BETTER COUNTING NEEDED.

Fortunately No Error Yet Found In dicates a Change in the Results -Mr. Sutherland Elected.

Seventeen election districts were canvassed up to 11 o'clock last evening, by the Salt Lake county canvass-ing board, and two, the Twenty-second and Twenty-ninth, were passed till the judges could be brought to explain why they credited to candidates four more votes than were cast at the election. The whole canvass showed many discrepancies, revealing the fact that sufficient care had not been exercised in naming as judges persons who could do the work accurately under the ong strain to which the officers are subject at a presidential election, In comparison with the "News" fig-ures of the election, given from the unofficial computation, the following

changes were noted in the canvass last In district 14 George N. Lawrence gained 5. Woolley lost 1, Horne lost 1, Harker lost 2 and Eldredge gained 10, In No. 15 King lost 1 and Gov. Wells

No. 16 Ritchie gained 2. No. 17 Dixon lost 1, Rideout lost 20 and Powell lost 1.
In No. 18 Joe Y. Smith lost 1, Weber gained 5, Thomson gained 6, Anderson lost 1, Carbis lost 3 and Christensen

In No. 19 Lund lost 10. In No. 20 William N. Williams lost 3. In No. 22 everything was wrong and nest an hour was consumed in mak-g the canvass, whereas fifteen min-es was the average time of disposing the other districts. Here is No. 22's ord as compared with the published ures: H. N. Hayes lost 2, Ritchie ined 5, H. W. Lawrence lost 1, eorge N. Lawrence gained 15. Spencer st 5. Axion gained 5. McMillan ained 5. NEVER TOO LATE

To Try a Good Thing.

I am fifty-two years old and for forty years of that time I have been a chronic catarrh sufferer, says Mr. James Gleshing of Allegheny City; with every change of weather my head and throat would be stuffed up with catarrhal mu-

I coud not breathe naturally through the nostrils for months together and much of the time I suffered from catarrh of the stomach. Finally my hearing began to fail and I realized

omething must be done.

I tried inhalers and sprays and salves which gave me temporary relief and my physician advised me to spray or douche with Peroxide of Hydrogen. But the catarrh would speedily return in a few days and I became thoroughly

discouraged,
I had always been prejudiced against patent predicines, but as every thing else had failed I felt justifled in at

least making a trial.

Our good old family physician, Dr. Ramsdell, laughed at one a little, but said if I was determined to try patent medicines he would advise me to begin with Stuart's Catarrh Tablets because he knew what they contained and he he knew what they contained and he had heard of several remarkable cures resulting from their use, and further-more that they were perfectly safe containing no cocaine or opiates.

The next day I bought a fifty cent box at a drug store, carried it in my pocket and four or five times a day I would

take a tablet; in loss than a week I felt a marked improvement which continued until at this time I am entirely free from any trace of catarrh. My head is clear, my throat free from irritation, my hearing is as good as it ever was and I feel that I cannot say enough in praise of Stuart's Catarrh

These tablets contain extracts of Eucalyptus bark, Gualacol, blood root and other valuable anti-septics combined in pleasant tablet form, and it is safe to say that Stuart's Catarrh Tablets are far superior in convenience, safety and effectiveness to the antiquated treat-ment by inhalers, sprays and douches. They are sold by druggists everywhere in the United States and Canada,

nterest now settles on the latter office. Thus far, there is no reason to anticipate a change from the claim first made, that George Sutherland, Republican, is elected to Congress over W. H. King Democrat, though by a plurality greatly reduced from the first estimates. The official vote up to the pres-

CITY AUDITOR CAREFUL. Mr. Reiser Proceeds Cautiously in Drawing Warrants.

Circumstances now developing seem to affirm the good judgment of City Auditor Reiser in having proceeded cautiously in his action relating to the city's finances for some months past, and those who criticized him now begin to feel that they were hasty in doing so. The occasion of the change is the situation of the issue of \$250,000 water bonds, and alleged irregularities connected therewith, the responsibility for which seems to fall upon city counilmen regardless of political affilia-

It is now a grave question as to whether the bonds are void, or whether the election itself was invalid. The later feature depends on whther the city ouncil proceeded according to law on the points raised. The other item also depends on this, and on the capacity of the city to incur the indebtedness as-

the city to incur the indebtedness assumed in the issue of bonds.

Under the outlook shown by these conditions, the city auditor is proceeding only on competent, legal advice, so as to avoid any likelihood of trouble. Consequently some who look for warrants may have to wait a while, at least till the matter is definitely settled. The supreme court now has the tled. The supreme court now has the case, and an early and authoritative ruling is looked for

CHRISTMAS "NEWS."

The Christmas edition of the "News" will this year be printed on December 15th, 1900. It will be the most elaborate compilation of the resources and

attractions of Utah yet issued. It will commemorate the proposed union of Salt Lake and Los Angeles by rail, and will contain many special itlustrations and articles relating to the great capital of southern California as well as the route proposed to be traversed by the new rallroad.

It will have the jargest circulation of any paper ever printed in Utah, a great part of it being distributed in and around the city of Los Angeles.

Specially attractive articles will be prepared by a corps of selected writers, and leading men of the community will contribute articles on topics of the day. The date on which the holiday numher will appear (December 15th) renders it of especial value to the local advertiser who wishes to reach the Christmas trade. Its wide circulation outside of the State and in lower California especially, will make it an invaluable medium for the general advertiser and for the State at large.

Dealers and agents of the "News" are requested to send in their advertising orders at once. Advertisers who apply earliest will receive the best positions. THE DESERET NEWS.

columns of the "News" type). Second, \$25 for the best Christmas poem, not to exceed 1,200 words. Third, \$25 for the best Christmas carol, (unaccompanied), music to be set to the verses printed below.

All contributions to be in the "News" office not later than Nov. 28, 1909. Nothing received later than Nov. 28, 1800. Nothing received later than that date will be considered. Contestants are requested to sign their contributions with an initial letter or a nom de plume, to conceal their identity, and to forward in a separate envelope securely sealed, their real names and the initial or the nom de plume appared to their visits. nom de plume appended to their articles. On the outside of the envelope should be written "Proper name of —" (here indicate the initial or nom de plume used). All members of the "News" staff will be excluded from the contest. The awards for the story and the poem will be made by competent judges, to be an-nounced later. Professors Stephens, Daynes and McClellan will act as judges of the carol contest. The decision of the judges will be final.

The successful Christmas carol will be rendered by the Tabernacle choir on Sunday, December 23, 1900. CHRISTMAS CAROL.

VALUABLE RELICS.

The Deseret Museum has received an interesting contribution from Mr. John Detton of Hatch, Idaho, The specimens comprise a number of well preserved fossils, mostly corals. Among them are several cup-corals, also two or three clusters of the rarer chain-coral. The corals are imbedded in limestone of silurian age, and by the weathering of the matrix the remains are revealed with great distinctness. Besides the fossils referred to above the collection included a number of sandstone concre-
