

## HARRIMAN TRAIN HAS RIGHT-OF-WAY

Passengers and Freight Take the  
Sidetrack With Twenty Min-  
utes Leeway.

### MANAGER J. A. EDSON ARRIVES.

Quite a Number of Prominent Railroad  
Officials are in Salt Lake  
Today.

Today there have been quite a number of prominent railroad officials in Utah aside from the Harriman party, which is expected to arrive via the Lucin cut-off in Ogden this afternoon. This morning Manager J. A. Edson of the Rio Grande system, accompanied by General Superintendent J. H. Young of the Rio Grande Western, came in to Salt Lake from the coast, followed this afternoon by H. C. Townsend, general passenger and ticket agent of the Missouri Pacific, and General Passenger Agent Hooper of the D. & R. G. Manager Edson will inspect the system on his way back to Denver. He declares he has nothing of interest to divulge for the benefit of the general public.

As to the movements of the Harriman party, the deepest mystery prevails, the only sure thing being that they are due to arrive after the inspection of the Lucin cut-off and the Ogden yards. Just who are on the special train also is somewhat of a mystery, but it is not believed that Mr. Stubs and other traffic officials are on board. The party represents millions of dollars and the financial powers behind the big Harriman system. Not only does the special have the right of way over everything, but it is preceded by a pilot, and all trains, passenger and freight, are under orders to take the sidetrack twenty minutes ahead of its scheduled arrival.

### LIKE A SCENE IN A PLAY.

Sequel to a Good Samaritan Act on the Part of C. A. Walker.

There was an interesting sequel this morning to the Good Samaritan act on the part of C. A. Walker, general agent of the Chicago & Northwestern, last October. One afternoon during the fair a young lady named Lora Lyday, daughter of Mr. Lyday, came into the office in great distress. She was far from home and had lost her purse, but fortunately still had her ticket. She was very indignant and asked Mr. Walker to advance her some money on her jewelry. Mr. Walker declined, but gallantly provided the unfortunate young lady with sufficient funds to proceed on her journey. Upon her return home she forwarded the money with an accompanying letter of thanks. This morning Mr. Walker received an announcement and invitation to her wedding to a certain Dr. H. A. McDaniel. He says such thoughtful assistance repays him for all the loss he has made in the past and never heard from again.

### J. W. YOUNG'S FRANCHISE.

Utah Promoter Working on Valuable  
Railroad Concession in Mexico.

Some 10 or 15 years ago, John W. Young, the well-known Utah promoter, secured valuable franchises and concessions from the Mexican government under which it was possible to build a railroad. In 1926 Mr. Young was engaged in London in floating the company to build the road and one of the most striking features of his handsome offices in the vicinity of the Bank of England was a large map showing the route of the proposed line. Following his reverses in 1925 it was asserted that the project had fallen through. However, the following clipping from the St. Louis Globe-Democrat, would indicate that the scheme had once more been revived:

"J. W. Young of Salt Lake City, Utah, son of Brigham Young, has obtained a concession from the Mexican government for construction and operation of a railroad from the city of Juarez on the Texas border to a point on the Pacific coast of Mexico, near the port of Topolobampo, and thence southeast down the coast to the city of Culiacan, and thence to the city of Mazatlan. The route where it will connect with the Mexican Central railroad. The total length of the proposed road is about 1,500 miles. The route is through a number of rich mining camps in the states of Chihuahua, Sonora and Sinaloa, and traversing the productive agricultural region which borders on the Pacific coast. A number of 'Mormon' capitalists are associated with Mr. Young in the enterprise. It is stated that the Mexican government will grant a liberal subsidy."

### Tourists Coming West.

There will be several parties originating on the Chicago & Northwestern passing through Salt Lake this week on their way through to the coast. Among them are numbers of Methodists on route to the general conference at Los Angeles. One of the most prominent embraces Rev. Bates, wife and daughter, father, mother and son of the governor of Massachusetts. They will arrive Friday, as also will 100 delegates to the National Retail Grocers' association which holds its conference at San Francisco next week. In addition the Genesee, N. Y. Methodists are coming through in a special and will spend Sunday in this city.

### S. L. Bean is Appointed.

Topolobampo, Kan., April 25.—The Santa Fe railway today announced the appointment of S. L. Bean as mechanical superintendent of the coast line, effective at once, with headquarters at San Bernardino, Cal. Mr. Bean has been master mechanic for the Santa Fe at Albuquerque for some time past. He came to this road from the Northern Pacific.

