Stanley's Expedition.

LONDON, July 22.—A dispatch from St. Paul de Loando says: The Stanley expedition arrived May 28th at the confluence of the Aruwimi and Congo, between Bagolas Station and Stanley Falls. Only a few were ill. Stanley had all ship on the Right bordering the river bank of Aruwimi, commanding the surrounding country. The weather was fine and the prospects for revictualing favorable. June 2nd Stanley started for Wadelai with an escort of five European officers and eight men, leaving the remainder under an officer in camp on the Aruwimi. At Bopoli it was thought it would take Stanley two months to reach Wadelai or meet Emin Bey's camp. It is expected that the steamer *Stanley*, whose engine was greatly strained by the difficult passage up the river, would be able to start on June 3d to return to Leopoldville, where she would repair. She would then re-ascend the river to Aruwimi with the stores left at Stanley's Pool and the men left at Bolobo under Captain Barttelott.

The "Thistle."

LONDON, July 22.—In preparing the "Thistle" for her trans-Atlantic voyage, no structural alterations have been made. She will be rigged with a short topmast and a very short bowsprit and boom of half-racing length, and will sail under a storm mainsail, a small foresail and a jib and staysail. Her racing spars and spare must will be brought over by one of the Anchor line vessels. Captain Kerr and an old Atlantic sailor will navigate the vessel.

Jocky Club Chartered

NEW YORK, July 22.—The Manhattan Jockey Club filed its charter in the county clerk's office to-day. Its directors are Leonard W. and Eugene M. Jerome, John Hunter, Lawrence Kip, Louis L. Lorillard and Frank Worth. Its capital stock is $100,000.

The Cutting Will Case.

NEW YORK, July 22.—The report of the referee in the celebrated Cutting case was made to-day. As a consequence judgments in large amounts have been filed in the county clerk's office. The referee finds that between the death of Francis B Cutting, father of General Wm. Cutting June 26th, 1870, and January 15th, 1886, the son as executor held or converted to his own use $1,849,555. Of this $704,107 were his own by specific bequest or as income of the property with other allowances. The referee finds General Cutting has been guilty of misappropriation and that he is not entitled to compensation. He rules that the Farmers' Loan and Trust Company should pay over to Lydia S. Cutting as executrix of Haywood Cutting and Wm. Cutting for the benefit of Brockholdt Cutting's children $1,280,298. It is thought by some that General Cutting cannot meet the demands which will be made upon him in the enforced settlements by the terms of the will of Francis B Cutting. There was nothing to be allowed his sons for acting as executors and the referee's report after listing a number of transactions as showing mismanagement, comes to this conclusion.

Where Are They?

BERLIN, July 22.—A party of German officers from the garrison of Metz visited Nancie in Mufti during the national fete last week and nothing has been heard from them since. It is presumed they were arrested while watching the review of the troops or for having become embroiled in a quarrel. Their disappearance has caused some excitement in the Metz garrison.

Destroying Lines

BERLIN, July 22.—Under the edict of the Czar, the frontier station on the Warsaw and Thorn Railway, where the Prussian lines have been pulled down, the rails, platforms and sheds and bridges over the Shervinta have been removed.

Reconciliation Wanted

ROME, July 22.—The members of the Catholic Congress at Lucca are signing a petition asking the government to devote its attention to the question of the reconciliation of the Quirinal and Vatican. It is stated that the Pope approves the step.

Spreading Cholera.

LONDON, July 22. — Advices from Sicily say the fugitives from Catania are spreading the cholera throughout the island. Business is at a standstill everywhere. Several communities have been cordoned and placed under quarantine restrictions. The heat is excessive, the thermometer to-day recording 95 degrees in the shade.

WASHINGTON.

The Cash all Right.—The Alien Law, etc.

