

NORMAN HOPPER'S TERRIBLE SPILL

Splinter Pierces Abdomen and
Accident May Cost
Rider His Life.

WAS TRYING OUT FOR TONIGHT

While Going at Fast Clip He Fell
Suddenly and Was Seriously
Injured in Slide.

Soft splinter forming the surface of the Salt Palace saucer may cost Norman C. Hopper, a rider, his life. Hopper was riding a five-mile tryout last evening when he fell and in sliding was cut and pierced by splinters. One large splinter, nearly a foot long, entered his abdomen and came out the groin. Riders picked the unconscious man up and had him rushed to the St. Mark's hospital as fast as the ambulance could carry him there. He was put on the operating table and afterwards the physicians were far from being ready to say he would live or, on the other hand, that he was dead. Hopper is resting easily and has been for the past several hours, but his condition is serious, might be serious. So far we can't tell just what will happen. Peritonitis is just what most feared by the physicians but this forenoon they said they had seen no indications of its starting in.

SICKENING INJURIES.
Dr. Ernest Van Cott, who operated upon the popular little rider a half hour after the accident said he was filled with splinters from head to foot. The piece of wood had pierced the intestines nine times and another large chunk had gone into the thigh. When the accident happened Hopper was following P. M. Samuels in a motor. A piece of 1.33 was being maintained. Suddenly Hopper fell and, as he was unconscious when he fell, he reached the bottom of the slide and, Morgan and others picked him up. When the riders saw the extent of Hopper's injuries they grew faint. Hopper's injuries were serious, for a second, but upon seeing the splinters in his flesh fainted away.

The "seven cum eleven" arrangement was reversed yesterday by Brooklyn, who made it 11 to 7 in favor of the Reds in the Chi-Ci game at Cincinnati yesterday. While the score was 5 to 3, it was somewhat of a one-sided gift for as the following service says: "The Cubs gave, bequeathed, donated and presented Cincinnati with five runs and then, by various, divers and sundry acts of negligence, threw away opportunities until they themselves only made three. Pittsburgh was elected to hit met St. Louis at the latter city yesterday but rain postponed the game.

S.S.C. DRIVES OUT BLOOD HUMORS

The skin is not simply an outer covering of the body, but through its thousands of pores and glands it performs the great and necessary work of regulating our temperatures, and also assists in disposing of the refuse and waste matters of the system by the constant evaporation that goes on through these little tubes. To perform these duties the tissues and fibres which connect and surround the pores and glands must be continually nourished by pure blood. When from any cause the circulation becomes infected with impurities and humors, it loses its strengthening powers and begins to disease and irritate the delicate tissues, and produces Eczema, Acne, Tetters, or some other itching, disfiguring skin trouble. S. S. C. cures skin diseases of every kind by going down into the circulation and neutralizing and removing the impurities and humors. It changes the quality of the blood from an acid, fiery fluid to a cooling, health-producing stream, which, instead of irritating and inflaming the skin, cures and nourishes it by its soothing, healthful qualities. Salves, washes, lotions, etc., may be used for any temporary comfort or cleanliness they afford, but skin diseases cannot be cured. S. S. C. has purified the blood. THOMPSON PUTS DOWN THE "CYCLONE" JOHNNY PROVES MAN WORTHY OF HIS DESCRIPTION FRONT TITLE.

HE WAS IN NO DANGER AT ALL

Simply Hammered at Boston Boy Until Pete's Ability to Take Punishment Was Exhausted.

Ogden, June 30.—Peter Sullivan of Boston was knocked out by "Cyclone" Johnny Thompson of Sycamore, Ill., last night at the Utah Hot Springs, after one of the hardest fought battles seen in this locality in a number of years.

THOMPSON'S BATTLE.
There was not one time when it looked bad for the boy from Sycamore and there were several times when it looked as if the Boston boy was done for. In the tenth round Sullivan was sent down five times by Thompson and in the twelfth and final round the same performance was repeated. In the fifth round Sullivan opened an eye and out of Thompson's stomach and jaw and the fight was on. Sullivan's left eye, which was always good, it was a case of sprains within sprains from the word go to the reaching of the tape for the last time. The motor races this year are terrifically fast, and the Salt Palace track, being the safer saucer for motor races, is featuring them.

