Loss of Mails.

NEW YORK, 25. — Postmaster James has received a letter from Owen M. Long, United States Consul and Postal Agent at Panama, in which he says he has to report, by the loss of the Pacific Mail Steamer, *City of San Francisco*, the mails from New York for Acapulco, Manzanilla, and Mazatlan, by the Steamship *Apaculco*, leaving New York, May 1, and mails from New York for Manzanilla and Mazatlan by the Steamship *Colon*, leaving New York, April 17. The last Pacific Mail Steamer leaving Panama on the 9th or 10th of each month for San Francisco, and touching at Manzanilla and Mazatlan, is the only direct communication with these ports, therefore the mails from New York for Manzanilla and Mazatlan by the New York Steamers, arriving on the 24th or 25th of each month, is held over until the 9th or 10th of the following month.

The Vanderbilt Will.

The action of Cornelius J. Vanderbilt *vs.* William H. Vanderbilt, as residuary legatee of the estate of the late Commodore Vanderbilt, was on argument, to-day, in the Supreme Court Chambers. It came up on motion for defendant to strike out several portions of the complaint. Plaintiff makes it part of the case that the defendant agreed to pay the plaintiff $1,000,000 for withdrawing his opposition and admitting the will to probate. Decision reserved.

Dead.

Robert Dale Owen died yesterday at his summer cottage on Lake George.

Disastrous Fire.

MARBLEHEAD, 25.—A fire, which broke out in the Marblehead Hotel, Pleasant Street, at two o'clock this morning, burned fifteen acres. The fire department could not control it, as the greater part of the department's water supply was destroyed at an early stage of the conflagration. The flames spread with great rapidity, leaping across two or three streets, and spreading in various directions. The simultaneous arrival of steamers from adjoining places alone checked the flames.

In a few brief hours the flames had destroyed two-thirds of the old town, and left, without prospects of employment, fully three-quarters of the male and female workers of Marblehead. One-half of the buildings are destroyed, including barns, factories, and dwelling houses. The loss is estimated at not less than half a million dollars.

Jewish Protest.

CINCINNATI, Ohio, 25.—Forty-six Jewish firms, comprising the best houses in the city, have united in saying the following:

"We, the undersigned, having noticed with a deep sense of indignation the uncalled for and unjust discrimination made against Israelites, as a class, by Judge Hilton, of New York, in excluding them as guests from his hotel at Saratoga, protest against this unwarrantable action as a gross outrage on our rights, as an insult to modern civilization, and a stigma on republican institutions. Considering the unanimous stand taken by the press, as the representative of public opinion, we are content, as citizens, to leave our cause as such in the hands of the American people. As business men, however, we deem it due to our self-respect, and hereby declare and pledge ourselves henceforth to entertain no relations whatever with the house of A. T. Stewart & Co., of which Judge Hilton is the acknowledged head."

Destructive Wind, Hail, and Lightning Storms.

CHICAGO, 25.—A wind and rain storm which apparently started in the vicinity of Kansas City, is now raging in northwestern Missouri, over the entire State of Iowa, in a large portion of Illinois, and a section of Michigan. Telegraph wires are prostrated in every direction.

At Peoria the wind lifted the tin roof off the Chamber of Commerce and the rain is flooding the interior of the building.

Severe hail and lightning storms prevail along the line of the Northwestern Railroad, in Illinois. The wind amounts almost to a tornado.

The damage in Chicago will probably not exceed $20,000 at the outside. It consists chiefly in broken glass, unroofed houses, broken fences and signs, and overturned vehicles. Two small houses on the north side were destroyed by the wind, and 500 trees in Douglass park were blown down. A carpenter, named Fred. Kassner, working at the corner of Eighteenth and Centre Avenue, was thrown out of a second story by the force of the wind, struck on his head, and, to-night, is dying.

TOLEDO, Ohio, 25.—The storm was very severe in this vicinity, and in some places it is reported that the crops are badly injured. The wind was fifty miles per hour.

FRANCESVILLE, Ind., 25.—A terrific wind storm at 1.30 this afternoon destroyed Dunn's hay press and barn, and did other light damage amounting to $5,000.

