

## RELIGIOUS ISSUE IN FRANCE GRAVE

All Realize Seriousness of Situation, Some Papers Predicting Veritable Warfare.

MATTER LIES WITH CHURCH.

Clemenceau Says Vatican is Like a Foreign Power Trying to Dispute Authority of Government.

Paris, Dec. 10.—The press today unanimously recognizes the extreme gravity of the religious issue precipitated by the pope's entreaties and attitude and many papers predict a veritable religious warfare. The government's calculations have clearly been upset and new legislative authority may be necessary to enable it to cope with the situation. It having been decided that after tomorrow religious services may not be held without a preliminary declaration under the law of 1881, the pope's orders entail the immediate initiation of prosecutions in 35,000 churches by the police for the purpose of pronouncing their dissolution and expelling the parish priests. The militant Catholics seem to have taken the prospect of violence which will compel the closing of the churches, with the attendant excitement of religious passions.

J. Jaures, the Socialist leader, professes to believe that the Vatican is deliberately determined to test the strength of the party of reaction in an effort to overthrow the republic. The Socialist organs generally, however, regard the pope's instructions as being the result of the government's weakness in offering any concession beyond the formation of the cultural associations contemplated under the law of 1896 and declare that the government will have no alternative except to insist on the required declarations being made or show the ecclesiastics the door. The conservative papers advise the government to remain firm and to insist on the pope's instructions as being the result of the government's weakness in offering any concession beyond the formation of the cultural associations contemplated under the law of 1896 and declare that the government will have no alternative except to insist on the required declarations being made or show the ecclesiastics the door.

Instructions to the public prosecutors were telegraphed broadcast today.

Premier Clemenceau is quoted as saying:

"If the church elects to have war it will have it; but the world will bear witness that the Vatican is like a foreign power trying to dispute the authority of the French government."

M. Briand, minister of public worship, says he thinks the pope yielded to the importunities of the ultra-montanes who are even possessed with the idea that out of disorder and civil war they will emerge triumphant. The government now does not face a revolt of the consciences of French Catholics but a purely political enterprise."

## SECY. OF TREASURY SHAW ON MONEY STRINGENCY.

Washington, Dec. 10.—Secy. Shaw had an interview today with the bankers committee, now in session in this city, and later in the day made the following announcement:

"I have received in the last 10 days an unusually large number of letters from business men representing all sections of the country, complaining of the extraordinary high rates of interest. I have conferred during the same period, by letter or personally, with a large number of the bankers scattered throughout the east. I have today conferred with the committee of the American Bankers' association, now in session in this city. These gentlemen represent Chicago, St. Louis, New Orleans, Atlanta, Pittsburgh, Indianapolis, Des Moines, and other cities. From this information I can get, I think the following describes the situation fairly well:

"Our blessings are the real cause of the actual stringency in money, recognized everywhere. An unusually large crop, and unexampled industrial activity, have created an unprecedented demand for money. The work is everywhere prosperous and money is in great demand throughout Europe as well as in the United States. We never had such a volume of credits, and they are based on an unbounded volume of assets. The manufacturers of cotton are buying that staple by the trainload. The cotton planter, unlike the western farmer, demands actual cash, and he carries it home in his pocket. The western farmer is paid in checks, which he deposits in the bank to his credit, and therefore he does not absorb actual money, as the cotton planter. This money should be returned to the banks when the planter settles with his mer-

## ITCHING PAINFUL SORES ON HANDS

Suffered for a Long Time Without Relief—Had Three Doctors and Derived No Benefit—One Doctor Was Afraid to Touch Them—Soreness Disappeared and Hands Now Smooth After Application of

## CUTICURA SOAP AND CUTICURA OINTMENT

"For a long time I suffered with sores on the hands which were itching, painful, and disagreeable. I had three doctors and derived no benefit from any of them. One doctor said he was afraid to touch my hands, so you must know how bad they were; another said I never could be cured; and the third said the sores were caused by the dipping of my hands in water in the dye-house where I work. I saw in the papers about the wonderful cures of the Cuticura Remedies and procured some of the Cuticura Soap and Cuticura Ointment. In three days after the application of the Cuticura Ointment my hands began to peel and were better. The soreness disappeared, and they are now smooth and clean, and I am still working in the dye-house."

"I strongly recommend Cuticura Soap and Cuticura Ointment to any one with sore hands, and I hope that this letter will be the means of helping other sufferers. Very truly yours, Mrs. A. F. Maurer, 2340 State St., Chicago, Ill., July 1, 1905."