WASHINGTON, July 22.—Acting Secretary of the Interior Muldrow today notified the Dalles Military Wagon Road Company, the Oregon Central Wagon Road Company, and the Williamette Valley & Cascade Mountain Wagon Road Company, in the State of Oregon, that J. B. McNaue, of the office of the assistant Attorney-General, and Gabriel C. Wheaton, of the general land office, have been appointed a commission to investigate these roads, and will meet in Salem, Oregon, August 10 next to hear testimony on the issues involved.

In the examination of the books and accounts of Mr. Jordan, late treasurer of the United States, which has concluded, the

ONLY DISCREPANCY

was a shortage of $250 in the way of gold coins of that denomination which had been counted by weight many years ago and passed along from treasurer to treasurer as correct, and the mistake was only discovered by actual count. The tracer shows the name of the clerk who made the mistake, and as he is still in the service the matter was called to him and he immediately made the shortage good, so that Uncle Sam's cash account now balances.

Secretary Whitney has appointed a board of naval officers to take the cruiser *Atlanta* out to sea and give her battery a thorough test and report upon the results.

Referring to the cable dispatch from London in regard to Attorney-General Garland's opinion on the

ALIEN ACT,

it is stated that the opinion was given to the President some time ago. The President has asked for an opinion at the request of certain persons connected with mining operations who were desirous of obtaining information. The opinion was never intended to be given for publication, although it was at no time regarded as secret. It was given to the Associated Press to-night. The Attorney-General, in reply to the President, considers the various sections of the act of March 3, 1887, at great length. His conclusions are summed up as follows:

First—Mines are real estate, or inheritable interests in real estate, and the act does not apply to them.

Second—A stock incorporation is personalty.

AN ALIEN

can lawfully have, hold and own shares of stock issued by an American corporation which is now the owner of mineral lands in the Territory, but if the holding by aliens exceeds 20 per cent. such corporation can neither acquire, hold, own nor hereafter acquire real estate while more than 20 per cent. of the stock is held and owned by aliens.

Third—Under the act the advancement of money hereafter by aliens for the purpose of developing mining property is lawful, but no interest in real estate can be acquired by such advancement, nor would an alien have any right to purchase the real estate or any interest therein on a loan made since the passage of the act, even if sold on his own security or lien.

Fourth—Aliens may lawfully contract with American owners to work mines by personal contracts for hire on *bona fide* leases, for a reasonable time.

THE PRESIDENT.

The *Sun* says to-night: The President has known for some time of the determination to urge him to take a western tour, notwithstanding his declination of the invitation to the Grand Army camp, and he has been considering the question, but he has not decided yet whether or not he will go. It is quite probable, though, that he will visit St. Louis and some other western cities after his southern trip.

The receipts of the United States since July 1st have been $23,525,388, and the expenditures, $22,795,441, being a net gain to date of $729,947.

The Treasury Department has decided that animals of high grade and value, imported from Scotland or other countries for breeding purposes, are entitled to

FREE ENTRY,

notwithstanding the fact they may be for sale.

The United States consul general at Havana writes to the Department of State under date of the 16th inst., that he had just been assured by the Chief Justice of the Supreme Court that the case against Cirello Pouble, a naturalized American citizen accused of treasonable conspiracy, will be heard without delay.

Information has also been received of the acquittal of A. S. Herscheck, an American who was arrested at Cienfuegos some time ago on a charge of complicity with bandits.

Our Mexican Consul.

EL PASO, Texas, July 22.—James W. W. Porch, of St. Joseph, Mo., ex-consul general of Mexico, passed through to-day en route to New Orleans and New York. In an interview he said he had nothing to regret in his action in the Sedgwick matter. He had acted from purely patriotic motives and had gained the approval of the American colony in the City of Mexico and of the Mexican people. He said he had prepared the final report in the Sedgwick case and should stop at Washington to present it. He has become general manager for the new steamship line between New York, Mexico and New Orleans.

Looking Higher.

