street, Bedford Row, London, England.

Fatal Accident.—The following came over the wires to-day: PAROVAN, Nov. 20, 1880.

Editor Deseret News: A young man named Hans P. Hanson, aged 25, died yesterday morning after wood. About 2 p.m. two men helped him to load, and soon afterward Hanson told another who was passing that he would start in an hour. Last evening, as he had not arrived, persons went in search they found Hanson about 2 o'clock this morning, lying on his back dead by the side of his wagon. No marks of injury. The wagon was loaded, the whip and axe were in place, and the team still hitched on. An inquest this afternoon decided that he was killed by falling from the load of wood.

Z. M. S.—The members of Zion's Musical Society will meet for rehearsal at the Council House, on Monday evening, at 7 o'clock. An introductory lecture on the science of music will be given by Professor Beesley.

A cordial invitation is extended to all the old members to attend these meetings regularly, and others who desire to improve their musical talents are invited to join the Society.

IT IS TRULY WONDERFUL TO SEE what improvements now exist as compared with railway travel only a few years ago. To become convinced of this, one has only to select for his route East, the popular and well-known CHICAGO & NORTHWESTERN ROUTE.

You are landed by the Union Pacific R. R. in the Union Depot at Council Bluffs, where stands the C. & N. W. Palace train, composed of Pullman Hotel Cars, Pullman Sleeping Cars, elegant Day Coaches, Smoking Parlor, Postal Cars, etc., ready to convey its passengers through Iowa and Illinois, and into Chicago. Gliding smoothly along over the superb track of steel rail through thriving cities and villages, comfortably seated in this train, one scarcely discerns the high rate of speed which he is riding. Trains of this kind are always on time, connections cure, and passengers seeking pleasure, comfort, safety and speed are convinced that the "North-Western" is excess of their expectations, and the greatest of all routes to Chicago and the East. Insist upon Ticket Agents selling you Tickets via this route. The Agents will then. Examine your Tickets, and refuse to buy if they do not read over this Road. If you wish the best Traveling Accommodations, you will buy your Tickets by this Route, AND WILL TAKE NO OTHER. d&w

Lumber Business. Mr. C. E. Angell, a young gentleman of this city, has taken the Eighth Ward Lumber Yard, formerly run by Mr. Jas. W. Barclay, and solicits the patronage of the public.

It is Economy to buy the Best. The vain attempt to imitate the "Royal Baking Powder" by other manufacturers during the past fifteen years, has proved wholly abortive. It is claimed for every new brand that it is just as good as the Royal, while they are cheapened with flour, or drugged with the hurtful alum. The pure grape cream tartar from which Royal Baking Powder is made, is imported expressly for it from the wine district of France. Manufacturers of this brand, with a far seeing eye, have always used the best and most wholesome materials, and are said to be the largest users of cream of tartar in the world. d&w

RESCUED FROM DEATH. The following statement of Wm. J. Coughlin, of Somerville, Mass., is a remarkable one, and we beg to ask for it the attention of our readers. He says: "In the fall of 1876 I was taken with a violent BLEEDING OF THE LUNGS, followed by a severe cough. I soon began to lose my appetite and flesh. I was so weak at one time that I could not leave my bed. In the summer of 1877 I was admitted to the City Hospital. While there the doctors said I had a hole in my left lung as big as a hair dollar. I expended over a hundred dollars in doctors and medicines. I was so far gone at one time a report went around that I was dead. I gave up hope, but a friend told me of DR. WM. HALL'S BALSAM FOR THE LUNGS. I laughed at my friends, thinking that my case was incurable, but I got a bottle to satisfy them, when to my surprise and gratification, I commenced to feel better. My hope, once dead, began to revive, and to-day I feel in better spirits than I have the past three years. I write this hoping you will publish it, so that every one afflicted with Diseased Lungs will be induced to take DR. WM. HALL'S BALSAM FOR THE LUNGS, and be convinced that CONSUMPTION CAN BE CURED. I have taken two bottles and can positively say that it has done more good than all other medicines I have taken since I came to the hospital. It has almost entirely disappeared and I shall soon be able to go to work. Sold by all druggists.

Nothing Short of Unmistakable Results conferred upon tens of thousands of sufferers could originate and maintain the fame which ALEX. LEITCH'S SASSAPARILLA enjoys. It is a compound of the best vegetable alternatives, with the Iodides of Potassium and Iron, and it is the most effective of all remedies for scrofulous, mercurial, or blood disorders. Uniformly successful and certain in its remedial effects, it produces rapid and complete cures of Scrofula, Boils, Humors, Pimples, Eruptions, Skin Diseases, and all disorders arising from impurity of the blood. By its invigorating effects it always relieves and often cures Liver Complaint, Female Weakness and Irregularities, and is a potent restorer of vitality. For purifying the blood it has no equal. It tones up the system, restores and preserves the health, and imparts vigor and energy. For forty years it has been in extensive use, and is to-day the most valuable medicine for the suffering sick anywhere. 2dw