### Receiver Appointed.

Savannah, Ga., April 25.—The Atlantic and Birmingham railroad has been placed in the hands of a receiver, B. R. T. Smith of Macon, Ga., upon petition of E. C. Machen, formerly president of the road. The order was granted by Judge Sizer of the United States court for the southern district of Georgia, at Macon.

Machen alleges that the road is indebted to him in the sum of \$5,000 for services rendered.

### SPIKE AND RAIL.

Chief Clerk DeGraff in Mr. Geiger's office has been called east owing to the illness of his father.

The shears down at Madona are now out on strike owing to a disagreement regarding prices.

The double tracking of the Illinois Central from New Orleans to Chicago is practically completed.

T. M. Schumacher, general traffic manager for the Oregon Short Line,

## Will You Write a Postal

So a Sick One May Get Well?

Send no money—simply a postal card, giving the name of some one who needs help. Tell me the book to send.

When I get the book I will arrange with a druggist at near him so that he may take six bottles Dr. Sisco's Restorative. He may take it a month at his risk. If it succeeds, the cost is \$5.00. If it fails, the druggist will bill the cost to me.

That month's test will show you what the remedy can do. It is the easiest way to convince you. It is the only way to induce all who need help to accept it.

I make this offer to multiply my cure, and I am willing to trust the cured ones to be fair with me.

In the past 12 years I have furnished by Restorative to hundreds of thousands of sick ones on just those terms, and 29 out of 40 have paid gladly, because they got well. I pay out as willingly when one says I have failed.

The remedy is a discovery, the result of a lifetime's work. I have perfected it by watching results in thousands of the most difficult cases that physicians ever meet. I know what it will do.

My success comes from strengthening weak inside nerves, and my Restorative is the only remedy that does that. When an organ is weak I bring back the nerve power which alone operates every vital organ. It is like giving an engine more steam. I give the weak organ power to do its duty, and there is no other way to make a weak organ well.

Can you conceive of a sick one who will neglect such a treatment, when I take the entire risk?

Simply state: Book 1 on Dyspepsia, which book you want Book 2 on the Kidneys, dress Dr. Sisco, Book 4 for Women, Box 513, Rialto, Wis. Book 6 for Men (sealed) chine. Wis. Book 6 on Rheumatism. My cures, not cures, are often cured with one or two bottles. At druggists.

has gone west to meet Traffic Director Stubs.

It is anticipated that the heavy rock cut at the Moapa (Muddy) river on the Salt Lake Route will be completed early in May.

District Passenger Agent E. Drake, and Traveling Passenger Agent Bible of the Rock Island, have returned from Denver.

S. V. Derrah, assistant general freight agent for the Denver & Rio Grande, has gone to Denver to consult with traffic officials at headquarters.

The Oregon Short Line is again experiencing considerable trouble with high water on the Snake river and its tributaries.

Ben F. Neviga, general western livestock agent for the Rio Grande, reports that shearing operations in Sanpete are to be resumed again this week in full swing.

H. M. Cushing, traveling passenger agent for the D. & R. G., leaves tonight for Denver to escort a big theatrical attraction on its way through Salt Lake to San Francisco.

The Salt Lake Route has its hands full handling wool, which is making a great staple. To date 1,200,000 pounds have already left the state at an average of 13 1/2 cents.

Wasatch Wave: The happiest man in Heber yesterday was H. J. Cooper, station agent at the D. & R. G. depot. Two new arrivals came to his home Wednesday night, a boy and a girl. Mrs. Cooper is getting along nicely and the babes are both fat and hearty.

### GO TO AMERICAN FORT.

\$1.00 Round Trip.

SPECIAL TRAIN Tuesday, 7:30 p. m., April 26th, via SALT LAKE ROUTE. Dancing at Apollo Hall, Spring floor. Special returns immediately after the dance.

### ROAD SUPERVISORS.

Gov. Wells Appoints Three to Superintend Work in Summit and Beaver.

Gov. Wells today appointed three special road supervisors to superintend the work on the roads in Summit and Beaver counties. W. H. Bennett will have charge of the work to be done between Hennessey and the Morgan county line, upon which the sum of \$600 will be expended. Ephraim Lambert will have charge of the work on the road between Kanab and Ashley in Summit county, upon which \$1,400 will be expended. In Beaver county the sum of \$1,200 will be expended on the roads and William Hearst has been appointed to take charge of the work.

### FIVE YEARS FOR ARSON.

Wilson and Holliman Sentenced for Burning the Lehi Creamery.

(Special to the "News.") Provo, April 25.—Frank Wilson and J. H. Holliman, who some time ago pleaded guilty to arson, were this morning each sentenced to five years in the state prison. The crime for which they will now pay the penalty was the burning of the Lehi creamery, Nov. 9, 1933.