**GOOD ROADS MEETING
CALLED FOR JULY 10**

July 10 was the date selected last evening by automobilists as the date for their big mass meeting at Lakewood. A meeting was held in the club's new quarters in the Bell building and plans for the gathering were discussed at length. The prediction that a hearty movement for good roads would follow for the delegates, at least, in this city, was correct; the meeting July 10 is to get the residents of Davis, Weber and Salt Lake counties, at least, together and go over the state's needs and desires in the good roads line. President O. H. Samuels will preside the day through Davis county while W. E. Macarion will boom up the Weber end of it. Parades will be held in various cities and the delegates leave for Lakewood to talk "good roads."

**STANFORD SUFFERS
FROM FACULTY DECREE**

Stanford's football prospects for next fall have been completely upset by a faculty decree which bars Captain Crawford and several of the best men from playing next fall because of their failure to set a high standard of scholarship during the past semester.

GOTCH OR ROLLER?

Frank Gotch, champion wrestler of the world, and Dr. Roller of Seattle, who aspires to that honor, have settled all arrangements for the great match which is to take place in Seattle tomorrow evening. Gotch is now at the zenith of his career. When he was working his way up to the championship, and for a time after he had gained it, he lacked confidence in himself, and had to be jolled along. But since he defeated Hackenschmidt and showed that rang counterfeiter up in his true colors, upsetting the best hope of the wise men of the east, Frank Gotch is a real champion, and he has the dash and confidence that one expects to see in a champion.

P. Smith.

**ITHACANS ABANDON
TRIP TO SO. AMERICA**

A faculty decree which has barred Captain Bledsoe and Manager Sarmiento, of the Cornell soccer football team, from playing any longer because of delinquency in study work, has knocked out the South American trip which the Cornellian soccer team had planned to take next month, and the team has been disbanded. Contracts for games with the Paulista football team of San Paulo, Brazil, and the Argentine team were signed last winter.

**MAYER AND DOWNING
VS CLARKE AND "MAC"**

Clarke and McFarland will ride in a tandem match against Downing and Mayer on the Salt Lake track tomorrow evening. Clarke, Downing and Mayer showed wonderful pedal pushing ability in Salt Lake's last race program. Downing riding with the Flying Dutchman and with Clarke riding with the lanky wonder two pairs have been made up who will simply make speed look slow alongside of the way they will go to beat each other. The race was announced by Manager Chapman for mid-week festivities are a one-mile handicap professional and a two-mile lap for the pros and a one-mile handicap for the amateurs and a quarter-mile record trial for the youngsters.

**LABOR FORCES ON PANAMA
CANAL WORK IN MAY**

Washington, June 30.—The total labor force actually at work on the last day of May on isthmian canal operations was 2,300 according to the monthly report of the chairman. The departure of European laborers continued during the month, 350 having taken passage for Brazil on May 23. Considering the fact that many European laborers have been on the work a sufficient time to accumulate a small competence and that others are impelled by the spirit of adventure to seek new fields, it is said that the departure of a large number from the isthmus without special grounds of complaint as to their work, pay, or treatment, cannot be considered as abnormal and this condition may be expected to continue from year to year, and especially during the early part of the season.

MERCHANTS' PROTECTIVE ASSN.
A Concern That Collects for a Reasonable Compensation.

The Merchants' Protective Association of Salt Lake, of which Francis G. Luke is general manager, is the most efficient collection agency that the Times knows of. For a subscription of \$2 a year and six cents in stamps for every claim, it collects whatever claims a subscriber sends in, and reports promptly. Our experience is such that we can endorse unequivocally the following statement: "I have been a member of the Merchants' Protective Association of Salt Lake since its organization, and I have never had a claim of mine overlooked or delayed."
