Cuban Meeting.

New Orleans, 21.—There was a large and enthusiastic meeting at the Exposition Hall to-night, which adopted resolutions sympathizing with the Cubans, denouncing the barbarities of the Spaniards, urging the enforcement of the Montre of doctrine, pledging the support of all who might be in the way of earning small sums of money, and would tend to largely utilize and keep in circulation immense amounts which are paid out for U.S. Assessor—J. Ku Klux Triai.

Louisville, 21.—The trial of John Oran, the alleged Ku Klux, in Owea Co., charged with murder and arson, in killing a negro and burning his house, resulted in a verdict of not guilty. It is said the proceedings were conducted to suit the Ku Klux, who were present to the number of one hundred, and that Oran's guilt is clearly proved.

consequent upon the latest intelligence from Madrid, and the
probabilities of war with Spain
were freely discussed. All kinds of
rumors are in circulation, adding to
the wide-spread excitement and
causing numerous enquiries at official quarters as to their truth; but
they only get the assumance that they only get the assurance that the government was without official advices confirming them. It making earnest enquiry for infor-mation to be forwarded to Minister ernment is doing work only on two making earnest enquiry for information to be forwarded to Minister Sickles as to the legitimate rights of the Virginius to all privileges and protection guaranteed to American vessels on the high seas. The subject has been thoroughly investigated in the navigation division of the treasury department, and there is no reason to believe that any irregularity exists in the registry papers of that vessel. This fact has been communicated by the Secretary of the Treasury to the Secretary of State, and was one of the subjects which received attention at the cabinet meeting to-day, Mr. Richardson producing to-day, Mr. Richardson producing copies of the papers and records in his department concerning her. The cabinet session was the longest ever held under President Grant's well-known stock operator, has been purchased and chartered by the government for a dispatch boat. Captain Geo. N. Ransom, the ex-ecutive officer of the navy yard, has been ordered to take command of administration, and upon adjournment it was remarked that the meeting had been one of the most important ever held, a member stating that the whole time had The Cuban residents of this city who have just arrived from Hav been occupied upon the Virginius matter, and its attending complications. careful not to permit a word to escape them as to the conclusions reached, either at this for the two preceding meetings. It is known that the public sentiment in Spain is of a violent and unfriendly character toward the American legation, but the government is without advices as to the confirmation of the reports that social relations between our representative at Madrid and the Spanish Minister of Foreign Affairs had been interrupted. He garding the rumors of further violence against the legation and Minister Sickles personally, which were in active circulation to-day, none of the neperts are confirmed by official dispatches. The President in conversing upon the subject of our relations with Spain, is free from anything like passion, his manner being caim, the statement of the evidently is intended to the country, but he will do nothing that will, even by implication, place us wrong before the world. While the United States sympathizes with Spain in her efforts to establish a republican government, and will give all possible moral support in that discusion, this movement on her part will not serve in the least degree to restrain our government from exacting the full measure of redress for pending grievances, and protecting all the interests covered that proper measures will be to set a gainst a possible world with a due regard to the mational flag.