### TO BEAUTIFY ROADS.

County Commissioners Pass a Tree-Planting and Sidewalk Ordinance.

An ordinance fixing and regulating the sidewalks, gutters and the planting of trees on all of the county highways has been passed by the county commissioners. On all eight road roads, the sidewalks shall be 16 feet in width, two feet on each side of the street being reserved for the planting of trees which shall be planted at least one foot from the gutter. On six road roads the sidewalks shall be 9 1/2 feet in width on each side of the street. The sidewalks shall be 8 1/2 feet wide on five road roads and 8 feet wide on four road roads. The same provision as on the wider roads prevails in regard to the planting of trees.

As an inducement to the property owners to plant their trees to comply with the ordinance the county commissioners will pay 25 cents for each tree so changed when it reaches the age of four years.

### TRICKY CHINAMEN.

Whole Host Now Claim They Lost Certificates in Recent Fire.

U. S. Inspector W. H. Webber has gone to Montello, Nev., to look into certain Chinese cases there. At the recent fire there a number of Celestials

lost their certificates, and others of the childlike and bland sons of Confucius who had no certificates, have taken advantage of this to claim that their certificates also were lost in the fire. The regulations of the department provide a long and exhaustive examination of the Chinese who have not the much prized document, and the furnishing of new photographs by the Celestials.

### Amusements

One of the largest audiences to which the Ellettsford stock company has played in Salt Lake was the one which witnessed the performance of "Man's Enemy" at the Grand Theater last night.

Man's enemy, in this case, as in other cases of the John Barrymore, the destroyer of peace, happiness and life. And all of these things did the demon destroy with a ruthless hand last evening, using the Ellettsford as his agents. But all was not destruction, and all was not sorrow. There were many bright spots in the production and good even grappled successfully with evil. Among the doers of good was James Corrigan, who has pretty nearly run the gamut of character comedy since his arrival here. Last night he impersonated the role of a generous Hebrew and he had the audience in a constant uproar through his faithfulness of interpretation. His Na-poleonic interpolation was a very clever take-off on the "Little Corporal" and evoked some hearty and well deserved applause. Lillian Elliott as the wicked and designing shrew, had a part such as makes women hate women. But she did it capably, and the death scene in the final act was as realistic as it was gruesome, and that is saying considerable. Altogether "Man's Enemy" started off well on its half-week run. Tomorrow night, closes the engagement with its intervening performance this evening and tomorrow afternoon.

Syracuse, N. Y., April 25.—The Lyceum, a vaudeville house, was destroyed by fire early this morning. For a time it looked as if the flames would sweep through the wholesale district, but they were checked with a property loss of about \$200,000.

Paris, April 25.—"Le Plus Fablieux," a new play by Marcel Proust, was produced at the Comedie Francaise tonight with great success.

London, April 25.—The Wild West show opened its season in England at Stoke-on-Trent today. The entire pottery district took a holiday. Thousands were unable to secure seats at the matinee performance.

The seat sale is now going on for the Rose Coghlan engagement at the Theater.

### AT THE RESORTS.

With but a month prior to the opening of the summer resort season, the managers of the various "cool spots" are getting things in shape for successful seasons. Out at Salt Lake, Manager Langford has a force of men at work under contract to get the bath houses in position and ready for business by the opening day, while another will be put to work on the big new floor for the dance pavilion. At Cedar break a general cleanup is being instituted, and the promise of some very good attractions this season. At the Salt Lake the bicycle track will be thoroughly overhauled, while Manager Heath is looking out for some good attractions for the summer.

Manager J. Bergerman of the Lagoon resort has had a force of men engaged for several weeks in making improvements about the place, and preparing for the opening of this pleasure place on location for business. One of the new hardwood floor has been put down in the dancing pavilion, new boats have been built and old ones repaired for the lake, so the lovers of recreation will find the kind of sport they want during the season.

While the work of improving the Lagoon itself has been in progress the equipment of the Salt Lake & Ogden railway has been in the hands of the men overhauling and Mr. Bergerman says the road will be better prepared to take care of its patrons this year than ever before.

## BUILD

Up the great industries that are building up our great commonwealth.

## Three Crown

Baking Powder is prepared in Utah—but it is equal to any and superior to most Baking Powders on the market. Use it today.

Hewlett Bros. Co.

when the water was at a low stage, and the indications were that when the water was at flood the supply available would be vastly greater.