OMAHA, 25.—The storm was very general throughout the west. It was first heard of at Cheyenne yesterday afternoon. Heavy hail and rain, with wind, extended north of Sioux City, south of Kansas City, and over the State of Iowa. No particular damage heard of west, but south there are several washouts on the railroad. In Iowa the rain fall exceeded two inches. The Northwestern had a bridge washed out near Logan. At Bear Grove dwellings were blown down. The town is almost destroyed. The rainfall here exceeded an inch and a half. The large bridge was undermined and a number of cellars flooded, entailing considerable loss.

CINCINNATI, 25. — The storm reached here at 4.15, and raged violently for some minutes, doing considerable damage, blowing down buildings and killing one man.

COLUMBUS, 25.—A storm raged here about 5.30, and did damage to roofs, fences, signs, etc.

Shot and Killed.

LITTLE ROCK, 25.—Three masked men, yesterday, shot and killed a negro who was being conveyed to jail by a guard on a charge of having aided in a murder four years ago. The affair occurred at Bonaire.

Intense Excitement.

CINCINNATI, O., 25. — Specials from Logan, O., says the excitement is intense over the unusually atrocious murder of John Welden, his widowed sister, Mrs. McClury, and Nancy Hite. About 1,500 gathered, and fears were entertained that there would be an attempt, to-night, to take the prisoners from jail and lynch them. The militia are under arms, a number of extra police having been sworn in. The latest developments show that King was not concerned in the murders. Late this evening groups of men are seen quietly talking in the streets of Logan. Men from different parts of the county are present.

FOREIGN.

GREAT BRITAIN.

Eastern War News.

LONDON, 25.—At Ibrail, on Friday, the Russians completed the bridge undisturbed by the Turks. Everyone understood on Thursday that the crossing was postponed, both on account of the delay in the Czar's arrival and an ambush not far from the bridge; however, Gen. Zimmerman suddenly disappeared from Ibrail during the night, and this morning, a little after daybreak, the people of Ibrail were awakened by the sound of artillery and musketry on the other side of the river, showing that the Danube must have been crossed, Gen. Zimmerman had gone to Galatz and crossed the Danube with two regiments of infantry and a proportionate amount of artillery and cavalry, in a number of boats towed over by steam launches. The distance travelled by the boats seemed to have been over three miles. The Turks probably were taken by surprise as usual, though there was a good deal of artillery and musketry fire. They do not seem to have made a very stubborn resistance. The wounded came in from Galatz, and continued to do so all day. Judging from the number of ambulances, the wounded brought back were not less than 300. The accounts of the action vary very much, and it is impossible to get reliable information. A Roumanian oarsman says the Russians, who tried to land at the edge of the lake near the village of Tchitchille, were fired on before they touched the shore, and then met with a heavy volley. From five to six thousands Russians crossed, with eight cannon. At ten o'clock the Russians gave up after an attempt to gain possession of the road leading to Tchitchille, over the hills.

Simultaneous with the crossing into Doboudscha the news comes of the general movement of the Russian troops between Stalina and Alexandria, down to the Danube, between Turnu, Magebri and Simlitza, the ninth army corps, which form the extreme right, leading the way. Preliminary operations on the Danube have begun in earnest. Bombardments continue along the whole line on Sunday including the batteries at Ottinitza, Beket, Grahova, and Kalafat. The Turks are reported preparing to concentrate their forces on the lower Danube, leaving the Widdin force isolated. In Doboudscha the fall of Tulscha and Sulina cannot be far distant, as the Turkish forces occupying these points are cut off from lines of communication and reinforcements.

Russian agents have been dispatched to Hamburg, Bremen, and the United States to enlist sailors for the navy. Five new men-of-war are about to be launched at Cronstadt.

The attempt of the Russians to cross the Danube near Rustchuk has been followed by a severe battle, in which the Turkish gunboats have taken an active part. The town of Giurgevo, opposite Rustchuk, occupied by the Russians, has been set on fire by Turkish shells. Heavy firing is still going on.

It is reported that the Prince of Montenegro has been killed by his infuriated soldiers in consequence of their recent serious defeats.