IOWA CITY, July 22.—Prof. S. N. Fellows published a letter in the Iowa City *Republican* this evening, declining the nomination tendered him by the Iowa prohibitionists for superintendent of public instruction. He says he sees no use for a third party in Iowa, and declares that the republican party has done all in its power for prohibition, and has given Iowa an excellent law. He intimates he will be a candidate for the same office before the republican state convention.

Injunction Granted.

NEW YORK, July 22.—Judge Barrett to-day rendered his decision in the case of Townsend, Cox & Co. vs. Edward S. Stokes, United Lines Telegraph Company, Dwight Townsend, John Anderson, George Turnbal, Edward Salinger and the Farmer's Loan & Trust Company. The suit grew out of the purchase of the Bankers' and Merchants' Telegraph Company by Stokes about two years ago. Judge Barrett denied the application for a receiver, but says that Mr. Stokes unquestionably represented the organization committee in the purchase of the Bankers' and Merchants' Telegraph Company. Judge Barrett grants the injunction pending the suit against the securities in the possession of the trust company.

Railroad Reports.

ST. LOUIS, Mo., July 22.—The Chicago & Rock Island Railway recently sent a surveying party through the mountains of Nevada and California for the purpose of discovering a practicable route between the Central Pacific and Southern Pacific. The party returned a short time ago and reported a route, beginning some distance from Fort Wingate, N. M., crossing the Colorado River some distance above the Grand Cañon, passing

THROUGH PIOCHE,

Tybo and Owen River Valley, and crossing the Sierras through King's Pass, emerging in the vicinity of Tulare Lake, California, and following the San Joaquin Valley to the coast. The line lies through low passes where little grading will be necessary. Should this route be adopted the great mineral region of Pioche will be rendered available.

NEW YORK, July 22.—The Milwaukee & St. Paul Company has notified the Stock Exchange that 57,371 shares of its new stock has been subscribed for, making in addition to the 30,000 shares paid for by the Chicago & Evanston road, 87 371 shares, all of which are placed upon the regular list of the exchange. The 8,000 chares unsubscribed for, are expected to be taken by the London holders, whose subscription has not yet arrived.

COMPLAINTS.

WASHINGTON, July 22.—The Boston chamber of commerce complains to the Inter-State Commerce Commission against the New York Central, Lake Shore and Boston & Albany for discrimination against Boston in favor of New York on grain rates from Chicago.

Geo. E Rice, of Marietta, Ohio, filed a formidable complaint against a great number of roads, charging gross discrimination against him in oil in favor of the Standard Oil Company.

Claim, Wade & Co., of Colfax, Washington Territory, complains that the Oregon Railway & Navigation Company charges $7 a ton upon wheat from Colfax to Portland (320 miles), which they aver is excessive.

The Inter-State Commerce Commission has

CREATED A BUREAU

to be styled its department of statistics, the head of which will be denominated auditor. Mr. C. C. McCain has been appointed auditor and will enter upon his duties August 1st. Mr. McCain is a native of Minnesota and has held for several years a responsible position in the office of Albert Fink, the trunk line commissioner in New York City.

CHICAGO, July 19.—The first special transcontinental fruit train of ten cars from California passed through Chicago to day, five cars being dropped here and the other five taken on to New York.

NEW YORK, July 22.—The *Tribune* to-morrow will say:

MR. GARRETT

spent a busy afternoon at the Victoria Hotel yesterday. He received a large pile of dispatches and letters and kept four secretaries and clerks hard at work. To a *Tribune* reporter, who saw him for a few minutes, he said: "I shall certainly go to Europe to-morrow. I have nothing further to say about the Baltimore & Ohio deal beyond what has already been published. If anything of which I could talk had happened, I would gladly give it to you."

There is little doubt that the first action is to recover the securities which Ives and his partner gave Mr. Garrett in the deal. They claim that since he repudiated the deal he should give back the security. He claims that he is entitled to them. The

SECOND ACTION

is for an injunction to prevent him from disposing of any of his property until the first suit is settled. So, if his opponents will, they may, if needful, attach his property in settlement. The conduct of his affairs in his absence, Mr. Garrett leaves entirely in the hands of his attorney. He will sail this morning on the *Etruria* at seven o'clock with his wife.