Prof. Swendsen remarked today that this discovery was of the greatest value, as showing conclusively that a large amount of water could be brought down the Spanish Fork canyon, especially in the spring of the year. As to the length of the tunnel required to be dug through the divide he would not venture to say, but he will put a force of surveyors into the field without delay to make the surveys necessary to furnish all the engineering data required. Prof. Swendsen is very much pleased with the results of Mr. Tanner's trip.

Two engineering corps are leaving today, from Prof. Swendsen's office for preliminary work on the general irrigation scheme at Utah lake and Bear river in completion of the surveying work begun there last fall, and only discontinued because of the winter weather, which made field operations impracticable.

A rate of 40 cents on wheat from Oregon common points to Utah common points will go into effect on the 29th inst., in place of the rates obtaining up to that date. Local dealers say this will even up the scarcity of the local wheat market, and tend to lower prices to the consumer.

### MRS. CUMMINGS DEAD.

Mother of Mrs. E. O. Lee Passes Away At the Age of 75 Years.

Mrs. Esther Cummings, mother of Mrs. E. O. Lee, Mrs. F. V. Trent and Miss Rexy Cummings, died today at the home of her son-in-law, Mr. Lee, 1209 east South Temple street, of general debility, aged 75 years, six months and four days. The funeral service will be held from Mr. Lee's residence tomorrow afternoon at 5 o'clock, and the remains will be shipped to Sheffield, Ill., for interment.

### CROP BULLETIN.

Cold, Stormy Weather Was the Cause Of Much Damage to Fruit.

United States department of agriculture, Utah section, climate and crop service, weather bureau. Weekly crop bulletin for week ending Monday, April 23, 1934: Cold, stormy weather prevailed during the week with unseasonably low temperatures. Two to three inches of snow fell over the state, which was followed by heavy frost. Fruit was damaged by the cold, especially over the southern section. Field crops, however, were considerably improved, although farming operations were suspended. Spring grain and vegetable crops were coming up, and some early garden truck was in use in the southern counties. Ranges were benefited, but stock suffered in some localities by the heavy snowfall. The supply of irrigation water was considerably increased.

### WILSON IN LUCK.

For the Second Time Calientes Robber Is Discharged From Custody.

The application for a writ of habeas corpus in behalf of W. J. Wilson, alias C. H. Moore, who is wanted at Calientes, Nev., for robbery and forgery, was this afternoon granted by Judge Morse and the prisoner was ordered discharged from custody.

This is the second time within the past 10 days that Wilson has been released under a writ of habeas corpus. After his first release he was immediately rearrested and held by Sheriff Emery awaiting requisition papers from Nevada. The sheriff and district attorney of Lincoln county, Nev., arrived in the city with the papers, but before they could get away with their prisoner the second habeas corpus proceeding was instituted.

It was held by Judge Morse today that the requisition papers were not regular in the city with the papers, but Wilson was not attached to the same. The sheriff and district attorney will probably return to Nevada tonight and will secure new requisition papers. In the meantime Sheriff Emery to secure deputies will probably keep an eye on the alleged robber.

### GOOD WATER SUPPLY.

Tanner Finds an Abundance Thereof On the Strawberry.

Engineer Tanner of the reclamation division of the geological survey has returned from his two weeks' trip over the Strawberry divide to inspect the water supply available for diversion into this basin. He took with him five pack horses, and an experienced guide, and notwithstanding the hard weather will secure two feet deep for 20 miles at stretch. Mr. Tanner managed to find the data he was after. He found that there were 240 second feet of water available on the other side of the divide.

### GOING TO ST. LOUIS.

Gov. Wells and Wife Leave Tonight to Attend World's Fair Opening.

Gov. Wells and wife leave this evening to attend the opening of the world's fair at St. Louis. They expect to be gone about two weeks. This afternoon the governor pitched the first ball on Walker's field. He will watch the game throughout and then come up to town and make ready for his departure for St. Louis.

### UTAH FOREST RESERVES.

Senator Smoot Consults Interior Dept. About Their Management.

(Special to the "News.") Washington, D. C., April 25.—Senator Smoot spent yesterday afternoon at the interior department in consultation with the authorities concerning the management of forest reserves in Utah. The department is preparing regulations in line with the senator's suggestions. Representative Howell has secured

### UTAH FOREST RESERVES.

Senator Smoot Consults Interior Dept. About Their Management.