Austria's contemplated military measures are gradually coming to be regarded as measures of precaution against all contingencies which may arise in the provinces bordering on Austria, after the crossing of the Danube.

A dispatch from Erzeroum says, after the battle of Zerdekan, June 16th, the Turks, having fallen back on Delibaba, the Russian left wing took possession of Delibaba Pass, and fortified it. The Russian right wing having retired somewhat, Mukhtar Pasha telegraphed Rachid Pasha to join him with nine of the twelve battalions forming the Turkish left wing. Mukhtar quitted his headquarters at Zwin, on the night of June 17, for Delibaba, to take command of the Turkish right wing in person. The following day he received reinforcements, which raised the strength of the right wing to nineteen battalions. The Russians in Delibaba Pass numbered 200,000, with five batteries. Several skirmishes were fought on June 20th and 21st. Muktah attacked the Pass. The fighting lasted from six in the morning till eight in the evening. The Russians were at first driven from their position, but they afterwards reoccupied them, and attacked the Turkish positions on the heights with charges of infantry and cavalry. The Turkish front gave way for a short time, but afterwards rallied, charged the Russians, and drove them back. The Turks then opened a terrible artillery fire and compelled the Russians to fall back with heavy loss—400 killed and about the same number wounded. It is reckoned that the Russian loss was at least double.

On the 22nd Mukhtar again fought a severe battle. The Russian cavalry were placed in an entrenchment to act as infantry, but ultimately the Turks drove them out, and pursued them, the Russians retreating in disorder for Zeidilien. The whole of the fighting lasted thirty-three hours. The Turkish loss, according to the latest accounts, is upwards of 2,000. The Russian loss is much heavier.

The Turkish headquarters is still at Zervin, where twenty-four battalions and two batteries occupy an excellent position, unassailable in front.

On the 23rd 18,000 Russians began to advance against this position. It is very probable that a battle will be fought here. The Turks await the assault. If it is not attempted, they will advance and endeavor to crush this corps.

Ismail Pasha, Governor of Erzeroum, commands the centre during the absence of Mukhtar Pasha. So far all attacks upon Kars have been repulsed with loss.

Dervish Pasha telegraphs from Batoum, June 23rd, as follows: "We have repulsed several attacks of the Russians, and finally compelled them to withdraw their batteries and retreat, with 1,500 killed and wounded. Darkness coming on, we could not bring up our artillery, and therefore did not occupy the entrenchments which the Russians abandoned, but returned to our former position."

A telegram from the Governor of Trebezond states that a frigate assisted in the foregoing affair by the bombardment of the entrenchments of the Russians, and acknowledge that seven Turkish officers and eighty men were killed.

It is supposed the Czar will leave Bucharest for Alexandria, to be present at the crossing thereabouts, which is expected on Tuesday or Thursday. A fearful contest is expected at Rustchuk.

There are 800 cases of typhoid fever in the Russian hospitals.

On Sunday night the bombardment of Rustchuk by the Russians became terrible. The Turks stand the fire with great coolness and reply vigorously and with good aim. A shell has fallen in the prison and killed two prisoners. Several non-combatants have been killed and wounded. Shells have struck the German, English and Belgian Consulates. Shells burst near the hospital, but the Russian fire seems directed to the centre of the town.

A Newark Sunday School boy gave his teacher the illustrative definition of "responsibility": "Boys have two buttons for their 'spenders, so's to keep their pants up. When one button comes off, why, there's a good deal of responsibility on the other button."

TARRANT'S SELTZER APERIENT

Ridiculous Ideas are entertained about purgatives. It is dangerous to scourge the stomach, to rasp the bowels, to prostrate the nervous system with furious evacuants. Nature has given a sample in the famous Seltzer Spring, of what the bilious, constipated, or dyspeptic system needs for its restoration, and in Tarrant's Effervescent Seltzer Aperient Science has improved on Nature by combining all the valuable ingredients of the German Fountain in a portable form, and omitting those which have no medicinal virtues. This agreeable and potent saline alterative changes the condition of the blood and purifies all the fluids of the body. Sold by all druggists.
