It has no resemblance to which is the seed of the church. Like all other sects the Mormons would thrive under persecution. It was never a greater force than when it went into the wilderness poor and famished but full of fiery zeal.

We cannot afford to make Brigham atical zeal of his followers. Let us If we deal with it roughly we may son, stood between Andrew Jacksimply "snarl" it beyond all hope son and impeachment, and in their of straightening.—St. Louis Journal.

## Evils of Destruction of Forests.

The news of forest fires would seem to indicate that half the country is ablaze. In the estimate of losses we note that account is taken mainly of improvements and of cut wood-of houses, barns, saw mills, lumber and corded fuel. These are, of course, the losses that most strike home to the individual, but in a national sense they are really the smallest item of this calamity. All these things can be replaced. But the forests, the hundreds and hundreds of miles of forests that are destroyed every spring can never be replaced-or, at least, only after the lapse of centuries. We see the result in the failing of our streams in summer, and in destructive freshets in the spring. The climate, too, is changing with the waste of woodland. Fruits that used to be plenty as grasshoppers in a meadow, are now scarce and of poor quality. High winds and late frosts work disaster. The evil promises to affect even our national standing. Our great rivers are failing from the denudation of the land about their sources. Fity years more of such land clearing as the last fifty has seen about the headwaters of the Hudson, would make the upper reaches of that stream unnavigable at low tide. It is difficult to point out a remedy; and yet the situation loudly calls for one. Such sweeping fires are unknown in the great forests of Germany, for the simple reason that the underbrush, which acts as tinder to the spark, is all cleared out. Of course we are too young a nation for any such work as that; yet it is full time at least to begin a reform in our forest management .- Cincinnati Times, May 17.

# SEWING MACHINES.

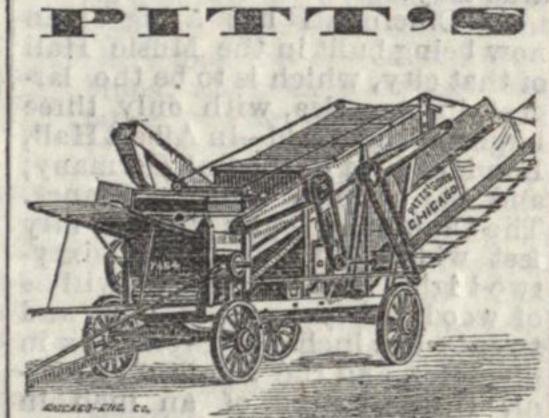

We have lately copied several to Sewing Machines. We confess ministrators, at their residence at Union that we had not investigated the business very closely, and may notice. have misled the public as to the cost of machines. We have looked into the matter, and feel satisfied we have done an injustice to a great industry. If any mechanic will look at any of the the firstclass machines (the Elias Howe for instance), he will see at a glance that the labor alone, upon such a machine, must necessarily be worth OUT out this notice and send it to the at least twenty to twenty-five dollars, as one man cannot possibly make a machine and finish it com- age paid, a copy of their valuabe family plete in less than seven to eight medical book, entitled days. Then comes in the cost of material, wear and tear of machinery, insurance, taxes, freight to all parts of the country, office rents, clerk hire, advertising, instruction in the use, and many other items which go to swell the cost. As we plainly understood by every one. now understand it, the Companies long, and is a formidable-looking have determined to reduce the prices of machines only for cash trade. They claim that they never made any money on the lease or monthly instalment plan, and hence are determined to quit it. A first-class sewing machine cannot be manufactured and sold on time as heretofore at less than the prices at which they have been sold. But the leading Companies are determined to sell hereafter for cash, and have accordingly reduced prices.

Under the old system hundreds of thousands of dollars were lost, and thousands more were spent in trying to collect. Under the cash system the public will not have to pay for the bad debts. The old system was rather a necessity; the sewing who do not desire the extermina- machine was a new thing in many tion of the Indians but their grad- parts of the country, and people ual incorporation into our social had to be taught how to use it. # iniments.

One kind for the Human Family. The other for Horses and Animals.

These Liniments are simply the wonder of the world. Their effects are little less

than marvellous.

The White Liniment is for the buman and political systems have a right delivery of machines at the very family. It will drive Rheumatism, Sciatica and Neuralgia from the system; cure Lumbago, Chilblains, Lock-jaw, Palsy, Ich, and most Cutaneous Eruptions; it extracts frost from frozen lands and feet, and the tiles; it subdues swellings and alleviates pain of every kind. When sprains or bruises Centaur Liniment is used with great effica cy for Sore Throat, Toothache, Caked Breasts, Ear-ache, and Weak Back. The following is but a sample of numerous testimonials:

> "INI IANA HOME, Jeff. Co., Ind., May 28, 1873. "I think it my duty to inform you that I and chords. A few bottles of Centaur Liniment has done the work for me. have not been tree from these swellings in eight years. Now I am perfectly well. The Liniment ought to be applied BENJAMIN BROWN."

The proof is in the trial. It is reliable, it wheat and 2,229,463 bushels of corn. grain, labor etc. Just so with is handy, it is cheap, and every family should have the Whi e Centaur Liniment. The Yellow Centaur Liniment is adapted to the tough muscles, cords and owned 447,295 sheep and 214,076 sell the greater the profit. The three flesh of borses and animals. It has performed more wonderful cures in three years of Spavin, Strain, Wind-galls, Scratches, Sweeney, and general Lame. ness, than all other remedies in existence.

Read what the great Expressmen say of it: EW YORK, January, 1874. "Every owner of horses should give the CENTAUR LINIMENT a trial. We consider it the be tarticle ever used in our stables. "H. M RSH, Supt. Adams Ex. Stables,

"E. PULTZ, Supt. U. S. Ex. Stables, N.Y. "ALBERT S. OLIN, Supt. Nat. Ex. Stables, N. Y.

The best patrons of this Liniment are Farriers and Veterinary Surgeons, who are continually using some Liniment. moves Swellings, and is worth millions of dollars annually to Farmers, Livery-men, Stock-growers, Sheep-raisers, and those having horses or cattle.

What a Farrier cannot do for \$20 the Centaur Liniment will do at a trifling cost. These Liniments are sold by all dealers throughout the country. They are warranted by the proprietors, and a bottle will be given to any Farrier or Physician who

desires to test them. Laboratory of J. B. Rose & Co., 46 DEY ST., NEW YORK.

Pitcher's Castoria is a complete substitute for Castor Oil, and is as pleasant to take as Honey. It is particularly adapted to Teething and irritable children. It destroys worms, assimilates the food, regulates the Stomach, and cures Wind Coilc. Few remedies are as efficacious for Feverisbness, Croup, Worms and Whooping Cough. Castoria is a scientific and purely vegetable preparation, more effective than . Castor Oil, and neither gags nor gripes.

COLUMBIA. Conn., May 3, 1876. Messrs. J B. Rose & Co., N Y .: Gents: I have a family of eight children and have used as much CASTORIA as any family in the United States, I think. I have never found anything equal to it. My children have been saved from a fever several times by the use of Castoria. I recommend its use for children, for many diseases they are subject to, in preference to any Mill Creek, Salt Lake Co., Utah. medicine I know of. I feel it my duty to give this cert ficate on account of the bene-Very truly yours, NORMAN PALITTLE.