(Special to the "News.") Washington, D. C., April 25.—Senator Smoot spent yesterday afternoon at the interior department in consultation with the authorities concerning the management of forest reserves in Utah. The department is preparing regulations in line with the senator's suggestions. Representative Howell has secured

from the post office department a promise that the mail service between Mendon and Wellsville, Cache county, shall be increased to seven times a week. The name of the postoffice at Tremont, Boxelder county, will be changed to Fremont to overcome the objection to a name frequently confused with Fremont.

### HER MISERY OVER.

Mrs. Charles Smith Dies at the Holy Cross Hospital—Funeral Tomorrow.

Mrs. Charles Smith, the unfortunate woman who was recently taken from her home to the Holy Cross hospital with cancer, and who obtained a divorce from her husband on account of his inhuman treatment towards her, died at 1 o'clock this morning. Her funeral will take place from the undertaking parlors of Joseph William Taylor tomorrow afternoon at 4 o'clock.

### MAY SUCCEED EICHNOR.

Republican Committee May Name J. U. Eldredge Jr. This Afternoon.

The Republican county committee is meeting this afternoon at 3 o'clock in the Knutsford hotel to elect a chairman to succeed the late Dennis C. Echnor and also to arrange for primaries for the Republican county convention. A number of prominent Republicans are spoken of in connection with the chairmanship of the committee, but it is thought by many that Deputy County Clerk J. U. Eldredge, Jr., who has been secretary of the committee for several years, will land the coveted position.

### INFORMATION WANTED.

Attorney Nelson H. Tunnell of 219 West Newton street, Boston, writes to President Francis M. Lyman regarding the whereabouts of the heirs of one Sarah Burbridge or Burbridge, who in 1840 or thereabouts, resided in Boston. She removed from there to Nauvoo, Ill., became a member of the "Mormon" Church, married one Asa Sweetser, and removed from there. It is supposed, to Salt Lake City in early days. Mr. Tunnell says the woman or her heirs-at-law are entitled to certain property if they can be located.

### LATE LOCALS.

Judge Elias Smith has gone to Cache county on legal matters.

The Ministerial association will print 5,000 copies of Judge Goodwin's paper on the outlook in Utah, in pamphlet form for distribution.

There will be a meeting of the principals of the city schools in Supt. Christensen's office tomorrow afternoon at 4 o'clock.

At last evening's meeting of the Salt Lake Medical society, Dr. Hosmer read a paper on the "Psychomotor operation upon the Cherry child," and later read a paper prepared by Electrical Expert Murray Godde of this city, on electro magnets and their application to this particular case.

Fannie Merritt Farmer arrived in the city yesterday with her maid and is stopping at the Wilson. Since her arrival she has been enjoying the sights of the city. She will give her three demonstration lectures on cookery on Thursday, Friday and Saturday afternoons of this week at 2:30, at 21 east First South, Hooper building.

### BUSINESS NOTES.

Today's local bank clearings amounted to \$418,487.46 as against \$405,910.47 for the same day last year.

A copy of the articles of incorporation of the Eureka Athletic association of Eureka, Utah county, was filed with Secy. of State Hammond today. Its capital stock is \$1,000, divided into shares of the par value of \$1 each. Joseph Wirthlin is president; F. E. Higson, vice president; J. E. Driscoll, treasurer; C. F. Spillman, secretary.

### DIED.

SMITH.—At Holy Cross hospital, at 1 o'clock a. m., April 25, 1934, of malignant cancer, Elizabeth Irene Miller, the wife of Charles Smith; born Jan. 29, 1863, at Jacksonville, Morgan county, Illinois. Funeral services at Wednesday, April 26, 10 a. m., from Joseph Wm. Taylor's undertaking chapel, No. 21 south West Temple street. Friends invited. Interment in city cemetery.

GOLD.—In Cannon ward Salt Lake City, April 25, 1934, of influenza pneumonia, Mary Willis, wife of Cyrus H. Gold, aged 51 years and 6 months. Funeral Wednesday, April 27, at 2:45 p. m. Friends are invited to attend.

NELSON.—In this city, April 25, 1934, of dropsy, Glen J. son of Peter E. and the late Lillian Nelson; born May 19, 1908, in Ogden, Utah. Funeral Wednesday at 1 p. m. from the funeral chapel of Undertaker Joseph Wm. Taylor, 21 south West Temple street. Friends invited.

CUMMINGS.—At the residence of Mr. and Mrs. E. O. Lee, 1209 east South Temple street, April 25, 1934, of general debility, Mrs. Esther Cummings, mother of Mrs. E. O. Lee, Mrs. F. V. Trent and Miss Rexy Cummings, aged 75 years, six months and four days. Funeral from the Lee residence Wednesday, April 27, at 5 p. m. Interment at Sheffield, Ill.