Casualties.

DENVER, July 22.—The *News'* Montrose, Colorado, special: Mrs. C. A. Heath went to a neighbor's on an errand, leaving three small boys alone in the house. Shortly afterward one of boys went to his mother and told her they had built a fire and for her to come home and get supper for pa. The mother distrusting something wrong, hurried home and found her house all in flames and her two sons burned to death.

ST. PAUL, July 22.—About 11 o'clock a fire broke out in the wholesale grocery house of the Kelly Mercantile Company, which has spread to several other stores in the heavy wholesale district. At midnight the fire is burning fiercely, and the entire fire department is out fighting it.

GLASGOW, July 22.—The ship *Firth*, of Olna, has been lost in a cyclone in Java waters. Her entire crew, numbering twenty-eight, perished.

Heathen in Court

CHICAGO, July 22.—There is trouble among the Chinese residents in Chicago as the bill filed in the circuit court in which Sam Wing, Lou Chung, Jee Gam, Lou Choy and Dear Noah against Lee Hain will testify. The parties are co-partners under the firm name of Wing and Chung. The firm was established September 28th, 1885, but the business has been poor and complainants aver that in consequence the firm became insolvent. It is indebted to several persons, particularly to Fork, Wab & Co., of San Francisco, who hold notes to the amount of $10,662.11. It is charged that Lee Hain has drawn in excess of his allowance from the firm's exchequer, but the books have been kept in a careless way and in consequence it is impossible to find the correct amount. He also has removed bundles of goods which he was about to ship away for his own use. The other members of the firm ask a dissolution of the copartnership, and an accounting and an injunction restraining Hain from taking more goods from the store.

Refusing to Pay.

LOUISVILLE, Ky., July 22.—United States Marshal Gross and his large force of deputies, who left Tuesday to levy on the property of the residents of Taylor County for refusal to pay taxes on railroad bonds, have been boycotted by the hotels at Campbellsville, and were compelled to camp out. He is not making much progress with the levy. All the stores are closed and most of the personal property has been removed and loads of stock taken out of the county. Levies were made upon several horses, in lieu of anything better. Suit has been brought against the marshal by the county jailor for $1,000 for unlawfully breaking into the court house yard. The people seem determined not to pay the taxes, and a general boycott of the United States posse seems imminent, as the neighboring towns have said they would not take care of anything levied on in Taylor County.

The Boodle Case.

CHICAGO, July 22.—The hearing of the evidence in the boodle case began to-day. The first witness was the indicted ex-commissioner C. F. Lynn, who turned state's evidence. He told how the commission had a secret meeting and decided that the chairman of the various committees should no longer lay themselves open by accepting and dividing the money paid by the firms whose contracts had been put through. It was upon motion of the witness that Warden McGarigle was selected as the regular collector. Money was secured by the commissioners from every contract, about $500 or $1,000 apiece to each man for large contracts and a regular per centage for smaller ones.

Peace for Asia.

BERLIN, July 22.—The *North German Gazette* thinks the Afghan boundary settlement opens up a highly satisfactory prospect of the peace of central Asia.

The Record Broken.

LONDON, July 22.—Woodside, of Philadelphia, to-day beat the English bicycle record for ten miles, covering the distance in 28 minutes, 34 seconds.

Amendments—A Banquet.

LONDON, July 22.—Already 236 amendments have been offered to the land bill.

Brackston Baker gave a banquet last evening to the American Masons at Criterion. Among the guests was Mr. Zacharie, of California. The chairman proposed a toast to President Cleveland, and the company sang "Hail Columbia;" Consul Waller made reply. Mr. Meyer proposed the health of the worshipful master, and in the name of his American brethren presented to the Anglo-American lodge a handsome past master jewel of diamonds as a souvenir. Baker returned warm thanks for the gift. There were a number of speeches and toasts.
